[ENTERED AT THE PHILADELPHIA POST OFFICE AS SECOND CLASS MATTER.]

VOL. VIII.—No 1.

PHILADELPHIA WEDNESDAY, JANUARY 4, 1893.

PRICE 15 C

INTERROGATIVELY!

WE WOULD ask the man who does not subscribe for this journal if he is going to do so for 1893?

If not, why not?

How any active business man having building material and machinery for sale, or the other fellow, who is constantly looking for contract work, can afford to do without such an important auxiliary as this journal has proven to be to many thousands of business firms, is as much a mystery as the Sphinx of Egypt.

True, some men get along very well without a pocket handkerchief; some men could and do get along without this journal.

Send in your \$5.00 for a subscription for a year. It will certainly prove the best investment you have made.

PHILADELPHIA, WED'Y, JAN. 4, 1893.

THE eighth volume of THE REAL ESTATE RECORD commences with this number. It is extremely gratifying to its publisher to be able to recognize not only an increased popularity for the journal itself as well as a steady and remunerative growth of its subscription list and advertising patronage, but also the unqualified and generous endorsement that has come from all quarters, commending the high character it has established for reliability.

It would be a difficult task to impart a faint idea of the labor involved in the gleaning and preparation of matter for a journal devoted to news in its special line as this is, and while column after column are presented weekly for the financial as well as the labor saving benefit of the subscriber, he fails to comprehend the cost in money, time, labor, patience and skill the columns he peruses with pleasurable interest and subsequent profit represent, and this statement also holds good as to building and real estate reports published from time to time, for without the most constant daily following and gleaning of data from the first day of each year to the last minute of the last business hour of the last day, it would be impossible to present a report worthy the reading.

We present in this issue a complete summary for the past year. It will be found interesting as it is indicative of the rapid strides the city is making in permanent improvements.

Among the many happy surprises of Christmas tide expressive of the kindly feeling and good will existing between employes and their principal, especially pleasant was the one in Rooms 42 and 43 Hale Building, in the offices of Frederick J. Amweg, engineer, contractor and builder, being the occasion of the presentation of a beautiful desk by his employes in token of their high regard and esteem and in consideration of his kindly thoughtfulness and continual

helps to each in his duty. A fine collation was spread, and the good things that go to make the inner man rejoice were partaken of by all present, combining a feast of reason and a flow of soul. "Hail to the Chief" were the words of greeting, and after many kind congratulations for the continued health and happiness of their employer and friend, who modestly responded to the very unexpected gift, all withdrew, wishing him many more returns of the season, and feeling that it was good to have been there.

CAMDEN, N. J., is growing. Building inspector Cole, in his annual report to the Building Commission for 1892, places the number of new buildings at 809, and their estimated cost at \$850,000. Among the buildings erected were the following: 67 three-story buildings, 270 two-story buildings, 1 five-story warehouse, 1 five-story Masonic Temple, 1 iron grain elevator, 2 stone and brick churches, 2 stone churches, 2 three-story brick factories, 8 two-story brick factories, 6 one-story brick factories, 1 two-story iron factory, 1 brick freight depot, 1 fire engine house, 1 police patrol, 18 one-story brick buildings, 22 two-story frame buildings, 28 one-story frame buildings, 30 one-story frame stables and 337 alterations and repairs.

At a recent meeting of the Board of Education a motion was passed thanking President Shepard for the able and impartial manner in which he had discharged the duties of chairman during the year.

Architect Notes.

Jno. F. Stuckert, architect, 49 North Thirtieth Street, having completed the plans for addition of four stories on the Hotel Vendig, at Twelfth and Market Streets, has submitted the drawings to the Building Inspectors for examination and approval, after which the contracts will be awarded. The addition has been fully noted in a previous number of this journal.

Frank R. Watson, architect, 514 Walnut Street, has made plans for certain alterations and additions to the First A. M. E. Church, at S. W. cor. Fifteenth and Lombard Streets. These will include excavations, tearing out of walls, new stone and brick work, carpenter work, mill and iron work, repairs and painting to roof, new paving of brick and plastering, etc. Alterations will be made to the seats and pews. All work to be of the best. Estimates are being made.

Albert W. Dilks, architect, 1001 Chestnut Street, who prepared all plans for the additional two stories now being placed upon Yates' clothing store, at Thirteenth and Chestnut Streets, will also make drawings and specifications for considerable interior work throughout the building, including new offices and counting-room, tables, partitions and a general re-arrangement

of the inside. The work upon the addition above noted is progressing under the contractor, Stacey Reeves & Sons, general contractors, and will be completed before the Spring trade sets in.

At Cincinnati, Ohio, W. W. Franklin, architect, Southwest cor. of Race and Fifth Streets, has made plans for a two and one-half story pressed brick dwelling to cost about \$25,000, for Richard T. Durrell. Also plans for a store and flat building for J. J. Noyes. Architect J. G. Steinkamp has made plans for a store and flat building to be erected at a cost of about \$25,000, for Thomas Emory's Sons, Fourth street.

Charles F. Douglas, architect, 1313 South Nineteenth Street, has in course of preparation plans for a fine residence for S. Belmont, of New Orleans, La. It is to be erected at Hatboro, N. J., and to be three stories high, of local stone, slate roof, and interior to be in hard natural woods, steam heat, electric work, light and bells, best sanitary work in plumbing and all modern conveniences. The same architect is making drawings for a large hotel to be erected at Pleasantville, N. J., to be four stories high, of frame, and fitted throughout with all modern appliances for public houses, including electric work, etc.

J. Elvin Jackson, architect, 804 Walnut Street, has made plans for sixteen fine three-story houses for Thomas Campion, to be erected on Upsa' Street, Germantown. These are quite ornamental, having fine porches in front, and the material will be of brick and stone for walls; interior in hard wood, electric work and best of sanitary plumbing, with all modern improvements. Estimates are being made upon the work. Mr. Jackson is also retained to prepare plans for a number of fine residences, which are to be erected upon ground facing Fairmount Park, in the northern part of the city. When completed these will be models of comfort, as well as highly ornamental, and are to contain all modern conveniences. Details as to material to be used later on, when plans are completed.

Yarnall & Goforth, architects, 14 South Broad Street, have made plans for an office building to be erected at 14 South Broad Street for Mr. L. E. Rothschild. The structure will be ten stories high, Pompeian brick and stone trimmings will be materials used in walls, and steel construction on the interior; it will be fire-proof in general, and contain all modern improvements including electric work, elevators, steam heat, tile work, marble work, lavatories, closets, etc., together with best of sanitary plumbing; considerable concrete work and artificial stone paving cement work, terracotta, red brick work, wrought iron grille work, tin and tile roofing, water tanks of large dimensions, bathing tubs and urinals, etc., will be placed. The plans are now on boards for estimate by general and sub-contractors.

1892.

Full and Complete Real Estate and Building Statistics for the whole of 1892.

SEVEN THOUSAND SIX HUNDRED AND ELEVEN

New Buildings of all kinds, representing an investment of

\$29,109,646,

Exclusive of the Cost of the Land.

AN INCREASE OVER 1891 OF 873 NEW BUILDINGS representing an Increase of Investment over last year of

\$4,993,776.

2624 ALTERATIONS AND ADDITIONS, Costing \$5,248,000 Against 2297, Costing \$3,445,500, for the whole of 1891,

An Increase in Expenditure for Alterations and Additions over last year of

\$1,802,500.

Grand Total of Expenditure for Building Improvements for 1892 of

\$34,357,646,

Or just \$6,796,276 more than last year.

The elasticity of the building interests of Philadelphia is something wonderful.

The conclusions that many of our best informed citizens reached during the temporary depression of 1891, to the effect that the building business had received a black eye for some time to come, seemed at that time reasonably well founded, for it was well known that capitalists, as well as the financial institutions, had grown to be very conservative in the matter of advances; in fact, in several instances lines had been so closely drawn as to seriously impair the standing of several prominent operators who had previously been able to get all they wanted.

At that time we regarded the restrictions referred to as a crucial test, as we felt that if the building interests could withstand this, the worst possible obstacle that could be thrown in the way of future prosperity, it must be based on some more certain principle than that of wild speculation, that was in some circles derisively quoted for it; hence when our extremely gratifying summary for 1891 was presented in our issue of January 6, 1892, it was conclusive that the demand justified the enterprise, and croakers could go to the devil.

It is only sensible to suppose that experienced business men do not build houses for fun, and they must soon tire of the fun if buyers are

scarce and scary, and while there are lots of men who jump at conclusions based on ideas as shallow as their own brains, and who materially aid in infecting others with their own false ideas, there are certain incontrovertible data available at all times on which reasonable deductions can be based leading to solid and unbiased judgment, and this certainly holds just as good in the matter of buildings as it does in grain, iron or wool, and if it were not so then Bradstreets and the Duns as well as ourselves might as well shut up shop and go to farming.

If anything were wanting to confirm our own judgment, or, even better, if aught were needed to justify the faith our operative builders have had in themselves, the grand showing we now present fills the whole bill beyond question; for while there have been years, as will be seen in our following tables, that represent thousands of new houses and millions of investment more than last year, yet when circumstances and influences are carefully weighed the results of 1892 are equal to the best of them.

The careful observer of the industrial interests of this city is better capable of forming a correct estimate of the house buying capabilities of our citizens than the best guesser or the most pedantic pessimist in the land. Men buy houses in large numbers for investment, and the number sold yearly for this purpose is underestimated. So long as our industrial interests remain in good shape this branch of buyers will continue just as surely as the increment of the wage earner justifies his investment in a home.

A special reference to the following table of industrial buildings is justified inasmuch as the heaviest year, 1889, for building operations in this city in point of numbers (with a total of 10,250 new buildings of all kinds), there were erected only three more industrial buildings than last year, and in point of percentage the proportion of these buildings last year is in excess of any previous year.

It will also be seen that warehouses, dye and dry houses, factories and engine and boiler houses are largely in excess of any previous year.

	1889.	1890.	1891.	1892
Warehouses	39	32	28	45
Dye and dry houses	4	11	10	15
Factories	77	83	65	89
Engine and boiler houses	18	30	29	45
Breweries and bottling houses	5	11	7	5
Foundries and shops	75	117	64	60
Stores	78	61	44	34
	296	345	247	293

A steady growth in the percentage of industrial buildings erected is a noticeable feature of our reports, and it is extremely gratifying that such a fact exists.

	New Bldgs.	Indus. Bldgs.	Percent.
1889	10,250	296	2.8
1890	10,136	345	3.4
1891	6738	247	3.5
1892	7611	293	3.8

Two-story dwellings show a decided increase, there having been erected during 1892 468 more than in 1891, and while when comparisons are made with 1889 and 1890 we find that last year fell short 2350 from the former and 2301 from the latter, the showing for 1892 is convincing that this class of houses is still popular among investors.

Three-story dwellings show an increase over 1891 of 401, but the number is short of 1890 214 and of 1889, 248.

Four-story dwellings equal 1891.

There was a sad deficiency last year in the cost of office buildings over two-story, for, while the number erected, 10, was 3 in excess of the number erected in 1891, yet their cost, \$488,173, against \$1,415,000, the cost of those erected in 1891, makes a serious loss in the total investment for new work last year.

The following summary is perhaps the best possible presentation for those who desire to make yearly comparisons for themselves. The figures are our own and can be relied on for accuracy. The cost has not been overestimated in a single instance. In fact, the cost of the larger buildings is obtained from both architect and builder in every case. Alterations and additions are not included.

No. New Buildings.	1887	Estimated Cost.
6784	1888	\$23,787,320
8262	1889	27,790,816
10250	1890	31,276,739
10136	1891	33,830,046
6738	1892	24,115,870
7611		29,109,646
49781		\$169,910,437

Thus it will be seen that in six years nearly 50,000 new buildings have been erected in this city at a cost of nearly \$170,000,000.

According to our tables there were 13,374 transfers of real estate made during 1892, representing a value of \$79,079,818.06, a falling off of 830 in the number of transfers compared with 1891, but an increase in value of \$7,263,911.73. The mortgage incumbrance amounted to \$16,537,293.12, or about twenty per cent., while that of 1891 amounted to about twenty-three per cent. The ground rent incumbrance amounted to \$627,477.49, which, on a six per cent. basis, represents a further incumbrance of \$10,457,958.16. The sales of real estate at auction amounted to \$3,846,629.62, which carried a mortgage incumbrance of \$294,428.21 and ground rents amounting to \$5,157.37. The following resume of transfers for the last five years will be of interest:

	Transfers.	Amounts.
1888	12,679	\$62,663,201.87
1889	15,945	80,225,270.88
1890	15,571	82,879,163.22
1891	14,204	71,875,876.33
1892	13,374	79,079,818.06

The ninety-one miscellaneous buildings erected during 1892, go far to swell the grand total of expenditure for the past year, the estimated cost being \$5,836,400, an increase of 5 in the number of buildings and \$3,177,575 in the cost. This increase in cost is doubtless in a measure owing to the vast improvements now under way by the Reading and the Pennsylvania Railroads. The operations of the former including a train shed at \$700,000; a storage house at \$150,000; and a station valued at \$1,250,000, while those of the latter include a train shed at \$1,000,000 besides various other improvements.

Among the other large buildings included in our table of miscellaneous buildings will be found the handsome new quarters for the Women's Christian Association at Eighteenth and Arch Streets, which is estimated at \$200,000; the Star Theatre on Eighth Street at \$80,000; the new theatre to be erected by Mr. Gilmore on Walnut above Eighth Street at \$100,000; the Augusta Apartment House at Sixteenth and Spruce Streets at \$70,000, and some other operations of a like character which have helped to make the building season of 1892 satisfactory to all concerned.

THE RECORD AND GUIDE.

3

The following carefully prepared Table, with classification, shows the total number of New Buildings erected during the twelve months of 1892, with the estimated cost of the same, exclusive of the cost of the land.

1892.	Jan.	Feb.	March	April	May	June	July.	August.	Sept.	Oct.	Nov.	Dec.	Operations.	Estimated Cost
Two-story Dwellings	86	325	570	911	512	515	533	283	402	564	295	114	5100	10,200,000

Building and Real Estate Notes.

Harrison Bros. & Co. will at once erect a one-story oil factory, 65 x 105 feet, at Thirty-fifth and Grays Ferry Avenue. To be of brick and fitted with steam power.

William H. Wanamaker & Co., clothing merchants, have come into possession of the premises 1204-6 Market Street, and will, after March, likely make large alterations, so as to adapt it to their uses, by joining it to their present large stores at that location.

Director of Public Works James H. Windrim has awarded the contract to construct a bridge over Front Street at the junction of the Richmond branch of the Philadelphia and Reading R. R., to J. H. Hathaway & Co. for \$11,500. Work to start at once.

Bergner & Engel, the Philadelphia brewers, who own a fine tract of land at Papermill Station on the Newtown R. R., will make large altera-

tions and improvements during the coming Spring in the buildings by tearing down the old walls and erecting new buildings as well.

Henry Close, contractor, 2345 North Thirty-second Street, will erect nineteen two-story frame dwellings, 12 x 30 feet, with back buildings and bay windows, on Pratt Street, west side, north of James. The interior will be fitted with all modern conveniences.

By a decision of the Master, appointed by the court, C. Stuart Patterson, Esq., the Northeastern Elevated Railway have gained the right to completion upon the payment of proper damage to those property owners injured by the construction of the road. It is understood that the company is willing to do this when properly adjudged.

The will of the late Alfred G. Baker makes provisions as follows for the institutions named on condition that they make use of it in new buildings: The Zoological Society and University Hospital; also, five other bequests being

made for other purposes, the whole number to be known as "The Alfred G. Baker Bequest Fund." The estate is valued at about \$1,000,000.

Contractor Allen B. Rorke secured a permit on the 29th for the construction, on the east side of Eighteenth, north of Christian, of a one-story brick sub-post office, to be 65 x 100.4½ feet. Mr. Rorke has also secured the contract to erect the new Spring Garden Street Station buildings for Reading Terminal Company. There are to be two distinct buildings, one on either side of the tracks, built on columns, and to resemble the New York elevated railroad stations. The main building will be on the east side of Spring Garden and Ninth Streets. They will cost \$35,000.

Hunter and Nock, builders, Drexel Building, are soon to begin the erection of about one hundred dwellings on Lancaster Avenue, beyond Fifty-second Street. These will be of press brick, stone facings, with porches in front. Interiors to be fitted with all modern conveniences.

EXTRA COATED TERNE

D. O. Boorse, contractor, 52 North Thirteenth Street, will erect a fine five-story factory for H. Roelofs & Co., at Twelfth and Brown Streets. The structure will be 45 x 64 feet, of brick and stone, fitted on interior with steam power and heat; also elevator lift for freight, and modern conveniences.

F. J. Amweg, contractor and builder, has been given the contract to erect the residence of Amos Ellis, Thirty-fifth and Powelton Avenue, from plans drawn by M. Fielding, architect, 110 South Fourth Street, and which have been noted in a previous number of this journal. Work will be started at once upon the construction.

The jury appointed by the United States Circuit Court to estimate and determine the fair value of the interests of the owners of the property now occupying the site of the new Mint, between Sixth and Seventh, Walnut and Sansom streets, announces that it will sit in Room 35, Post-Office building, Monday, January 9, at 3 P. M., to hear the parties interested.

There was a meeting of the corporate members of the Master Builders' Exchange, on the 27th of December, at which the theme for discussion was arbitration. The question came up on the report of the Committee on Arbitration of the National Association of Builders, which recommended the appointment of a joint board of arbitration of employers and employes for the settlement of disputes and the avoidance of strikes. The report suggested the appointment of such a board, with an umpire, in January of each year, so that the working rules, wages, &c., could be early understood by both sides. The report was adopted with some minor amendments.

City Council met on the 29th ult. The first measure acted upon was the ordinance authorizing the Director of Public Safety to lease Little Tinicum Island for quarantine purposes, which was passed unanimously. In the Water Bureau \$420,000 allowed for extensions will be spent as follows: New boiler at Spring Garden Works, \$40,000; new boiler house at Spring Garden Works, \$25,000; new engine and boiler house, Lardner's Point, \$40,000; high service station for Chestnut Hill, \$151,000; 48-inch pumping main, Spring Garden Works, from No. 12 engine to No. 11, 48-inch pumping main, 250 feet, \$5,000; 48-inch supply main in Twenty-fourth Street, from Green to Spring Garden Street, 600 feet, \$9,000; 30-inch supply main in Lehigh Avenue, from Cedar to Richmond Street, 2200 feet, \$14,000; 30-inch supply main in American Street, from Susquehanna Avenue to Norris Street, 1300 feet, \$7,000; 20-inch main in Richmond Street, from Norris Street east; 3100 feet, \$11,000; 20-inch supply main in Fourth Street, from Vine to Jefferson Street, 7250 feet, \$26,000; 20-inch supply main in American Street, from Norris to Jefferson Street, 3100 feet, \$11,000; 20 inch supply main in Kensington Avenue, from Lehigh Avenue to Allegheny Avenue, 4200 feet, \$26,500; 20-inch supply main in Haverford Street, from Thirty-third to Thirty-fifth Street, \$4500; high service for West Philadelphia, \$50,000. In the Gas Bureau the \$250,000 allowed for extensions will be expended as follows: Two new stacks of Fleming benches, Twenty-sixth Ward Works, \$132,400; set of purifying pans, Twenty-sixth Ward Works, \$25,000; condenser and scrubber, Twenty-sixth Ward Works, \$9000; meter house, Twenty-sixth Ward Works, \$8000; two new station meters, Twenty-sixth Ward Works, \$8000; six-inch cast-iron pipe to replace four inch and smaller pipe, inadequate for present demand, \$24,250; 20-inch mains, Mifflin Street, from Six-

teenth to Twenty-second Street, \$8550; 20-inch mains, Lehigh Avenue, from Twenty-second to Ridge Avenue, \$17,250; 12-inch mains, Oxford Street, from Twenty-seventh to Thirty-third Street, \$5600; 12-inch mains, Twenty-second Street, from Dickinson to Mifflin Street, \$3700; 8-inch mains, Fifty-second Street, from Lancaster to Elm Avenue, \$3000; 8-inch mains, Frankford Avenue, from Orthodox to Bridge, \$3190; 6-inch main, Tacony Street, from Frankford Avenue to Duncan, \$2870

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Lewistown, Mifflin Co., the Coleman House has been destroyed by fire.

—At Lancaster, Lancaster Co., a new freight depot will be erected by the P. R. R. Co.

—At Lansdowne, Delaware Co., Dr. Crowther has purchased a lot and will erect a handsome residence.

—At Girard, Erie Co., a vote has been cast in favor of issuing \$19,000 in bonds to construct a water works.

—At Conneville, Fayette Co., a new steel bridge will be built across the Yough river by a Pittsburgh firm.

—At Warren, Warren Co., the Young Men's Christian Association has \$26,000 pledged toward its building fund.

—At Mauch Chunk, Carbon Co., the Young Men's Christian Association Building will be erected on Broadway.

—At Williamsport, Lycoming Co., the Y. M. C. A. are pushing their preparations for the erection of their new building.

—At West Newton, Westmoreland Co., the M. E. congregation has purchased a lot on which they will erect a parsonage.

—At Unionville, Chester Co., John Goult has purchased old hotel property and will erect a large store building thereon.

—At Point Marion, Fayette Co., T. R. Litman has purchased a tract of land from James E. Sturgis, and will erect a dwelling.

—At Scranton, Lackawanna Co., the new building for the Bell Telephone Co. will be erected at the corner of Adams and Lackawanna Avenues.

—At Ogontz, Montgomery Co., B. E. Dubree has purchased the old hotel property and will make extensive alterations and improvements next Spring.

—At Washington, Washington Co., J. P. Clutter will fit up his mill property and make it a steam roller mill, with a capacity of thirty barrels of flour per day.

—At Erie, Erie Co., contract for placing an elevator in Government Building will be let this month.—Constable Bros. have received contract to construct the pump station for \$7600.

—At Pittsburgh, the new female college will be erected from plans prepared by Architect William S. Fraser, 95 Fifth Avenue.—New sewers will be constructed on Armand, Bouquet and Carser Streets.

—At Indiana, Indiana Co., the American Hotel and the Thomas House adjoining have been destroyed by fire.—Plans are being considered by a new company being formed with a capital of \$150,000, for the construction of an electric railroad from Indiana to Paxsutauney, a distance of 28 miles.

—At California, Washington Co., the directors of the Normal School contemplate putting in an electric light plant for the college buildings.—A stock company has been formed for the purpose of building a large hotel for which the ground has been secured.

—At McKeesport, Allegheny Co., the new Keystone Brick Co. will extend and improve its plant, which has recently been purchased from Logan & Son.—J. W. Clark firm will erect a business building on Mulberry Street, at a cost of about \$60,000.

—At Reading, Berks Co., the plans have been completed for the handsome First Baptist church to be erected at Fifth and Chestnut Streets. It will be of stone, 70 x 124 feet, with an eighty-feet tower and an annex 22 x 30 feet. Rev. J. S. Bromley is the pastor.

—At Harrisburg, charters have been issued to the following corporations: To the Columbia and Washington Street Railway Company, with a capital of \$40,000; to the West Chester Knitting Company, with a capital of \$25,000; to the Nay Aug Falls and Elmhurst Boulevard Company, of Scranton, with a capital of \$25,000; to the East Columbia Land Company, of Columbia, with a capital of \$50,000.

Through New Jersey.

At Salem, Salem Co., the knitting mills owned by John P. Sheppard have been destroyed by fire.

Efforts are being made to have the South Seaville Camp Meeting Association locate at Sea Isle City.

At Mt. Pleasant, Hunterdon Co., the ladies of Mt. Pleasant church are preparing to place a new organ in the church.

At Ocean Port, Monmouth Co., the society of Red Men will erect a building, to be used as a public hall and lodge room.

At Atlantic Highlands, Monmouth Co., Adolph Strauss has awarded A. S. Hutera contract to erect a dwelling to cost \$6800.

Capitalists have purchased Almonesson Mill, lake and grounds in Gloucester Co., which, it is reported, they will improve as a Summer resort for picnics and excursions.

Messrs. B. M. and J. F. Shanley, of Jersey City, have received contract to construct four miles of macadam road in Madison Township, Middlesex Co., for \$25,132.80.

At Jamesburg, Middlesex Co., a new building will be erected for the Reform School, an appropriation having been ordered by the last Legislature. Work will begin at once.

At Orange, Essex Co., a number of capitalists are contemplating the organization of a street railway company to run between Orange and Montclair, and to be operated by electricity.

At Kearny, on the east bank of the Passaic River, opposite Newark, a hospital will probably be erected in a short time. A committee has been formed to put the matter into shape, and consists of Dr. J. A. Exton, president; D. R. J. Reid, secretary, and Dr. E. F. Squirrel, treasurer. Plans will be invited.

At Atlantic City, Messrs. Young, McShea & Co. have bought a large piece of ground with a frontage on the ocean of 350 feet, between Massachusetts and Connecticut Avenues. The price paid was \$60,000, and it is thought that a handsome building for hotel purposes will be erected on the site.

AN ARGUMENT IN FIGURES.

Respectfully submitted to Builders, Owners and those having charge of Estates, who will have Fire Risks to place during 1892.

TRENT TILE COMPANY

MANUFACTURERS OF

Artistic Mantel and
Hearth Tile.

Office and Factory, Trenton, N. J.

Trent Tile can be purchased of all
Leading Jobbers and Dealers in Mantels,
Grates and Tiles.

At Camden, the Building Commission has granted the G. A. R. auditorium, on Stevens Street, permission to remain for another year, provided the rear and west side be covered with corrugated iron.

At Asbury Park, Monmouth Co., N. H. Kilmer will erect a dwelling for L. A. Clarke, to cost \$2250.—Mr. Edward Tunison, owner of the opera house, will improve the building. Plate glass fronts will be put in the stores on the Bangs Avenue side and other improvements in the interior of the building will be made.

At Woodbury, Gloucester Co., the Germania Park Co. has been incorporated with a capital of \$100,000. The corporators are Charles Reimel, Jacob A. Reimel, Charles Staub and Charles J. Boess, of Philadelphia, and C. Wesley Wayland, of Camden. The land of the newly organized park company is at Billingsport, adjacent to Lincoln Park. It is understood that the company have purchased this land with the intention of making it a Summer resort similar to that of Lincoln Park.

Washington, D. C.

Joseph C. Johnson, 64 Corcoran Building, has prepared plans for a three-story brick dwelling to be erected for W. J. Wallace on Twelfth Street, near M Street, at a cost of about \$800. It will be of press brick and Hummelstown brownstone, with copper cornice. The interior will be trimmed with oak and white pine, and considerable tile work will be introduced. Steam heat, sanitary plumbing, etc.—A handsome residence will be erected by William Lawson, on Florida Avenue, at a cost of about \$8000. It will be of press brick and Hummelstown brownstone, antique oak finish, tiled bath-rooms, modern conveniences and improvements.—Four two-story dwellings will be erected by James P. Patten, on Ivy Street, at a cost of \$8000. No contracts let.—The Building Inspector has approved plans for remodeling the interior of the old city Post Office, on Louisiana Avenue. The plans have been prepared by Architect Hill. The improvements will cost about \$8000.—A business house will be erected on the Southeast corner of Pennsylvania Avenue and Tenth Street, N. W.—A new road house will be erected at River View on the Conduit Road, from plans prepared by Albert B. Morgan for the owner, Albert Dowling. It will be of white pine, with spacious verandas and a loggia. No contracts have been made.

Through Maryland.

At Baltimore, the most important building permits issued to date are as follows: To E. A. Keilm, to erect two two-story brick dwellings; to C. Miski, to erect two two-story brick dwellings.—It is now assured that the proposed Washington-Baltimore boulevard will be constructed.—The Highland Park Lyceum Co. has been incorporated by Thomas M. Kent, John D. Fiske, Richard B. Tippet, Frank H. Collo-way, Lawrence N. Frederick and William Henry Jones, with a capital of \$12,500, to erect a public building.—George Warfield and others have incorporated the Rock Hall Land and Improvement Co., with a capital of \$100,000.—George O. Gover and others have incorporated the Coaline Co., of Baltimore City.

Wants.

Proposals for mail bags—Post Office Department, Washington, D. C., Nov. 21, 1892—Separate sealed proposals will be received at this Department until Tuesday, the seventeenth day of January, 1893, at noon, for furnishing, by contract, mail bags, conforming in every respect to the official samples, in such quantities and at such times as may be ordered during the term of four years, beginning on the first day of April, 1893. Specifications of the several classes of mail bags, and of the conditions and requirements relating to the proposals and contracts, and also blank forms for bidding will be furnished on application by letter to the Second Assistant Postmaster General. No proposal will be considered which shall not have been submitted in accordance with such specifications. The contracts which may be made will be in conformity to the specifications and the accepted proposal. The right is reserved, however, to reject any or all proposals. John Wanamaker, Postmaster General.

Sealed Proposals are invited until 12 o'clock, noon, January 12th, 1893, for furnishing cast iron pipes, specials and fittings, and for pipe laying; and until 12 o'clock, noon, January 19th, 1893, for erecting standpipe, engine and boiler house and steam pumping machinery plant; and for sinking artesian wells and pumping cisterns for the Keyport Water Commissioners, Keyport, N. J., or at 1404 North Twelfth St., Philadelphia. The right is reserved to reject any or all proposals, and each bid must be accompanied by a certified check for an amount equal to not less than five (5) per cent. of the total amount of the bid, and made payable to the order of the Water Commissioners of Keyport, N. J., as a guarantee for the faithful execution of the work; said check to be returned upon the execution of contract and bond papers. A penalty of forfeiture will also be required of each contractor, for failure to finish work in specified time. No extra allowance above the contract price agreed upon will be made under any pretext whatever. Rufus Ogden, Thos. H. Roberts, Cornelius Ackerson, Water Commissioners, Keyport, N. J., Isaac S. Cassin & Son, Engineers, Keyport, N. J., Water Works, 1404 North Twelfth St., Philadelphia, Pa.

Sealed proposals for furnishing the material and performing the labor required in the construction of a public sewer from the intersection of Third Avenue and Locust Street, in the village of Roselle, in the township of Linden, to Piles Creek, in said township, near the point where the New York and Long Branch Railroad crosses said creek, will be received by the Township Committee of the Township of Linden, in the County of Union, New Jersey, at the residence of John K. Mulford, the clerk of said township, on Chestnut Street, in the village of Roselle, until January 9, 1893, and that said proposals will be opened at a meeting of the Township Committee of said township, to be held at 8 o'clock in the evening of that day at the Linden House, in said township of Linden. The plans and specifications for said sewer may be examined at the post office in the village of Roselle, and at the office of C. P. Bassett, engineer, First National Bank Building, Orange, New Jersey, during business hours until said day of January. Each bidder must submit with his proposal a bond in the penal sum of three thousand dollars signed by sufficient sureties, being a freeholder or freeholders in said county of Union, with a condition to the effect that if his proposal is ac-

cepted he will forthwith enter into a contract with the inhabitants of the township of Linden, in the county of Union for the construction of said sewer according to said plans and specifications, and will faithfully perform and complete the same on or before the first day of July next, and will at the time of signing such contract give bond in the penal sum of fifteen thousand dollars, with security satisfactory to the Township Committee of said township, conditioned for the faithful performance of the same. The said Township Committee reserves the right to reject any or all bids as may appear for the interests of the township. By order of the said Township Committee. John K. Mulford, Township Clerk.

Miscellaneous.

Austin Corbin, ex-president of the Reading Railroad is pushing the scheme to connect Jersey City with Brooklyn, also reach the centre of New York city by way of tunnel under the North and East Rivers.

At Chicago, Ill., Philip D. Armour has presented \$1,500,000, to found and maintain the Armour Institute, a technical training school, similar to the Drexel Institute. A five-story structure has already been erected which will be thoroughly furnished for the purpose and opened by September next.

Gothic Street, Nos. 127 and 129, two two-and-one-half-story brick dwelling, lot irregular in shape, \$6400

Woodland Avenue, near Locust Street, lot 50 feet 9 inches x 57 feet 7 inches, subject to a mortgage of \$900, \$875

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a really good hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Nuts For Advertisers to Crack.

\$500 will be paid by the Proprietor to any one proving that this Journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,
Proprietor.

TO 1232 LOCUST STREET.

Attention, Builders and Others!

I HAVE FOR SALE THE BALANCE OF THE BLOCKS OF GROUND ON THE SOUTH SIDE OF ALLEGHENY AVENUE, BETWEEN GERMANTOWN AVENUE AND CHAMPLOTT STREET, THIRTY-SEVEN STORIES TO PROMINENT BUILDERS, WHO WILL IMPROVE FIRST THING IN THE SPRING WITH ELEGANT HOUSES.

Also for sale both sides of Park Avenue, Thirteenth, Comack and Twelfth Streets, south of Allegheny Avenue. Also west side Germantown Avenue, south of Allegheny Avenue; best lots in the city for large hall, market house or stores. Also lot a side of Sedgely Avenue. This location is unsurpassed for convenience. The Eleventh Street Station, Philadelphia, just across Germantown Avenue, Germantown Junction, Pennsylvania Railroad and Sixteenth Street Station, Philadelphia and Reading Railroad, about 3 squares. Prices lower than any other ground in northern part of this city. For plans, sizes and prices call on

WM. T. B. ROBERTS,

Twentieth and Dauphin Streets.

TO REAL ESTATE DEALERS AND PARTIES LOOKING FOR DESIRABLE SITES FOR BUILDING WHERE THE ADVANTAGE OF RAILROAD FACILITIES AND LARGE AMOUNT OF GROUND ARE NECESSARY FOR THEIR BUSINESS, EITHER FOR SPECULATIVE PURPOSES OR OTHERWISE, will find it to their interest to examine that large tract of ground just let from on south side of Sedgely Avenue, west of Germantown Avenue, and on Germantown Avenue, south of Sedgely Avenue, back to the Pennsylvania Railroad, just across the street from Eleventh Street Station. For size and plan of lot call or address

WILLIAM T. B. ROBERTS,

TWENTIETH AND DAUPHIN STREETS.

FOR SALE.

Factory Lots, R. R. Siding—706 feet on Trenton Avenue, 354 feet on Ontario Street, 389 feet on Tioga Street. Freight Station, P. R. R., on the ground.

WILLIAM J. KELLY, 906 Walnut St.

Architect Notes.

Walter H. Geissinger, architect, 12th and Chestnut Streets, will contract for two, one-story frame sheds, 30 x 60 and 12 x 16. Temporary covers for goods and engine, at site of Bachman's burned mill, Second and Cambria, and prepare plans for the rebuilding of the factory at once upon the old site.

Horace Trumbaur, architect, 310 Chestnut Street, has made plans for alterations to house of William Johnson, at Hildside Montgomery County, Pa. The exterior will be entirely remodelled with new porches and porticoes, etc. Also plans are being prepared for extensive alterations to mansion house and farm buildings, for the farm lately purchased by Dr. J. E. Peters, near Jenkintown, Pa., which consists of 86 acres and cost about \$50,000.

The annual general meeting of the Art Workers Guild was held at the studio of Mr. Alfred Godwin, 1225 Market Street, on the 3d inst. The principal business of the evening was the election of officers and committee and it was unanimously agreed that those who served during the past year should be re-elected, viz.: Edward Hazelhurst, master; H. Bloomfield Bare, secretary; Edward Lee Young, treasurer; committee, H. T. Cariss, P. Moran, W. A. Porter, V. E. Rondel, J. B. Sword, Henry Thouron.

Yarnall & Goforth, architects, 14 S. Broad Street, have made plans for a fine residence for Mr. Echols, of Staunton, Va. The structure will be of stone and brick, with tile roof, three-stories high, interior to be in hard woods, except the drawing-room, which will be in white and gold; heated by indirect steam and open grates; four bath and toilet rooms; electric work and all modern minor improvements. Also plans for a cottage for J. Y. Gosler at Atlantic City, N. J., to be three-stories high, frame, shingle roof and modern conveniences on interior. Also plans have been completed for a brick house at Media, for Mr. Strong of that place, brick, stone trimmings and interior will be finished in hard wood and tile work, electric bells and good modern conveniences. The same architects have been retained to prepare plans for the alterations and additions to be made to the Hotel DuPont, 9th Street below Locust, by the proprietor Mr. Smith. These will consist of placing on the first floor an office, grand stairway, a fine billiard-room and barber shop, with lavatories, closets, etc.; upon the second will be placed a large cafe, parlors, bedrooms en-suite and single, card room, reception room, toilet rooms, etc.; the third and fourth, will also undergo alteration into bedrooms and finished in first-class order; all heated by steam and well ventilated by the best system; electric work light and bells, dumb waiters, speaking tubes and all modern conveniences will be introduced. Work to be started at an early day.

Building and Real Estate Notes.

Allen B. Rorke, contractor, Drexel Building, will make some interior alterations and add a bay window to the Union Republican rooms, at N. E. cor. 11th and Chestnut Sts. Work will begin at once.

Frederick Fell, brewer, will erect an ice storage house, 52 x 64 feet, on west side of Fairhill St., north of Susquehanna ave., which will cost about \$20,000. Contractor W. Tecklenberg, will do the work.

Renwick Moffitt, owner, will commence the erection of six houses on the east side of Second St., north of Snyder Ave. All will be two-stories high, 16 x 44, ground dimensions. Two of the houses will be fitted as stores and the other four, are to be dwellings.

An effort will be made at an early day to introduce an ordinance in Councils looking to the widening of Chestnut Street from Thirteenth to Juniper Streets, so as to give uniformity to the whole thoroughfare east of Broad Street. The matter is in embryo as yet, but likely to develop.

A number of alterations and additions are to be made to the Episcopal Hospital, at Front St. and Lehigh Ave., as soon as the funds are available. These have been ordered by the Board of Managers elected on the 3d inst., and measures will be taken to carry the above into effect at an early day.

BUILDERS' GUIDE,

PUBLISHED EVERY WEDNESDAY, AT 17 N. TENTH STREET.

TERMS:

One Year, in advance, - - - \$5 00

Subscription for less than One Year will not be received.

JOHN N. GALLAGHER, Proprietor.

JOHN F. BRISHANE, City Editor.

PHILADELPHIA, WED'Y, JAN. 11, 1893.

The Master Builders of this city, with their usual liberality and hospitality, gave a parting salute to 1892 and a welcome greeting to the new year, 1893, on Saturday, the 31st of December. A bounteous collation was served on the floor of the Exchange Building under the immediate charge of the Entertainment Committee, headed by their chairman, Mr. David Woelper. Singing, dancing and oratory were the pleasing features of the occasion, but above all seemed to stand out pre-eminent the fact that the members each vied with the other in making their invited guests and visitors feel "at home."

The Equitable Trust Company has declared a dividend of one dollar per share, payable on February 1, 1893, to stockholders of record on January 9, 1893. The net profits of the company for the year ending December 31, 1892, amounted to \$40,280.10.

Building and Real Estate Notes.

The Philadelphia and Reading Terminal has secured permission to erect three stations on Ninth Street, north of Spring Garden. Two of the stations will be two stories high, 65 x 18 and 22 x 12, respectively, and the third, one-story, 50 x 18. Allen B. Rorke will erect them and iron will be the material used.

The current number of the "Illustrated American" contains an interesting history of the Reading Railroad, dating from the time of the management of President McLeod, by Charles R. Deacon. The article is accompanied by illustrations of the new terminal depot and a description of the building and elevated system of the Reading.

William E. Pereira, who has a laundry at 2515 and 2017 North Third St., has purchased property on the west side of Germantown avenue, south of Norris St. He intends to erect upon the site a large building, on the completion of which, he will remove from his present place of business. The newly secured site is 60 x 110 feet.

The Seventh Annual Convention, National Builders' Association will convene at St. Louis, Mo., February 14, 1893. Six delegates and a large number of the members of the Philadelphia Exchange will be in attendance.

A very handsome new front is to be put on the Bijou Theatre. It will be of ornamental iron and glass, the style of the ornamentation being Moorish. It will project two feet over the present front, above the second floor, and will not be unlike a great bay window 42 feet long by 32 feet high. J. Stein Thorn has the contract.

In addition to the plans of extending the track system, the plans outlined in this journal some time since for widening the Pennsylvania Railroad bridge across the Schuylkill are now under way, and if the necessary consent can be obtained from the municipal authorities, three more tracks will be added when occasion demands, which will give the road a six-track bridge to enter the elevated system over from the various branches of the system.

The Bureau of Building Inspectors of Philadelphia, make a very handsome showing for the year 1892, earning a neat profit for the City Treasury beside giving the city the benefit of their labor and protection in the proper execution of the laws. The receipts of the Bureau from fees for permits, etc., during 1892, amounted to \$23,600.01, all of which was paid to Receiver of Taxes Taylor. The entire expenditure for maintenance of the bureau during the year was \$20,938.45, leaving a profit of \$2661.56. The increase in the receipts over 1891 was \$3080.37, and the increase in expenses, \$388.77.

The Managers and Trustees of the Orphanage of the Baptist churches of this city, have issued an appeal for enough money to erect what has been needed from the first, an educational and industrial building and an infirmary. The two will cost about \$40,000. The educational building will at once place the cottage that has been used for school purposes at the service of the managers for the admission of children; it will also provide a chapel for Sunday services, four school rooms and facilities for industrial training of both boys and girls. The infirmary will help them to take better care of the children in epidemics.

Elkins and Widener have just taken title from F. Simons Sr., to a tract of land 60 x 457 feet, at Sixteenth and Wolf Streets, adjoining other land owned by them. This gives them control of all ground for building purposes between Wolf, Ritten, Twelfth and Nineteenth Streets, and upon which they propose to erect a large number of dwelling houses, as well as power houses for electric force, to be used in driving trolley wires upon their lines in the southern portion of the city. In connection with this operation it is also the intention of the Traction Company to build quite a number of station power plants in various localities, for the same purpose, throughout the city.

The Building Inspectors on the 5th inst. refused to issue a permit for a frame structure which it was proposed to erect at Thirty-second and Market Sts. The building was intended as a storage shed for hay and was to be 15½ x 192 feet. The applicant for the permit was Edwin Reifsnnyder, who said it was the intention to cover the wood with corrugated iron. The inspectors decided that the structure as planned, was illegal and forbade its erection. It was within the limit in which frame structures are forbidden by ordinance.

O. S. Bunnell, president of the Park Avenue and one of the committee in charge of the National Cycle Show, is at the head of a movement to establish a syndicate to build a structure similar to Madison Avenue Garden, in New York city, minus some of its features in detail. The gentlemen already interested think it a good move to be able to entertain large shows like the Food Exposition, Horse Shows, Kennel Associations and gatherings of great magnitude. It is understood that a site near Broad and Spring Garden Streets is being considered as a good location, but others have been offered and may yet be accepted.

A meeting of the stockholders of the Philadelphia Bourse was held on the 3d inst. to vote upon the question of creating an indebtedness of \$1,000,000, by placing a mortgage of that amount upon the real estate of the corporation on the proposed Bourse building, to be erected on the plot bordered by Fourth, Fifth, Merchant and Ransstead Sts., and the issue of bonds upon the security of the mortgages. The meeting decided unanimously, by a vote of 10,321 shares, more than half the stock subscribed for, to create the mortgage. The action looking to the placing of this mortgage was taken at a meeting of the Directors in November, when a semi-annual report was submitted. It was announced that Drexel & Co., would take at par the whole issue of bonds authorized by the mortgage. The estimated cost of the Bourse building and ground is \$2,000,000, of which \$1,000,000, is to be subscribed in stock, and \$1,000,000, on the issue of the bonds authorized. The entire amount of stock has been subscribed, with the exception of about \$40,000, which the public will be given an opportunity to take for a little while yet, after which, if it is not taken, it will be apportioned among some of the present heavy stockholders, who are prepared to take it. Of the capital stock, \$630,000, was used to pay for the real estate, leaving \$370,000 to be applied to the \$1,000,000 secured by bonds for the erection of the building, if necessary. The Board of Directors were authorized, by resolution, to take the necessary steps for the execution of the mortgage and issuance of the bonds. It is expected that in a short time, the work of tearing down the properties on the Fifth Street Market site will be commenced. The plans will be ready for contractors on the 20th, and the work will shortly afterwards proceed with little delay.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Frenchtown, Crawford Co., there is talk of lighting the town by electricity.

—At Boyerstown, Somerset Co., there is talk of constructing an electric light plant.

—At Dublin, Bucks Co., it is probable that an electric railway will be constructed.

—At Scranton, Lackawanna Co., the college of St. Thomas Aquinas has been damaged about \$10,000 by fire.

—At Perkasio, Bucks Co., an electric railway will probably be constructed to run between Perkasio and Doylestown.

—At Williamsport, Lycoming Co., Mayor Kellar has approved an ordinance for the construction of a sewer on Franklin Street.

—At Johnstown, Cambria Co., J. J. Strayer has been awarded the contract for the erection of the new G. A. R. building for \$9200.

—At Dunbar, Fayette Co., the congregation of the Baptist Society contemplate the erection of a new church building at an early date.

—At Lancaster, Lancaster Co., the business house of High & Martin has been destroyed by fire and adjoining property damaged. Loss about \$40,000.

—At Pottstown, Montgomery Co., Henrietta Moses has purchased a building at High and Warren Streets, which will be improved as a store and dwelling.

—At Wilkesbarre, Luzerne Co., the Cold Storage Company will erect a two-story brick building 102 x 106 feet. H. Baker Hillman is president of the company.

—At Reading, Berks Co., the Penn Hardware Company's plant was damaged to the extent of about \$50,000, on Jan. 5. The firm will rebuild at once on a much larger scale.

—The Minerva Land Improvement Company, with a capital of \$10,000, has been chartered for the purpose of building a new town opposite Coal Center, Washington Co., on the Monongahela River.

—At York, York Co., Charles Gise, has broken ground for the erection of six two-story dwellings.

—George W. Gruver has purchased a lot on West York Street upon which he will erect two brick dwellings.

—A new manufacturing town, which has been named McMahon, has been laid out opposite Lock No. 1 on the Monongahela River. New shops will be erected for the manufacture of equipments for electric railways.

—At Harrisburg charters have been granted to the following corporations: To the Susquehanna Water Company, of Plains, with a capital of \$25,000; to the Wilkesbarre Artificial Ice Company, with a capital of \$60,000; to the Girardville Electric Company, with a capital of \$5000; to the Northumberland and Allenwood Street Railway Company, with a capital of \$180,000; to the Breisford Packing Company, of Harrisburg, with a capital of \$155,000; to the Williamsport Upholstering Company, with a capital of \$25,000; to the Lebanon Water Company with a capital of \$10,000; to the Lancaster and Marietta Electric Street Railway Company, with a capital of \$90,000; to the Erie Avenue Passenger Railway Company, of Philadelphia, with a capital of \$55,000; to the West Girard Avenue Passenger Railway Company, of Philadelphia, with a capital of \$24,000.

—At Latrobe, Westmoreland Co., about two hundred acres of ground have been purchased adjacent to Latrobe by Colonel George Piper, of the firm of Piper & Clark, Pittsburg, Pa. A large cannery factory will be erected by Mr. Piper on a portion of the tract.

—At Pittsburg, at the election, to be held February next, the voters will cast a vote on the question of issuing \$1,500,000 in bonds for the purpose of buying and constructing bridges over the Monongahela River.—The Collins Cigar Company's factory and adjoining buildings on Fayette Street have been destroyed by fire, causing a loss of about \$350,000.

Through New Jersey.

At Woodbury, Gloucester Co., an electric railway will probably be constructed to run between Woodbury and Camden. The Board of Trade has the matter in hand.

At Wildwood, Cape May Co., George W. Grace has the contract to build two fine cottages for Mr. R. S. Cills, 511 North Second Street, Philadelphia, to be completed April 1st.

At Mays Landing, Atlantic Co., the Industrial Land Development Company will erect one hundred cottages next Summer.—It is reported that a machine shop and shoe factory will be erected here.

At Gloucester City, Camden Co., the Washington Mills property will be offered for sale on the 20th inst. as an adjourned sale, the Chancellor having refused to confirm the recent highest bid for the property.

At Newark, Jumb's brewery property has been destroyed by fire, causing a loss of about \$75,000.—Additional franchises have been granted to the Newark and South Orange Railway company.

—Architects Schweitzer & Diemer have prepared plans for a two-story-and-basement brick and stone building to be erected for St. Michael's parochial school on Belleville Avenue, to be 66 by 100 feet, with slate roof. The second story will be arranged for concert and hall purposes. It will be connected with the main building by an entrance tower. The structure will cost about \$30,000. Architect Charles G. James has made plans for a two-and-one-half frame dwelling to be erected on east side of Lincoln Avenue, near Chester Avenue, for Mrs. Winans, to cost about \$3200.—Architect Frank F. Ward has prepared plans for a two-and-one-half-story shingle finished frame dwelling and a frame stable to be erected for G. H. Gaston to cost about \$12,000.

Through Maryland.

At Oakland, Garrett Co., the woolen mills of N. W. Steel will be rebuilt.

At Cumberland, Allegheny Co., the County Court House has been destroyed by fire.

At Aberdeen, Harford Co., a factory building will be erected by W. A. Robb, of Odessa.

At Laurel, Prince George's Co., L. A. Ellis can give particulars as to an electric light plant to be erected.

At Towson, Baltimore Co., contract to erect a building for insane has been awarded to J. J. Willis, of Baltimore, for \$39,950.

At Baltimore, since E. M. Browner, proprietor of the City Hotel on East Baltimore Street, purchased the old Mansion House property, situated at the north-west corner of St. Paul and Fayette Streets, negotiations have been pending between

himself and Levi Z. Condon for the purchase of the building, No. 110 St. Paul Street, which, if acquired and taken in connection, the lot already owned would give a frontage of about 120 feet on St. Paul Street as a site for a hotel, which will be erected next Spring.—The Chesapeake Guano Company has been granted permit to erect a one-story iron warehouse on Gold's Lane near Windsor Street.—W. D. Marks permit to erect two two-story brick cash dwellings

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

A star (*) denotes judgment confessed or bond and warrant conditioned.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

WEBER PIANOS

Ample capital, allied to the best musical and mechanical skill and earnestness of purpose, coupled with untiring industry and perseverance, and the ambition to make the BEST Piano which it is possible to produce, may be called a few reasons why the

WEBER PIANOS

are better than those of other makers.
Notwithstanding the great superiority of the

WEBER PIANOS

the Prices are as low as those of other good makers.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

HAJOCA.

WITH

Embossed Syphon-jet Pedestal Closet.

Paneled Hardwood, Copper-lined Cistern.

HAJOCA.

The newest and most satisfactory Syphon-jet Closet yet produced. The Cisterns are made in our own shops, and are as good as skilled workmanship and care in construction can make them.

Wants.

Sealed proposals will be received at the office of the Secretary of the Commission of Public Instruction until 7 P. M., Wednesday, January 25, 1893, for the erection of fire escapes on the various school houses of this city. Bidders to submit their own plans. By order of the Property Committee. Augustus T. Dobson, chairman.

Sealed Proposals are invited until 12 o'clock, noon, January 12th, 1893, for furnishing cast iron pipes, specials and fittings, and for pipe laying; and until 12 o'clock, noon, January 19th, 1893, for erecting standpipe, engine and boiler house and steam pumping machinery plant; and for sinking artesian wells and pumping cisterns for the Keyport Water Commissioners, Keyport, N. J. Specifications and plans may be seen at Keyport, N. J., or at 1404 North Twelfth St., Philadelphia. The right is reserved to reject any or all proposals, and each bid must be accompanied by a certified check for an amount equal to not less than five (5) per cent. of the total amount of the bid, and made payable to the order of the Water Commissioners of Keyport, N. J., as a guarantee for the faithful execution of the work; said check to be returned upon the execution of contract and bond papers. A penalty of forfeiture will also be required of each contractor, for failure to finish work in specified time. No extra allowance above the contract price agreed upon will be made under any pretext whatever. Rufus Osden, Thos. H. Roberts, Cornelius Akerston, Water Commissioners, Keyport, N. J. Isaac S. Cassin & Son, Engineers, Keyport, N. J., Water Works, 1404 North Twelfth St., Philadelphia, Pa.

INTERROGATIVELY!

WE WOULD ask the man who does not subscribe for this journal if he is going to do so for 1893?

If not, why not?

How any active business man having building material and machinery for sale, or the other fellow, who is constantly looking for contract work, can afford to do without such an important auxiliary as this journal has proven to be to many thousands of business firms, is as much a mystery as the Sphinx of Egypt.

True, some men get along very well without a pocket-handkerchief; some men could and do get along without this journal.

Send in your \$5.00 for a subscription for a year. It will certainly prove the best investment you have made.

JOHN N. GALLAGHER, Proprietor.
JOHN F. BRISHANE, City Editor.

PHILADELPHIA, WED'Y, JAN. 18, 1893.

THE Trades League of this city is an invaluable object lesson for our citizens, as it has very practically illustrated how much can be done toward working out a better condition of things with a little earnest effort, besides which it has demonstrated that opposing influences are not half as difficult to overcome as is the apathy and meanness of those whose interests it seeks to promote.

There are thousands of property owners and smart business men who have already been benefited, indirectly, through the work of the League, who, like the old-time church deacon, have plenty of prayers and admonitions to offer, but not a cent for pew rent.

A strong membership is what the League most needs; active, outspoken, non-ax-grinding members, numbering many thousands, and it requires very little effort to properly estimate what might be accomplished by such an organization, with its champions and advocates shaping public sentiment in every home and workshop in the city.

Home life, with its pleasures and contentment, makes a very beautiful, as well as moral sentiment, but, like everything good and bad, it can be overdone. Citizenship imposes sterner duties than hugging the fire or tending the baby, and it is only those who merit it, who cheerfully and vigorously aid in promoting the best possible conditions for all. That those conditions can be improved is already demonstrated. What is now most needed is the influence of numbers, for the minds that have directed the work thus far are still fresh and vigorous. It is the slow, steady, unrelenting blow that splits the granite, and it is the same hammering of public sentiment that makes reformation possible.

THE statement of the American Fire Insurance Company, of this city, shows a large increase of business over 1891. The company has paid losses

to the amount of \$1,685,029.27, while its cash capital of \$500,000 remains unimpaired. It has materially increased its investment account, and, notwithstanding the heavy fire loss of 1892, it commences the new year in splendid shape for a heavy business.

THE brick sidewalk nuisance is to receive the attention of Councils, and it is probable that an ordinance will be passed prohibiting the relaying of bricks for sidewalks within the city limits.

Unless some limit as to the time when they must be abandoned altogether is included in the proposed ordinance it will hardly be possible to get rid of them for the next twenty years at least, for the durability of bricks when used for this purpose is only equalled by the tenacious disregard of most property owners for the comfort and safety of pedestrians as well as the appearance of the fronts of their properties.

New York abandoned bricks for sidewalk purposes many years ago; in fact, this was about the first step forward towards those progressive ideas that have made her the great city that she is.

There are miles of brick sidewalks in this city at present in a condition that would not be tolerated at a Delaware County farmer as a walk in his barnyard, but which through years of association, are endured owing to the natural and instinctive characteristics of Philadelphia law-makers to cling to antiquated village methods.

If we are to have a New Philadelphia, a little smart hustling in the right direction is needed. Our namby-pamby way of doing things is too slow for the spirit of the times.

Schemes involving millions of dollars—on paper—are suggested, and like and unlike the effervescence of champagne, they sparkle in the imagination of their projectors without making even a fizz.

An Important Business Change.

The old firm of Jas. W. Queen & Co., of this city, has been incorporated and will in future carry on the business of architects and civil engineers' supplies, optical goods and the manufacture of mathematical, surveying, meteorological, physical and electrical instruments under the name of Queen & Co., 1010 Chestnut Street. Few people comprehend the magnitude of Queen & Co.'s manufacturing business, as the popularity of the old firm as opticians was so thoroughly established over the entire country as to justify the conclusion on the part of many that theirs was a spectacle house only, while the fact is few concerns have more capital invested or have done a larger business in manufacturing and selling scientific instruments.

The officers of the new company are: Samuel L. Fox, president; Edward B. Fox, vice president; F. W. Stanwood, secretary and treasurer. Directors: Samuel L. Fox, Edward B. Fox, F. W. Stanwood, John Gordon Gray, William Biddle, Jr., James G. Biddle.

Architect Notes.

Wilson Bros., architects, Drexel Building, have made plans for alteration to store of Henry Kline, Front and Norris Streets. Bids have been asked on the work.

Baker & Dallett, architects, Fifth and Walnut Streets, have made plans for alteration of 1604 Chestnut Street from dwelling to store. Bids have been asked upon work. The property is owned by J. W. Cardeza.

Horace Trumbauer, architect, 310 Chestnut Street, Philadelphia, has on boards plans for a handsome house for Howell E. Bean, to be erected at Cheltenham Avenue, Ashbourne, Pa. It will be 30 x 40 feet, three stories high and built of stone and frame work with all modern conveniences, electric work, best sanitary plumbing, etc.

Frisbey W. Smith, architect, northeast corner of Broad and Arch Streets, is making plans for an extensive alteration to house of H. Weckey, Forty-eighth Street, north of Haverford. These will include interior and exterior work, buff brick, Indiana limestone, copper oriel and dormer windows, red slate roof and all possible conveniences. Also for a stable to be located in rear, fronting on Irving Street, to be one-story with French roof slate, and will be fitted with box stalls, sliding doors and every convenience.

It has been decided to erect new Municipal Buildings in New York City, which are to be located upon the site of the present City Hall. The selection is final as to place, and a committee of three has been appointed by Mayor Gilroy, to advertise for plans and specifications, these consist of Comptroller Myers, County Clerk Purry and the Surrogate of the County. This committee will be ready to report a plan of operations and mode of advertising, in a week or ten days, when the Mayor will call a meeting of the Building Committee.

T. Frank Miller, architect, 1221 Arch Street, Philadelphia, is now engaged preparing the plans and specifications for the large stone and frame hotel to be erected under his supervision at Doubting Gap Springs, Cumberland County, Pa., and before noted briefly in this journal. This structure will be four stories high, built chiefly of stone and furnished on interior with every modern convenience for Summer and Winter comforts as it will be open the entire year. Mr. Miller is also making plans for a country residence for S. E. Bailey, on the farm property lately bought by that gentleman near North Wales, Bucks County, Pa. The drawings include the outbuildings as well and all to be furnished with best conveniences, etc. The same architect has made plans for the Grace P. E. church, which is to be erected at the corner of Ledy Street and Girard Avenue. The walls will be of stone, slate roof, steam heat and style of architecture will partake of the Gothic. Seats for about 400 will be its capacity.

Lindley Johnson architect, Girard Building, Broad and Chestnut Streets, Philadelphia, has made plans for a new church of the Ascension, P. E., at Atlantic City, N. J. The structure will stand upon the site of the present one and face Pacific Avenue; it will be 70 x 111 feet, having a tower and cross 75 feet high. The cost of the building will be about \$20,000, of which \$5000 is on hand. The rector is Rev. J. H. Townsend, formerly of Camden, N. J.

Architects Casere & Hastings of New York City having completed all the plans in detail for the house of John Pitearn, of Philadelphia, to be erected at Huntingdon Valley, on the Phila. and Newtown R. R., have awarded the contract to J. & E. Penneck, contractors, 305 Walnut Street. The structure will be 65 x 200 feet, three stories high and the main walls will be of buff brick, ornamented with Indiana limestone trimmings; a handsome conservatory will also be one of the attachments and at one end of the house will rise a tower with metal and stone trimmings; interior will be in various hard woods; quartered oak, white mahogany, cherry and other fancy woods, will be used in second story. A massive porte cochere will be erected in the rear and act as a shelter to main building. The roof will be constructed of English tile, having a dark red shading. An electric plant will supply the entire house and stable with light and a heat plant will be established under the same roof, which will furnish the house, stables, greenhouse, etc; best of sanitary work and cooking apparatus will be introduced, with all modern improvements. The cost of the house will approach \$200,000, stable, \$50,000, and the grounds ornamented and laid out \$75,000. The property fronts on Second Street pike and is within one mile of Bethayres station on the Bound Brook Railroad. The same architects have also completed all the plans for the new Swedenborgian school to be erected at the same place; the main building will be about 500 feet long and have a capacity for about 500 pupils; two wings will also be built with a massive tower, covered with copper in the centre, walls to be of dressed stone, trimmed with Indiana limestone; best system of heat and ventilation, electric bells and light, and all conveniences for school purposes will be introduced. It is expected that the cost will not fall far short of \$300,000. Both the above operations have been noted in previous numbers of this journal.

The art-loving public now have an opportunity to go to the Academy of fine Arts and judge how well the advisory committee of artists which has assisted Committee K, of the general World's Fair committee, has performed its work in selecting the paintings, water colors, architectural drawings, examples of home decoration, sculpture, etc., for the Chicago Exposition. The exhibition of these selections began on the 16th inst., and will continue until a date early in February, and will take the place of the regular Spring exhibition at the Academy. At present, and in advance of general comment upon the exhibition as a whole, it is designed to call attention to one special section of it, namely, the architectural drawings. Of the large number of architectural drawings submitted to the jury, only a very small proportion, relatively speaking, was rejected, and those that go to Chicago will compare favorably with the architectural drawings from other parts of the country, as there are in Philadelphia several men whose technique is admittedly of the first order. Those who see the drawings on the walls of the Academy will observe the remarkable reduction which they have success-

fully undergone, and will notice how clearly the lines retain their character in the delicate effect which is a sort of microscopic parallel of the bold effect of the broader surface. The subjects represented are a drawing of a doorway in old St. Joseph's, on Willing's Alley, by Frank A. Hays; part of the sketch for the new Denbigh Hall at Bryn Mawr College, by Cope and Stewardson, the drawing rendered by John Stewardson; a design for a church by Bally and Truscott, the drawing by Arthur Truscott; the design for a house on Locust Street, above Twenty first, by Wilson Eyre, Jr.; a design for a Memorial Church by J. H. Cook, and a drawing from a water color sketch for a belfry, by A. C. Munoz. The two last named are drawings entered by the well-known T Square Club, and were originally submitted in club competitions. Mr. Hays' drawing has the distinction of having called forth from the officials of the Architectural League of New York compliments expressed in unusually strong terms. The original drawing, of which this is a replica, was sent on by Mr. Hays at the request of the committee on the catalogue for the League's exhibition now under way in New York, and in accepting it for the catalogue the chairman of the committee spoke of it as equal to the work of Mr. Pennell, and even superior to it in the architectural feeling which that famous draughtsman sometimes misses.

Building and Real Estate Notes.

Chas. Yundt, contractor and builder, 2037 Germantown Avenue, has commenced the erection of a large modern frame dwelling at Lindley Station, N. P. R. R., on the grounds of the North Fifth Street Land Association.

Doyle & Doak contractors, 1511 Moravian Street, are about to begin the erection of a one story boiler and engine house, on the Delaware river front just north of Greenwich piers, to be 73½ x 36 feet and to be constructed of brick and iron chieffy.

In the matter of the controversy over the sale of the Washington Mills, at Gloucester, N. J., to William J. Thompson, for \$110,000, the demurrer of the Philadelphia claimants, has been sustained by the authorities of New Jersey and a new sale will be ordered at an early day, in their interest.

John L. Borsch, optician, 1324 Walnut Street, is the owner of the properties 1308-10-24-26 Walnut Street and will likely alter some of them at an early day into business places, but will not remove his own business from his present stand. No plans have been made for the work at this time.

The Guild House and Gynnasium of St. John's P. E. church, Camden, N. J., will be rebuilt as soon as the weather will permit operations to be commenced, also the damage to the church will be repaired. The damages to these buildings is considerable and will involve several thousand dollars, upon which there is some insurance.

It is understood that a building will be erected as part of the University Hospital in memory of the late Dr. D. Hayes Agnew, and to be known as the Agnew Memorial Children's Ward. The estimated cost of the building and its support is \$150,000. At a recent meeting held to discuss the subject a permanent organization was formed, with the following officers: Coleman Sellers, president; James Spear, vice president; J. G. Rosengarten, secretary; Eugene Delano, treasurer. An executive committee of fifteen will shortly be appointed by the president.

The Messiah Lutheran Church at Sixteenth and Jefferson Streets, has been damaged by fire to the extent of \$1000, on the 12th inst. The congregation will at once take measures to repair the portion burned, which was principally in the cellar and class-rooms.

The elegant country residence of W. W. Harrison known as "Glenside" near Jenkintown, Pa., was entirely destroyed by fire on the morning of the 13th inst. The remainder of the buildings are intact and there is no doubt at present about the structure being rebuilt, as quite a number of additions were intended to be made within the grounds during the coming Spring and Summer.

The purchase of the Wanamaker property 1336 Walnut Street, by Henry H. Mosebach, caterer, Eighth Street above Filbert, has created considerable curiosity as to the purposes of the purchaser. In an interview, that gentleman says his idea at present is to remodel the property and make it the finest cafe and restaurant in the city, but as yet no plans have been made, nor have all the details been agreed upon. This being a central location for a first-class business as indicated above, Mr. Mosebach fills a long-felt necessity in that line. The lot is 40 x 124 feet and will admit of extensive alteration.

A decided move has been made by the authorities against illegal frame structures, suit having been entered on the 13th inst. by Assistant City Solicitor Norris S. Barratt, before Magistrate Clement, against the following alleged offenders, Mrs. Mary A. Fitzmaurice, 1842 Pallas Street; Mrs. Emma Shoemaker, 1844 Pallas Street; Bernard Magee, Chelton Avenue, east of Boyer Street; James Hannum, 1405 North Fifty-second Street and J. T. Ferley, 1431 North Sixth Street. These proceedings have been taken owing to the frequent violations of the ordinance forbidding the erection of frame buildings within certain limits of the city. The Building Inspectors have in each case condemned the structure and reported the matter to Director Beitter, who has caused the City Solicitor to take action. The result will be that the structure will be taken down and others erected in their stead.

The first meeting of the jury appointed by the United States Court to estimate the value of the site for the proposed new Mint, for which \$800,000 was appropriated by the last Congress, met on the afternoon of the 9th inst., in Room 35, on the third floor of the Post Office Building. C. Stuart Patterson presided, with Henry C. Laughlin as secretary. The remaining members of the jury were William F. Harritt, James M. Robl, George W. Blabon, Charles Scott and John T. Bailey. The site covers forty-four lots, the property having been condemned under the acts of Assembly of this State, of 1873 and 1890, which give the Government authority to seize any eight acres of land within the city limits for the use of Federal buildings. A number of maps and plottings of the locations and properties were examined by the jury. District Attorney Ingham submitted an order prepared by him covering the manner of conducting the hearings. He urged the jury to expedite matters as much as possible in order to have their report ready by the 4th of March at the latest. A programme of business was agreed upon which was, that they should meet again at 3 o'clock on Wednesday; also, on Thursday at 11 A. M. The work is to be speeded, and four meetings are to be held each week. They will be on Mondays, Tuesdays, Thursdays and Fridays, from 11 A. M. to 1 P. M., and from 3 P. M. to adjournment. Counsel representing many of the property holders were present.

The Master Plumbers' Association has elected the following officers for the ensuing year: President, George F. Uder, Charles L. Parmelee, Samuel W. Barnes, Frank P. Brown, J. Sellers Kite; Recording Secretary, Enoch Remick; Corresponding Secretary, William S. Clark; Treasurer, Harkness; Board of Directors, John E. Eynson, William Harkness, Enoch Remick, Charles L. Parmelee, Albert M. Hicks, Frank P. Brown; Sergeant-at-Arms, Samuel B. Fleming.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—There is a movement on foot to construct a railroad from Titusville to Meadville.

—At Spring City, Chester Co., Jacob L. Snyder will erect a dwelling for John B. Moser.

—At Norristown, Montgomery Co., there is a movement on foot for the establishment of a new bank.

—At Frazer, Chester Co., work has begun on the new dwelling for John McKinley. The estimated cost is about \$2500.

—At Dickson City, Lackawanna Co., Clarence M. Sanderson is interested in the newly incorporated Throop Water Company, with a capital of \$5000.

—P. Keating & Co., of South Side, Pittsburgh, who has the contract for grading of the McKeesport and Wilmerding Railroad, will commence work soon.

—Surveys have been completed and the right of way being secured for the construction of a hot metal line from Duquesne to Braddock, at a cost of \$1,000,000.

—At Washington, Washington Co., the Chamber of Commerce Committee on Manufactories are negotiating for the location of two additional glass plants at that place.

—At Valley Forge, Chester Co., a number of improvements are contemplated, among which is a hotel to be called Fern Mansion. It will be located on a bluff near the railway station.

—At Nazareth, Northampton Co., the voters will cast a vote at the February election on the question of increasing the borough's indebtedness \$5000 for the purpose of macadamizing streets.

—At Connellsville, Fayette Co., the Board of School Directors will in a short time select a site for a new school building, which will be erected in the Spring. No plans have as yet been made.

—At Reading, Berks Co., for the new Reading National Bank \$200,000 has been subscribed.—The bridge to be constructed over the Schuylkill River for the electric railway will cost about \$25,000.

—At Scranton, Lackawanna Co., a committee from the Board of Control will visit several large cities in order to get ideas and plans for a magnificent high school building to be erected in Scranton.

—At Chester, Delaware Co., the Keystone Plaster Company has awarded contract to Messrs. Hendoefter and Vaughn, of Wilmington, for the construction of a sixty-foot extension to the wharf at their works in South Chester. Cost about \$5000.

—At McKeesport, Allegheny Co., Council has decided to have a garbage crematory erected.—An electric road will be constructed to connect McKeesport and Pittsburgh. It will cross the Monongahela River at Homestead. The capital stock is \$200,000.

—At Harrisburg, a bill has been passed in the Legislature to form a new county to be called Hazle, from territory taken from Luzerne and Schuylkill Counties.—Charter has been granted to the Lancaster and Manheim Railway Company, with a capital of \$250,000, and John S. Coyle as President.

—At Swarthmore, Delaware Co., the plans for the new gymnasium have been completed by Arthur S. Cochran, of Swarthmore, and call for a stone building, containing modern conveniences and improvements and equipped with the necessary appliances for a first-class gymnasium. Work will be begun in the Spring.

—At Pittsburgh, G. G. O'Brien will erect a four-story brick dwelling on Fifth Avenue, to cost about \$8000.—Louis Wagner will erect a frame dwelling on Gregory Street, to cost about \$3000. Hedderick & Aul are the builders.—R. G. McMillin will erect a brick dwelling on Boquet Street, to cost about \$5000.

—At Ashland, Schuylkill Co., at a recent meeting of the School Board, the committee appointed on a new school building reported in favor of the site at the northeast corner of Seventeenth and Walnut Streets, and were authorized to take measures to secure the same for P. and R. C. and I. Co. A special meeting of the board was also determined on to take definite action toward the erection of a new building. It was also decided to secure the cost of erecting a two-story stone building, at Tenth and Walnut Streets, to contain four rooms.

Through New Jersey.

At Glassboro, Gloucester Co., another canning factory will be located.

At Washington, Warren Co., Hon. Johnston Cornish will erect an addition to his organ factory.

At Plainfield, Union Co., the large barn and stables of Thomas B. Penton have been destroyed by fire.

Elkwood Park, near Branchport, will be transformed next Spring into a race track, a grand stand and stables will be constructed and many other improvements made, at a cost of about \$25,000.

At May's Landing, Cape May County, the Improvement Co. and the Industrial Land Development Co. have each offered to donate land upon which to erect a new Catholic church at that place.

At Long Branch, Monmouth County, St. Luke's Methodist church was destroyed by fire, on January 12th, at a loss of about \$60,000. It was one of the finest church structures, at Long Branch and will doubtless be rebuilt at once.

At Pleasantville, Atlantic Co., Somers Snell has commenced the erection of a cottage near the residence of Wesley Hackney.—It is reported that Philadelphia parties are negotiating for the rental of a suitable building with power for the manufacture of patent window screens.

A meeting was held a short time since at Edler's Hotel, Woodbury, for the purpose of forming a company to construct an electric road to run from Woodbury to Camden. A temporary organization was effected, with W. Livermore as president, Dr. H. H. Clark, secretary, and Dr. W. M. George, treasurer. A committee, consisting of Dr. Wallace McGeorge, Harry Taylor and W. H. Livermore, was appointed to see about the right of way.

At Spring Lake, Monmouth Co., Mr. O. H. Brown will erect an addition to his store.

At Camden, the Gloucester Ferry Co. has secured a plot of ground on the river front at Spruce Street, upon which, it is stated, the company will erect a ferry house.—The Guild Hall attached to St. John's Protestant Episcopal Church, also the Parish Home and Club House of St. John's Workmen's Club were destroyed by fire on January 11th, at a loss of about \$20,000.

At Elizabeth, Union Co., the Board of Education has decided to invite the architects of that city to submit plans for a new primary school building to be erected at the corner of Sixth and Fulton Streets at a cost of about \$20,000. Secretary Board of Education can be addressed at No. 124 Broad Street.—The Third Presbyterian Church has been damaged by fire to the extent of \$30,000.

At Stone Harbor, Avalon Beach, Cape May County, ground has been broken for quite a number of cottages, which will be occupied the coming summer. The U. S. Government contemplates the erection of a building for the crew of the Life-saving Station No. 35. Thomas R. Fox, of Daniel M. Fox & Son, Room 40, Bullitt Building, Philadelphia, is the selling agent for lots at this place.

At Cape May, Atlantic Co., the First M. E. Church congregation, at a recent meeting, decided to commence at once to remodel and enlarge the present church property so as to increase the seating capacity in main audience room and Sunday school. The contract for the work has been awarded to Enos R. Williams. The new structure will be two stories high. The upper story used as a church, library and reading room. The entire structure will seat about one thousand persons when completed.

At Asbury Park, Monmouth Co., the sketches for the proposed new Presbyterian church have been accepted, as drawn by Weary and Kramer, of Akron, Ohio, and the committee empowered to employ that firm to finish plans. It will be in the Gothic style, of stone, and the seating capacity will be about 550, with 220 additional sittings in the Sunday school room, which opens into the auditorium. The interior will be handsomely finished. The estimated cost is about \$25,000 for the building and \$5000 for furnishings. Work will be begun early in the Spring.—A committee to consider the matter of increased school accommodations has recommended the erection of a new primary school in West Asbury Park. Also that an addition be erected to the High School. An architect will be consulted to give the estimated cost of these improvements, and a public meeting will be held in February to express opinions on the question.

Through Delaware.

At Wilmington, extensive repairs will be made to School House No. 6; also new furniture will be bought. The committee on a new building for School No. 9 has recommended that a new building be erected on the present site, three stories high, the third floor to be fitted up for the Board of Education. Dr. J. H. Morgan, of the committee on a new grammar school, reported that the committee recommended the erection of a grammar school in the northwestern part of the city. S. H. Baynard and George W. Roberts were also put on the committee.—The Wilmington Abattoir and Cold Storage Company will probably increase its plant in the Spring, a lot having been purchased on Tatnall near Second Street.

Washington, D. C.

Graham & Son, 1006 F Street, NW, have prepared plans for eight two story dwellings to be erected in the northwestern section of the city. They will be of brick and stone and furnished with modern conveniences and improvements. Ex-governor Pinchback will erect a handsome residence, from plans prepared by Nicholas T. Haller. It will be of Hummelstown brownstone and brick, with tile roof. The interior will be finished in hard wood, with tiled bath rooms and vestibules. A large two story brick stable will be erected in the rear. No contracts have been let. B. Stanley Simmons, 931 F Street, NW, has finished the plans for eighteen brick dwellings which will be erected by a syndicate at Cooke Park. J. A. Simmons is interested in the project. The dwellings will be three stories high, of press brick, with stone trimmings and blue slate roofs. The interiors will be finished in white pine, and considerable tile work will be introduced. The estimated cost is \$64,000. Robert Head, 610 F Street, NW, has prepared plans for fourteen three story dwellings, to be erected by William Lawson. They will be of press brick, with trimmings of Hummelstown brownstone, Indiana limestone and greenstone, with roofs of Spanish tiles. The interiors will be finished in hard woods, with bath rooms, wainscoted in encaustic tiles, sanitary plumbing, etc. The contracts have not been let. Col. Magee will erect an eight-room, two-story dwelling at Riverdale, Maryland, from plans prepared by Graham & Son. The same architects have prepared plans for eight dwellings, to be erected in the northwestern part of the city. The House of Representatives has passed bills authorizing the construction of bridges across the Mobile River, Ala.; the Tennessee River at Deposit, Ala.; also across the Tallapoosa and Coosa Rivers in Ala.—Plans have been prepared by Appleton P. Clark, Jr., 605 F Street, N. W., for the new building to be erected by the Washington Post on F Street, between Thirteenth and Fourteenth, N. W. Mr. Frank L. Harvey is the proprietor. The plans call for a building with a front of Indiana lime stone, with a triple arcade in the first story, the central one being approached by broad steps, with ornamental pedestals supporting wrought iron lamps. The vestibule will be faced with jasper and verd antique marble. The interior will be handsomely finished, and modern conveniences and improvements will be introduced, including elevator, steam heat, electric lights, speaking tubes, etc. The roof will be of slate, with copper dormers. The business of the Post will occupy the entire front, and will be handsomely fitted up with marble floors, cherry wainscoting and counters and considerable wrought iron work.—J. C. Johnson will prepare the plans for the proposed new structure to be erected by the congregation of the Second Baptist Church, at the corner of Vermont Avenue and Fourth Street, S. W. The structure will be one story high, 54 x 100 feet. The estimated cost is \$25,000.—A syndicate of Rochester, N. Y., capitalists contemplate the erection of a number of dwellings in the northwestern section of the city at a cost of about \$200,000.—R. C. Weber will erect a dwelling on Union Street.—Plans are being prepared for two large apartment houses to be erected on G and H Streets respectively. They will be six stories high, of press brick and Indiana limestone, modern improvements, elevators, electric lights, mail chutes, fire escapes, etc.—Glenn Brown has prepared plans for a residence to be erected at Winston, N. C.,

for Mr. Clement Manly. It will be in the old colonial style of architecture. The same architect has prepared plans for a large building to be used for business purposes also to be erected at Winston.—Manogue & Curtin will erect four handsome dwellings on P Street, near Thirty-second Street, in West Washington (Georgetown).

Through Maryland.

At Baltimore, Telfair W. Marriott, real estate broker, No. 203 St. Paul Street, has sold to a syndicate the old "Seldner" estate, which consists of about forty-six acres of land lying on the south side of Frederick Turnpike Road adjoining the London Park Cemetery, fronting on the road about 1600 feet and runs back to the Baltimore & Philadelphia Railroad. It is reported that the purchasers will improve the property and cut it up in building sites about one-fourth of an acre each, so that work on the erection of a number of cottages can be commenced in the Spring.—The City Passenger Railway Co. has decided to issue \$500,000 in new bonds to make improvements to the road.—There is a movement on foot favoring additional terminal facilities in Baltimore for the Western Maryland Railroad. Also, to extend its lines into Washington City.—The Aqua Supply Co. will erect a large stand pipe next Spring on the grounds of the St. Helena Improvement Co. Nothing as yet has been finally decided in regard to the proposed location of a part of the "Whaleback" ship building plant on the Improvement Co.'s land, though there is every indication that this site will be selected.—George W. M. Croak has been granted permit for the erection of an additional story on Warehouse No. 423, West Baltimore Street.—Application has been made to condemn and open Reservoir Street, 66 feet wide, from Park Avenue to Bolton Avenue; Bolton Avenue, 66 feet wide, from Callow Avenue to Ducatel Street; King Street, 66 feet wide, from Liden Avenue to Bolton Avenue; Callow Avenue, 66 feet wide, from North Avenue to estate of William Callow; Lenex Street, from Park Avenue to Bolton Street; Roberts Street, from North Avenue to Reservoir Street; Second Street, 66 feet wide, from Greenmont Avenue to Jenkins' Lane.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

Wants.

William G. Shields, Register of Wills and Clerk of Orphans' Court, City Hall, Philadelphia, wants bids until January 24, 1893, for printed blanks, books, stationery and supplies.

Proposals will be received until February 10, 1893, by the Board of Sewer Commissioners of the city of Pawtucket, R. I., for constructing a sewer in Central Avenue, from the Blackstone River to Mendon Avenue. A. R. Sweet is superintendent.

John W. Hill, constructing and consulting engineer, No. 35 Glenn Building, Cincinnati, Ohio, proposals until January 31, 1893, for pipes, fire hydrants, stop valves, pipe laying, pumping station and chimney, pumping machinery, stand pipe, etc., for the Greenville, Ohio, water works.

Sealed proposals will be received at the office of the Secretary of the Commission of Public Instruction Camden N. J. until 7 P. M., Wednesday, January 25, 1893, for the erection of fire escapes on the various school houses of this city. Bidders to submit their own plans. By order of the Property Committee. Augustus T. Dobson, chairman.

Custom House, Philadelphia, Pa., January 12, 1893.—Sealed proposals will be received at this office until 12 o'clock noon, February 12, 1893, for the erection of certain shelving and file cases required for this building. Plans and specifications can be seen upon application. The right to reject any or all bids is reserved by the Treasury Department. Thomas V. Cooper, Custodian.

Proposals will be received at the office of the Lexington Water Works Company, in Lexington, Ky., until Wednesday, March 1, 1893, at 3 o'clock P. M., for the construction of an additional dam and waste weir for the purpose of enlarging the present reservoir. Plans and specifications can be seen at the office of the company, No. 8½ E. Main Street, Lexington, Ky. The right is reserved to reject any or all bids. S. A. Charles, superintendent and engineer in charge.

Improvement of Philadelphia Harbor. U. S. Engineer's Office, 1428 Arch Street, Philadelphia, Pa., December 30, 1892.—Sealed proposals, in triplicate, will be received at this office until 11 A. M. Tuesday, January 31, 1893, and then publicly opened, for dredging and removal of wharfing in Philadelphia Harbor and the depositing and spreading of material on League Island. Specifications, blank forms and all available information will be furnished on application to this office. C. W. Raymond, Major, Corps of Engineers, U. S. Army.

U. S. Engineer Office, Charleston-Kanawha, W. Va., Dec. 30, 1892. Sealed proposals for building Locks Nos. 9, 10 and 11 of the Great Kanawha River Improvement, and the movable dams connected with same, will be received at this office for No. 9, until February 10, 1893, and then publicly opened; and for No. 10 until February 23, 1893, and then publicly opened; and for No. 11 until March 2, 1893, and then publicly opened; the opening on each date being at 3 P. M., Standard Eastern Time. Single bids for the whole job, including masonry, dredging, coffer dams, earth, timber and iron work of the three locks and dams, 9, 10 and 11, will also be received February 16, 1893, but not later, and these bids will not be opened until March 2, 1893, at 3 P. M., when the special bids for No. 11 are opened. Specifications, blank forms and all available information will be furnished on application to Addison M. Scott, Resident Engineer, at the above office. Wm. P. Craighill, Colonel Corps of Engineers, U. S. A.

W. W. Johnson, Custodian, U. S. Post Office and Court House building at Baltimore, Md., proposals until January 26, 1893, for storm doors for said building.

The Custodian, U. S. Court House and Post Office Building at Greenville, S. C., proposals until February 2, 1893, for furnishing four rooms in third story of said building.

Sealed proposals for the construction of a system of sewers for the village of Hoosick Falls, N. Y., will be received by the board of sewer commissioners until Tuesday, February 7, 1893, at 8 P. M., in the office of the clerk of the board. Plans are now on file in said office, and specifications, proposal blanks and other information may be had on application. The board reserves the right to reject any or all bids. Lyman C. Wilder, clerk of board of sewer commissioners, Joseph Buckley, president.

Proposals for brick buildings.—Depot Quartermaster's Office, Jefferson Barracks, Missouri, January 10, 1893. Sealed proposals, in triplicate, will be received at this office until 12 o'clock M., Thursday, February 9th, 1893, and opened immediately thereafter, for constructing two double sets of officer's quarters at Jefferson Barracks, Mo. Plans, specifications and general instructions to bidders, together with blank forms of proposals, will be furnished on application to this office. The right to reject any or all bids is reserved to the United States. Envelopes containing proposals should be marked, "Proposals for Construction of Public Buildings," and addressed to Captain J. McE. Hyde, Assistant Quartermaster, U. S. Army.

Office of the Commissioners of Fairmount Park, City Hall, Philadelphia, Jan. 9th 1893. Sealed Proposals will be received at this office until 10 A. M., Thursday, the 19th day of January, 1893, for Park Guard Uniforms, Hot Water Boilers and Sprinkling Drives in Fairmount Park. Full particulars as to form and every requirement of the proposal, with the necessary specifications, plans and blanks, may be obtained at this office. No bid, the aggregate amount of which exceeds \$500, will be considered unless accompanied by a certificate from the City Solicitor that the provisions of the ordinance of Councils approved May 23, 1890, have been complied with. The Commissioners reserve the right to reject any or all bids. By order of the Commissioners of Fairmount Park. Russell Thayer, Chief Engineer and Superintendent.

Navy Department, Bureau of Yards and Docks, Washington, D. C., November 26, 1892. Sealed proposals in duplicate, indorsed "Proposals for Crane," will be received at the Bureau until 1 P. M., on Monday, February 27, 1893, and publicly opened immediately thereafter for constructing and delivering a forty-ton locomotive crane at the U. S. Navy Yard, Mare Island, Cal. General specifications and blank forms of proposals will be furnished upon application to this Bureau, where further information may be obtained. Proposals must be accompanied with full plans and specifications. Responsible security will be required for the faithful performance of the contract in a sum equal to 20 per centum of the contract price. A certified check for \$5000 must accompany each proposal as a forfeit in case of failure to enter into contract. The right is reserved to reject any or all proposals not deemed advantageous to the Government and to waive defects. F. H. Farquhar, Chief of Bureau.

W. J. Edbrooke, Supervising Architect, Washington, D. C., proposals until January 24, 1893, for furnishing and erecting complete one passenger elevator for the U. S. Court House and Post

Office building at Erie, Pa. Also until February 1, 1893, proposals for the stone and brick work of superstructure roof covering, etc., of the U. S. Court House and Post Office building at Tallahassee, Fla. Also until February 3, 1893, proposals for trench excavation, concrete and stone footings, etc., for U. S. Post Office building at Richmond, Ky. Also until January 31, 1893, proposals for cut stone and work, and brick work, iron and wood floor, ceiling and roof construction and roof covering for the superstructure of the U. S. Post Office building at Danville, Ill.

Proposals for iron work and terra cotta. Office of Building for Library of Congress, 145 East Capitol Street, Washington, D. C., January 12, 1893. Separate sealed proposals for furnishing, delivering and erecting in place, complete, certain cast and wrought iron work for finish, stairway, gallery deck, etc., of the Dome and Lantern of the Building for the Library of Congress, in this city, and for furnishing and delivering the flat hollow terra cotta required for ceiling and covering of the said dome and lantern, will be received at this office until 2 o'clock P. M., on Thursday, the 26th of January, 1893, and opened immediately thereafter in presence of bidders. Specifications, general instructions and conditions and blank forms of proposal may be obtained on application to this office. Bernard R. Green, Superintendent and Engineer.

Department of Public Works. Bureau of Water. Office, 1321 Filbert Street, Philadelphia, Jan. 11, 1893. Sealed proposals endorsed "Bids for Class—(state the class bid upon)" and addressed to the undersigned at the office above mentioned, will be received until 12 o'clock noon on Tuesday, January 24, 1893 for Class A, Stationery; Class B, Books, Blanks, etc.; Class C, Cordwood and Coal for pumping stations, offices and districts; Class D, Oil and Tallow; Class E, Packing; Class F, Gum goods; Class G, Chandlery; Class H, Hardware; Class I, Bolts and Nuts; Class J, Brass Steam fittings, Cocks and Valves, made in Philadelphia; Class K, Wrought Iron Pipe and fittings; Class L, Iron and Steel; Class M, Lumber; Class N, Bricks, Lime, Cement, etc.; Class O, Fire Brick, Clay, etc.; Class P, Paint, Paint Brushes, Oils, etc.; Class R, Special articles; Class S, Cast Iron pipe and Special pipe Castings; Class T, Lead, American refined; Class U, Hauling pipe and special castings; Class V, Iron, Brass and Malleable castings for shops, made in Philadelphia. Class W, Hauling ashes and coal; Class X, Forge, Harness and Stable supplies; Class Z, Digging pipe trenches; Class AA, Vulcanite walks, Class BB, Draught horses; Class CC, Granite curbing; Class DD, Wagons and Carts; Class 1, Proposals for the privilege of cutting ice; Class 2, For the purchase of old materials; Class 3, For the purchase of Manure. Boilers for the Spring Garden Pumping Station. Boiler House for the Spring Garden Pumping Station. Repairing Asphalt pavements, in accordance with Bureau of Highway specifications. Repairs to wharf at Otis Street. Roadway at the new Roxborough Reservoir. For the requisite schedules, specifications, general instruction to bidders, blank forms of proposals and all information apply to the Chief of the Bureau of Water. No bid will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1890 (p 81 West), have been complied with. The Director reserves to himself the right to reject any or all bids, as he may deem best for the interests of the city. James H. Windrim, Director.

Lot Buyers.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,
Proprietor.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

Miscellaneous.

At Chester, Chester Co., S. C., W. A. Courtenay and others will erect a cotton mill.

At Camden, Kershaw Co., S. C., Baum Brothers will rebuild their business block.

At Memphis, Tenn., James B. Cook will make plans for a two-story addition to the Shelby County warehouse.

At Merrifield, Fairfax Co., Va., the sawmill of M. M. Wakefield, which was recently destroyed by fire, will be rebuilt.

At Braggs, Lowndes Co., Ala., a sawmill will be erected by H. F. DeBardleben and others. Its daily capacity will be about 50,000 feet.

At Ivanhoe, Wythe Co., Va., the West Ivanhoe Land and Improvement Company can give particulars as to the proposed erection of a thirty barrel flour mill.

At New Britain, Hartford Co., Conn., the plans of Messrs. Fuller & Wheeler, of Albany, N. Y., for the new school building have been accepted. It will cost about \$12,000.

At Jacksonville, Fla., the Board of Trade and the Library Association have selected a site upon which they will erect a three-story hall and office building to cost about \$25,000.—Mr. F. M. Robinson will erect a large warehouse.

TRUSTS. TITLES. DEPOSITS

THE PLANT
OF
THE LAND TITLE AND TRUST COMPANY,
608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

WILLIAM R. NICHOLSON, President.

Attention, Builders and Others!

I HAVE FOR SALE THE BALANCE OF THE BLOCKS OF GROUND ON SOUTHSIDE OF ALLEGHENY AVENUE, BETWEEN GERMANTOWN AVENUE AND CANAL STREET. THE OTHER 3 BLOCKS JUST SOLD TO PROMINENT BUILDERS, WHO WILL IMPROVE FIRST THING IN THE SPRING WITH ELEGANT HOUSES.

Also for sale both sides of Park Avenue, Thirtieth, Canoe and Twelfth streets, south of Allegheny Avenue. Also west side Germantown Avenue, south of Allegheny Avenue, best lots in the city for large hall, market house or stores. Also both sides of Sedgley Avenue. This location is unsurpassed for convenience. The Eleventh Street Station, Pennsylvania Railroad, just across Germantown Avenue, Germantown Junction, Pennsylvania Railroad and Nineteenth Street Station, Philadelphia and Reading Railroad, about 3 squares. Prices lower than any other ground in northern part of this city. For plans, sizes and prices call on

WM. T. B. ROBERTS,
Twentieth and Dauphin Streets.

TO REAL ESTATE DEALERS AND PARTIES LOOKING FOR DESIRABLE SITES FOR BUILDING WHERE THE ADVANTAGE OF RAILROAD FACILITIES AND LARGE AMOUNTS OF GROUND ARE NECESSARY FOR THEIR BUSINESS, EITHER FOR MANUFACTURING PURPOSES OR OTHERWISE, will, paid it to their interest to examine that large tract of ground, 670 feet front on south side of Sedgley Avenue, west of Germantown Avenue, and on Germantown Avenue, south of Sedgley Avenue, extending back to the Pennsylvania Railroad, just across the street from Eleventh Street Station. For size and plan of lot call or address

INTERROGATIVELY!

WE WOULD ask the man who does not subscribe for this journal if he is going to do so for 1893?

If not, why not?

How any active business man having building material and machinery for sale, or the other fellow, who is constantly looking for contract work, can afford to do without such an important auxiliary as this journal has proven to be to many thousands of business firms, is as much a mystery as the Sphinx of Egypt.

True, some men get along very well without a pocket-handkerchief; some men could and do get along without this journal.

Send in your \$5.00 for a subscription for a year. It will certainly prove the best investment you have made.

JOHN N. GALLAGHER, Proprietor.
JOHN F. BRISANE, City Editor.

PHILADELPHIA, WED'Y, JAN. 25, 1893.

It was but natural to suppose that inasmuch as Stephen Girard expressed, while living, the strongest possible interest in the future of the city in which he lived and made his money that the trustees of his estate would have been in hearty sympathy with the hotel project that was recently submitted to them.

It is to be regretted that the Trust disavows the proposition as the most desirable site in the city is now owned by the estate, and the decision is likely to make it unavailable for hotel purposes for years to come, as all hope from that quarter must be abandoned.

Of course the gentlemen composing the Trust cannot be blamed for looking upon the proposition as a cold question of investment, for their responsibilities are great, and mistakes would not only be serious but unpopular; but it is safe to conclude that if Girard was alive the hotel would be built, for his will, although drawn at a time when the city was in its infancy, contains such liberal provisions as to express a public spirit equal to the sentiment which prompted the hotel project. That the city is in serious need of just such a building cannot be denied, and, while the Trust may be commended for business shrewdness in not entertaining the proposition, yet it is evident that Girard had in view other considerations for his estate beside money-making at the time his will was made, no better proof for which being needed than Girard College itself.

In Boston the street railway companies are compelled to remove all snow swept from the tracks to the sides of the streets by their cleaners. This rule should be enforced here, as the companies have no right to keep the streets blocked with dirty snow, to the detriment of travel and the annoyance of property owners.

DIRECTOR WINDRIM'S gas supply does not seem to be in keeping with the general tone of Mayor Stuart's administration. Its illuminating power, for such a high-priced luxury, is sadly deficient, and that, too, in face of the daily increasing use of electricity for lighting purposes as a substitute for gas.

The dollar gas question needs another agitation. It is enough, even for gas of the best quality, and the lopping off of fifty cents per thousand feet would increase its use for heating and cooking purposes.

At the annual election of officers of the Equitable Trust Company, which has just taken place, the following named were selected to serve for the ensuing year: President, William F. Harrity; Vice Presidents, George L. Crawford and Daniel Donovan; Secretary and Treasurer, Frank J. Johann; Trust and Title Officer, Thomas Robinson. John A. Johann, Assistant Financial Editor of the "Public Ledger," has been elected a director of the company in place of Alfred J. Murphy, resigned.

Architect Notes.

Will H. Decker, architect, Hale Building, Juniper and Chestnut Streets, Phila., has made plans for a new stable at 2011 Sansom Street. The structure will be of brick and stone, with all modern improvements.

Baker & Dallett architects, Southwest corner of Fifth and Walnut Streets, Philada., are about completing plans for the Mercantile Club House, which is to be erected on North Broad Street, and which has been fully noted and described by this journal in a previous number. It is expected the contract will be awarded and work begun at an early day.

Otto C. Wolf, architect, Northeast corner of Broad and Arch Streets Phila., has made plans for a handsome two-story stable, for Bergner & Engel, at Thirty-second and Master Streets. The structure will be 106 x 148 feet and fitted with all modern conveniences. It will be constructed of brick with asphalt floors. Work expected to start at an early day.

Bailey & Truscott, architects, 136 South Fourth Street, Phila., are engaged on plans for a fine pair of twin houses to be erected at Overbrook, Pa., for Mr. Wm. Simpson, Jr. The buildings will be of stretcher brick, two stories high, red slate roof, interior in hard woods and best modern conveniences. An artesian well will be sunk upon the grounds in rear of the dwellings.

James C. Fenald, architect, 4303 Fairmount Avenue, Philadelphia, has made plans for alterations to residence of D. W. Thorn, Esq., No. 3725 Haverford Street. These are interior and exterior work, being alteration from residence to store; best and modern improvements will be introduced. Estimates are being made for the work, which will be started as soon as the weather will permit.

Building and Real Estate Notes.

The premises No. 1224 Market Street have been sold for H. O. Wilbur, through J. T. Jackson & Co., brokers, to J. W. Hallahan, for \$78,300. The dimensions are 21 by 100 feet.

The Eastern Hydraulic Press Brick Co., Winslow Junction, N. J., have just closed a contract for 200,000 of their finest gold colored brick to be used in the country residence of John Pitcairn, at Bethayres Station, Pa.

Dr. R. H. Klein, owner of 931-933 Arch Street, will at once repair the damage done by fire to these houses on the evening of the 16th inst. The losses will foot up over \$10,000, which is fully covered by insurance.

The First African Methodist Episcopal Church, at Fifteenth and Lombard Streets, which was recently damaged by fire, is to be rebuilt in its interior and will be put in excellent repair throughout. Frank S. Riggs has the contract.

George W. Zane, builder, has bought of Peter Weidener a piece of ground at Broad Street and Allegheny Avenue, northwest corner, 395 x 306 feet, and will, during the coming season, erect a number of handsome houses upon the site.

Work upon the new buildings at the Pennsylvania Hospital has been retarded by the severe cold weather. Stacy Reeves & Sons, have the contract for the entire work, which has been fully described in this journal in a previous number.

J. H. Bromley, contractor, 3943 Locust Street, will erect a five-story warehouse at 3932 Market Street and will extend through to Ludlow Street, in the rear. The first floor will be fitted up as stores and offices and the remaining four floors for storage purposes.

Burnham, Williams & Co. will build quite an extensive boiler and engine house on Hamilton Street, west of Broad. The structure will be of brick, stone, iron and some cement work, three stories high, and fitted throughout with steam and machinery.

Allen B. Rorke, contractor, Drexel Building, has received the award to erect the new Gilmore Theatre, upon the site of the one lately burned, Walnut Street above Eighth. A full description of this handsome structure has been given in a previous number of this journal. Work will begin as soon as weather will permit.

It has at last been definitely decided by the Philopatrian Catholic Society, located at 211 South Twelfth Street, to erect a fine building upon the site which they now occupy, taking in the vacant lot south of their building. Competitive plans have been made by a number of our city architects and presented for inspection, but at this date nothing definite has been done as to choice of drawings, nor will it likely be settled until after the ball, soon to be given by the organization at the Academy of Music in behalf of the building fund.

William T. Gilbert, roofer and manufacturer of roofers materials, has received quite a fine order for renewal of roofs on dwellings 2110 to 2138 Wharton Street, Philadelphia, with a first-class slag roof. These properties are under the agency of the Pennsylvania Company for Insurance of Lives and Granting Annuities, 517 Chestnut St.

At the Board of Education rooms last Friday, Secretary Henry W. Halliwell, Architect Joseph D. Austin, Professor Johnson, Samuel B. Huey and Paul Kavanagh held a conference as to the site for the proposed new high school for boys. They discussed the northwestern corner of Spring Garden and Broad Streets, but came to no decision.

Mr. T. J. McIlvane, of 1828 Orthodox Street, formerly manager of the Frankford Wall Paper Mills, expects to improve his property by building a twenty-foot front, four feet higher than it is at present. It will be of buff brick and brown rock face trimmings and will be quite a novelty in the building line. R. C. Winn's & Bro. are the contractors.

The factory of Dungan, Hood & Co., 432-34-36 North Third Street, which was destroyed by fire on the 18th inst., will be rebuilt as soon as the insurance and other minor affairs have been settled. The whole structure is a complete wreck. The warehouse of J. Sterus & Sons, No. 428, was also badly damaged by contact with the flames in the adjoining building.

Several members of the Sub-Committee of Council's Committee on City Property, accompanied by the Chief of the Bureau, Eisenhower, visited a number of proposed sites for the new Morgue, all of which are situated a short distance to the north of the City Hall, with a view to selecting the most available one. The sub-committee is expected to report to the main body at its next meeting.

A strong movement is now on foot among a number of prominent gentlemen to erect a handsome building to be part of the University of Pennsylvania, as a fitting Memorial to Dr. D. Hayes Agnew and which will be known as the "Hayes Memorial Children's Ward." The movement has assumed a tangible shape in the formation of a permanent society, with Colman Sellers, president; J. G. Rosengarten, secretary; Eugene Delano, treasurer. An executive committee will be appointed at an early day, to further the plans of the society. About \$15,000 has already been given.

At the annual meeting of the Operative Builders' Association, on the 16th inst., these officers were elected: President, W. T. B. Roberts; vice presidents, J. L. Stevenson, E. J. Darby and Wm. C. Carman; treasurer, C. C. Moore; secretary, Wm. C. Merritt; Board of Directors, Isaac E. Blum, Geo. H. Backmire, Otto A. Guenther, Wm. Conway, Thos. G. Hunter, Daniel Adams, Clifford Pemberton, Jr., James Hastings, J. C. Moore, Michael B. Andress, J. H. Virkler, H. T. Cornell, Wm. G. Serrill, T. T. Rockett, John Loughran, H. A. Heisler, James J. Ryan, Geo. W. Kelley, Owen McKenna.

At the meeting of Councils Committee on City Property on the 18th inst., a report by the sub-committee appointed to devise a plan to fully protect Independence Hall and the adjoining building from fire was presented and adopted. It advocates the immediate removal of all woodwork and wainscoting in the basements of the building at the corner of Fifth and Chestnut Streets, with all dead wires and the proper protection of all live wires, and recommends steam heating for Independence Hall, the fire and boilers to be placed

outside of the building, and that heaters should be substituted for stoves in the Prothonotary's office and the employment of watchmen with registering clocks, in the entire office row, with continuous service from 4 o'clock afternoon to 8 the next morning; also, a pneumatic fire alarm system in State House row; the Chief of the Bureau of City Property to be given full charge of the building; Councils to provide by ordinance an appropriation to cover the expense of these suggestions.

The Bureau of Building Inspectors on the 16th inst., decided that hereafter they will hold regular meetings but once in each month, on the first Monday. Weekly meetings have been the rule for a number of years past but there has been so little business to transact that the Inspectors considered it a waste of time to continue the practice. At scarcely one meeting in four has there been anything to act upon. It is understood that they do not restrict their meetings to only one each month. At any time if business offers, special meetings will be held as the members of the bureau are all present daily between 2 and 3 P. M.

The Bank Clerks' Athletic Association have resolved to raise a fund of \$50,000, to be invested by the Board of Directors as a sinking fund, to be held for the purpose of erecting a club house and defraying any expenses for which current receipts should be inadequate. Already nearly \$2000 has been raised, and A. J. Drexel and George W. Childs have promised \$1000 and \$500 respectively. The committee entrusted with securing subscriptions consists of H. G. Lloyd, Jr., of the Philadelphia Trust and Safe Deposit Company; A. W. Robinson, of the Provident Life; F. S. Giger, of the First National Bank, and R. T. Robinson, of No. 406 Walnut Street.

The Pennsylvania Society for the Prevention of Tuberculosis, will ask the Legislature of Pennsylvania for an appropriation to assist in the building of a hospital building or their purposes and which will be constructed with special features of sanitary and ventilation. Among those interested are: Lawrence F. Flieck, M. D., the president; William Moss, M. D., Major Moses Veale, Samuel Castner, Jr., Talcott Williams, Mrs. Richard P. White, Stephen Farrelley, E. Leslie Gilliams, Judson Daland, M. D., all of whom are vice-presidents; Benjamin Lee, M. D., Miss Anna Jackson, Mrs. Jenkins, Charles M. Lea, Miss Caroline Farr, Meta N. Randall, Anna Frances Devereau, J. C. Wilson, M. D., James L. Stanton and J. V. P. Turner.

The Philadelphia Traction Company has purchased a site on the South side of Market Street, west of Thirty-third, on which it proposes to erect a large power-house. The negotiations for this lot have been under way for some time, but was not closed until the decision of the Supreme Court in the trolley suit was rendered. The power-house on Market Street, east of the Schuylkill River, will be done away with, and all the power for running the Market Street cables will be furnished from the new power-house when it is completed. The ground and buildings formerly belonged to the West Philadelphia Flint Glass Works. The site has a good frontage on Market Street and has a depth of 214½ feet to Ludlow Street. The building will be a large one and will have heavier machinery than is now in use, so that the cables can be run at a greater speed, without any fear of breaking. While the officials of the company were reticent about the purchase, it is, however, understood that plans for the new power-house have been made and as soon as all necessary arrangements are made work will be begun in the construction of the building.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Tylersburg, Clarion Co., the Presbyterian Church has been destroyed by fire, causing a loss of about \$2500.

—At Upper Providence, Delaware Co., there is a movement on foot favoring the erection of a new school house.

—At Westtown, Chester Co., the W. C. T. U. will furnish the West Chester Hospital with linen, counterpanes, etc.

—At Easton, Northampton Co., R. Kelm has received contract for making repairs and alterations to police headquarters.

—An electric railway, between Pittsburgh and Brownsville, a distance of 55 miles, is proposed at an estimated cost of \$600,000.

—At Lebanon, Lebanon Co., Superintendent Allwin can furnish particulars as to improvements proposed to the water works system.

—At Carlisle, Cumberland Co., Casper J. Eckerd has purchased two lots on High Street. D. B. Brindle has purchased one on the same street.

—At McKeesport, Allegheny Co., S. W. Shaw and others have made application for authority to organize the Citizens' National Bank, of McKeesport.

—At Northumberland, Northumberland Co., the work of constructing the double iron railroad bridges will be commenced and pushed forward as soon as Spring opens.

—At Brockwayville, Jefferson Co., the new hotel and outbuildings of the Toby Valley Store and Supply Co. have been destroyed by fire, causing a loss of about \$50,000.

—At Allegheny, Allegheny Co., J. C. Donaldson has sold a lot, 36 x 106 feet, on Western Avenue. The purchaser will erect a building in the Spring for building purposes.

—At Strasburg, Lancaster Co., the members of the M. E. Church congregation expect to commence the erection of their new church next Spring. Rev. Mr. Satchell is the pastor.

—At Clearfield, Clearfield Co., the Clearfield National Bank has been authorized to commence business with a capital of \$100,000, and Alexander Powell, President, and James L. Leary, Cashier.

—At Ivyland, Bucks Co., Contractor E. Barton has City Commissioner Sensesenderfer's new house under roof and ready for plastering. William Bussinger is erecting a dwelling near the railroad.

—At West Chester, Chester Co., H. S. Dutton will, in the Spring, make extensive improvements to the store property recently purchased on High and Minor Streets. A number of improvements will be made by Mr. Hmann to the Mansion House.

—At Chadds Ford, Delaware Co., a large hall will be added to the store opposite the hotel for the use of the Birmingham Lodge of I. O. O. F. District Deputy Esau Loomis is interested in the lodge. The room will be handsomely furnished and fitted up.

—At Kennett Square, Chester Co., an electric light plant will be erected. A charter has been applied for as the Electric Light and Power Company, with a capital stock of \$20,000. W. W. Gawthrop is the President of the company, J. M. Palmer, Vice President, and J. E. Worrall, Treasurer.

—At Reading, Berks Co., City Council's Committee recommend an appropriation of \$150,000 for sewer improvements.—At a recent meeting of the Board of Trade it was decided to invite proposals for sites upon which to erect the new Board of Trade Building.

—At York, York Co., the Yorkana Evangelical Church was destroyed by fire on January 16th.—P. C. West has purchased from the York Trust, Real Estate and Deposit Company a lot of ground in the West End for the site of a factory building. The structure will be two stories high, 200 x 50 feet. George Bell is the architect and builder.

—At Chester, Delaware Co., eight handsome dwellings will be erected by Councilman Edward Dickerson. Four will be situated on Twenty-fourth Street and four on Twenty-third Street. They will be of brick, with interior finish of hard wood and modern conveniences and improvements.—Howard Brothers are preparing plans for two dwellings to be erected on the Wetherill tract.

—At Pittsburgh, the five-story brick building on Second Avenue, near Market Street, occupied by the Novelty Candy Company, has been destroyed by fire.—F. C. Sauer, 547 Liberty Street, has prepared plans for a planing mill and lumber sheds to be erected at the South side; also plans for a dwelling for David Kirk, to be of brick, with stone trimmings, sanitary plumbing, electric work, and to be erected at Oakland.—Betheridge and Armstrong have prepared plans for improvements to the dwelling of George Bart, Hoboken, Pa. No contracts let. Also plans for a four-story addition to the pickle factory of Lutz Bros., on Main Street, Allegheny, to cost about \$4000. No contracts let.—Messrs. Piper & Clark have sold a lot in the Luella Place plan to Thomas C. Pitcairn, who will erect a residence.

—At Harrisburg, a bill has been introduced asking for an appropriation of \$500,000 for the construction of a fire-proof library building, and \$125,000 for repairs and improvements to the State Capitol Building. Also to appropriate \$800,000 for the erection of a new hospital for the insane.—Charters have been granted to the following corporations: To the Limestone Natural Gas Co., of Kittanning, with a capital of \$20,000; to Rise & Robinson Soap Co., of Titusville, with a capital of \$50,000; to the Scranton Knitting Co., of Scranton, with a capital of \$31,250; to the Lancaster and Middletown Electric Railroad Co., with a capital of \$500,000, to construct a line between Lancaster and Middletown.—Survey has been made for the proposed new bridge to connect West Fairview and Harrisburg. No application for a charter has yet been made, but the necessary capital to carry the project through is held in readiness, and the mason work will soon be commenced. According to actual measurement a distance of 4212 feet intervenes between Harrisburg and West Fairview, which will necessitate twenty-eight spans and twenty-seven piers.

Through New Jersey.

At Princeton, Mercer Co., the First National Bank has been authorized to commence business.

At Middle Valley, Union Co., the dwelling of L. H. Trimmer was destroyed by fire last week at a loss of about \$6000.

At Woodstown, Salem Co., fire damaged the Methodist church to some extent on Jan 18th.

At Millville, Cumberland Co., common council has instructed its ordinance committee to prepare an ordinance providing for a system of sewerage.

At Pleasantville, Atlantic Co., an ordinance has been presented in Council providing for electric lights and giving right of way for an electric railroad.

At Perth Amboy, Middlesex Co., Frank P. McDermott, of Freehold, and others have made application for authority to organize the First National Bank of Perth Amboy.

At Summit, Union Co., Calvary Episcopal Church was destroyed by fire on Sunday, January 15th. The estimated cost of the structure was \$45,000, and was insured for \$37,000.

The Pennsylvania Railroad Co. will begin work in a short time in shortening the route between Philadelphia and Jersey City. A bridge will be constructed to span the Passaic River below Lester's Point.

At Merchantville, Camden Co., a congregational meeting was held at the Presbyterian church a short time since, at which it was decided to procure plans for an addition to the present building. The estimated cost of the improvements is \$2500. The seating capacity will be enlarged and other improvements made.

At Gloucester City, Camden Co., the Washington Mills property was sold on the 20th inst. by Receiver Fowler for \$131,900 to Henry S. Graves and George H. McFadden, of Philadelphia, and W. S. Blakey, of Chester. An adjoining lot was purchased by the same parties for \$6000. If the sale is confirmed by the Chancellor of New Jersey the mill will have alterations and improvements made and placed in operation.

Through Maryland.

At Rising Sun, Cecil Co., the Maryland House, a large brick structure has been destroyed by fire and will probably soon be rebuilt.

At Mount Pleasant, Frederick Co., the school trustees can give particulars as to the erection of a school building to cost about \$30,000. The plans have been prepared.

Messrs. Payne & Flack, real estate brokers, have sold a vacant lot on the south side of Edmondson Avenue, 213 x 184 feet, to Mr. Thomas F. Locke for \$13,800. About thirty dwellings will be erected on the site as soon as the weather will permit.

At Cumberland, Allegheny Co., Secretary Fleming can give information as to the erection of the Young Men's Christian Association building, to cost \$15,000.—The court house, recently destroyed by fire, will be rebuilt at once on an enlarged plan.

At Baltimore, F. T. Gallagher's bid of \$4675 was the lowest received for the construction of the frame extension to the Fifth Regiment Armory over the Richmond Market. None of the bids came within the appropriation of \$4500 made by City Council for the purpose, and all bids were rejected.—The Johns Hopkins Hospital trustees have purchased property on Green Street near Carpenters Alley for \$22,500.—J. C. and W. N. Hilderbrand have been granted building permits for the erection of eighteen two-story brick dwellings on the north side of Franklin Street near Monroe Street.—The Mayor has signed an ordinance to repave Hanover Street from Hamburg Street to Fort Avenue with Belgian blocks.—Frederick Rice and others have

incorporated the Eutaw Building Company of Baltimore City with a capital stock of one million five hundred thousand dollars.—Architect Benjamin B. Owens has made plans for a new Tabernacle to be erected at Glyndon Camp. The structure will be circular in shape, with a seating capacity of twelve hundred persons.—Henry Smith & Sons have been awarded contract for the erection of the new banking house for the Hopkins Place Savings Bank.—E. M. Branner, of 225 East Baltimore Street, will erect a large hotel building to cost about \$300,000. It will have steam heat, electric bells, speaking tubes, ventilators, fire escapes, etc.

Washington, D. C.

The Corcoran Art Gallery will be enlarged by the addition of a handsome new building, which will be erected on a lot recently purchased by the trustees, at Seventeenth Street and New York Avenue. The new structure will have a frontage of 281 feet on Seventeenth Street, 170 feet on New York Avenue and 150 feet on E Street. The estimated cost is \$1,000,000. The sum paid for the site was \$150,000.—B. Stanley Simmons, 931 F Street, N. W., has prepared plans for ten handsome dwellings, to be erected for Theodore W. Bedford, on Madison Avenue, between Seventeenth and Eighteenth Streets, N. W. They will be of Indiana limestone, press brick, slate roofs, interior finish of yellow pine, tiled bath rooms and vestibules, modern conveniences and improvements. No contracts have been let. The estimated cost is \$40,000.—The Capitol Market Co. will erect a large market house, to cost about \$20,000, on First Street, between C and D. The plans have been prepared by E. Woltz, 505 Seventh Street, N. W., and call for a circular building of brick and stone, with considerable iron work. It will be one story high and 120 feet in diameter. It will contain 126 stalls, and the floor will be of cement. There will also be a cold storage department. Work will be begun at an early day. The same architect has prepared plans for two handsome dwellings, to be erected by E. P. Leech. They will be of press brick and Hummelstown brown stone, with roofs of blue slate. The interiors will be finished in white pine, tiled bathrooms and vestibules. Modern improvements and conveniences will be introduced. The cost will be about \$8000. No contracts have been let.—T. J. Keating will erect a dwelling in West Washington (Georgetown), from plans prepared by Mallory & Taylor. It will be of press brick and Indiana lime stone, with roof of blue slate. The interior will be handsomely finished in natural woods, and modern conveniences and improvements will be introduced. No contracts have been let. The same architects have prepared plans for two dwellings, to be erected on Thirty-fifth Street, N. W., between R and S Streets. A stable will be erected in the rear of one of these dwellings. No contracts have been let.—B. Stanley Simmons has prepared plans for a dwelling, to be erected on North Carolina Avenue, for J. P. Patton. The same architect has prepared plans for a dwelling for Aaron Bradshaw, to be erected in the same neighborhood.—Senator Stockbridge, of Michigan, will erect a handsome residence, to cost about \$200,000, and Senator Stewart, of Nevada, contemplates the erection of a magnificent home at Chevy Chase. It is said that Senator Brice, of Ohio, is looking for a suitable site upon which to erect a residence, and Senator Squire, of Washington, is negotiating for a site upon which to build.

TRUSTS. TITLES. DEPOSITS

Wants.

W. W. Johnson, Custodian, U. S. Post Office and Court House building at Baltimore, Md., proposals until January 26, 1893, for storm doors for said building.

The Custodian, U. S. Court House and Post Office Building at Greenville, S. C., proposals until February 2, 1893, for furnishing four rooms in third story of said building.

Proposals will be received until February 10, 1893, by the Board of Sewer Commissioners of the city of Pawtucket, R. I., for constructing a sewer in Central Avenue, from the Blackstone River to Mendon Avenue. A. R. Sweet is superintendent.

John W. Hill, constructing and consulting engineer, No. 35 Glenn Building, Cincinnati, Ohio, proposals until January 31, 1893, for pipes, fire hydrants, stop valves, pipe laying, pumping station and chimney, pumping machinery, stand pipe, etc., for the Greenville, Ohio, water works.

Custom House, Philadelphia, Pa., January 12, 1893.—Sealed proposals will be received at this office until 12 o'clock noon. February 12, 1893, for the erection of certain shelving and file cases required for this building. Plans and specifications can be seen upon application. The right to reject any or all bids is reserved by the Treasury Department. Thomas V. Cooper, Custodian.

Proposals for iron work and terra cotta. Office of Building for Library of Congress, 145 East Capitol Street, Washington, D. C., January 12, 1893. Separate sealed proposals for furnishing, delivering and erecting in place, complete, certain cast and wrought iron work for finish, stairway, gallery deck, etc., of the Dome and Lantern of the Building for the Library of Congress, in this city, and for furnishing and delivering the flat hollow terra cotta required for ceiling and covering of the said dome and lantern, will be received at this office until 2 o'clock P. M., on Thursday, the 26th of January, 1893, and opened immediately thereafter in presence of bidders. Specifications, general instructions and conditions and blank forms of proposal may be obtained upon application to this office. Bernard R. Green, Superintendent and Engineer.

Proposals will be received at the office of the Lexington Water Works Company, in Lexington, Ky., until Wednesday, March 1, 1893, at 3 o'clock P. M., for the construction of an additional dam and waste weir for the purpose of enlarging the present reservoir. Plans and specifications can be seen at the office of the company, No. 8½ E. Main Street, Lexington, Ky. The right is reserved to reject any and all bids. S. A. Charles, superintendent and engineer in charge.

Sealed proposals for the construction of a system of sewers for the village of Hoosick Falls, N. Y., will be received by the board of sewer commissioners until Tuesday, February 7, 1893, at 8 P. M., in the office of the clerk of the board. Plans are now on file in said office, and specifications, proposal blanks and other information may be had on application. The board reserves the right to reject any or all bids. Lyman C. Wilder, clerk of board of sewer commissioners, Joseph Buckley, president.

Improvement of Philadelphia Harbor. U. S. Engineer's Office, 1423 Arch Street, Philadelphia, Pa., December 30, 1892.—Sealed proposals, in triplicate, will be received at this office until 11 A. M. Tuesday, January 31, 1893, and then publicly opened, for dredging and removal of wharfing in Philadelphia Harbor and the depositing and spreading of material on League Island. Specifications, blank forms and all available information will be furnished on application to this office. C. W. Raymond, Major, Corps of Engineers, U. S. Army.

U. S. Engineer Office, Charleston-Kanawha, W. Va., Dec. 30, 1892. Sealed proposals for building Locks Nos. 9, 10 and 11 of the Great Kanawha River Improvement, and the movable dams connected with same, will be received at this office for No. 9, until February 16, 1893, and then publicly opened; and for No. 10 until February 23, 1893, and then publicly opened; and for No. 11 until March 2, 1893, and then publicly opened; the opening on each date being at 3 P. M., Standard Eastern Time. Single bids for the whole job, including masonry, dredging, coffer dams, earth, timber and iron work of the three locks and dams, 9, 10 and 11, will also be received February 16, 1893, but not later, and these bids will not be opened until March 2, 1893, at 3 P. M., when the special bids for No. 11 are opened. Specifications, blank forms and all available information will be furnished on application to Addison M. Scott, Resident Engineer, at the above office. Wm. P. Craighill, Colonel Corps of Engineers, U. S. A.

Sealed proposals will be received by the Board of Sewer Commissioners of the city of Pawtucket, R. I., until Friday, February 10, 1893, at 2 o'clock P. M., for constructing a sewer in Central Avenue, from the Blackstone River to Mendon Avenue. Said work is divided into two sections. Section A: 460 feet sewer, 4 feet 6 inches diameter. 2350 feet sewer, 7 feet 3 inches diameter, in tunnel. Section B: 150 feet sewer, 7 feet 3 inches diameter, open cut. 1640 feet sewer, 5 feet diameter, open cut. Each section will be treated as a separate contract in canvassing bids and making awards. Each proposal must be accompanied by a certified check to the amount of five hundred dollars for each section bid upon. Proposals must be enclosed in envelopes, sealed and marked, "Proposals for constructing a sewer in Central Avenue." The Board of Sewer Commissioners reserves the right to reject any and all bids. Plans and specifications may be seen at the office of the Board of Sewer Commissioners, Room 8, Music Hall Building, Pawtucket, R. I. A. R. Sweet, Superintendent.

Captain J. McE. Hyde, Assistant Quartermaster U. S. Army, Washington, D. C., proposals until January 31, 1893, for construction of two double sets of officers' quarters at Jefferson Barracks, Mo.

The Water Commissioners, Rooms 7 and 8, 277 State Street, Schenectady, N. Y., proposals until February 6, 1893, for furnishing and delivering in sound condition on board platform railway cars on the line of the New York Central, on Delaware and Hudson Canal Railroad, and on the dock of the Erie Canal, in the said city, free from freight or other charges, a quantity of iron sewer pipes.

United States Engineer Office, Room II 7, Army Building, 39 Whitehall Street, New York City, January 3, 1893. Sealed proposals for dredging in Saugatuck River, Conn., will be received at this office until twelve o'clock, noon, on Thursday, February 2, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application to this office. D. C. Houston, Colonel Corps of Engineers.

United States Engineer Office, Savannah, Ga., January 7, 1893. Sealed proposals for improving Jekyll Creek, Georgia, and the inside water route between the Savannah, Georgia, and Fernandina, Florida, will be received at this office until 12 M., city time, on the 7th day of February, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application to this office. O. W. Carter, Capt. Corps of Engineers, U. S. A.

Proposals for brick buildings.—Depot Quartermaster's Office, Jefferson Barracks, Missouri, January 10, 1893. Sealed proposals, in triplicate, will be received at this office until 12 o'clock M., Thursday, February 9th, 1893, and opened immediately thereafter, for constructing two double sets of officer's quarters at Jefferson Barracks, Mo., Plans, specifications and general instructions to bidders, together with blank forms of proposals, will be furnished on application to this office. The right to reject any or all bids is reserved to the United States. Envelopes containing proposals should be marked, "Proposals for Construction of Public Buildings," and addressed to Captain J. McE. Hyde, Assistant Quartermaster, U. S. Army.

United States Engineer Office, Charleston-Kanawha, W. Va., December 30, 1892.—Sealed proposals for building Locks Nos. 9, 10 and 11 of the Great Kanawha River Improvement, and the movable dams connected with same, will be received at this office for No. 9 until February 16, 1893, and then publicly opened; for No. 10 until February 23, 1893, and then publicly opened, and for No. 11 until March 2, 1893, and then publicly opened; the opening on each date being at 3 P. M., standard Eastern time. Single bids for the whole job, including masonry, dredging, coffer dams, earth, timber and iron work of the three locks and dams, 9, 10 and 11, will also be received February 16, 1893, but not later, and these bids will not be opened until March 2, 1893, at 3 P. M., when the special bids for No. 11 are opened. Specifications, blank forms and all available information will be furnished on application to Addison M. Scott, Resident Engineer, at the above office. Wm. P. Craighill, Colonel Corps of Engineers, U. S. A.

Edward Stewart, Paymaster General U. S. Navy, at Washington, D. C., proposals until January 31, 1893, for furnishing at the Navy Yard at Norfolk, Va., a quantity of lumber, felt, roofing, cement, hardware, electrical material, sheet iron, iron sash frames and paints. Also, until same date for furnishing at the New York Navy Yard a quantity of brushes, files, paints, linseed oil, turpentine, alcohol, cheese cloth, lamp wicking, tool steel, tools, water cans, water buckets, hardware, lumber and two portable drilling and boring machines. And at Naval Proving Ground at Indian Head, Md., a quantity of bolts and nuts, hardware, brass, iron, sheet copper, paints, hydraulic jacks, etc.

Bids will be received at the office of the City Clerk of Atlantic City, N. J., up to 7.30 P. M., January 30, 1893, for the furnishing of three thousand (3000) feet, two and one-half inch cotton rubber lined hose, for the use of the fire department, furnished with screw couplings of proper thread to conform with that now in use by the city. Bidders will state price per foot complete and furnish samples of the same. All bids must be sealed and indorsed "Bids for Fire Hose," and addressed to the Committee of Protection of Property and Improvement. City Council reserves the right to reject any or all bids. By order of City Council, December 27, 1892. Edward S. Lee, Harry H. Postell, John W. Clark, Franklin P. Cook, H. N. Bolte, Committee on P. & I. of P. J. B. Winters, City Clerk.

Sealed proposals for the construction of systems of water supply and sewerage will be received by the Mayor and Council of the Borough of Atlantic Highlands, New Jersey, until 3 P. M., Wednesday, February 8, 1893. The work contemplates approximately 7 miles of pipe sewers from 8 to 18 inches in diameter; manholes, flush tanks, and iron outfall sewer into Sandy Hook Bay, and approximately 8 miles of water mains, 4 to 10 inches in diameter, valves, hydrants, pumping station, stand-pipe, etc. Bids will be received separately for the water and sewerage systems. Work is to be completed June 1, 1893. Certified check for \$1000 drawn to the order of the Borough Treasurer, must accompany each bid. Plans and specifications will be on file in the office of the Mayor at Atlantic Highlands, New Jersey, and at the office of the Engineer in Charge, National Bank Building, Orange, New Jersey, after January 20, 1893. Any or all proposals may be rejected. Somers T. Champion, clerk. Carrol Ph. Bassett, Engineer in Charge.

Department of Public Safety. Electrical Bureau, Philadelphia, January, 16, 1893. Sealed proposals will be received by the Director of the Department of Public Safety until 12 o'clock, noon, on Thursday, January 26, 1893, at the office of the Director, Room 217, City Hall, Broad and Market streets, for furnishing the Electrical Bureau with instruments, Fire Signal Boxes, Patrol Signal and Telephone Stations, Telephones and Transmitters, Mast Arms, Iron Posts, Iron and Copper Wire, Battery Supplies, Cables, Poles, Cross Arms, Hardware, Paints, Painting, Hauling, Manhole Covers, Bricks, Conduits, Creosoted Lumber, Wrought Iron Pipe, Hardware, Stationery and such other supplies as may be required by the Bureau during the year. No proposal will be considered unless made upon a printed blank furnished by the department, nor from those not regularly engaged in the manufacture or sale of the supplies proposed to be furnished. All information desired and schedules will be furnished on application to the Chief

of the Electrical Bureau, Room 626 City Hall. The Director reserves the right to reject any or all bids, or any part of a bid, or to accept any bid or portion of a bid, as may be considered to the best interest of the City, and no bid will be considered, when the amount bid for exceeds \$500, unless accompanied by a certificate from the City Solicitor, that the provisions of an ordinance approved May 25, 1890, have been complied with. A. M. Beiter, Director.

The Common Council of the City of Trenton, N. J., will receive at the meeting to be held on Friday, January 27, 1893, at 8 o'clock, P. M., sealed proposals for furnishing four hundred or more street lamps of naphtha gas or oil, for the term of three or five years. Specifications may be seen at the office of the City Clerk in the City Hall. Proposals must be accompanied by a guarantee that the work will be done and the materials furnished in accordance with said specifications, to the satisfaction of the Lamp Committee and the Common Council. Guarantee must be signed by two or more responsible sureties. The Common Council reserve the right to reject any or all bids not considered to be to the best interests of the City. By order of Common Council, Charles J. Fury, City Clerk.

Sealed proposals will be received until noon of Tuesday, January 31, 1893, by the City Council and Board of Control for the following items for the Greenville (O.) water-works: One thousand and forty-eight (1048) tons of cast-iron water pipe from four (4) to fourteen inches (14) inches diameter. Forty-four thousand five hundred and eighty-six (44,586) pounds of special castings for above pipe. One hundred and seven (107) double nozzle fire hydrants. Seventy-four (74) stop valves and seventy-four (74) stop boxes for above pipe. Laying of pipe and setting of above special castings, fire hydrants, stop valves and stop boxes. One brick pumping station and one brick chimney. The connecting together of a system of driven wells. Two (2) compounding condensing duplex direct acting pumping engines, each of one million five hundred thousand (1,500,000) gallons daily capacity, together with two (2) return tubular boilers and all appurtenances necessary to complete said machinery. One steel stand-pipe and masonry pier. Proposals must be made on the blank forms furnished by the City Council and Board of Control of Greenville, O., and all legal formalities must be complied with to secure consideration of the proposals. The preliminary bonds and date of furnishing materials and completion of work must be filed to constitute a formal proposal. Plans of above work may be examined and blank forms of proposal and specifications can be obtained at the office of the City Council, Greenville, O., or office of Engineer, Rooms 35-36 Glen Building, Cincinnati, O. The proposals must be sealed and addressed to the City Council and Board of Control, Greenville, O., and be indorsed with the name of the person, firm or corporation which makes the tender. And be accompanied with a certified check payable to the order of the City Clerk, as follows: Water pipe and special castings, \$500; fire hydrants, \$300; stop valves, \$200; pipe laying, \$400; pumping station and chimney, \$300; pumping machinery, \$500; stand-pipe, \$300; pier for stand-pipe, \$200. City Council and Board of Control reserve the right to reject any or all proposals. E. E. Calderwood, Prest. of Council. W. Thompson, Prest. Board of Control. C. B. Elliott, City Clerk. J. C. Weaver, Sec., pro tem, Board of Control. John W. Hill, Consulting and Constructing Engineer, 35-36 Glenn Building, Cincinnati, O.

Proposals will be received at the office of the Lexington Water Works Company, in Lexington, Ky., until Wednesday, March 1, 1893, at 3 o'clock P. M., for the construction of an additional dam and waste weir for the purpose of enlarging the present reservoir. Plans and specifications can be seen at the office of the company, No. 8½ East Main Street, Lexington, Ky. The right is reserved to reject any and all bids. S. A. Charles, Superintendent and Engineer in Charge.

Sealed proposals for the construction of a system of sewers for the village of Hoosick Falls, N. Y., will be received by the Board of Sewer Commissioners until Tuesday, February 7, 1893, at 8 P. M., in the office of the clerk of the board. Plans are now on file in said office, and specifications, proposal blanks and other information may be had on application. The board reserves the right to reject any or all bids. Lyman C. Wilder, clerk of board of sewer commission; Jos. Buckley, president.

W. J. Edbrooke, Supervising Architect, Washington, D. C., proposals until February 1, 1893, proposals for the stone and brick work of superstructure roof covering, etc., of the U. S. Court House and Post Office building at Tallahassee, Fla. Also until February 3, 1893, proposals for trench excavation, concrete and stone footings, etc., for U. S. Post Office building at Richmond, Ky. Also until January 31, 1893, proposals for cut stone and work, and brick work, iron and wood floor, ceiling and roof construction and roof covering for the superstructure of the U. S. Post Office building at Danville, Ill. Also until February 3, 1893, for painting, alterations and repairs for the U. S. Court House and Post Office building at Atlanta, Ga. Also until February 9, 1893, for all the labor and material required for the interior finish and plumbing of the U. S. Post Office building at Scranton, Pa.

Navy Department, Bureau of Yards and Docks, Washington, D. C., November 26, 1892. Sealed proposals in duplicate, indorsed "Proposals for Crane," will be received at the Bureau until 1 P. M., on Monday, February 27, 1893, and publicly opened immediately thereafter for constructing and delivering a forty-ton locomotive crane at the U. S. Navy Yard, Mare Island, Cal. General specifications and blank forms of proposals will be furnished upon application to this Bureau, where further information may be obtained. Proposals must be accompanied with full plans and specifications. Responsible security will be required for the faithful performance of the contract in a sum equal to 20 per centum of the contract price. A certified check for \$5000 must accompany each proposal as a forfeit in case of failure to enter into contract. The right is reserved to reject any or all proposals not deemed advantageous to the Government and to waive defects. F. H. Farquhar, Chief of Bureau.

Miscellaneous.

At New Bedford, Bristol Co., Mass., Miss Emily H. Brown has made a proposition to the trustees of St. Luke's Hospital to donate \$25,000 if a suitable site is secured.

At Boston, Mass., plans have been prepared by Longfellow, Alden & Harlow for the proposed Harvard Dental School, and the Building Committee has secured the option on a lot on St. Botolph Street. The size of the lot is 100 x 150. The plans call for a building three stories high, of brick and stone and handsome interior finish, with all modern conveniences and improvements. The estimated cost is about one hundred thousand dollars.

At St. Louis, Mo., Edward Martin will erect a large eight-story wholesale house, to cost about \$200,000, from plans prepared by George R. Mann, Thirteenth and Market Streets. It will be fire proof. The Columbia Club has made arrangements for the erection of a handsome club house, to cost \$125,000, from plans prepared by A. F. Rosenheim. It will be situated on Lindell Avenue, near Vandeventer Avenue, and will be 90 x 120 feet, four stories high, of brick, granite and terra cotta, with considerable marble and stucco work. The same architect has prepared plans for six dwellings to be erected for W. R. Sprague, at a cost of \$40,000. They will be of press and ornamental brick, with stone trimmings, handsome interior finish and modern conveniences and improvements. The same architect has also drawn plans for a dwelling to cost \$15,000, to be of press brick, interior finish of hard wood, modern conveniences. Also plans for a building to be used for stores and flats, and to cost \$20,000. It will be of press and ornamental brick, sanitary plumbing, etc. Also plans for a dwelling for A. Arnstein to cost \$12,000. It will be of brick, handsomely finished on the interior and furnished with modern conveniences. M. T. Bogard will erect a residence on Florissant Avenue, to cost about \$15,000, from plans prepared by J. Harry Randall, 329 Odd Fellows' Building. It will be 60 x 100 feet, two stories high, of brick and marble. Also considerable stone work and fine interior finish. Mrs. R. C. Robertson will erect a residence in Westminster Place from plans prepared by J. J. Beattie, 1120 Pine Street. It will be of press and ornamental brick. The estimated cost is \$6000. The same architect has prepared plans for a dwelling for M. McClure at Webster Grove, Mo., to cost \$6000. Thomas Wright will erect a residence at Eighth and Olive Streets, to cost about \$8000, from plans prepared by G. B. Reid, Hagan Building.

Lot Buyers.

John K. and James C. Ewing have purchased a lot, 40 x 189 feet, on Perryville Avenue, Allegheny, Pa.

E. T. Schaffner, of Pittsburgh, Pa., has sold four lots for the Birmingham Land Improvement Co. to F. E. Erny.

A. A. Herr, real estate agent, has sold a lot to George W. Amie, Jr., at Lancaster, Pa. J. C. Hager, Jr., has sold a lot at same place to William S. Kautz.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

A star (*) denotes judgment confessed or bond and warrant conditioned.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

Nuts For Advertisers to Crack.

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

Miscellaneous.

At Elmira, N. Y., it is reported that a syndicate has purchased the Rathbun House and proposes to remodel and enlarge the hotel and make it first-class in every respect.

At New York City, the Park commissioners have approved the plans adopted by the trustees of the American Museum of Natural History for the erection of a new wing to the museum at a cost of \$300,000.

At Cleveland, Ohio, the Euclid Avenue Opera House, destroyed by fire some months since, will be rebuilt by Mr. M. A. Hanna at a cost of about \$100,000. It will be built of fire proof material as far as possible. The seating capacity will be two thousand.

At New York City plans have been approved for the erection of a mansion for John Jacob Astor on the corner of Sixty-fifth Street and Fifth Avenue.—The University Settlement Society propose to erect a building on Forsyth Street to cost about \$75,000.

At Massillon, Stark Co., Ohio, work will be begun in a short time on the proposed insane asylum for which Yost & Packard, of Columbus, Ohio, will draw the plans. The committee consists of Robert Sherrard, of Stenhouseville, Ohio; Dr. A. B. Richardson, Columbus; Samuel A. McMahon, Cambridge; W. H. Mullen, Salem, and Dr. H. C. Eymann, of Massillon.

At Bangor, Maine, a resolution has been introduced in the Legislature at Augusta, appropriating \$250,000 for the erection of the Eastern Maine Insane Hospital at Bangor. The State owns the site for the proposed building and a commission will be appointed to superintend the expenditure of the money.

At Brockton, Plymouth Co., Mass., the Plymouth County Safe Deposit and Trust Co. will erect a new building on the site opposite the Boston Store. The structure will be of brick and stone, and on the first floor will be stores and the banking department. The balance of the building will be used for offices.

At Newtonville, Middlesex Co., Mass., the congregation of the Congregational Society will erect a church of Romanesque design. It will be of stone, with a slate roof and a seating capacity of one thousand. The interior will be handsomely finished, and there will be supper rooms, kitchens, toilet rooms, etc.

At Mount Union, Stark Co., Ohio, the Methodists will erect a handsome church from plans prepared by S. R. Badgley, the Arcade, Cleveland, Ohio. It will be of press brick, with stone trimmings, plate, stained and cath-dral glass windows, slate roof, handsome interior finish, modern conveniences and improvements. The estimated cost is \$20,000.

At Painesville, Lake Co., Ohio, L. P. Gage will erect a building from plans prepared by Shengle & Dolman, 164 Euclid Avenue, Cleveland, Ohio. It will be three stories high, of press brick and terra cotta trimmings, electric lights, steam heat, elevator, engine, modern conveniences and improvements, handsome interior finish. The estimated cost is about \$25,000. Work will begin at once.

Attention, Builders and Others!

I HAVE FOR SALE THE REMAINDER OF THE BLOCKS OF GROUND ON SOUTHSIDE OF ALLEGHENY AVENUE, BETWEEN GERMANTOWN AVENUE AND CAMAC STREET. THE OTHER BLOCKS JUST SOLD TO PROMINENT BUILDERS, WHO WILL IMPROVE FIRST THING IN THE SPRING WITH ELEGANT HOUSES.

Also for sale both sides of Park Avenue, Thirtieth, Camac and Twelfth Streets, south of Allegheny Avenue, best lots in the city for large halls, market houses or stores. Also both sides of Sedgely Avenue. This location is unsurpassed for convenience. The Eleventh Street Station, Pennsylvania Railroad, just across Germantown Avenue, Germantown Junction, Pennsylvania Railroad and Sixteenth Street Station, Philadelphia and Reading Railroad, about 3 squares. Prices lower than any other ground in western part of this city. For plans, sizes and prices call on

W. M. T. B. ROBERTS,
Twentieth and Dauphin Streets.

THE REAL ESTATE DEALERS AND PARTIES LOOKING FOR DESIRABLE SITES FOR BUILDING WHERE THE ADVANTAGE OF RAILROAD FACILITIES AND LARGE AMOUNT OF GROUND ARE NECESSARY FOR THEIR BUSINESS, EITHER FOR MANUFACTURING PURPOSES OR OTHERWISE, will find it to their interest to examine that large tract of ground, 50 feet front on south side of Sedgely Avenue, west of Germantown Avenue, and on Germantown Avenue, south of Sedgely Avenue, extending back to the Pennsylvania Railroad, just across the street from Eleventh Street Station. For size and plan of lot call on address

INTERROGATIVELY!

WE WOULD ask the man who does not subscribe for this journal if he is going to do so for 1893?

If not, why not?

How any active business man having building material and machinery for sale, or the other fellow, who is constantly looking for contract work, can afford to do without such an important auxiliary as this journal has proven to be to many thousands of business firms, is as much a mystery as the Sphinx of Egypt.

True, some men get along very well without a pocket-handkerchief; some men could and do get along without this journal.

Send in your \$5.00 for a subscription for a year. It will certainly prove the best investment you have made.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, FEB. 1, 1893.

THE mistake made by the gentlemen prominently identified with the Master Builders' Exchange in committing that institution to an unqualified endorsement of the most luxurious coterie of political almoners that was ever fastened on this unfortunate city was one of judgment. The question was one that concerned the members of that organization as citizens only, and the character of the work done, the quality or price of the wares sold by them to the Commission has nothing to do with its continuance or abolition at all.

The Exchange can "resolute until the crows come home" and still ninety-five per cent. of our citizens will continue in their opinion that the Commission is an institution of pure and simple political rotteness and nothing else.

The individual or organization that possesses the hardihood to face public sentiment when public sentiment is unquestionably right, must expect hard knocks in return, and to wince under them is a frank acknowledgment that its hindsight is even worse than its foresight.

We must frankly admit that we have never considered the Commission in the least danger, and its endorsement from anyone we deem not only superfluous but a serious reflection upon the ability of the workers and the integrity and patriotism of the Harrisburg statesmen who have so earnestly and unselfishly labored in the past to make Philadelphia the paradise it is.

We have no words of condemnation to offer. We leave the supporters of the Commission with their own conscience and commend them to the mercy of God.

SINCE the collapse of the buildings on Commerce Street above Fifth, in this city, numerous complaints are being made to the Building Inspectors, of others thought to be unsafe, and the result is that much additional labor is being put

upon these already over-worked officials. It has long been a subject of much comment, that the districts assigned to these gentlemen were entirely too large to allow a proper scrutiny of the work under their supervision. It has been suggested by those cognizant of the labor imposed, that the number be doubled, so that the work may be promptly and properly disposed of and that the public will receive a guarantee of greater safety in the construction of all sorts of structures. In the past our city has been well served by these public officials and accidents have been avoided by their zeal, but now is the time for the exercise of caution by the higher powers, by increasing the Board to double the capacity at least and thus divide the labor and responsibility for the care of human life.

PRESIDENT McLEOD's victory in the Reading lease case, recently decided by Judge Metzger, of the Lycoming County Court, practically establishes the status of the Reading as a competing line with the Lehigh Valley.

The decision is clean cut and free from ambiguity. It will certainly have considerable influence with the Supreme Court when the case is appealed, and, if confirmed, as it should be, it will be a step forward in advancing the commercial growth of the city.

McLeod's fight is as much in the interest of Philadelphia as in that of his company, and no better support can be given him than public sentiment unsparringly expressed, which, in the end, means a complete routing of obstructionists, whether as individuals or corporations.

THE well-known firm of Gummey, Spiering & Co. has issued a neat and unusually convenient calendar for 1893, which not only serves its purpose as a calendar, but is a constant reminder of the superior merits of the "Phoenix," "Eagle," "Climax" and "Liberty" brands of American roofing tin, manufactured and guaranteed by this firm, which also is now the Philadelphia agent for "Gilbertson's Old Method," bearing their guarantee as well as that of the importer.

ACCORDING to the announcement of the General Passenger Department of the Reading Railroad, the trains of the Reading Division, now running out of and into the Thirteenth and Callowhill Streets Depot, began the use of the new Terminal Station, corner of Market and Twelfth Streets, on Jan. 29th. The new building, when completed, will be the most magnificent railway structure in the country. In its present unfinished state it will be used only for the old Thirteenth and Callowhill Streets trains, the station at the latter point being abandoned so far as passenger traffic is concerned. Several weeks will probably elapse before the new edifice is ready for the trains now running to and from Ninth and Green Streets. For the present, the entrance and exit will be on the Twelfth Street side of the station, between Market and Filbert Streets.

THE calendar for 1893, issued by Messrs. Merchant & Co., which came too late to notice last week, shows the usual good taste characteristic of this firm, and is a model of artistic design and superior finish. We are glad to note that the guaranteed American roofing plates, manufactured by Merchant & Co., are given a place of particular prominence on this really handsome calendar.

The Penn Mutual Life.

The tide of success still sweeps the old Penn Mutual onward and upward as a result of close and intelligent business management.

Of course the mutual character of the organization itself is largely responsible for its present popularity in Philadelphia, while at the same time the very nature of its widespread and widely diffused interests would subject its management to much adverse criticism were results not up to high water mark and praises justly earned as well as merited.

The increase in the Penn Mutual's business represents an increase of insurance in force of nearly \$14,500,000, while its new business shows an increase of \$3,482,933.

The ratio of death losses to the amount of insurance in force in 1891 was 1-14 per cent. and in 1892 1.07 per cent. making a net saving from this source alone of \$78,000. The ratio of 1891 having been a heavy saving from the average mortality of the life insurance companies at large, that of 1892 is much better, for when compared with the average mortality it means as a matter of fact a saving of \$252,000.

For Sweet Charity's Sake.

A clergyman in the far West recently wrote to a poor woman in Jersey, whose husband was drowned while fishing on Sunday, as follows:

DEAR MADAM:

Enclosed please find my check for ten dollars, for if the good Lord ever intended a man should break the Sabbath, it certainly was to go a fishing.

We would add that if there is a ball which religious people can consistently attend it is that of the German-American Charity Ball of the Old Mennerchor Society, of this city, which takes place at the Academy of Music, on next Monday evening.

The programme, besides dancing, contains a perfect feast of novelties as a preliminary. There will be a grand male chorus by the Society, besides solo, duet and quartette singing by Herman Mohr, Mrs. Pauline Mears and others. Mr. Lucien O. Carpenter's pupils will introduce many dancing features and a grand allegorical tableau of the landing and crowning of Columbus will complete the introductory.

It would seem that any further comment than the bare announcement of the Mennerchor Char-

THE FOLLOWING TABLE shows the building operations in the respective Wards for four weeks in January, 1893, for which permits were issued. WEEKS ENDING SATURDAYS 7th, 14th 21st and 28th.

ity Ball was a mere waste of words, but inasmuch as the characteristic unselfishness of the members of this old and time-honored society has done much heretofore towards alleviating the want and suffering of the poor, it is only proper that the highest possible commendation should be cheerfully given in order that their present efforts may also prove a success.

WHAT'S the matter with the Bourse? Newspaper men complain that news as to the true inwardness of things can only be obtained through a non-official source. An Amen corner may do for church circles and secret lodges, but for a business enterprise of such large dimensions, never. What a splendid opportunity the Bourse scheme presents for the big-brained, broad-gauged business men of Philadelphia, and it's about time they commenced working towards the front.

Architect Notes.

Henry D. Dagit, architect, 706 Walnut Street, Philadelphia, has made plans for a hotel building at Broad and Race Streets. The structure will be four stories high and fitted with all modern conveniences, including best sanitary plumbing, electric bells and light, etc.

Albert H. Kipp, Osterhout Building, Wilkes-barre, Pa., has prepared plans for semi-detached offices and dwellings for Doctors Stewart and Buckman to be erected at the corner of South Franklin and Northampton Streets. They will be of brick and handsomely furnished on interior. The contractor not yet selected. No contracts made. The estimated cost is \$18,000.

G. T. Oplinger, architect, Slatington, Pa., has made plans for a three-story mansard slate roof store and dwelling house, 40 x 85 feet in dimensions, with sheet metal front, having fine porches, cupola, iron cresting on roof. The interior to be in hard wood finish, best of sanitary plumbing, with all modern improvements. Large elevator to be erected for Colonel John Craig, at Lehigh Gap, Pa.

John Ord, architect, Public Buildings, has prepared plans for a very handsome and striking building for the Tacony Trust Company, at Tacony, Pa. The Board of Directors, of which Jacob Disston is president, have approved the drawing, and the contract will be awarded and work started as soon as the weather will permit. The structure will be two stories high, of brick

and stone, slate roof, and will partake of the style of architecture of the Caledonian Club house now being built at Thirteenth and Spring Garden. As estimated, cost will be about \$20,000. The second floor will be fitted up for the Disston Library, whilst the first will contain the vault, the president's and director's rooms, counting room, etc. Electric light and bells, best of sanitary plumbing and ventilation, tiling and cement work and best heating system. Further particulars may be given by the architect.

Plans have been prepared by Thomas Stephen, an architect, for a large double L building for hotel purposes at Arlington Beach, N. J. The structure will be erected by a syndicate of Camden gentlemen. This large building will embrace a block of fifty-four cottages of five rooms each with one central location for serving meals, pantry cooking, etc. The estimated cost will be about 40,000.

Walter H. Geissinger, architect, S. W. cor. Twelfth and Chestnut Streets, has on boards for estimate plans for the new factory of F. A. Boehmann & Co. at Second and Somerset Streets, recently destroyed by fire. The new structure will cover the lines of the old building, and be four stories high, with a deep basement, and have a tower at one end for elevator purposes. The structure will be of brick and stone trimmings with tin roof. The interior will contain all the latest improvements and be fitted with steam power and heat, electric bells and light, speaking tubes, elevators, etc. The same architect is making plans in detail and specifications for a large factory building to be erected at Broad Street and Indiana Avenue, for Richardson & De Long Bros., manufacturers of the De Long hook and eye for ladies' dresses. This structure will be six stories high, with a basement and tin roof. Material for walls will be of brick and stone. The base will be of cut stone work, whilst all above will be brick with stone caps. A handsome tower will rise at one end, having a bell-shaped top, beneath which will likely be placed an immense lumped "hook," symbolic of their product. The interior will be fitted with a very handsome office on the first floor; also work-room, and all the remaining floors will be utilized for factory; electric work, steam heat and power, best of ventilation throughout, and sanitary plumbing. In the basement it is likely considerable cement work will be done. The whole building will be as near

fire proof as it is possible to make it. The extent of ground covered will be 60x250 feet, and will face the lines of the New York railroads of both companies to some extent. The contracts will not be let for some time, as grading is now in process at the location of the plant, but it is expected that work will be started in the early Spring.

Building and Real Estate Notes.

The Windsor Hotel on Filbert below Thirteenth Street, was damaged by fire to the extent of \$2000, a few days since.

Henry Hess has sold to a German society, known as Der Deutsche Heimans Verein, property on Old York road, south of Bristol street, for \$3800.

W. R. Nicholson, President of the Land Title and Trust Company, conducted the negotiations by which the Traction Company was successful in procuring the Storn Glass Works as a site for a new power house.

Jacob Myers, contractor and builder, Southeast corner of 13th and Locust streets has received the contract to make extensive alterations to No. 1604 Chestnut Street for J. W. M. Cardeza. The plans were prepared by Baker and Dallett, 5th and Walnut streets, and were noted previously in this journal.

William A. Arthur and Bro. builders will erect thirty-two dwellings on Jefferson street near 55th, as soon as the weather moderates sufficiently. These structures are to be two stories high and six rooms each, the fronts will be of a handsome design, and interiors contain all modern improvements.

Mr. John Dear, of Nicetown, has secured the contract for the erection of the fine residence for Mr. Edw. Wrigley, to be built on the south side of Apsley Street, west of Germantown Avenue from plans made by Fred. Fox, architect, 195 Wisteria Avenue, Germantown. The walls will be of buff brick and stone with Indiana limestone trimmings. Interior will be in hard wood. Fine hard wood and tile mantels will also be provided, with a first-class system of electric gas lighting, electric bells and speaking tubes, first-class in every respect, the best of sanitary plumbing and every modern convenience throughout the building. The same architect has drawings on the boards for several other large buildings.

The Palmer and Rice Manufacturing Company, limited, now located at No. 2204 North Broad Street has taken title to the block of ground lying between Germantown Avenue and Broad street. The title was taken by F. G. Palmer and it is the intention of the company to remove its plant at an early day.

It has been determined by John Wanamaker to erect during the current year a large factory at the northeast corner of Washington Avenue and Broad Street, upon the site now occupied as a coal yard by William Thornton. The structure will be large and imposing, and not less than six stories in height, and extend north and east to the large stables of the same owner.

The National Association of Master House Painters and Decorators will meet in convention at Cleveland, O., beginning February 6. F. A. Ballinger, president of the local association, and Francis F. Black, of this city, will be among the delegates who will attend. A handsome souvenir programme has been prepared by Mr. Black, who is secretary of the National Association.

It has been decided to erect Gilmore's Theatre, Walnut Street above Eighth, under the general supervision of Mr. John D. Allen, the architect who prepared all the plans in detail. Mr. Allen will now sublet each contract and proceed with the work. The drawings have been fully described in this journal in previous numbers. The office of the architect is at 1017 Chestnut Street.

President William J. Gillingham and Charles D. Supplee, of the Bureau of Building Inspectors, have been selected by Director Reiter to represent the Department of Public Safety at the convention of the National Association of Building Inspectors which will convene at St. Louis on February 14. Mr. Supplee will be the official delegate and will read an elaborate paper on fire escapes.

Director Windrim has awarded the following contracts: For boiler house at the Spring Garden pumping station, to J. R. Garber, for \$22,785; six boilers at Spring Garden Water Works, to Southwark Foundry and Machine Company, \$31,900. Contracts for cast iron water pipes were awarded to Reading Pipe and Foundry Company, Camden Iron Works, Donaldson Iron Company and Daniel L. Dawson.

Geo. W. Roydhouse & Co., general contractors and builders of Philadelphia, whose offices are in the Builders' Exchange, have been awarded the contract to erect the new station of the Pennsylvania R. R. at Broad and Market streets. Mr. Roydhouse has nearly finished the first contract, that of laying the immense foundations of concrete masonry, and will now turn his attention to the construction of the superstructure. This will consist of the masonry in general and some interior work as well. Furness, Evans & Co are the supervising architects.

The Metal Roofers Association have been dissatisfied with the manner in which the architects embrace the roofing and collateral work in the general contract. With this view in mind a meeting of the association was held last week, at which the following letter was ordered to be prepared and sent to all the architects in the city: "It is the sense of this association that the practice at present in vogue with the architects of this city, of embracing the roofing and collateral work connected with the construction of buildings in the general contract, is undesirable for various reasons, and we therefore respectfully urge upon all architects the propriety of reserving the roofing and kindred branches from general contracts, and inviting direct bids therefor."

The Board of Health in discussing the matter of enlarged facilities for the treatment of infectious cases adopted a resolution that Councils be asked to authorize the Mayor to appoint a Commission to select a site for at least four pavilion hospital buildings, an administration building, disinfecting chambers, crematory, reception ward, etc., and to prepare plans and award contracts for the same, and when completed to transfer them to the Board of Health for the treatment of contagious and infectious diseases. The Commission to consist of two physicians, well versed in preventive medicine; one member of the Board of Health, the physician in charge of the Municipal Hospital, and one architect. This action was brought about by the opposition to the continuation of the Municipal Hospital in its present location, and by its inadequacy to meet the demands of the day.

The Steam Engineering Company, contracting engineers, 704 Arch Street, this city, has made some changes and has been granted permission by the Court to change its corporate name to "Francis Bro's. & Jelliet, Incorporated." This was done to give more individuality to the name, the company being as heretofore, composed of the same practical men, and no change has been made in the management. Architects and engineers are asked to note that the Engineering Department, under the direction of Mr. H. C. Francis and Mr. Stewart A. Jelliet, gives especial attention to the preparation of detailed plans and specifications for complete steam and power plants, to wit: heating and ventilating, either high or low pressure, direct or indirect; hot blast system, mechanical ventilation, including drying of different materials, removal of dust, vapors, gases, etc., the reduction of temperatures in engine and boiler rooms, etc., etc.

In response to a House resolution calling for information as to what public buildings appropriated for by this Congress and preceding Congresses have been in part or in whole contracted for, and what other buildings have been appropriated for without any steps being taken up to the present time to carry the law into effect by awarding contracts, some rather startling figures are supplied by the Treasury Department. Contracts have been entered into for partial work or for completion of twenty-four public buildings, to the amount of \$2,250,000. The Treasury is authorized by existing laws to spend \$9,160,000 additional on forty-seven other public buildings, among which are the following: Allegheny, \$100,000; Beaver Falls, \$50,000; Chester, \$80,000; Philadelphia, \$2,000,000; York, \$80,000. Contracts for none of those buildings have yet been entered into. This amount is exclusive of \$4,000,000 appropriated for the custom house and appraiser's stores in New York city, which amount is expected to be derived from the sale of present Government property.

At the sixth annual meeting of the Master Builders' Exchange, on the 24th inst., Chairman Harris of the Legislative Committee, called attention to the faulty building laws, and a committee of thirteen with M. B. Andrews as chairman, was selected to co-operate with Councils' Committee in formulating regulations for the better inspection of buildings in this city. The regulations prepared several years ago, but not put in force will be used as the basis, and a number of new suggestions will be added. The Legislature will be asked to increase the number of building inspectors from six to at least twenty. The overloading and overweighting of buildings was thoroughly discussed during the sessions. Murrell Dobbins, president; William Harkness, secretary and Charles H. Reeves, treasurer; pre-

sented their reports. The present membership is 280. Reports were made by the various committees. The receipts of the Mechanical Trade School were \$9,883.01 and expenditures, \$7,391.48; the number of pupils seventy, learning bricklaying, blacksmithing, carpentering, plumbing and painting. The treasurer's report showed receipts of \$78,853.31, and payments \$75,979.59. The following directors were elected: Samuel Hart, F. T. Black, C. H. Reeves, William Harkness, Charles Gillingham, Peter Gray and Jacob Myers. William H. Albertson, William B. Irvine, George Watson, F. M. Harris, John S. Stevens and William Harkness, with A. B. Barber, William B. Carlile, Richard H. Watson, Charles G. Wetter, W. S. P. Shields and D. A. Watts as alternates, were elected to represent the Exchange at the meeting of the National Association at St. Louis.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Columbia, Lancaster Co., the bricklayers have commenced work on the new silk mill.

—At Carlisle, Cumberland Co., the dwelling and stables of David Kieser have been destroyed by fire.

—At Muncy, Lycoming Co., C. P. Bruch has purchased a lot upon which he will erect a dwelling.

—At Ogontz, Montgomery Co., alterations and improvements will be made to the hotel owned by B. E. Dubree.

—At Jenkintown, Montgomery Co., S. S. Comley has purchased a lot at Glenside upon which to erect a house.

—At Sunbury, Northumberland Co., the table factory of Ira T. Clements has been destroyed by fire, causing a loss of about \$25,000.

—At West Chester, Chester Co., Plummer E. Jeffers has purchased a lot on Franklin Street, upon which he will erect two dwellings.

—At Williamsport, Lycoming Co., the committee of the Y. M. C. A. are meeting with success in their work for the annex to the association building.

—At Darby, Delaware Co., Messrs. Patchell & Kilpatrick have secured contract to erect a store and dwelling for Charles E. Drews, at the corner of Main and Fifth Streets.

—At Marcus Hook, Delaware Co., the Wawasett Tribe of Red Men, will erect a building which will be fitted up as a hall on the second floor. The first floor will be fitted for stores.

—At Easton, Northampton Co., a number of capitalists contemplate the erection of a building the lower part to be fitted up as stores and the balance utilized as a first class theatre.

—At Lancaster, Lancaster Co., at a recent meeting of the Board of Trustees of the Reformed Theological Seminary a plan for a new seminary building, to cost about \$50,000, was selected.

—At Greensburg, Westmoreland Co., the new fuel gas plant of the Manufacturers Fuel Gas Company, of Greensburg, was destroyed by fire on January 27, at a loss of about \$5,000. It will be rebuilt on a much larger scale.

—At Wayne, Delaware Co., a Roman Catholic church will be erected on a lot which has been donated for the purpose. Archbishop Ryan will select the site and work will be begun on the contemplated structure sometime in the early Spring. The Baptists will also erect a church on the site of the present structure.

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

STAINED GLASS
176 South Broad Street, Philadelphia.

—At Lansdale, Montgomery Co., Mr. Peter Willpot will erect a handsome dwelling on Green street; work will be begun as soon as the weather permits.

—At Oxford, Chester Co., the congregation of the United Presbyterian Church will probably erect a new edifice in the near future. Five thousand dollars have been donated with the proviso that a like sum be raised in addition.

—At Reading, Berks Co., John H. Bertolet and others have made application for authority to organize the Reading National Bank.—The Philadelphia and Reading depot will have two stories added to it, and the tower is to be correspondingly elevated.

—At Chester, Delaware Co., Miss Laura Hard has purchased a lot on Broad Street, upon which she will erect a building.—The Holy Trinity Evangelical Lutheran Church congregation, who recently purchased a lot on Kerlin Street, will probably erect a church in the Spring.

—At Norristown, Montgomery Co., George J. Humbert and R. L. P. Elfsneider, have purchased the Times building at Main and Swede Streets. The purchasers contemplate a number of improvements, among which are steam heat and an elevator.—The Globe Tack Works have been sold to James S. Rambo and W. J. Clark.—On Friday, January 27, the borough market house was damaged by fire to the extent of about \$3000.

—At Harrisburg, the following corporations have been incorporated: To the Lackawanna Chemical Co., of Susquehanna, with a capital of \$150,000; to the Enterprise Glass Co., of Pittsburgh, with a capital of \$10,000; to the McKeesport Telephone Co., with a capital of \$50,000; to the Beaver Valley Theatre Co., of Beaver Falls, with a capital of \$60,000; to the Standard Wire Co., of New Castle, with a capital of \$20,000; to the Lancaster and Philadelphia Electric Street Railway Co., with a capital of \$500,000; to the Belle Bridge Ferry Co., of Elizabeth; to the Connelville and New Haven Bridge Co., of Connelville, with a capital of \$1000; to the Scranton Rapid Transit Co., with a capital of \$60,000.

—At Pittsburgh, Dr. B. H. Peabody will erect two brick dwellings on McCutty Street, at a cost of about \$10,000. They will be handsomely finished on the interior, and furnished with modern conveniences and improvements. Henry Sandan is the builder.—A permit has been taken out for the erection of Christ Methodist Episcopal Church, to be erected at the corner of Centre Avenue and Rebecca Street. It will be a brick and stone structure, and one of the finest edifices in the city when finished. The interior will be handsomely finished in hard wood, stained glass windows, fine pulpit furnishings and upholstery. The contract has been awarded to Henry Shunk, for \$127,647. The work will be pushed rapidly to completion.—The First National Bank will erect a seven-story addition, to cost about \$13,500. The site is at Fifth Avenue and Wood Street.—Black & Baird have sold for G. J. Young the property at 813 Liberty Street. The purchaser will raze the present building and erect a fine building for business purposes on the site.

Through New Jersey.

At Cliffwood, Monmouth Co., William Stillwagon's hotel has been destroyed by fire.

At Moorestown, Burlington Co., the Stanwick Carpet Company will enlarge the present mill in the Spring. The new building will be 100 x 120 feet.

It is reported that a bicycle railway will be constructed from Atlantic City to Pleasantville.

At Merchantville, Camden Co., opera chairs will be renovated in the Presbyterian church, as soon as it is replaced.

At Atlantic City the Glenellie House, on South Mississippi Avenue, was damaged by fire to the extent of \$1500 last week. Considerable furniture and carpets were ruined.

At Camden, Camden Co., Elwood Evans, Samuel M. Heulings, William Groff and Sarah E. Evans, of Haddonfield, and George F. Taylor, of Camden, have incorporated the Milk Cooler Co., with a capital of \$25,000, for the manufacture of milk coolers and all kinds of dairy fixtures.—A movement has been inaugurated looking toward the erection of a synagogue.

Through Maryland.

At Hyde's, Baltimore Co., Samuel N. Hyde will erect a new hotel.

At Farnsworth, Burlington Co., Cain's Hotel has been badly damaged by fire.

At Deer Creek, Harford Co., the Maryland Granite Co. will erect a new hotel.

At Trenton, the city clerk can give particulars as to the question of establishing an electric light plant.

At Towson, Baltimore Co., the Baltimore Forwarding and Railroad Co. will erect a new depot.

At Baltimore, the Baltimore Forwarding and Railroad Company will erect a new warehouse at Bel Air.—Mr. Bronner, proprietor of the City Hotel, will as soon as possible commence work on the erection of a new hotel building on the site of the old Mansion House on the northwest corner of St. Paul and Fayette Streets.—A. Derlin has taken permit to rebuild brick warehouse at No. 228 and 230 North Eutaw Street.—The warehouse of the American Phosphate and Chemical Company has been destroyed by fire, causing a loss of about \$200,000.

Washington, D. C.

Three handsome dwellings will be erected on Pennsylvania Avenue, from plans prepared by W. J. Palmer, 933 F Street, N. W. They will be three stories high, of cream colored brick and Indiana lime stone, with roofs of Spanish tile. The interiors will be handsomely finished in different kinds of wood. Modern conveniences and improvements will be introduced, and considerable tile work will be used in the bath rooms and vestibules. There will be handsome porches in front.—Thirteen two story frame dwellings will be erected on Thirteenth Street, between L and M, S. E., from plans prepared by Architect Frank Cooper. The estimated cost is \$20,000.—T. F. Schneider, 9 3 F Street, N. W., is preparing plans for a magnificent residence, to be erected for General J. B. Henderson. It will be somewhat in the style of an old castle, the plans calling also for a massive wall, seven feet thick, to surround the entire grounds, and a handsome gate of wrought iron to swing between two stone towers, twenty-two and sixteen feet thick respectively. Two large wrought iron lamps will also be placed at the entrance. The material of the residence will be of stone, and the interior will be finished in natural woods, stained glass windows, tile work, cabinet mantels, open fire places, sanitary plumbing, and all modern conveniences and improvements. A large two-story

stone stable will be erected in the rear, to contain the latest improved stable fixtures, concrete floors and roomy box stalls. The estimated cost of the improvement is \$40,000, and work will probably be started early in the Spring as soon as the plans are finished.—Charles A. Arundel will erect a dwelling on Seventeenth Street, near R, from plans prepared by C. A. Harkness, Corcoran Building. It will be three stories high, of press brick and Hammelstown brown stone, and the lower floor will be fitted up as a store, with a large glass show window. A copper oriel window will ornament the front of the second story. The interior will be finished in white pine, and will contain cabinet mantels, electric gas lighting, etc. George W. Sorrell is the builder.—Six two-story dwellings will be erected in West Brookland, from plans prepared by Joseph C. Johnson. The estimated cost is \$20,000. They will be handsomely finished on the interiors; cabinet mantels, considerable tiling, shingle roofs and modern conveniences.—The Washington "Post" Co. has taken out a permit for the erection of a large office building on E Street. It will be six stories high, of Indiana lime stone and brick, modern improvements, steam heat, elevators, etc. The estimated cost is \$53,000.

Wants.

TREASURY DEPARTMENT, OFFICE SUPERVISING ARCHITECT, Washington, D. C., January 8, 1893. SEALED PROPOSALS will be received at this office until 2 o'clock P. M., on the 21st day of February, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone and brickwork, &c., for the basement and superstructure of the United States Post Office, at Washington, D. C., in accordance with the drawings and specifications, copies of which may be had at this office or the office of the Superintendent on the building site. Each bid must be accompanied by a certified check for a sum not less than 5 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid if it is deemed in the interest of the Government to do so. Proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for cut stone and brickwork, etc., for the basement and superstructure of the United States Post Office at Washington, D. C.," and addressed to W. J. Edbrooke, Supervising Architect. No. 29,234.

C. A. Wilcox, Custodian U. S. Post Office Building at Quincy, Ill., proposals until February 7, 1893, for repairs and decorative painting in said building.

The Custodian, U. S. Court House and Post Office Building at Greenville, S. C., proposals until February 2, 1893, for furnishing four rooms in third story of said building.

United States Engineer Office, Room H 7, Army Building, 39 Whitehall Street, New York City, January 3, 1893. Sealed proposals for dredging in Saugatuck River, Conn., will be received at this office until twelve o'clock, noon, on Thursday, February 2, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application to this office. D. C. Houston, Colonel Corps of Engineers.

United States Engineer Office, Savannah, Ga., January 7, 1893. Sealed proposals for improving Jekyll Creek, Georgia, and the inside water route between the Savannah, Georgia, and Fernandina, Florida, will be received at this office until 12 M., city time, on the 7th day of February, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application to this office. O. W. Carter, Capt. Corps of Engineers, U. S. A.

Sealed proposals for the construction of a system of sewers for the village of Hoosick Falls, N. Y., will be received by the board of sewer commissioners until Tuesday, February 7, 1893, at 8 P. M., in the office of the clerk of the board. Plans are now on file in said office, and specifications, proposal blanks and other information may be had on application. The board reserves the right to reject any or all bids. Lyman C. Wilder, clerk of board of sewer commissioners, Joseph Buckley, president.

Sealed proposals for the construction of systems of water supply and sewerage will be received by the Mayor and Council of the Borough of Atlantic Highlands, New Jersey, until 3 P. M., Wednesday, February 8, 1893. The work contemplates approximately 7 miles of pipe sewers from 8 to 18 inches in diameter; manholes, flush tanks, and iron outfall sewer into Sandy Hook Bay, and approximately 8 miles of water mains, 4 to 10 inches in diameter, valves, hydrants, pumping-station, stand-pipe, etc. Bids will be received separately for the water and sewerage systems. Work is to be completed June 1, 1893. Certified check for \$1000 drawn to the order of the Borough Treasurer, must accompany each bid. Plans and specifications will be on file in the office of the Mayor at Atlantic Highlands, New Jersey, and at the office of the Engineer in Charge, National Bank Building, Orange, New Jersey, after January 20, 1893. Any or all proposals may be rejected. Somers T. Champion, clerk. Carroll Ph. Bassett, Engineer in Charge.

The Water Commissioners, Rooms 7 and 8, 27 State Street, Schenectady, N. Y., proposals until February 6, 1893, for furnishing and delivering in sound condition on board platform railway cars on the line of the New York Central, on Delaware and Hudson Canal Railroad, and on the dock of the Erie Canal, in the said city, free from freight or other charges, a quantity of iron sewer pipes.

Proposals for street letter boxes, package boxes and also for posts, or posts and pedestals. Post Office Department, Washington, D. C., Jan. 25, 1893.—All proposals for street letter boxes under advertisement of December 5, 1892, having been rejected, sealed proposals will be received by this Department, in the care of the Superintendent of the Free Delivery system, marked "Proposals for Letter Boxes, etc.," until 12 o'clock noon on Thursday, the ninth day of February, 1893, for furnishing Street Letter Boxes, Package Boxes and Posts or Posts and Pedestals for the support of said boxes and suitable for use in the free delivery service. The box desired should allow the mailing of a letter by one hand and afford protection from depredators and the weather. These street letter boxes are to be in three sizes: The smallest, or No. 1, to contain not less than seven hundred and fifty (750) cubic inches of inside space; the next size, or No. 2, not less than eleven hundred and eighty (1,180) cubic inches of inside space, and the largest of these street letter boxes, No. 3, not less than two thousand three hundred and sixty (2,360) cubic inches of inside space, or about double the capacity of No. 2, the package boxes to contain not less than eight thousand five hundred (8,500) cubic inches, such space to be exclusive of spouts or space occupied by apparatus or device for the protection of mail matter. Full size models should, if practicable, be submitted with the proposals by all bidders. The contractor for these supplies, or any of them, will be required to undertake, with sureties to be approved by the Postmaster General, in a sum of not less than ten thousand dollars, to faithfully perform his contract, and to save harmless the United States or any officer or contractor thereof from loss, damage or cost by reason of any infringement of any patent in the use of said boxes or posts or any of them, or any device connected therewith. The owner or inventor of any patentable device which is accepted and adopted, or his assignee, will be required to assign to the United States his or their interest in such box, device or invention, so that the department may have perpetual and exclusive right to adopt and use the same in connection with all of said supplies it may hereafter obtain; such invention or inventions to be reassigned when the Department abandons the use of the supplies covered thereby. Proposals may be submitted for supplying boxes suitable for inside locks, or for padlocks, or for both, the right being reserved to adopt or reject any or all of them. The boxes furnished are to be painted two coats of best English vermilion, the latter coat to be mixed with varnish, and the boxes must have thereon such letters and devices stamped, cast or painted as the Postmaster General may designate, and no other. The posts must be made of iron or steel, sufficient in size and suitable in construction for attaching thereto letter and package boxes. Contracts made under this advertisement will be for four years, and for supplies, free-on-board cars at place of manufacture, which must be named in the advertisement. The right is reserved to reject any or all proposals. John Wanamaker, Postmaster General.

JUDGMENTS.

PHILADELPHIA.
ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

Subscription, \$5.00 per year, always
in advance.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,
No. 17 NORTH TENTH STREET,
ABOVE MARKET STREET.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,
Proprietor.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

PHILADELPHIA, WED'Y, FEB. 8, 1893.

Hampered Energies and Why.

When our National Banking System disappears what system will take its place? To this a dozen answers are made, some of them taking the shape of bills before Congress. Another question more pressing in its nature is: Is it safe to repeal the Sherman Act of 1890? The objective points professedly, at least, of repealing this law is to prevent gold exportation, preserve the purchasing power of our dollar and prevent the increase of dollars worth actually one-third less than their face value. But important as is this matter let this also be set aside for the moment while another question comes up such as this: Is there a sufficient volume of money in the country? If we cannot have enough gold dollars or their redeemable equivalent shall we go without silver dollars redeemable or not and depend upon some sort of paper money that the ingenuity of financiers may devise in the near future? The financial writers of our daily papers reiterate that money is abundant, which is simply intended to mean that the usual commercial avenues are supplied as usual. It is not intended to convey the fact that the thousand and one would-be borrowers engaged in productive industry or legitimate trade, who need money and who have substantial collaterals, are also accommodated. The clamorous appeals and the continuous agrarian agitations of western farming communities for more and cheaper money and for government assistance in loans on warehoused crops ought to be accepted as evidence at least as to those communities that there is need of more money. If there is enough money in circulation by what rule or method or standard do we arrive at that conclusion? If there is not enough money in circulation or in existence how do we reach that conclusion? To these questions there is no answer. Our conclusions one way or the other are arbitrary. The only disposition of this question will be found in the some day, sudden and

almost violent, at least, politically violent, action of the people themselves, who will rise up and vote down what they feel to be oppressive and vote up what they feel will prove a blessing.

The practical points are these. The governments of Europe are drawing gold to the extent of their ability from all points of the world, their main source of supply being the United States. The purpose of this is to prepare for war and to have what they believe is or will be the safest possible money and monetary system. It is not probable that this drain will continue indefinitely. A reaction is probable, in which much of the accumulated gold will return in the course of trade because of the dependence of European countries on this for food supplies. But if so it will be more our good luck than good management. Our government protects a thousand and one things, but it fails to protect gold. We have and should have no fault to find with the natural and legitimate exportation of gold or gold bullion in payment of our international indebtedness, but there ought to be, it seems, a protection against this artificial drain of a material on which the security of our financial system rests.

But even this, important as it is, is a minor issue. That which concerns us more as business men is the sufficiency of the volume of money, such as it is, for our needs. It is admitted the urgent wants of the larger traders and manufacturers are met, but it is asserted boldly that the wants of a vast class of producers farther removed from bank counters, the smaller traders, the smaller manufacturers and the tillers of the soil are not met, and cannot be under our present system and with the present volume, or by any volume to which our present system can be possibly expanded. If this is true our government is seriously and dangerously at fault. It is on this fact and allegation we stand. A serious fault exists. A serious wrong is being maintained toward the great mass of producers in all avenues of activity by the present system. The ideas of our law makers are contracted. They do not recognize what vast energies are restrained, what great activities are chained because of the absence of means to act and to expand industrially and commercially. What we are to-day as a people is one thing, what we could be under a wise financial policy and system, with enough dollars to exchange for the wealth which we have the heart and head and hands to produce, is another thing.

A DECISION of the Supreme Court of Pennsylvania, has just been handed down in the long standing case between Henry B. Leskie, contractor, and Charles F. Hazeltine, with reference to the award of a contract to another than the lowest bidder. At the time of the construction of the Hazeltine Building on Chestnut Street, west of Broad; Mr. Leskie being invited by the architect, made a bid of \$153,000, being the lowest of ten bidders requested to make estimates. Subsequently, Mr. Hazeltine awarded the contract to

another, hence the suit at law by Mr. Leskie. The decision just rendered is against the contractor, the Court holding that it does not follow because Mr. Leskie was the lowest bidder, that Mr. Hazeltine was bound to award him the contract. This is a very important decision and will no doubt be a standard for future action between contractor and client.

The Deakin Collection.

Sir Edwin Arnold, than whom, perhaps, no more capable art critic ever lived, did not exaggerate the merits of the Deakin Collection of Japan and China art objects when he wrote:

"I consider the Deakin Collection one in the highest degree creditable to the judgment and taste of its owner; and containing, alike in its largest and smallest items, examples of Japanese Art desirable to possess, and of a character to pass the ordeal of the severest critic's examination, while their intrinsic beauty must recommend them to the ordinary connoisseur and to the appreciative public."

A proper estimate of Japanese and Chinese art has not yet been established in America owing to the fact that the best work of these strange peoples is seldom seen outside of private collections, such as that of Mr. Deakin's.

To speak in detail of the great range and variety, together with the exquisite beauty of the thousands of pieces in this collection meriting special mention, would require more space than we can spare, but these are a few classifications that must be passed over at least.

The bronzes are simply magnificent in proportions as well as in workmanship. Their rich coloring and unique and original designs should command for them places in the mansion homes of our millionaires. The Gold Lacquer work is also particularly attractive, and here we find it in the richest and most ostentatious cabinets to the smaller pieces, the best the world has ever seen.

The Mamikama enamel work, with the softest tints imaginable, and so delicately executed that they seem yet to bear the imprints of fairy fingers, mammoth Cloisonne enamels typifying the highest Japanese art in this line. There are many of these magnificent pieces, and they are said to be the finest ever brought to this country.

There are carvings in ivory in endless variety, swords of high and low castes of many shapes, and fancy colored wooden scabbards.

The rich Temple hangings, with their gold and silver embroidery, make up a large part of this collection. They are truly beautiful, as they must be to command a prominent place. There is an endless variety of beautiful vases; in fact, the potters' art has by no means been neglected. This entire collection is to be sold on February 13th by Davis & Harvey, and its careful and critical examination will be time well spent.

THE Joseph Dixon Crucible Company, of Jersey City, has issued a handsome catalogue containing much valuable information concerning Dixon's American Graphite pencils, rubbers, etc., and finely embellished with a number of beautifully executed cuts of the graphite mines at Ticonderoga, N. Y., and the works at Jersey City, N. J.

THE Hart Cycle Company, 811 Arch Street, this city, has issued a handsome calendar for 1893, with the months conveniently arranged for reference and containing three finely executed cuts of the salesroom, a stock-room and the workshop respectively.

Architect Notes.

H. D. Dagit, architect, 706 Walnut street, Phila., has completed plans for a large house to be erected at Twenty-second and Point Freese Avenue. The structure will be of brick, stone trimmings and modern conveniences. Estimates will be invited at an early day.

Bailey and Truscott, architects, 136 South Fourth Street, are engaged to prepare plans for a house for Mr. Percy Simpson, at Overbrook, Pa. The building will be three stories high and stone, with a slate roof. The interior will be in hard woods, oak floors on main rooms, first floors, electric work and steam heat and all modern conveniences.

T. Meion Rogers, architect, 1122 Walnut Street, Philadelphia, has been engaged to prepare plans for repairs and alteration to the old St. David's P. E. Church, near Wayne, Delaware Co., Pa. The church is now 179 years old and was renovated about twenty-five years ago and it is now proposed to change it to its original condition and plainness. The old sounding-board pulpit, colonial altar, wooden font, gallery and wainscoting, etc., will be restored. Mr. Rogers is also preparing plans for a colonial cottage for Mrs. Henry C. Hart, at Ambler. It is to be three stories high and finished in an attractive style. The same architect is at work on plans for a prettily designed house for T. R. White, at Norristown. The house will be built of Port Deposit granite, gray stone and red slate roof. It will contain a large library and parlor, finished in hard wood. There are also to be a music room and conservatory. The house will be heated by steam.

F. William Rumpf, architect, Odd Fellows' Hall, 147 Ellison Street, Paterson, N. J., sends the following: The Columbia Building Company, with a capital of \$200,000, of which \$10,000 has been paid in, has bought from the Coit Land Company a block of ground facing Main, Hamilton and Ward Streets and Lee Place, for \$130,000. The tract contains twenty-nine city lots and is opposite the site recently purchased for the new U. S. post-office. The company intend to cover this large block with buildings and have accepted my plans for light private residences to be erected on Lee Place, as a first start. These dwellings will cost about \$4500 each, and will be built with cellar and first story of granite, second and third stories of press brick with stone trimmings and galvanized iron cornices, tin roofs, hardwood finish on first floor, steam heat, electric bells, speaking tubes, and all improvements necessary for a first-class dwelling. Yards and side-walks will be of cement. Also plans for the Passaic County Building Association for five dwellings, containing in front one hundred feet,

and eighty feet deep. Four to be three stories high and the centre dwelling four stories high, all of press brick and to cost about \$48,000. Details not yet settled.

Willis G. Hale, architect, 1524-26 Chestnut Street, Philadelphia, has made plans for the construction of an immense Apartment House to be erected by a stock company when fully organized, and to be named "The Universal." These drawings contemplate a building between ten and fourteen stories as may yet be determined upon to be of brick, stone, iron and terra cotta. The first floors will be for offices and stores such as are first class in every particular, and contain principally goods such as may be wanted by the tenants in the house. All the remaining floors will be divided in suites of rooms of from two to seven and fitted with and without kitchens, baths, etc., to suit the occupants, all being fitted with the most improved modern accommodations. The ground floor will be quite a feature, Mr. Hale having provided for all the business wants and home comforts of patrons. In the centre will be a large rotunda with entrance to and from all the places of business, as well as being a general thoroughfare, and the basement will contain all the power, steam and electric, there being numerous elevators located at convenient points as well as freight-lifts, speaking tubes, electric lights and bells, in fact no points of comfort have been overlooked by the projector of the enterprise. At present the success of the matter depends upon the question of location, there being in view two sites, central and easy of access to the business part of the city. Much of the stock has been subscribed for already. The erection of what may be to Philadelphia what Madison Avenue Garden is to New York City, is now being considered by Louis A. Kellieck, proprietor of the Chestnut Street Riding Academy, 23d and Chestnut Streets, from plans prepared by Willis G. Hale, architect, 1524-26 Chestnut Street, Philadelphia. The drawings contemplate a main building extending over ground 240 by 226 feet, and bounded by Chestnut, 23d and Johnson Streets, with an immense tower located at the corner of 23d Street which it is proposed to be utilized for club rooms as well as being fitted with an elevator to convey persons to top for sight-seeing over the city and surrounding country it being of a great height; two other smaller towers will stand upon either side of the grand entrance on Chestnut Street which is most elegantly designed; a very handsome feature will be a four-story structure at rear of the main building which will also be fitted for such purposes as may hereafter be decided upon; the roof will be either Spanish tile or slate, and quite ornamental; the chief materials of walls to be stone and brick with some terra cotta work. The interior will be a model of ingenuity and comfort combined with elegance, and capable of seating about 7500 persons, each enabled to see the entire performance or exhibition, with seats that may be removed or altered at will, the amphitheatre in the centre and upon the ground floor, the whole to be heated by steam; electric bells and light, speaking tubes, dumb waiters, and every modern convenience will be introduced. On 23d Street it is also intended to place a very elegant entrance near Johnson with small towers upon each side. Stabling within the walls for about 500 head of horses with every convenience and sanitary improvement known including cement flooring, etc., also a large number of private stalls specially adapted for care of valuable horses. The new structure will be known as "The Chestnut Street Auditorium and Riding Academy."

A memorial signed by prominent gentlemen was forwarded to Senator Quay on the 4th inst., asking his interest in behalf of bill No. 9592, now before the Senate Committee on Public Buildings and Grounds, that provides for the throwing open of plan making for public buildings to general competition. The memorial sets out: "In urging the importance of the bill and its far reaching influence for good in connection with the improvement of Government architecture and in the methods adopted in the design and supervision of public buildings, we would call your attention to the memorial prepared by James H. Windrim, entitled, 'Architecture and the United States Government,' and appended to the copy of the bill enclosed. Also to the memorial addressed to the Committee on Public Buildings and Grounds by the Board of Directors of the American Institute of Architects, at a meeting held in the Senate Committee room on the 10th inst., when you and Senator Pascoe were present. We would add that the same recommendations have from time to time been made by Messrs. James H. Windrim, H. A. Potter and James G. Hill, all of whom have served the United States as supervising architects, and who have thus become thoroughly familiar with the present methods employed in the design and erection of our public buildings; together with the necessity of making such changes in administration as will enable the Government to obtain equally efficient service, with economical and artistic supervision in their construction, as is now the general rule in the best private practice. The importance of this matter cannot be too strongly urged. The present Congress expires on March 4 and in case of failure the entire work will have to be done over again in both House and Senate. It is believed that should the bill under consideration become a law it will be the entering wedge to a better order of things, and with such modifications of it as will naturally arise, there will be inaugurated a system by which the Government will secure a class of work that will compare favorably with that executed by foreign Governments, and in which the whole nation can take a pride." The signers of the memorial are A. J. Drexel, B. B. Comegys, J. L. Erringer, Eugene Delano, Theophilus P. Chandler, Jr., Jas. H. Windrim, Geo. C. Mason, Jr., Samuel Huckel, Sr., Edward Hazlehurst, Amos J. Boyden, James Knox Taylor, John Stewardson, Walter Cope, Frank Furness, Allen Evans, Addison Hutton, Charles L. Hillman, William C. Priehett, Jr., Tomas B. Priehett, Jr., Worthington, Wilson Eyre, Jr., Frank Miles Day, Henry Macomb and Joseph M. Wilson.

Since the above action was taken and noted, the following dispatch explains itself:

WASHINGTON, Feb. 5, 1893.—Mr. Theophilus P. Chandler, Jr., Philadelphia, Pa.—Dear Sir: The communication of January 28, referring to House Bill 9592, over the signature of yourself and a number of other gentlemen, came to hand this morning. In reply beg to inform you that the bill passed the Senate yesterday, and also that it met with my approval. Yours truly, M. S. QUAY.

Building and Real Estate Notes.

See Want column for proposals, until February 10, for the demolition of the buildings now on the plot of ground to be occupied by the Philadelphia Bourse.

The congregation of Grace Episcopal Mission, at Girard Avenue and Leidy Street, will erect a church of Gothic design, with a seating capacity of about \$400.

Thomas M. Seeds, Jr., contractor, 203 Race Street, will erect a stable and carriage house, 20 x 20 feet, at Belfield Avenue and Mill Street, to be of brick and stone, with all modern conveniences.

It is understood that work upon the basement and gymnasium of Temple College, adjoining Grace Baptist Temple, at Broad and Berks Streets, will be commenced early in the Spring. It will be 85 x 150 feet.

Shehan & Shehan, builders, will soon break ground in a few days for thirty-eight dwellings and stores at Thirtieth and Wharton Streets. All to be of press brick fronts, stone trimmings and best interior accommodations.

It is proposed by the Methodist Episcopal congregation at Broad and Christian streets, to remodel to considerable extent the present place of worship. The work will be chiefly interior when it is done. No contracts of any kind have been let.

Bement, Miles & Co. have purchased the property of the Stokes & Parrish Machine Company, on Wood street, near Twenty-third, and on Twenty-third street near Powelton, for \$35,000. The lot is 100 by 186.9 feet, and the other 32 by 60 feet.

Beimer and Updyke, contractors, have been awarded the contract to construct the new drill shed for the Second Regiment N. G. of Pa., on their lot, Broad Street above Diamond. A full description of this work has been given in this journal in former notes. Plans were made by John Ord, architect.

D. C. Schuler builder, 2327 North Sixth Street, has bought a lot of ground on west side of Sixth Street, below Diamond, 140 x 75 feet in depth and will as soon as weather permits begin the erection of nine fine residences, of press brick, red and brownstone trimmings, porches in front and many new features on interior, with best accommodations.

The ordinance creating the loan of \$3,500,000, for public improvements, has been passed by City Councils and will now go to the Mayor for his approval; also an ordinance introduced, appropriating \$300,000 for continuation of paving Broad Street from Fitzwater Street, south to Passyunk Avenue, and north from Filbert Street to Spring Garden. The material will be asphaltum.

Mayor Stuart has urged the matter of the removal of the Municipal Hospital and erection of a new one in its stead. The project has also been asked for by the Board of Health and will likely be put in the shape of an ordinance, at an early day, as the needs are of a pressing character. This action will also enable builders and others to derive new benefit from property in the immediate vicinity of the present building.

The required amount of money for a new hall at Devon has been almost fully subscribed by interested residents, and bids for the work are now being asked. The building is to be 105 x 40 feet, including the extensions. It will be two stories high. On the first floor are to be accommodations for a day school and a place for entertainments, with a stage 16 feet deep and 29 feet wide. A window back of the stage is to represent the State House windows. Two staircases lead to the second floor, which will contain a banquet room 30 x 40 feet. This floor will also have a locker and lavatory for the Devon Tennis Club, together with a kitchen and pantry. The building will be of light gray stone to the window-sill, and shingled above. It will be electric lighted and steam-heated.

The buildings recently destroyed by tumbling down at 517-519 Commerce Street will be rebuilt at an early day upon the same lines as the old ones. Already the contractors are at work clearing away the debris from the cellars of the fallen structures; and it has also been decided to take down the wall of the building just east of the site, as it has been badly damaged by pressure when the accident occurred.

Ion. M. S. Quay has just bought one of the finest building sites in the city of Washington, D. C., and will erect upon the lot a fine residence for himself. The site is a portion of the grounds adjoining the residence of the late Geo. W. Riggs, on K Street, between Sixteenth and Seventeenth Streets. The lot is 99 x 110 feet and cost \$54,000. Mr. Quay will erect a large double house, to cost about \$100,000. It is believed no contracts are as yet awarded for any of the work.

Jacob Wenzelberger contractor, 1220 Filbert Street, has been given the contract to erect the new building for John F. Cronin, at Broad and Vine Streets and fully noted in a previous number of this journal, in architectural notes. The plans were prepared by Henry D. Dagit, architect, 706 Walnut Street, Philadelphia. The front will be of buff brick and terra cotta work, interior in hard wood, with steam heat and all modern improvements.

Robert P. Lisle, of 1618 Spruce Street, is at the head of a syndicate for the erection of a large apartment house on the site occupied by lots 1411 to 1415 Walnut Street, in this city. An endeavor is being made to secure 1417, as well as 1419, which will give a frontage of about 120 x 100 feet in depth. It is understood the plans have all been completed for the structure, and work is likely to be started early in the Spring, if properties can be secured.

Dr. G. F. Theel has awarded the contract for the erection of a country house, conservatory, stables, etc., at Chelton Hills Station, on an acre and a half of ground at the corner of Washington Lane and Jenkintown Road, purchased of the Heacock estate for about 10 cents per square foot. The dwelling will be 35 x 52 feet, built of stone and frame. A porch is to extend almost completely around the house, and there is to be a porte cochere over the rear driveway. A private reservoir and an electric plant are to be provided.

The property at the northeast corner of Eighth and Market Streets will shortly be improved by the erection of a handsome five-story structure to be used for mercantile purposes. The owner, Henry C. Lea, Esq., is having plans prepared by Collins & Autenreith, architects, 410 Walnut Street. It is proposed to construct a building with small stores facing on Eighth Street upon the ground floor, while larger ones will face upon Market Street, the front on the latter thoroughfare taking in two lots. The material to be used in the walls will be buff or gray brick, terra cotta and galvanized iron work. A handsome tower will rise at the main corner. Both buildings will be heated by steam, electric work throughout and best sanitary plumbing. A freight elevator will be placed in each building, and all modern accommodations included. Only special invitations to bid upon the work will be sent when all preliminaries have been arranged for commencement of the work.

Councils' Sub-committee on Improved Pavements met on the 30th of January, with Mr. Smithers in the chair, to consider an ordinance regulating the specifications for Belgian block pavement. Director of Public Works Windrim

and Chief Commissioner of Highways Bullock were present, and the ordinance, as amended by Director Windrim, was approved. The ordinance will require that Belgian block pavement shall be laid on a concrete base of broken stone four inches thick; that the blocks shall be at least six inches deep and of stone of a quality that will resist a strain of 13,000 pounds to the inch. The surface of the stone must be cut so that projections will not be over one-quarter of an inch and the stones be laid with gravel and pitch-cemented joints. These conditions are to apply to paving done by passenger railway companies as well as for city work. It is estimated that the cost of paving will be increased about 30 cents a square yard if the ordinance shall be passed by Councils.

Several building operations are under way at Tioga, and more are likely to commence when the weather is more favorable. At Allegheny Avenue and the Germantown branch of the Reading Railroad, the Warden Manufacturing Company is having two additional buildings erected. One is a frame structure 60 x 90 feet and 40 feet high. It will be used as a cover for an immense hydraulic traveling crane. The other structure is being erected at the western end of the present plant and will be about 60 x 124 feet, with an elevation of 58 feet. It is to be of iron, with plate pillars and girders, and will be covered with corrugated iron. It is to be used as an erecting shop, and will contain a 30-ton electric traveling crane. The work is to be completed in about two weeks.

Builder D. R. Evans, of Tioga, is erecting a one-story brick building, 25 x 45 feet, on the northwest corner of Twentieth street and Allegheny Avenue, for William Dunn, formerly of Ruffner & Dunn, Falls of Schuylkill, for the manufacture of automatic steel springs, etc. The building will be fitted up with five furnaces and one forge, and will be the first of a number of other buildings that Mr. Dunn contemplates adding the coming season.

Builder Thomas Batley, who recently made an important purchase of Park front ground, on Thirty-third street, between Diamond Street and Susquehanna Avenue, has gone more extensively into operations in the northwest section, having recently secured, through the Industrial Trust, Title and Savings Company, three large blocks of land, sufficient to accommodate about 200 dwellings. These lots are on the south side of Diamond street, west of Twenty-fifth, on Twenty-fifth Street, south of Diamond, and on Norris Street, extending from Twenty-fourth to Twenty-fifth Streets. These, taken in conjunction with the high-grade operation on the Woll and Gandy tract, on Thirty-third street, will give Mr. Batley considerable to think about. It is announced that he will commence operations at these different points as soon as the weather permits. Mr. Batley will also build another large operation on both sides of Twenty-fifth Street, from Arlington to Diamond; also both sides of Norris, from Twenty-fourth to Twenty-fifth Streets, and on the south side of Diamond from Twenty-fifth Street to Glenwood Avenue. These houses will mainly be two stories high, and all of them will have brown stone trimmings and be of the best press bricks and ornamental fronts; all to have best interior work and all modern improvements, the total number of which will be 210.

Arrangement has been completed for an important and costly improvement opposite the Park front at the Diamond Street entrance. Before all the work now mapped out is finished it is probable the total cost will foot up to nearly half a million dollars. The site of the proposed opera-

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
First Store below Market St.) PHILADELPHIA

tion is a lot on the east side of Thirty-third Street, extending a distance of 510 feet from Diamond Street to Susquehanna Avenue, and having a depth of 140 feet to a back street. It faces the boulevard and the Park at exceedingly popular entrances, and will doubtless prove a specially attractive residence section. The prime mover in the project is Adolph Woll, the up-town manufacturer, who recently purchased the ground, in conjunction with George S. Gandy, the street railway official, from James H. Stevenson & Co. Messrs. Woll and Gandy have reserved for themselves the Diamond Street and Susquehanna Avenue corners respectively, but the remainder of the lot they have sold to Thomas Batley, the builder, under restrictions to build residences only of a high architectural order. Mr. Woll reserved of his half of the whole lot 68 by 140 feet, on the Diamond street corner, on which he proposes to erect a handsome residence and stable for himself, and Mr. Gandy reserved a similar lot on the Susquehanna avenue end for a similar purpose. This left the size of the intermediate tract sold to Mr. Batley, 374 feet along the Park front, with a depth of 140 feet. Mr. Batley has taken title to the ground and has also obtained plans for the houses he proposes to build. These are to be 14 in number, built in pairs, with side yards and stables on the ends of the lots. From descriptions given of the plans, the houses are to be quite ornamental, having brown and red stone fronts, tiled porches and polished stone piers, and attractive towers and bays. The interiors are to be roomy and light, and a feature is to be made of the finish. Mr. Batley proposes to go ahead with his part of the work at once, and Messrs. Woll and Gandy as soon as they can get estimates on their plans, and not later than March 1st, weather permit ing. The plans for those to be erected by Mr. Batley were made by J. Elvin Jackson, architect, 804 Walnut Street, and fully noted in a previous number of this journal.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Kennett Square, Chester Co., Harry Hicks has purchased ground and will erect a number of green-houses.

—At Brownsville, Fayette Co., Pittsburgh capitalists have offered \$7500 for a lot upon which to erect an opera house.

—At Cardington, Delaware Co., Andrew Winters will erect a number of dwellings. Work will begin early in the Spring.

—At Landenberg, Chester Co., the congregation of the Catholic society contemplate the erection of a church at an early date.

—At Pittston, Luzerne Co., it is said that the Reading railroad company will erect a handsome station during the coming Summer.

—At Morrisville, Bucks Co., the County Commissioners have decided to erect a new iron bridge over the canal at a cost of about \$3000.

—At Lansdowne Park, Delaware Co., twelve dwellings will be erected in a short time. The ground is in charge of Edward A. Price, of Media, Pa.

—At Bridgewater, Bucks Co., a large number of dwellings will be erected in the Spring to accommodate the workmen of the cordage works which will be started in the Spring.

—Mr. Boyer will introduce a bill in the State Legislature to appropriate \$30,000 for the purchase of certain ground at Valley Forge for a public park. The site includes about 250 acres.

—At Norristown, Montgomery Co., Ambrose Dettra, real-estate agent, has sold a number of lots at Bridgeport, to L. F. March & Sons of that place, who will erect a number of dwellings and make other improvements.

—At Wilkes-Barre, Luzerne Co., the Ice and Cold Storage Company has awarded contract to erect the new storage plant.—The Wyoming Valley Hotel will be improved and enlarged, and new furniture will be put in.

—A syndicate of capitalists, including Leonard Kick, of Greensburg, and others, have purchased the Ridgeview Coal and Coke Works, near Latrobe, for \$28,000. The new company will put in seventy-nine coke ovens.

—At Norwood, Delaware Co., work has begun on the new plant for the manufacture of the Briggs' Lock Joint Brick. The estimated cost of the plant is \$10,000. Joseph S. Briggs, 832 Union Street, Philadelphia, can give information.

—At Carlisle, Cumberland Co., it has been announced by President Reed, of Dickinson College, that valuable property near the college had been donated to the college as a site for a new recitation building. The property donated is valued at \$13,000.

—At Reading, Berks Co., a great effort is being made to establish a system of sewers and a bill has been introduced in council to that effect. It was offered by John H. Keppelman in select council and provides for the construction of a complete and modern system of sewerage and sewage disposal.

—At Bethlehem, Northampton Co., the jewelry store of L. J. Glering was damaged by fire, to the extent of \$4000, on January 30. It was fully insured. The stockholders of the Opera House, of which Mr. Frank J. Leach is president, are pushing matters looking to the erection of a new opera house.

—At Pottsville, Schuylkill Co., Major Herbert S. Thompson, Chief Engineer of the Girard Estate and Water Co., has awarded Messrs. M. P. Quinn and Lewis Grant the contract for constructing a new water dam on the estate. The estimated cost of the new dam is \$75,000, and work will be commenced as soon as possible.

—At York, York Co., W. F. Stewart, J. W. Allen, Rev. H. H. Weber, Charles H. Dampwolf, E. H. Houser, Adam F. Geesey, D. H. Loflan, J. T. Kopp and George D. Gitt have been elected directors of the newly organized Security Title and Trust Company. W. F. Roy Stewart, president; J. W. Allen, secretary; and C. H. Dampwolf, treasurer.

—At Pittsburg H. E. Steffler will erect a dwelling on Atlantic Street to cost about \$5,000.—Wm. Fox will erect a brick dwelling on Thirty-Eighth Street to cost \$5,000.—G. H. Beneret & Brother will erect an eight story warehouse on Smithfield Street, between First and Second Avenue. The estimated cost is \$40,000. The builders are Murphy & Hamilton. The structure will be of stone, brick, with handsome interior finish and modern conveniences and improvements.—Mrs. Celia Jones will erect a dwelling on Jane Street to cost about \$7,000. It will be of brick, with fine interior finish, modern improvements. Beirz Brothers are the builders.—Work has begun on the new market house which the city will erect on Diamond Street at a cost of \$33,000. F. Beuz is the builder. It will be of brick, with all the conveniences and improvements necessary to make it one of the best of its kind.

—At Coatesville, Chester Co., the Young Men's Christian Association will begin operations on the proposed building for the use of the organization early in the Spring. It will be situated on Main Street between First and Second Avenues, and the structure will be handsomely finished and furnished with modern conveniences and improvements. A large public hall and a gymnasium will be among the special features.

—At Doylestown, Bucks Co., the Thompson property on Main street, for which Samuel A. Firman is the agent, was sold a few days since, to the Doylestown National Bank for \$7250. The lot has a frontage of about 50 feet on Main street, and is 300 feet deep. It is said that the Bank officials contemplate the erection of a handsome building for banking purposes on the site. Mr. Henry Lear is president of the Bank.

—At Chester, Delaware Co., there is considerable talk in regard to establishing a new Summer resort at the head of Delaware Bay, and a location about twenty miles from Chester has been suggested. It is probable that a company will be formed and the necessary pavilions, etc., erected. The steamboat companies will likely take some interest in the project.—William Bolden will erect six two-story dwellings at Sixth and Wilson Streets, South Chester.—Captain Williams will also erect two two-story dwellings on Sixth Street near Reany Street.—Two dwellings will be erected by Henry Slawter at Seventh and Parker Streets.

—At Harrisburg, charters have been issued to the following corporations: To the South Eastern Toll Bridge Co. of Easton, with a capital stock of \$5000, for the erection of a bridge over the Lehigh River at the foot of Packer Street. The directors are Allen Spangler, Chester Smith, E. C. Hillyer, H. J. Mallineaux and Richard F. Pascoe. To the Radnor, Haverford and Philadelphia Passenger Railway Co., with a capital of \$75,000, and Frank S. Harrison, William L. Kite, George Young and others directors. To the Conshohocken Railway Co., of Conshohocken, with a capital of \$100,000, and James W. Shepp, Daniel B. Shepp, of Philadelphia, and others directors. The road will be constructed from Norristown to Spring Mill. To the Bristol and Trenton Passenger Railway Co., with a capital of \$48,000, and Edward Morrell, Henry V. Massey, William V. Massey and Adolph Hermann, of Torresdale, and Frank L. Edwards, of Bristol, directors. To the J. E. Fricke Co., of Philadelphia, with a capital of \$100,000, for the manufacture of ropes and twine. To the York Dynamite Co., of York, with a capital of \$10,000. To the American Safety Head Match Co., of Lebanon, with a capital of \$100,000, for the manufacture of matches under the patents of Charles M. Bowman. To the Scranton Fire Brick Co., with a capital of \$30,000. To the Holmesburg and Bristol Passenger Railway Co., with a capital of \$60,000.

Through New Jersey.

At May's Landing, Atlantic Co., a movement is on foot favoring the establishment of a new National bank.

At Millville, Cumberland Co., the Board of Education is considering plans for the erection of a new school building, to cost about \$15,000.

At Woodbury, Gloucester Co., Samuel Garrigue is interested in a movement favoring the construction of a crematory.—Daniel Thackara has commenced work on the erection of dwelling houses on the site of the old Methodist Church.

WEBER PIANOS

Ample capital, allied to the best musical and me-
chanical skill and earnestness of purpose,
coupled with untiring industry and perseverance,
and the ambition to make the BEST Piano
which it is possible to produce, may be called a
few reasons why the

WEBER PIANOS

are better than those of other makers.

Notwithstanding the great superiority of the

WEBER PIANOS

the Prices are as low as those of other good
makers.

Cor. Haines & Hancock Sts., Germantown, Phila.

At Absecon, Atlantic Co., the Dougherty heirs have sold three hundred and twenty-five acres of land to G. Jason Waten, proprietor of the Hotel Windsor, at Atlantic City. Mr. Waten will erect a lodge and improve the grounds and construct an artificial lake.

At Asbury Park, Monmouth Co., the joint committee of trustees and citizens met an architect last week to consult in regard to the erection of a new school building, and plans will be submitted to the committee in a few weeks, probably at the annual meeting in March.

Through Maryland.

At Baltimore, the most important building permits issued to date are as follows: To the Home Friendly Society, to erect a five-story brick office building at No. 100 West Fayette Street; to W. Suess, to erect a three-story brick dwelling on Baltimore Avenue, near High Street; to T. Armstrong, to erect a two-story brick dwelling on Falls Avenue, near Pratt Street; to P. Reddington, to erect three three-story brick dwellings on Harford Avenue, corner of Hoffman Street; to F. W. F. Schroeder, to erect three two-story brick dwellings on Madeira Alley, near Fairmount Avenue; to the trustees of Johns Hopkins Hospital, to erect a seven-story brick warehouse 74 by 171 feet 9½ inches at the northeast corner of Green and Pratt Streets; to J. F. Krouss, to erect ten two-story brick dwellings, west side of Sallowood Street, near Maryanna Street; to J. R. Slattery, to erect a four-story brick college building on Pennsylvania Avenue, at St. Mary Street; to F. R. Williams, to erect a three-story dwelling on George Street, near Myrtle Avenue; to Justus Schweitzer, to erect a two-story brick building on Collington Avenue and Townsend Street; to C. C. Collums, to erect eight two-story brick dwellings.—Clayton E. Emig, president of the Aqua Supply Co., has purchased seventeen lots from the St. Helena Improvement Co., whose property is situated on the Sparrows Point branch of the Pennsylvania Railroad, near Canton. It is reported that Mr. Emig will erect a number of cottages.

Washington, D. C.

Senator M. S. Quay has purchased a handsome building lot on the south side of K Street, between Seventeenth and Eighteenth Streets. The price paid was about \$54,000. It is the intention of Mr. Quay to erect a fine residence, to cost about \$100,000.—Architect J. C. Johnson, 64 Corcoran Building, has prepared plans for two dwellings, to be erected on Florida Avenue, between Ninth and Tenth Streets, for J. H. Duval. They will be of press brick, with stone trimmings and modern conveniences and improvements. The same architect has prepared plans for a handsome residence, to be erected on Maryland Avenue, between Tenth and Eleventh Streets. It will be of press brick and Hummelstown brown stone, with copper cornice. The interior will be finished in hard wood on the first floor and white pine on the other floors. Handsomely tiled bath rooms and vestibules, French plate and stained glass, sanitary plumbing, etc. The estimated cost is about \$9000.—J. G. Meyers, 1228 G Street, N. W., has prepared plans for a residence, to be erected at New Hampshire Avenue and S Street, for Jacob Boal. It will be of press brick, with trimmings of Hummelstown brown stone, with tiled tower. The interior will be finished in hard wood, cabinet mantels, sanitary plumbing, tiled bath room; also vestibules

will be among the features. A large stable will be erected in the rear.—A large building for business purposes will be erected at the southwest corner of Tenth Street and Pennsylvania Avenue for D. Loughran, from plans drawn by John B. Brady. The structure will be five stories high and of brick, stone and terra cotta. The interior will be handsomely finished, and all modern conveniences and improvements will be introduced, including steam heat, elevator, etc. Proposals will be invited at once, and work will be begun as soon as possible so as to have the building finished by August.—E. A. Newman will have ten dwellings erected at "Petworth," from plans prepared by T. F. Schneider, 933 F Street, N. W. These dwellings will be three stories high, of press brick, with stone trimmings, and handsomely finished interiors. The estimated cost is \$40,000. The same architect is preparing plans for six dwellings, to be erected in the northeastern part of the city, for J. A. Blundon.—Edward Kern will erect six brick dwellings on R Street, to cost about \$20,000. They will be of brick, with stone trimmings, and the interiors will be finished in natural woods. Modern conveniences and improvements.

Real Estate at Auction.

Wants.

OFFICE OF THE PHILADELPHIA BOURSE,

328 Chestnut Street.

Proposals will be received at this office until Friday, February 10, 1893, for the demolition of the buildings now on the plot of ground to be occupied by the building of this Company, according to specifications which may be obtained at this office. The right is reserved to reject any or all bids.

GEORGE E. BARTOL,
President.

TREASURY DEPARTMENT, OFFICE SUPERVISING ARCHITECT, Washington, D. C., January 28, 1893. SEALED PROPOSALS will be received at this office until 2 o'clock P. M., on the 21st day of February, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone and brickwork, &c., for the basement and superstructure of the United States Post Office, at Washington, D. C., in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent on the building site. Eaching bid to be accompanied by a certified check for a sum not less than 2 per cent of the amount of the proposal. The right is reserved to reject any or all bids, and to waive any defect or informality in any bid if it be deemed in the interest of the Government to do so. Proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for cut stone and brick work, &c., for the basement and superstructure of the United States Post Office at Washington, D. C.," and addressed to W. J. Edbrooke, Supervising Architect. No. 29,524.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.
And for Sale by all Responsible Dealers.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

Subscription, \$5.00 per year, always
in advance.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

NO. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

Advertising rates on application

Mechanics Liens.

NOTE.—The lien published in our issue of January 18th, against E. B. Myers and others, was satisfied on the day following its issue.

Miscellaneous.

At St. Augustine, Florida, the large Casino building adjoining the Hotel Alcazar, was damaged by fire to the amount of \$100,000, on Jan. 24th.

At New York City, the new building to be erected by the Manhattan Life Insurance Co., on Broadway, will be sixteen stories high and cost about \$950,000.

At Gloucester, Essex Co., Mass., by the death of Mrs. Elizabeth Dow, the city comes into possession of a valuable estate and a fund with which to establish a seminary for girls.

At New York City August Belmont has purchased four lots, 102 x 125 feet, on the corner of Fifty-first Street and Fifth Avenue, for \$275,000, upon which he will erect a fine mansion.

At Boston, Mass., at a recent meeting of the wardens and vestry of Trinity Church, a committee was appointed to receive subscriptions to erect a statue of Phillips Brooks in or near Copley Square.

Cornelius Vanderbilt of New York, has decided to donate to Yale University a magnificent building, in memory of his son, William Henry Vanderbilt, who was a student at the University, at the time of his death not long since.

At Woonsocket, Providence Co., Rhode Island, Hon. Edward Thayer is having plans drawn for a building suitable for a public library to cost from \$25,000 to \$50,000. The plans will be submitted to the town and, if accepted, work will be begun on the structure early in the Spring.

The widow of the late Senator Hearst, Mrs. Phoebe Hearst, will, so it is said, erect and endow a magnificent Museum in Golden Gate Park, San Francisco, at a cost of nearly \$1,000,000. One-half of this sum will be used for the erection of the building and the other will be used for the endowment.

At Lynn, Essex Co., Mass., a new Episcopal church will be erected in the Spring from a fund contributed by Mrs. C. H. Joy. It will be of the Gothic style of architecture, with a stone tower 14 feet square and 100 feet high. The roof will be of open timber work on the interior and the other wood work will be of hard pine. Cathedral glass windows will be put in. The nave will be 96 feet long by 29 feet wide and the chancel 25 x 19 feet. Work will be begun early in the Spring.

Subscription for less than One Year will not be received.

JOHN N. GALLAGHER, Proprietor,
JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, FEB. 15, 1893.

MR. HENRY LONGCOPE, for many years favorably known among our architects and builders as the representative of this periodical, and who subsequently became prominently identified with *The Philadelphia Inquirer*, has become associated with the Quaker City Mortar Company as salesman and general outside business manager. Mr. Longcope's push and energy will now have a larger field than heretofore; his newspaper training qualifies him in many respects for his new business venture or in fact any calling requiring intelligent work.

THE sale of the Deakin collection of Japanese and Chinese art, now being held by Davis & Harvey, is exciting the admiration and interest of connoisseurs generally. The sale will be held from day to day until the entire collection is sold.

Architect Notes.

James Caven & Co., Saranac Silk Mills, contemplate the erection of a new factory at an early day, if property can be secured suitable for the purpose and at a fair price. If the project is consummated, it will be one of the finest structures of the kind in the country.

Geo. Natress, architect, 420 Walnut Street, Phila., has prepared plans for the erection of a fine large warehouse to be five stores high for the West Philadelphia Storage Company at No. 3927 Market Street. The structure will be 35 x 100 feet and 80 feet high, the walls and floors to be well constructed with an immense hydraulic lift elevator capable of hoisting the wagons of the company to either of the floors. A passenger elevator will also be placed; a room will be specially adapted for safe keeping of valuables, burglar and fire proof in make-up. The building will be stone first story and remainder red brick above Mr. Natress has other work on the boards not advanced sufficiently to note.

Estimates are being made on the P E Church to be erected at Rosemont, Pa., from plans by Bailey and Truscott, architects, 136 South Fourth Street, and which have been noted in this journal in a previous number. Also upon the drawings for the Tacony Saving Fund Safe Deposit and Title Company. The building will also hold the Disston Library in the second story. These plans were made by John Ord, architect of the Public Buildings, and have been previously noted in full.

John F. Stuckert, architect, 49 North Thirteenth Street, Phila., has made plans for two four-story buildings at 252-54 South Eleventh Street. These structures are to be each 18 x 65 ft, and capacity of twelve rooms each, fitted with best sanitary work and electric accommodations, etc. The same gentleman has prepared plans for a new parsonage to be erected at Nineteenth Street and Susquehanna Avenue, to be of brick and stone, three stories high and best conveniences on interior.

J. F. Stetler, Middleburg, Pa., sends the following: Have prepared plans for a dwelling to be erected for Andrew Ush of Middleburg, to be of press and ornamental brick, stone foundations and trimmings, plate and stained glass, furnace, laundry fixtures, tubs, slate roof, water closet fixtures, electric bells, inside and outside shutters, cost, \$3500. Also grain elevating, hoisting and pumping machinery, motors, office fixtures, railings will be wanted for a warehouse and mill. The same architect has prepared plans for a dwelling for J. Taylor Wilson, of Belleville, Pa., to cost \$2300. It will be of frame, with interior finish of pine, plate, plain and stained glass, dumb waiters, laundry fixtures, tubs, wood mantels, sanitary plumbing, water closet fixtures, slate roof.

Building and Real Estate Notes.

Wm. M. Bunn, proprietor of the *Sunday Transcript*, of this city, has bought 1921 Arch Street and will make some minor alterations at an early day.

The Pennsylvania R. R. has bought quite a large plot of ground on the Hudson River, N. Y., between Thirty-eighth and Thirty-ninth Streets, upon which they propose to construct an immense freight shed and offices.

Samuel Keeley manufacturer, Manayunk, will erect ten dwelling houses in close proximity to his mills in that place, for the convenience of his workmen. These will be of brick, stone trimmings, with all modern conveniences, etc.

The Common Pleas Court No. 1, has refused to stop by injunction, the widening of Fourth Street, west side from Market to Merchant, and the work will be done as indicated in this journal some time ago. The amount to be taken off of the properties is seventeen feet.

Geo. F. Payne & Co., contractors, 401 South Juniper Street, are about to begin the erection of a large five-story house at 1229 Locust Street, for the Seybert estate, before noted in this journal in full.

It is proposed by the Western Union Telegraph Company to make some interior alterations to the building at the Southwest corner of Tenth and Chestnut Streets, which will be chiefly upon the second floor.

William H. Sayward, Secretary of the National Association of Builders, visited the Builders' Exchange on the 10th inst. He is to join the Philadelphia delegates on their trip to the St. Louis Convention of Builders.

Secretary of War Elkins has not as yet decided to whom the award of the removal of the islands in the Delaware river will be given. This is said to be owing to the continual examination of the standing and financial status of some of the bidders for the work.

Geo. Holl, builder, of Camden, N. J., is making arrangements to erect forty new dwellings at Sixth and Benson Streets, all to be of red press brick, stone trimmings, porches in front, with side yards, interiors to be finished with best modern conveniences, etc.

The Building Inspectors of this city, have condemned the walls of 526 Market Street and directed that repairs be made, also the building No. 75 Howard Street; also directed that 706 St. John Street be either taken down altogether, or strengthened, as the building is an old decayed frame one.

It will now be in order for the city officials to go right ahead with the new Quarantine station at Little Tinicum Island, opposite Chester, in the Delaware River. At present it is pretty well settled that this will be the final location and favored by a majority of those interested. The recent ruling and decision of Judge Clayton of Delaware Co., sets at rest all legal quibbles upon the subject of protest.

Messrs. David G. Yates & Co., landscape engineers, etc., Mount Airy, Phila., have the laying out, grading, etc., of several large estates for the coming season, around houses now being, or recently constructed, amongst them being the 70-acre estate of Chas. W. Bergner, Esq., at Ambler, Mont. Co., on which the most elaborate art in landscaping will be brought into use. The grounds of 50 acres at the elegant new residence "Pennbrook," Chestnut Hill, of Mitchell Harrison, Esq.; re-modelling the grounds at the residence of Wm. W. Frazier, Esq., of Jenkintown; grounds at the new residence of Sydney L. Wright, Esq., at Germantown and J. M. W. Cardeza, Esq., of Germantown; also recently completed plans and designs for the general lay out of the grounds of 30 acres of H. S. Williamson, Esq., of Lancaster, Pa., on which property there is an elegant new residence now being erected.

The partnership heretofore existing between R. S. Groves & Stell, manufacturers of stained glass, 617 South Broad Street, has been dissolved. Mr. R. S. Groves will continue the business at the same location.

Building Inspector Charles D. Supplee left on the 10th for St. Louis, where he and President Gillingham, of the Bureau of Building Inspectors, are to represent Philadelphia in the National Convention of Building Inspectors.

At Manayunk, the Glen Willow Artificial Ice Company has purchased a lot on Main Street above Green Lane, upon which a large stable will be erected. The price paid was \$15,000. The proposed improvement will cover the entire lot, which is 100 x 200 feet, and will be four stories high, of brick, and will be furnished with all modern fixtures.

Edward De V. Morrell has purchased from Charles F. Trego, for \$40,000, a property 25 feet 3 inches x 153 feet 11 inches, on the west side of Delaware Avenue, south of Chestnut Street. It is thought that the property will be used in connection with the scheme to run a line of steamers between Philadelphia and Morrelton Inn, near Torresdale.

As soon as Spring opens, preparations will be made for beginning work on the proposed addition to St. Timothy's Hospital, Roxborough. The additional building will be 31 x 88 feet, three stories high, and will contain room for twenty-four beds. It will be of brick, with stone trimmings and situated a short distance from the main building, to which it will be joined by a covered passageway. The estimated cost is \$20,000.

Thomas H. Parks, builder, reports a batch of recent sales, including the Dawson and Adams and James and C. Maguire transactions at Lehigh Avenue and Leamy Street and North College and Ridge Avenues, and the \$70,000 purchase of John Stafford, builder, about Thirtieth and Norris Streets, and the following: 2121 North Nineteenth Street, C. C. Adams to C. C. Crain, for \$9000; 2220 North Twenty-first Street, J. M. Sharp to W. N. Potts, Jr., for \$6260, and Northwest corner Fifteenth and Edgley Streets, T. H. Parks to Fred Rebe, for \$8500.

The contract for setting the exquisite majolica tile work in the second story waiting-room of the Philadelphia & Reading Terminal Station, at Twelfth and Market Streets, has been awarded to Adolph Grant & Co., of 1901 Germantown Avenue. The same firm is doing the tile work in the first story waiting-room and the stairway leading up to the second-story. This firm has been highly complimented by Wm. H. Decker, the architect, on the admirable sketches submitted for the tile and mosaic work of the Betz Building, Broad and Penn Square, though the contract was awarded to another firm whose bid happened to be a few hundred dollars lower than Grant & Co.

A new and a large operation is about to be started in earnest under the patronage of George W. Childs and F. M. Drexel, at Overbrook, Pa., these gentlemen having through their agents become large purchasers of land in that vicinity. Wendell and Smith will at once begin extensive building work in the way of model homes with every comfort and convenience of city life. The structures will be in style of architecture the same as those erected at Wayne, Delaware Co., Pa. The walls chiefly of stone, rough cast and some of various colored brick and frame, finished on the interior in natural hard woods, tile work, electric appliances, best of sanitary plumbing and

drainage upon an extensive and thorough system by a competent engineer. A majority of the houses will have slate roofs, and these will be of various shapes and colors so as to render the whole pleasing to the eye. A number of artesian wells are being sunk and in addition a fine water supply will be introduced. Grading and preparatory work is being done, and it is expected that the coming season will present quite a large addition to this suburb.

Cramps, the ship builders, it is said, are preparing to make extensive additions to their Eighteenth Ward Works. They have recently, according to rumor, secured considerable adjoining ground on which to enable them to go ahead. Recently an agent of theirs, it is said, purchased Nos. 2811 and 2813 Norris street and 2208 Clairborne Street from William H. Luffberry, for \$10,000, with this end in view, and yesterday, it is stated, Seddinger & Ruffell sold to W. W. Keefe, on their account, the property of Charles B. Ruffell, No. 2809 East Norris Street, 2210-12-14 Clairborne Street, and Nos. 2207-9-11 Artisan Street, in the rear. The consideration in this case was \$17,500. The property thus acquired will give the company much needed additional working space.

The Committee on Property of the Board of Public Education held a joint session with Councils' Committee on Schools on the 10th inst., to apportion the \$300,000 appropriated by Councils for new schools among the different sections. The Board of Education asked for an appropriation of \$1,500,000 for this year. The appropriations for the First, Second and Seventh Sections were fixed by Councils' Committee previous to the meeting. The First will receive \$6500 for the purchase of the properties 836 and 838 Tasker Street, adjoining the Tasker Combined Secondary and Primary School. Over this there was some discussion, as it was supposed by some of the members that the price, \$6500, asked by the owner, a Mr. Luff, was too high. The Board of Revision of Taxes, in a statement to the Board of Education, said the property cost \$4000, but Councilman Stratton, who represented Mr. Luff, said that this was not so, as Mr. Luff had paid \$5500 for the property. Mr. McMurray said he was satisfied that the amount asked was not extortionate, and on his motion it was decided to purchase the lot. The Second Section will receive \$10,000 for the purchase of property adjoining the Washington School, Carpenter Street, above Ninth. This property consists of a hall and two dwelling houses, and as Councils' Committee was not fully satisfied that it was worth the amount asked, Mr. McMurray requested that the matter be referred to it for an investigation by a sub-committee. The Seventh Section will also receive \$10,000 for the purchase of property adjoining the school at Nineteenth and Addison streets. Then the requests were made for improvements in the different sections. Repairs were wanted at the school on Filbert street, above Twentieth, but Mr. McMurray said, as the city had been after the building for use as a Morgue, he thought it best to make no repairs there at present. Later on, he said, the school on Cherry Street, above Fifteenth, could be enlarged and made to accommodate scholars from the two schools. In the Twenty-first Section Mr. McMurray said \$20,000 was needed to enlarge the Green Lane School. The following are the allotments agreed upon in addition to those of the First, Second and Seventh Sections: Twentieth Section, addition to Lynd School, \$20,000; Twenty-first Section, \$20,000; Twenty-third Section, to enlarge the White-

hall School, \$25,000; Twenty-sixth Section, for a new school, \$50,000; Twenty-eighth Section, to enlarge Glenwood School, \$30,000; Twenty-ninth Section, to build a new school, \$50,000; Thirtieth Section, for a new school building, \$40,000; Thirty-fifth Section, to enlarge the Fox Chase School, \$16,000, and the Thirty-sixth Section, to enlarge a school, \$15,000, making a total of \$307,200. Councils' School Committee will ask for an additional appropriation of \$125,000 for this year, to be distributed as follows: Twenty-second Section, for new primary school, \$18,000; Twenty-fifth Section, for a new school building, \$35,000; Thirty-first Section, for repairs to Henry Armit Brown School, \$15,000; Thirty-second Section, addition to William M. Singler School, \$20,000; and Twenty-seventh Section, for the purchase of a new school lot, \$15,000.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

- At Orwigsburg, Schuylkill Co., a new shoe factory will be erected.
- At Frackville, Schuylkill Co., there is talk of erecting a new opera house.
- At Williamsport, Lycoming Co., the new city hall will cost about \$70,000.
- At Smithfield, Fayette Co., Dr. Guhier contemplates the erection of a dwelling.
- At Norristown, Montgomery Co., B. E. Block will improve his store and raise to three stories
- At Mahanoy City, Schuylkill Co., the new opera house will be erected adjoining the Mansion House.
- At Darby, Delaware Co., Contractor Harry Tyler has broken ground for the erection of two brick dwellings.
- At Unionville, Chester Co., the dwelling of Abraham Sover, recently destroyed by fire will be rebuilt at an early day.
- At Reading, Berks Co., the paper mill of Skinner & Co. was destroyed by fire on February 10th, at a loss of about \$10,000.
- At Lansdale, Montgomery Co., Miss Virginia Bazler, now in Europe, has purchased four building lots of J. D. Clemens.
- At Scottsdale, Westmoreland Co., the project of constructing an electric railway between Scottsdale and Bradford has been revived again.
- At Spring City, Chester Co., Council has granted privilege to the Schuylkill Valley Illuminating Co. to light the street by electricity.
- At Lebanon, Lebanon Co., S. S. Bamberger, who recently purchased property on Walnut Street, near Eighth, will erect a large frame building on the site.
- At Berwick, Columbia Co., the voters will cast a vote on the question of a system of sewerage, for which Alexander Potter, of Olean, N. Y., has prepared plans.
- At Mauch Chunk, Carbon Co., plans for the new court house, which has been prepared by L. C. Jacoby, of Allentown, have been accepted. The structure will cost about \$80,000.
- At Marcus Hook, Delaware Co., the new building to be erected by the Wawasset Tribe of Red Men will contain stores, public halls and meeting rooms, and cost about \$10,000.
- At Gettysburg, Adams Co., contract for the construction of an electric railway has been awarded to E. M. Hoffer, of Hummelstown. It is thought the Philadelphia and Reading Railroad is interested.

—At Kennett Square, Chester Co., Morris Way contemplates putting steam heat in his dwelling.

—At Mount Pleasant, Westmoreland Co., application for authority to organize the Farmers' and Merchants National Bank of Mount Pleasant, has been made by A. H. Bell, of Greensburgh, Pa., and others.

—At Hazleton, Luzerne Co., the question is being agitated by members of the Masonic Order favoring the erection of a Temple, to be located somewhere on Broad Street. The structure will contain stores and offices and lodge rooms.

—At Homeville, the congregation of the Presbyterian Society has decided to erect a chapel in the Spring and ground for the purpose has been purchased of Chalkley Webster. T. J. Foulk & Bros., John Bea, James Henry and William Burnett are interested in the project.

—At Erie, Erie Co., the voters will cast a vote at the coming election on the proposition to borrow \$125,000 to be used to defray a portion of the cost of extending the intake water pipe across the bay.—The bids for paving Seventeenth Street with brick was considered too high, and contracts not let.—The Board of Education has awarded Contractor George W. Fassett contract to enlarge two public school buildings for \$33,780.

—At West Chester, Chester Co., as soon as Recitation Hall is ready for occupancy, work will be begun in tearing out the old recitation rooms and fitting them up as a dormitory for students, who heretofore have been compelled to board out for lack of room.—The members of the First Baptist Church have decided to erect a parsonage, and a fund is being raised for the purpose. About \$1500 has been subscribed. The estimated cost of the structure is about \$3500.

—At York, York Co., the Security, Title and Trust Company has decided to purchase the D. A. Trey property. The company had an option on the property at \$28,000, but secured the place for \$26,000. They will get possession on the 15th of next April, when the building will be immediately torn down and on the site will be erected an imposing six story structure that will make one of the most handsome buildings in York. In the meantime the company will at once secure temporary quarters and begin business.

—At Allentown, Lehigh Co., the entire plants of two New York button factories, the City Button Works and the Sprague Works, are to be removed to Allentown. The City Button Works building will occupy three sides of a block, and the plant will consist practically of three buildings, 30 x 200 feet on Green Street, 50 x 100 on Meadow Street and 50 x 200 feet parallel with building on Green Street. The building for the Sprague Works will be immediately north of the other, and will be located at the corner of Washington and Meadow Streets. It will be 50 x 200 feet in dimensions.

—At Harrisburg, a charter has been granted to the Northumberland, Bloomsburg and Scranton Railway Co., with a capital of \$500,000, to construct a line eighty miles long; to the Merion Avenue Passenger Railway Co., of Philadelphia, with a capital of \$50,000; to the Radnor, Haverford and Philadelphia Electric Railway Co., with a capital of \$75,000. The line is to run from Radnor Township, over the old Lancaster Turnpike to Bryn Mawr, to Haverford road, to a point in Philadelphia County and return. The directors are Frank S. Harrison, William D. Knite, George Young, Peter J. Hughes, J. Clayton Erb and Samuel A. Losch.

—At Bridgeport, Montgomery county, Councilman John J. Murphy will erect two dwellings in the Spring, and Alexander Griffith will also erect two dwellings and a parochial residence for St. Augustine parish. Deputy Register of Wills D. J. Meagher will erect two dwellings on Prospect ave. I. F. March will erect two dwellings on the same avenue.

—According to indications it will not be long before active steps will be taken to connect Doylestown and Perkasie by an electric road. A meeting to discuss the matter was held last week in P. S. Cressman hall at Perkasie, and a number of plans were discussed. Benjamin F. Shearer, of Dublin, Pa., was chairman of the meeting and a motion was carried that a committee locate a route and take measures to secure the right of way. The committee will proceed immediately to the work of locating the route, securing rights of way and soliciting subscriptions to stock, and will report to the chairman on Saturday, February 18th. The meeting was largely attended by gentlemen from the several localities interested in the project and the following members of the general committees of five from each community were present: Perkasie, Joseph G. Moyer, Grier Scheetz and Hon. John Schwartz; Lawndale, J. C. Wismer, Amos Barringer, Joseph Yoder and Henry Anglemoyer; Blooming Glen, C. S. Gulick and Levi Means; Dublin, B. F. Shearer, J. B. Rosenberger, Dr. W. S. Schantz, Jacob Strohm and George W. Garner; Benjamin, Abraham Hunsberger and Isaac Groff; Fountainville, D. C. Gross, John B. Funk, Aaron B. Detweiler and Charles Worthington; Doylestown, John Yardley, James Pollock and Charles B. Krause.

Through New Jersey.

At Pleasantville, Atlantic Co., at a recent meeting of stockholders of the Turnpike Company, it was resolved to raise \$10,000 to improve the road.

At May's Landing, Atlantic Co., Robert P. Kent and others have filed articles of incorporation of the Sovereign Land Co., with a capital of \$24,000.

At Atlantic City, Atlantic Co., city council has decided to sell \$4000 worth of Pleasantville Turnpike stock owned by the city to the projectors of the new electric railway.

At Mays Landing, Cape May Co., a fire broke out on February 6th and destroyed the handsome residence of Robert Ingersoll, occupied by W. A. Grover. The estimated loss is about \$8,000.

At Cramer Hill, Camden Co., the Building Committee of the Citizens' Fire Company has awarded contract to Messrs. Schell & Ludwig to erect their new building, which will be of brick. Work will be commenced at once.

At Mays Landing, Atlantic Co., Mark R. Lacy has broken ground for the erection of a cottage.

—New York capitalists have selected a site near Green's Cemetery, and if the ground can be purchased, a new crematory building will be erected.

At Atlantic Highlands, Monmouth Co., Joseph E. Chamberlain, clerk of the Cresson Hotel, has purchased a lot adjoining the cottage occupied by Rev. Mr. Loup.—Messrs. Obermier and Morton contemplate making a number of improvements to their house for the coming season.—William Kipp will erect a cottage for his own use on South Avenue.—Work has been commenced on the new dwelling of D. Jones Roberts, to be erected on Garfield Avenue.—John Dey is erecting a handsome cottage on Highland and Mount Avenues.

At Jersey City, the Street and Water Board has adopted new specifications for furnishing the city with a new water supply, which is to be a million gallons, and contract is to last for twenty-five years, with a right on the part of the city to purchase the plant.

At Bonton, Morris Co., Council has made contract with Lewis Van Dyne for a water works. The town agrees to take fifty hydrants for \$1000 a year. The water will be pumped from Rockaway Valley Brook to a reservoir to be constructed 200 feet above the town.

Capitalists of Elizabeth, Newark, Plainfield and other cities are about to organize a new company to construct telegraph lines to operate through the State, and it is said, to control the Mucci franchise and the poles and wires of the New Jersey Postal Telegraph Company.

At Asbury Park, Monmouth Co., a building of brick for business purposes will be erected on Cookman avenue by Thomas Enright. The first floor will be fitted up as a store and the upper part will be made into flats to contain modern conveniences and improvements. The building will be sixteen feet front by eighty feet deep.

At Camden, The Atlantic Refining Company has purchased a piece of ground from Ex-Senator George Pfeiffer, situated on the east side of Cooper creek, south of the Camden and Amboy Railroad. The price was \$10,000.—At a recent meeting of the Camden County Board of Freeholders, the matter of erecting a new armory was referred to the Committee on Fines and Forfeitures.—The Knickerbocker Coal and Ice Company has purchased ground at Twelfth and Federal Streets for \$10,000.

Through Maryland.

At Salsbury, Wicomico Co., a new steam saw and planing mill and hub factory will be located.

The construction of the Easton and Northern electric railroad is being agitated in Kent and Cecil counties.

At Baltimore, Edward J. Gallagher has taken permit to erect twelve two-story brick dwellings on the east side of Cameron, near Baltimore Street. The Maryland Distilling Company has taken permit to erect a six-story brick warehouse on North, near Saratoga Street. C. A. Hakesly & Bro. have taken permit to erect seven three-story brick dwellings on the south side of Biddle, near Bond Street.—The Mayor has signed an ordinance appropriating \$23,000 to create and equip a new fire engine company to be known as No. 18.—The Mayor has signed a resolution directing the joint standing committee on health to make inquiry into the subject of a municipal hospital and steam disinfecting plant.

Washington, D. C.

J. Germuller has prepared plans for a handsome three-story brick building, to be erected on Twelfth Street, near Q. N. W., for D. B. Groff, at a cost of about \$7500. The interior will be finished in natural woods, cabinet mantels, electric bells, tiled bath room and vestibule, etc. The exterior will be press brick and brown stone.—W. J. Palmer has prepared plans for a three-story store and dwelling, to be erected at the northeast corner of Seventh and H Streets, at a cost of \$5000. It will be of press brick and Indiana lime stone and slate roof. The first floor will be finished for a store; the other floors will be utilized as flats. The interior will be handsomely

Wants.

TREASURY DEPARTMENT, OFFICE SUPERVISING ARCHITECT, WASHINGTON, D. C., January 28, 1893. SEALED PROPOSALS will be received at this office until 2 o'clock P. M., on the 28th day of February, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone and brickwork, etc., for the basement and superstructure of the United States Post Office, at Washington, D. C., in accordance with the drawings and specification, copies of which may be had in this office of the Superintendent on the building site. Each bid must be accompanied by a certified check for a sum not less than 5 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid should it be deemed in the interest of the Government to do so. Proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for cut stone and brickwork, etc., for the basement and superstructure of the United States Post Office at Washington, D. C.," and addressed to W. J. Edbrooke, Supervising Architect. No. 29,624.

TREASURY DEPARTMENT, OFFICE SUPERVISING ARCHITECT, WASHINGTON, D. C., February 8th, 1893. SEALED PROPOSALS will be received at this office until 2 o'clock P. M., on the 24th day of March, 1893, and opened immediately thereafter, for all the labor and materials required for the excavation, foundations, basement and area walls, basement columns and first floor construction for the U. S. Post Office building at Columbus, Georgia. In accordance with the drawings and specification, copies of which

may be had at this office of the Superintendent at Columbus, Georgia. Each bid must be accompanied by a certified check for a sum not less than 5 per cent. of the amount of the proposal. The right is reserved to reject any and all bids or to waive any defect or informality in any bid, should it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for excavation, foundations, basement and area walls, etc., for the U. S. Post Office building at Columbus, Georgia," and addressed to W. J. Edbrooke, Supervising Architect.

TREASURY DEPARTMENT, OFFICE SUPERVISING ARCHITECT, WASHINGTON, D. C., February 8th, 1893. SEALED PROPOSALS will be received at this office until 2 o'clock P. M., on the 28th day of February, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone and brickwork, iron and wood floor, ceiling and roof construction and roof covering for the superstructure of the U. S. Post Office building at Burlington, Iowa, in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at Burlington, Iowa. Each bid must be accompanied by a certified check for a sum not less than 5 per cent. of the amount of the proposal. The right is reserved to reject any or all bids, and to waive any defect or informality in any bid should it be deemed in the interest of the Government to do so. Proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for cut stone and brickwork, etc., for the U. S. Post Office building at Burlington, Iowa," and addressed to W. J. Edbrooke, Supervising Architect. No. 29,579.

TREASURY DEPARTMENT, OFFICE SUPERVISING ARCHITECT, WASHINGTON, D. C., February 10, 1893. SEALED PROPOSALS will be received at this office until 2 o'clock P. M., on the 24th day of March, 1893, and opened immediately thereafter, for furnishing and delivering at freight depot in city where required, safes for the U. S. WEBER PIANOS

Ample capital, allied to the best musical and me-
chanical skill and earnestness of purpose,
coupled with untiring industry and perseverance,
and the ambition to make the BEST Piano
which it is possible to produce, may be called a
few reasons why the

WEBER PIANOS

are better than those of other makers.
Notwithstanding the great superiority of the

WEBER PIANOS

the Prices are as low as those of other good
makers.

A. W. Greely, Chief Signal Officer, Washington, D. C., proposals until February 24, 1893, for iron poles, plugs and wire.

Sealed proposals for the construction of a system of sewerage and drainage will be received at the office of the Village Recorder at Red Jacket, Mich., until March 1, 1893.

United States Engineer Office, Newport, R. I., January 16, 1893.—Sealed proposals, in triplicate, for stone work at Point Judith, R. I., will be received at this office until 12, noon, on the 24th day of February, 1893, and then open. The attention of bidders is invited to the Act of Congress approved August 1, 1892, Sections 1 and 2 (Public No. 193). Full information furnished on application. W. H. Bixby, Captain Corps of Engineers, U. S. Army.

United States Engineer Office, Room H 7 Army Building, 39 Whitehall Street, New York City, January 28, 1893.—Sealed proposals for dredging in the harbor at Clinton, Connecticut, will be received at this office until twelve (12) o'clock, noon, on Tuesday, February 28, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application to this office. D. C. Houston, Colonel Corps of Engineers.

Dredging ship channel in Galveston Bay, Texas.—United States Engineer Office, January 28, 1893.—Sealed proposals for dredging ship channel in Galveston Bay, Texas, will be received at this office until 12 o'clock, noon, 90th meridian time, February 28, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application to this office. Charles J. Allen, Major Corps of Engineers.

United States Engineer Office, Wilmington, Del., February 1, 1893, sealed proposals for dredging and excavating for the construction of an inland waterway from Chincoteague Bay, Va., to Delaware Bay, Del., will be received at this office until 12 o'clock, noon, March 2, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application to this office. Wm. F. Smith, United States Agent.

Proposal.—United States Engineer Office, Wilmington, Del., February 1, 1893. Sealed proposals for dredging and excavating for the construction of an inland waterway from Chincoteague bay, Va., to Delaware bay, Del., will be received at this office until 12 o'clock noon, March 2, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application to this office. William F. Smith, United States Agent.

Proposals will be received at the office of the Lexington Water Works Company, in Lexington, Ky., until Wednesday, March 1, 1893, at 3 o'clock P. M., for the construction of an additional dam and waste weir for the purpose of enlarging the present reservoir. Plans and specifications can be seen at the office of the company, No. 8½ E. Main Street, Lexington, Ky. The right is reserved to reject any and all bids. S. A. Charles, superintendent and engineer in charge.

Sealed proposals, in triplicate, will be received until 12 o'clock M., March 2, 1893, and then opened, for construction and entire completion of the following public buildings at Madison Barracks, N. Y., namely: Two double sets officers' quarters, and one garbage cremator. Plans and specifications can be seen at this office, and in cities where advertisement is published, where information relative to the work can be obtained. The United

States reserves the right to reject any or all bids. Envelopes containing proposals should be marked "Proposals for Construction of Buildings," and addressed to Captain Chas. B. Thompson, Assistant Quartermaster, U. S. Army.

Office of the Board of Health, City Hall, Philadelphia, Feb. 10, 1893. Proposals will be received at this office until 12 o'clock noon of February 21st, 1893, for constructing and furnishing, complete, a Steel Disinfecting Plant; also, for constructing a building to enclose the same, in accordance with plans and specifications on file at this office, Room 610, City Hall. Bids, involving \$500 or over, must be accompanied by a certificate from the Law Department that a bond has been filed, as required by the ordinance of May 25th, 1860. By order of the Board of Health. Wm. P. Troth, Chief Clerk.

W. J. Edbrooke, Supervising Architect, Treasury Department, Washington, D. C., proposals until February 24, 1893, for all the labor and materials required for the trench excavation, sewer construction, cut stone and brick work of the basement and area walls, basement iron columns and first floor beams, etc., for the United States Post Office building at Davenport, Iowa. Also until February 17, 1893, for all the labor and materials required for the cut stone and brick work, iron and wood floor, ceiling and roof construction and roof covering for the superstructure of the United States Post Office building at Cedar Rapids, Iowa.

Board of Wardens for the Port of Philadelphia, Rooms 11 and 11½ Merchants' Exchange, cor. Third and Dock Streets, Philadelphia, Feb. 9, 1893. Sealed proposals for dredging docks not belonging to the city, and in front of bulkheads not belonging to the city, in the Delaware and Schuylkill Rivers, where city sewers empty, endorsed "Proposals for Dredging," and sealed, will be received at this office until Monday, March 6, at 12.30 P. M. Specifications may be had on application to the Secretary. No bid will be received unless accompanied by a certificate from the City Solicitor, stating that the provisions of an ordinance of Councils, approved May 25, 1860, have been complied with. Joel Cook, President. George F. Sproule, Secretary.

United States Engineer Office, Army Building, New York, January 25, 1893. Sealed proposals, in triplicate, will be received at this office until 12 o'clock noon, on Monday, March 6, 1893, at which place and time they will be publicly opened in the presence of bidders, for the delivery at Fort Hamilton, N. Y., of sand, broken stone and cement; and for furnishing all labor and materials, and constructing a concrete plant—consisting of a wharf, pile and framed trestle for inclined cable railway, sand and stone bin, cement shed and storehouse—at Fort Hamilton, N. Y., in accordance with specifications and drawings which may be seen on application to this office. The attention of bidders is invited to acts of Congress approved February 26, 1885, and February 23, 1887, Vol. 23, page 232 and Vol. 24, page 414, Statutes-at-Large. G. L. Gillespie, Lieut. Colonel Corps of Engineers.

Navy Department, Bureau of Yards and Docks, Washington, D. C., November 26, 1892. Sealed proposals in duplicate, indorsed "Proposals for Crane," will be received at the Bureau until 1 P. M., on Monday, February 27, 1893, and publicly opened immediately thereafter for constructing and delivering a forty-ton locomotive crane at the U. S. Navy Yard, Mare Island, Cal. General specifications and blank forms of proposals will be furnished upon application to this Bureau, where

further information may be obtained. Proposals must be accompanied with full plans and specifications. Responsible security will be required for the faithful performance of the contract in a sum equal to 20 per centum of the contract price. A certified check for \$5000 must accompany each proposal as a forfeit in case of failure to enter into contract. The right is reserved to reject any or all proposals not deemed advantageous to the Government and to waive defects. F. H. Farquhar, Chief of Bureau.

U. S. Engineer Office, Charleston-Kanawha, W. Va., Dec. 30, 1892. Sealed proposals for building Locks Nos. 9, 10 and 11 of the Great Kanawha River Improvement, and the movable dams connected with same, will be received at this office for No. 9, until February 16, 1893, and then publicly opened; and for No. 10 until February 23, 1893, and then publicly opened; and for No. 11 until March 2, 1893, and then publicly opened, the opening on each date being at 3 P. M., Standard Eastern Time. Single bids for the whole job, including masonry, dredging, coffer dams, earth, timber and iron work of the three locks and dams, 9, 10 and 11, will also be received February 16, 1893, but not later, and these bids will not be opened until March 2, 1893, at 3 P. M., when the special bids for No. 11 are opened. Specifications, blank forms and all available information will be furnished on application to Addison M. Scott, Resident Engineer, at the above office. Wm. P. Craighill, Colonel Corps of Engineers, U. S. A.

Sealed proposals will be received at this office until noon of Wednesday, March 1st, 1893, and then opened—for furnishing materials, and doing labor, for the proposed City Hall, Paterson, N. J., in accordance with drawings and specifications, copies of which may be seen at the offices of the Commission, and at the offices of the architects, Carrere & Hastings, 44 and 46 Broadway, New York City, on and after Monday, February 13th, 1893. Each bid must be accompanied by a certified check to the amount of 1 per cent. of the bid. The right is reserved to reject any and all bids, and to waive any defect or informality in any bid, should it be deemed in the interest of the municipality so to do. Should any bidder desire a set of plans and specifications they will be forwarded by the secretary on the receipt of \$15. Proposals must be on form procured either from the City Hall Commission, or from the architects; enclosed in sealed envelopes, and addressed to the Secretary, and endorsed "Proposals for City Hall, Section No.—Paterson, N. J." Walter Beveridge, Secretary, Room 12, Paterson Savings Institution, Cor. Main and Market Sts., Paterson, N. J.

Sealed bids will be received in my office in the City Hall building, up to 5 o'clock, P. M., of the 22d day of February, 1893, for the grading and paving, with standard paving brick, the roadway of Jackson Street, from the east line of Second Street to the west rail of the C. C. & St. L. Railway Company's track, to be built in accordance with the ordinance passed for the same, and the plans and specifications now on file in my office. Each bid shall be made per square yard for pavement complete, and per running foot for curbing. Each bid shall be accompanied by a certified check of \$100, payable to P. P. Able, City Treasurer, to be returned to all unsuccessful bidders and to be returned to the successful bidder, if he shall, within 10 days after the contract is awarded him, enter into a written contract with the city of Elkhart, Ind., for the faithful performance of said work. The costs of said pavement shall be assessed, collected and paid in

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

THE ATTENTION OF ARCHITECTS AND BUILDERS IS RESPECTFULLY CALLED TO THE

BELGIAN GROOVED BUFF PAVING TILE.

THIS TILE IS BEING SPECIFIED BY LEADING ARCHITECTS.

Suitable for Sidewalks, Stable, Brewery and Factory Floors, Railroad Stations, Driveways and Courtyards. Cheap and Durable. Size of Tile, $5\frac{1}{2} \times 5\frac{1}{2} \times 1\frac{1}{2}$ inches.

LEONCE DE METS,

Office: 126 $\frac{1}{2}$ SOUTH SECOND STREET, PHILADELPHIA, PA.

Send for Descriptive Circulars and Testimonials.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

W. S. L. RHOADS,
8TH AND SUSQUEHANNA AVE.

Miscellaneous.

At Cincinnati, Ohio, Architect G. W. Rapp, Johnson Building, has drawn plans for a flat and store building, to be erected for J. M. Potter; to be four stories high, of brick, with stone trimmings, and cost about \$30,000.

At Chicago, Ill., Architect Francis J. Norton, Masonic Temple, has completed plans for a handsome hotel to be erected at Sixty-third and Hope Avenue for Mr. Swinington. It will have a frontage of 100 feet on Hope Avenue and 75 feet on Sixty-third Street. The exterior will be built of Denver red granite, with two copper towers and two massive Romanesque arches. The interior of rotunda will be finished with Mexican marble; the building will have steam heat and all the latest sanitary, electric and modern improvements; cost \$75,000. The same architect has delivered designs and plans to Messrs. Fadner

Bros. for twenty handsome residences to be erected at Fairview Heights. They will be built of brick and frame and cost a total sum of \$50,000.

At Yonkers, Westchester Co., N. Y., the Monticello Improvement Company has purchased sixty-one acres of land of the De Witt estate for \$150,000. The company will lay the property out in building sites. The Westchester Water Company will pipe the section and supply it with water.

At Syracuse, N. Y., architects Merrick & Randall have drawn plans for a dwelling for William Carney. To be 35 x 60, two stories, built of frame. The same architects have drawn plans for eighteen dwellings for F. H. Hiscock. Each to be two stories, 22 x 40, built of frame. The same architects have drawn plans for a dwelling for P. Quigley. To be two stories, 30 x 60, built of frame. The same architects have drawn plans for a dwelling for C. J. Mason. To be two stories 35 x 45, built of frame. Architects, Merrick & Randall, 17 Granger Block, have prepared plans for a school house at Jamesville, N. Y. To be 30 x 60, two stories, built of frame. Architects Merrick & Randall, 17 Granger Block, have prepared plans for an observatory and school to be located at Canastota, N. Y. To be 35 x 65, two stories, built of pressed and ornamental brick, with stone trimmings. Architect C. E. Colton has drawn plans for a dwelling for W. G. McCoord, Liverpool, N. Y. To be three stories, 36 x 80, built of pressed brick and frame. Architect A. Russell, 29 Larned Building, has drawn plans for a dwelling for A. F. Baumer. To be two stories, 42 x 55, built of frame.

At New York City Neville & Bagge, 217 West One Hundred and Twenty-fifth Street, are drawing plans for four three-story and basement red and brown stone dwellings, 18 and 19 x 55, with three-story extension, to be erected by Egan & Halley on the north side of Seventieth Street, 275 feet west of Amsterdam Avenue, at a cost of \$64,000. G. Fred. Pelham, 1481 Broadway, has plans for eight four-story and basement brown stone dwellings to be built by Robert Wallace on the south side of Eightieth Street, 150 feet west of Columbus Avenue, at a cost of about \$25,000. Architect G. M. Walgrove, 97 Nassau Street, has prepared plans for six flat buildings to be erected on the corner of One Hundred and Fifteenth Street and Manhattan Avenue for T. J. Jenkins, 53 Lenox Avenue. To be 27 x 88, 37 x 66, and 21.9 x 97.5, five stories high, built of brick; total cost, \$192,000. Architects J. Boeckel & Son, 14 Bond Street, have prepared plans for two flat buildings to be erected at 106 and 108 Second Street for E. L. Winthrop, executor, 23 East Thirty-third Street. To be 25.9 x 92, five stories high, built of brick, with stone trimmings; cost, \$40,000. Architect S. M. Holden, Lincoln Building, has prepared plans for a dwelling to be erected on the north side of Ninety-sixth Street, near Columbus Avenue, for A. Schulte, 36 West Fiftieth Street. To be 18 x 54 ft, four stories and basement high, built of brick; cost, \$25,000. Thom & Wilson, 1267 Broadway, have the plans in preparation for nine four-story houses, which Livingston & Dunn are to build in Eighty-seventh and Eighty-eighth Streets, near Riverside Drive. Two of the houses on Eighty-seventh Street are to be 19 feet front each, two on Eighty-eighth Street, 20 feet, and five on Eighty-eighth Street, 21 feet front each. The fronts are intended to be of light mottled brick, light stone and terra cotta.

Attention, Builders and Others!

I HAVE FOR SALE THE BALANCE OF THE BLOCKS OF GROUND ON SOUTH SIDE OF ALLEGHENY AVENUE, BETWEEN GERMANTOWN AVENUE AND CAMAC STREET. THE OTHER 3 BLOCKS JUST SOLD TO PROMINENT BUILDERS, WHO WILL IMPROVE FIRST THING IN THE SPRING WITH ELEGANT HOUSES.

Also for sale both sides of Park Avenue, Thirteenth, Camac and Twelfth Streets, south of Allegheny Avenue. Also west side Germantown Avenue, south of Allegheny Avenue; best lots in the city for large hotel, market house or stores. Also both sides of Sedgley Avenue. This location is unsurpassed for convenience. The Eleventh Street Station, Pennsylvania Railroad, just across Germantown Avenue, Germantown Junction, Pennsylvania Railroad and Nineteenth Street Station, Philadelphia and Reading Railroad, about 3 squares. Prices lower than any other ground in northern part of this city. For plans, sizes and prices call on

WM. T. B. ROBERTS,
Twelfth and Dauphin Streets.

TO REAL ESTATE DEALERS AND PARTIES LOOKING FOR DESIRABLE SITES FOR BUILDING WHERE THE ADVANTAGE OF RAILROAD FACILITIES AND LARGE AMOUNT OF GROUND ARE NECESSARY FOR THEIR BUSINESS, EITHER FOR MANUFACTURING PURPOSES OR OTHERWISE, will find it to their interest to examine that large tract of ground, 670 feet front, on south side of Sedgley Avenue, west of Germantown Avenue, and on Germantown Avenue, south of Sedgley Avenue, extending back to the Pennsylvania Railroad, just across the street from Eleventh Street Station. For size and plan of lot call or address

Subscription for less than One Year will not be received.

JOHN N. GALLAGHER, Proprietor.
JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, FEB. 22, 1893.

JANUARY was a sad month for the fire insurance companies. The losses represented the better class of risks and amounted to \$17,000,000, or over a half million a day, which is heavier by considerable—except in the month of the Chicago fire—than any single month in the history of the country. The above only represents the losses on property on which fire risks had been placed. Of the other there is no record.

WITH pleasure we acknowledge the receipt of a handsomely bound volume, "The History of the Master Builders' Exchange of the City of Philadelphia." The work is compiled for the Historical Committee of the Exchange by C. H. Congdon and very handsomely illustrated by William W. Morgan, the able Superintendent of the department of exhibits, and presents on the whole a work of much merit and well worth a perusal. It is a perfect compendium of incidents and historical data, from the beginning of the institution to the present time, and contains handsome photos of the leading members and officers, as well as a brief history of each and their connection with that body; also illustrations of comparison showing the advance of America, and especially this city, in the matter of building over other countries. In a word, it is a perfect fund of knowledge, and only adds another testimonial to the many of the enterprise, thrift and prosperity of this, the leading organization of its kind in the world, for it can safely be claimed this Exchange has no equal and therefore always in the advance.

Fine Paintings at Auction.

An important sale of first-class paintings by world-famed artists, both foreign and American, is to take place at Davis & Harvey's auction rooms, on February 27th and 28th and March 1st next.

Connoisseurs will recognize many familiar names among the list of artists, many of whom won their spurs years ago. The paintings themselves represent the best work of these men, and were selected by a well-known gentleman as a private collection, which he has kept intact for years.

The names, J. C. Cazin, A. Schreyer, Alfred Stevens, E. Niczy, J. P. Bonheur, A. Braith, L. Richet, Gilbert Munger, among the foreign, and the following among the American painters, are quite enough recommendation in themselves: Thos. Moran, George McCord, Arthur Parton, Paul Weber, E. L. Henry and F. C. Hassom.

Architect Notes.

R. G. Kennedy, architect, 917 Drexel Building, has made plans for alteration to store at 29 North Tenth Street for Charles F. Bartlett, which will consist of bulk windows. Also plans for a stable at 1827 Sanson Street, to be of brick, and finished in hard woods on interior. All conveniences. Also drawings for a church at Chautauqua, N. Y., to be of frame construction one story high.

G. T. Oplinger, architect, Slatington, Pa., sends the following: Have prepared plans for a residence to be erected for Ellis Owens, in Slatington, Pa., to be of frame structure, with furnace, tubs, slate roof, water closets and full bath-room fixtures, the entire house to be finished in hard wood finish, in modern style. The same architect has also prepared plans for O. P. Snyder for his residence at Bangor, Pa., which is to be of press brick with all the modern improvements, and to be finished in hard wood throughout the entire building, with slate roof.

Frank R. Watson, architect, 518 Walnut Street, has made plans for the erection of two very handsome dwellings at the northeast corner of Thirty-third and Diamond Streets for Mr. Adolph Woll. The drawings contemplate structures of brown stone, very ornamental in design, having large porches of the same material, and gates of wrought iron grille work. The roof will be of red tile and considerable copper spouting. The upper stories above the first will be supported in front by eight polished granite pillars, and at top of each house will rise a small tower, which will be covered with tile and copper trimmed. The interiors will be models of comfort as well as beauty, being in Mosaic and fancy tile work, hard woods of various kinds, electric work, steam heat, speaking tubes, dumb waiters, open grates, best sanitary plumbing, spray, shower and flood baths, lavatories, toilet rooms, best culinary fixtures in kitchen, and all modern conveniences will be introduced. Estimates are being made on the work of construction by contractors. Mr. Watson will supervise the work to the completion.

Moses & King, architects, 431 Walnut Street, have completed plans in full for the erection of a large apartment house upon the site intended originally for the order of The Iron Hall on Broad Street, above Arch, the foundations of which have been completed. The drawings contemplate a ten-story structure, to be absolutely fire-proof, and to be of stone and buff or light colored brick. The interior will be fitted with elevators, both passenger and freight, speaking tubes, electric work, steam heat, best of sanitary plumbing and every modern convenience. The interior material used will be of a non-combustible character, and no expense will be spared to make it a leading and ornamental feature of that locality.

Hazelhurst & Huckel, architects, 925 Drexel Building, have made plans for a fine double house for Mr. W. H. Sheldermine, to be erected on West Walnut Lane, Germantown, to be stone, three stories high, colonial in style of architecture, finished on interior in hard woods, electric work and all modern conveniences. Also drawings for a house in the same place, located on West Harvey Street, near Green, for Mr. Canby S. Tyson, to be of stone, with shingle roof, three stories high, interior finished in best of workmanship, and all modern conveniences. Plans have been prepared for a residence for Thomas W. Barlow, Esq., to be of brick, rough cast, with a shingle roof, three stories high, interior to have furnace heat, best of sanitary plumbing, electric work, hard woods, and modern comforts. Also plans for a residence for Geo. P. Steel, of Germantown, to be of stone, with shingle roof, interior to have steam heat, electric work, oak finish in woods, and to be colonial in style. Also in course of preparation drawings for a church for the Lutherans of Salt Lake City, Utah, to be of brick and stone; also a parsonage adjoining of same materials. Plans have been made for a house at Radnor, on the P. R. R., for R. W. Martin, to be of stone, three stories high with basement, shingle roof, interior in hard woods finish and best modern conveniences, etc. Also plans for a pair of dwellings to be erected at Woodbury, N. J. The same architects have prepared all the plans in detail for the handsome residence of Daniel Baugh, Esq., to be erected on the northwest corner of Sixteenth and Locust Streets. The building will be four stories high, of blue Indiana stone and Roman brick and of fireproof construction, Italian renaissance in style of architecture. The interior will be a model of comfort, being fitted throughout with every convenience, including hard wood work, tile work, electric appliances, light and bells, speaking tubes, dumb waiters, steam heat, etc. A fine, large stable will also be built in the rear, and will be in keeping with the residence. This will be two stories high, of same material, and also furnished with coachman's quarters and best conveniences, electric work, plumbing, artificial flooring, etc. It is likely the contract will be given for this work at an early date.

J. Elvin Jackson, architect, 804 Walnut Street, is engaged to prepare plans for six frame houses three stories high, shingle roof, steam heat and best modern conveniences. These are to be erected at Gloucester City, N. J., by Sheriff West, of that place, and are to be exceptionally cosy in construction.

Some months ago we noted the proposed erection of a new laboratory building by the University of Pennsylvania, at Darby Road and Thirty-fourth Streets, the plans for which have now been fully prepared by Cope and Stewardson, architects, 320 Walnut Street. A more complete description of the structure is as follows: The new laboratory will stand just south of the Laboratory of Hygiene, on the Northeast corner of Thirty-fourth and Spruce Streets, and will be built plainly and substantially of brick. There will be three floors and a basement. It is not definitely decided whether to make it rectangular and about 60 by 120 feet, or to give it an E shape, and thus possibly secure a better light. But, in either case, the general idea of the building will be the same as regards the distribution of the space into departments. The plan is to divide the work into three parts, namely: General chemistry, analytic chemistry, and organic chemistry (with special research), and devote a floor to each of these departments. The basement will contain a large assay room, with 12 furnaces of the best type, and also appliances for blow pipe and gas analysis, and the necessary storage rooms for the laboratory. There will be a special room for keeping acids and a special room for technical chemistry, enabling a student to conduct an experiment on a large scale, under commercial conditions. The first floor will be devoted to the teaching of general chemistry, and will contain one large room, with about 7000 feet of floor space, for the younger students. Attached to this will be the balance rooms and small laboratories for the use of the assistants. The lecture room on this floor will seat 250 students, and will have attached a small room for making preparations. The professor's office and laboratory may take the remaining space, though there may be room still for one or two rooms for special work. The second floor will be devoted to analytic chemistry, and will contain a laboratory for qualitative analysis, and one for quantitative analysis, with adjoining rooms for balances and assistants; several small lecture rooms, seating 20 or 30 persons; a library room, and the professor's room and private laboratory, with a room especially devoted to electrolytic analysis. The third floor will be devoted to organic chemistry, containing besides the laboratory and combustion rooms, six or eight small rooms for special research, each to hold four or five people. On each floor there will also be a stock room, connected with the main stock room in the basement by elevators. It is proposed to push the work of construction at once.

Building and Real Estate Notes.

John W. Fritzing, contractor, of Manayunk, will erect a large pan house for the National Sugar Co., of Yonkers, New York.

Koliver Bros., contractors, are to erect three two-story brick dwellings, each 16 x 50 feet, on the east side of Bridge Street, north of James, Twenty-third ward, and one two-story brick dwelling, 16 x 50 feet, on the northeast side of Bockius Street, northwest of Sparks, Twenty-fifth ward.

Work will be started on the church for the Lutheran congregation (Epiphany) at Manayunk, and which has been noted in this journal in a previous number.

Stewart Bros. have the contract to erect a two-story brick building, 32 x 100 feet, for the Enterprise Laundry, on the west side of Germantown Avenue, north of Berks Street.

The contract to tear down the old market house and other properties upon the site of the "Bourse" has been given to Clayton C. Thackera, of this city. The work will be started at once.

Thomas Marshall, builder, is about to erect ten dwellings on Forty-seventh Street, near Kingessing Avenue. All to be of press brick, stone trimmings and best interior conveniences.

The J. G. Brill Co. will extend its plant at Woodland Avenue and Sixty-second Street by adding a story to its brick boiler house, 46.8 x 9.11, and also a story to the blacksmith shop, 48 x 58 feet.

Congress will be asked to vote for the League Island Navy Yard \$82,000 to build a new dock or pier; \$32,000 for a continuous sea wall in front of the island; \$18,000 for shears; \$49,000 for a boiler-making plant.

The Northern National Bank has bought the lot at the corner of Germantown Avenue, Seventh and Dauphin Streets, and propose to erect a bank building upon the site at an early day. E. T. Tyson is president.

Ordinances were introduced in city Councils on the 16th inst. to appropriate \$30,000 for the purchase of a lot on Market Street, near Twenty-first, for fire purposes, and to purchase a lot at Sixteenth and Vine Streets for fire purposes.

Stephens, Armstrong and Conkling will at once begin the erection of an addition to their terra cotta works, on Forty-eighth Street, south of the Pennsylvania Railroad. It will be three stories high, 50 x 200 feet, of brick, stone trimmings.

A large building having a store on the first floor and hall and meeting rooms in the two upper stories is to be built by Contractor William J. Murphy at the corner of Point Breeze Avenue and Twenty-second Street. The ground plan dimensions are 29 x 72 ft.

John M. Sharp, builder, 1936 South College Avenue, will at once erect thirty-two dwellings three stories high on the west side of Twentieth Street, between Dauphin and Susquehanna Avenue. All to be of best materials, red press brick, stone trimmings and modern conveniences.

John Loughran, builder, contemplates the erection of about two hundred two-story houses during the coming season in the neighborhood of Eighteenth and Huntingdon Streets, upon ground purchased by him some time ago. These are to be of the same pattern as others built last season in that locality.

Chas. C. Haines, contractor and builder, will at an early day remodel the Lochiel Hotel, on Eighth Street, below Chestnut, after which it will be opened as a first-class hotel and apartment house. The entire front will be renewed and considerable interior work as well, consisting of general hotel comforts and conveniences.

The Stuart-Peterson Co., having sold their property on Noble, east of Broad Street, have bought a site at Burlington, New Jersey, upon the Assisunk Creek, from the National Bureau of Engraving, and will remove their plant. Several buildings are already erected, so that only some minor repairs and alterations will be made.

Scott & Roberts, builders, will in a few days break ground for a new operation on Arlington and Ringgold Streets, near Twenty-fifth. This will consist of thirty-one two-story seven and eight roomed structures, to have front porches and double fronts with bay windows. Interiors with best workmanship and modern convenience.

Fred B. Franks, contractor, No. 2215 Emerald Street, will erect one hundred and seven two and three-story brick, brown stone trim dwellings at Frankford Road and Lehigh Avenue. All latest improvements, electric lighting and bells, cement cellars and pavements. Plans can be seen at office, Hope and Harrison Streets. Contracts to be awarded about March 1, 1893.

Mrs. E. D. Gillespie has personally undertaken to raise \$10,000 to place the School of Industrial Art on the site of the old Deaf and Dumb Asylum at Broad and Pine Streets. She is desirous of having 100 people each subscribe \$100. Already she has received nearly \$5000. It looks as if the trustees would be able to raise the \$150,000 necessary to secure a donation of \$100,000 in the same behalf.

John F. Snyder & Co., Sheet Metal Cornice Manufacturers, 2314-20 North Eighth Street, are about to erect a large new brick factory at Seventeenth and Lehigh Avenue. Dimensions, 115 x 70 feet. Two stories high. To be fitted with steam power and a quantity of new machinery. Their present location, at 2511 North Broad Street, will be used henceforth as their main office as well as for the manufacture of metallic skylights.

A piece of land has been purchased by Luther, Martin & Co., Lamp Black Manufacturers, Thirtieth and Oxford Streets, at State Road and Township line, Tacony, on which they propose to erect a new factory at an early day. And near this site another has been bought by Gillander & Bro., Glass Manufacturers, upon which they will erect a number of furnaces and glass houses furnished with steam and general machinery, etc.

James Lilly, builder, 1222 Snyder Avenue, will at once begin the erection of fifty-three dwellings in the First ward. Thirty-eight will be built on north and south sides of Winton Street, between Fourth and Fifth Streets, and ten on east side of Fifth, between Jackson and Cantrell Streets, and the remainder on Jackson Street and Snyder Avenue. All to be of press brick, stone trimmings and best interior work and accommodations.

The jury of view appointed in the matter of the change of grade of Ann Street, between Tulip and Gaul Streets, in the Twenty-fifth ward, yesterday filed its report in the Common Pleas Court, awarding damages for the taking of property as follows: William J. Kelly, \$58,380; the estate of Lewis J. Thompson, \$4000; Charles E. Ellis, trustee under the will of Amos Ellis, \$3000; William Strong, \$3500; James Walton, \$450, and David M. Hess, \$300, to be paid by the city. No benefits are assessed.

Building Inspector Supplee, of this city, read a very important paper on the subject of fire escapes and their proper construction before the National Builders' Convention, which closed its sessions at St. Louis, Mo., on the 17th inst. In the opinion of Mr. Supplee there is but one actually safe mode of escape, which is that of a completely disconnected and enclosed shaft with stairway on interior and constructed of absolutely fire proof material, the means of ingress and egress to be equal and unnumbered at all times, this being known as the tower escape.

Wm. Murphy, builder and contractor, has been given the contract to erect the new apartment house to be built at 1222-24 Loust Street by the Real Estate Investment Co., of which John J. Ridgway, Esq., is president, and for which plans were prepared by Furness & Evans, architects, 209 South Third Street. This structure has before been noted in Architect Notes, so that a brief note will serve at this time. It is to be brick and stone, five stories high and 40 x 170 feet, ten rooms upon each floor, making about fifty all told, fitted with every modern convenience. Work will be started at once.

It is proposed by the Park Commission to expend about \$90,000 in improvements during the coming season, and which will be divided as follows: \$40,000 for the construction of a river wall and filling in cavity near Falls Bridge and \$50,000 for the construction of the West Park river drive from where it ends to near the Columbia bridge. Also, \$10,000 for macadamizing the East Park drive south of the Columbia bridge. The damage now being done to the banks of the Schuylkill river throughout the limits of Fairmount Park will necessitate much more work being done than was anticipated.

Councils Committee on Surveys, on the 16th inst., received the report of the sub-committee on main sewers, which provides for the expenditure of \$338,000 for that purpose. Chairman Hicks embodied this report and another previously made into one ordinance, which, if passed, will place \$1,000,000 at the disposal of the Department of Public Works for building main sewers. It was decided to report favorably to Councils the proposed ordinances striking Filbert Street, from Twenty-first to the Schuylkill River, from the city plan. This part of the street is wanted by the Pennsylvania Railroad to extend its elevated road.

The Knickerbocker Ice Company has purchased quite a large lot of ground in Camden, New Jersey, located near City Hall, and will at an early day put up a storehouse or factory building of large dimensions. It is understood no contracts have been let thus far.—Adjoining the above tract it is proposed to erect a large Army for the various commands having headquarters in and around Camden, New Jersey. The county has bought the ground, which will face on Haddon Avenue at the junction of the Amboy branch and seashore lines of the Pennsylvania Railroad. \$75,000 has been appropriated by the Legislature of New Jersey for the building. No plans prepared yet or contracts awarded.

An opinion was delivered by the Supreme Court affirming the judgment of Common Pleas Court, No. 2, in the case of Michael L. Kearney, appellant, against Patrick Hogan deciding a question regarding real estate sales. The question raised was whether or not a reasonable time was allowed the vendor between the date of the agreement of sale and the tendering of the deed to allow him to free the property of incumbrances, and whether this time was not so unreasonably long as to free the purchaser from the obligations of the agreement of sale. In deciding this point the Supreme Court said: "A purchaser of real estate is not bound to wait an indefinite time and keep his money unemployed to enable the vendor to clear his property of incumbrances. Where such incumbrances consist of a judgment or mortgage it can be removed at once by application of a portion of the purchase money to its payment, but an incumbrance of the character of the one in this case cannot be

removed in a summary manner. It may require a month, or it may require a year, and it is unreasonable to expect the vendee to hold himself in readiness to meet his contract for an indefinite period."

Plans are now before the Committee on Surveys for the changing of the grade and location of Delaware Avenue, Holmesburg, from a point west of the Pennsylvania Railroad tracks to the State line. This change is made to do away with two grade crossings, the tracks of the New York division and the Bustleton branch of the Pennsylvania Railroad Co. The road as planned will make a sharp detour from below the old barn of Moro Phillips, passing under the tracks of the Bustleton Road at a point above the coal yard. It will then run in a straight line until it reaches the State road. An overhead bridge or underground passageway will be constructed on the old site of Delaware Avenue to allow pedestrians to pass from one side of the railroad to the other. The property owners in the vicinity are objecting to the change, as they contend it will damage their properties far beyond the compensation given.

A strong movement is on foot by many leading and philanthropic citizens of this city to better the condition of what is at present known as the "Slums" by the construction of tenement or apartment houses, which will be rented out under the supervision and care of the board of directors, who shall be chosen. It is understood plans have been prepared, and an effort is being made to buy the site at Twelfth Street and Washington Avenue, lately occupied by Campbell's Mills, and destroyed some two years ago by fire. This site offers advantages that make it desirable, as it is intended to attach a play ground for children to the building which will cost, it is estimated, near half a million dollars. A well attended meeting was held in the Jewish Temple, Keneseth Israel, on the 19th inst., presided over by the Rev. Joseph Krauskopf, the Rabbi, to further the project, at which he stated that plans had been prepared for the erection of one or two large houses at an early day. The moving spirits in the affair seem to be Dr. Joseph Krauskopf, Professor Felix Adler, Professor Seligman, of Columbia College, and Mr. Charles W. Cayri, who is now superintending mission work and homes in Alaska and other small streets.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Berwyn, Chester Co., two dwellings will be erected by Nathan Lamey.

—At Dover, York Co., the Township Board will erect two new brick school houses.

—At Suterville, Westmoreland Co., Eli C. Suter will erect an opera house to cost about \$15,000.

—At Moreland, Lycoming Co., it is reported that the Swedenborgians will erect about forty dwellings.

—At Quakertown, Bucks Co., Samuel Johnson, David Mease and Mrs. Mary Benner will each erect dwellings.

—At Pottstown, Montgomery Co., Jacob Fegeley, proprietor of the Merchant's Hotel, will remodel and improve the property.

—At York, York Co., Messrs. Lafean and Williams will this Spring erect a large four-story addition on the north side of their factory, on Broad Street. Contracts not yet let.

—At Connellsville, Fayette Co., a handsome residence will be erected, from plans prepared by Architect James Steen, of Pittsburgh.

—At Verona, Allegheny Co., F. W. Hingey and others have made application for authority to organize the First National Bank of Verona.

—At Jenkintown, Montgomery Co., M. L. Kohler has purchased about eighty acres of land, which will be cut up in building sites and improved.

—At Wilmerding, Allegheny Co., the congregation of the Methodist Church will erect an edifice to cost about \$20,000. Work will be begun early in the Spring.

—At Upland, Delaware Co., a movement has been inaugurated by the Sunday school of the Upland Methodist Church to purchase a new church organ.

—At Fort Washington, Montgomery Co., it is probable that an Evangelical Lutheran congregation will be formed and a suitable building for church purpose erected.

—At Oxford, Chester Co., an effort is being made to erect a church building by the Seceder Presbyterian congregation. The estimated cost is \$7000, most of which has been subscribed.

—At Phoenixville, Chester Co., Stratford Castle, Knights of the Golden Eagle, has purchased a large brick dwelling of Henry Quidland, and will remodel and fit it up for hospital uses.

—The voters of Abington Township, Montgomery Co., will cast a vote on Thursday, February 23d, to decide the question of authorizing the supervisors to borrow \$80,000 for the purpose of macadamizing the principal roads in the township.

—At Overbrook, Montgomery Co., George W. Childs and Wendell and Smith have purchased 206 acres of land, and arrangements are being made for the erection of 500 dwellings next Summer. Already ground has been staked out for thirty-five dwellings.

—At Allegheny City, a theatre will be erected by H. R. Jacobs. It will be situated on Federal, near Lacock Street, and the estimated cost is about \$60,000. The plans are being prepared by McElfritrick & Son, 1193 Broadway, New York, and will include such improvements as electric lights, etc.

—At Bedford, Bedford Co., architect J. A. Dempwolf, of York, Pa., has made measurements for a building to be erected for Frank E. Colvin near the post office. The structure will be of brick, three stories high, to be used for stores, offices and dwelling. It will be lighted by electricity and heated by hot water and steam.

—At Reading, Berks Co., I. H. Reivervd will erect a three-story brick shoe factory at 222 Pearl Street.—A new building will be erected by the Ninth National Bank at Ninth and Penn Streets.

—A four-story building will be erected by John D. Strunk at 12 and 14 North Ninth Street.

—A three-story brick building for hotel purposes will be erected by George Gauster at Ninth and Bingham Streets.

—At Chester, Delaware Co., contractors are figuring on the new Episcopal Sunday school building, which is to be erected from plans prepared by Samuel Milligan, Philadelphia. The estimated cost is \$5000. There will be two class rooms, one on each side of the vestibule. They will be handsomely finished on interior. The structure will be of brick, 38 x 71 feet, and erected on the lot at Fifteenth and Potter Streets.

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

WILLIAM R. NICHOLSON, President.

No. 9 South Ninth Street,
First Store below Market St.) PHILADELPHIA

—At Gettysburg, Adams Co., the new opera house will be erected on Middle Street, opposite the court house. Work will commence as soon as \$16,000 has been subscribed.

—At Lansdowne, Delaware Co., Mrs. W. A. McEwen has purchased a lot and will erect a dwelling. A lot upon which a Methodist church will be erected has been purchased by the Methodist congregation. The cost of the lot was about \$3500.—Mr. J. W. Pennypacker will rebuild his dwelling, recently destroyed by fire. It will be of stone and frame, modern improvements and conveniences. Hoopes & Lowden are the contractors.

—At West Chester, Chester Co., a number of gentlemen interested in the hospital went to Harrisburg last week to urge the matter of an appropriation. Professor G. M. Phillips, of the Normal School, and a number of others were in the party to put in a plea for an appropriation of \$50,000 to pay for some improvements under way and to provide for some under consideration.—The next improvement contemplated at the West Chester Normal School is the putting in of an elevator on the girls' side of the building. No plans have yet been prepared for the work, but the work will probably be done the coming Summer.—New bids will be asked for the erection of the Second Ward Episcopal Sunday school building, as the former bids were all too high.

—At Harrisburg, W. M. Donaldson and W. L. Gorgas, who represent the several Masonic bodies of the city, have purchased, through F. R. Leiby, real estate agent, the market house property, on Market Square, for \$27,000, as a site for a Masonic Temple, for which plans will be prepared for a structure five stories high. The first floor will be used for business purposes; the second and third for offices, and the fourth and fifth floors for Masonic meetings.—Charter has been granted to the Citizen's Railway Co., of Chester Co., with a capital of \$80,000. The line to commence on East Gay Street, West Chester; thence to and through East Bradford and West Bradford Townships to Downingtown, with a branch to Marshalltown. Thomas Pennypacker is president of the company. William P. Snyder, T. L. Eyre, William G. Pennypacker and James H. Baldwin, directors. Also, charters to the Moore and Mifflin Streets Railway Co., of Philadelphia, with a capital of \$26,000; to the Johnson Street Passenger Railway Co., of Philadelphia, with a capital of \$35,000; to the Federal Street Passenger Railway Co., of Philadelphia, with a capital of \$20,000.

—At Pittsburgh, the new athletic club has decided to erect a handsome building, and plans are being prepared. According to these plans there will be three buildings—one for social purposes, containing ball room, etc.; one for athletic purposes, containing a gymnasium, and the third building will be a club house for boys. A stone wall, six feet high, will surround the entire grounds, and a landscape gardener will be engaged at an early date to lay out the grounds.

—The Columbus Club will also erect a club house, to cost about \$60,000, and a stock company has been formed. A site is under consideration. The officers of the company are John Farrell, president; J. Lodie Gloninger, secretary, and L. Vilsack, treasurer. It is expected to have the structure ready for occupancy by October.—It is said that a site has been purchased on Fifth Avenue, opposite the entrance to Schenley Park, upon which the new Roman Catholic cathedral will be erected. The committee having the mat-

ter in charge is composed of Edward Kelly, Jr., Frank Wexel, John Farrell, William Loeffler and ex-Postmaster Larkin. The property on Grant Street, which will be sold, is valued at over \$1,000,000.—L. Benz & Bro. have been awarded the contract for the erection of the convent, to be erected by the Sisters of Divine Providence, on Larimer Avenue, at a cost of \$60,000.—The Rev. Robert M. Russell can furnish particulars as to the erection of a new church building, to cost about \$180,000, on Stanton and Collins Avenue, for the Sixth United Presbyterian congregation.—W. H. Roberts, of Pittsburgh, has received contract to construct part of the new sewers at Jamestown, N. Y.—Messrs. Black & Baird, real estate agents, have sold a lot to G. D. Siemen, upon which an eight-story warehouse will be erected.—John A. Power has purchased a lot 60 x 177 feet, on Dithridge Street, upon which he will erect a fine dwelling this Spring.—Joseph P. Rankin & Co., 514 Fourth Avenue, have sold a lot on Beaver Street, Sewickley, Pa., 125 x 200 feet, upon which a fine residence will be erected.

Through New Jersey.

At Elizabeth, Union Co., a new public school will be erected.

At Trenton, J. W. Wilson can give particulars as to the proposed erection of a new city hall.

At Plainfield, Union Co., the new building to be erected by the Y. M. C. A. will cost about \$50,000.

At May's Landing, Atlantic Co., the Sovereign Land Company has filed articles of incorporation. The capital stock is \$24,000.

At Highland Beach, Monmouth Co., William Sanders, Jr., has received contract to erect a dwelling for Florence K. Murphy to cost \$3475.

At Cliffwood, Monmouth Co., the contract for the erection of the new Methodist church has been awarded to H. A. Young, of Keyport, N. J.

At Red Bank, Monmouth Co., William C. Brown has been awarded contract to erect a building to cost \$7800 for the Shrewsbury Yacht Club.

At Paterson, Passaic Co., the new city hall, to be erected on Hamilton Avenue, and for which plans are now being prepared, will cost about \$230,000.

At Gloucester City, Camden Co., Messrs. Blakely, Groves and McPadden, purchasers of the Washington Mills, will start No. 1 Mill first, and make necessary improvements to Mill No. 2, after which Mill No. 2 will be run while Mill No. 1 is having improvements made.

At Asbury Park, Monmouth Co., a public meeting will be held at Liberty Hall, Thursday evening, February 23d, to discuss the feasibility of increasing the school facilities.—Messrs. Kear, Carlin and Carhead, school architects of Newark, New York and Buffalo, have drawn plans for a proposed new school house to cost complete about \$56,000.

At Hightstown, Mercer Co., the Common Council has passed an ordinance granting to Lane & Harrison, of Asbury Park, the right to form an electric light company at that place, and giving them the necessary franchise for a plant. The contract says that the poles must be erected in three months and the lines completed in six months, and stipulates that the wires are to be at the service of the Fire Department for alarms when needed. The company will be organized at an early date and will be known as the Hightstown Electric Light and Power Company.

At Woodbury, Gloucester Co., William Brookfield, proprietor of the Bushwick Glass Works at Brooklyn, N. Y., has purchased the works of the American Bottle Company at Woodbury, and will enlarge and operate the same.

At Glassboro, Gloucester Co., it is reported that the entire plant of William Brookfield, of Brooklyn, N. Y., will be removed to Glassboro, and a number of new dwellings erected for the employees, which will number some hundreds.

At Atlantic City, Atlantic Co., City Council will be asked to furnish a horse carriage and one thousand feet of hose to protect beach property.

—Messrs Young & McShea have offered to erect a suitable building free of cost for a new fire company.—The railroad to Longport will be made a double track road.—John F. Betz, of Philadelphia, has purchased a piece of land for \$10,000 in South Atlantic City.—A resolution was carried in Council last week to request the representatives in the State Legislature to procure the necessary legislation for Atlantic City to create bonds for paving and improving the streets.

At Camden, the Knickerbocker Ice Company will begin the erection of a large ice factory on the lot recently purchased. It is situated near the City Hall, and contains 80,000 square feet of ground. The proposed new building will cost about \$100,000.—About \$8000 has been subscribed toward the proposed new building for the Young Men's Christian Association. The president is Walter M. Patton; vice president, Thomas L. Gifford; treasurer, Schuyler C. Woodlull; secretary, John T. Seymour.—At a recent meeting of the County Freeholders it was decided to purchase from the Cooper estate a site at Haddon Avenue and Stevens Street, upon which to erect a new armory for the National Guard, for the purchase of which bonds will be issued. The state has appropriated \$75,000 for the erection of the building. A resolution was adopted authorizing the advertising for bids for the repairs to the White Horse Turnpike.—H. S. Griffin, of Dudley; John Wood, Jr., of Haddonfield; and Augustus Reeve, of Camden; have incorporated the H. S. Griffin Machinery Company with a capital of \$30,000, for the purpose of manufacturing all kinds of machinery.

Through Delaware.

At Wilmington, at a meeting of the Board of Education, held on Monday, February 13th, the committee to select a site for a new grammar school in the northwestern section of the city, recommended the purchase of a lot at the corner of Fifteenth and Washington Streets at a cost of \$5000. The report of the committee was adopted and it was authorized to receive plans for a new building.

At Dover, a bill has been introduced providing for the erection of a State Penitentiary, constructed on the plan of the State Penitentiary for the Eastern District of the State of Pennsylvania, subject to such alterations and improvements as the commissioners, or a majority of them may from time to time approve and direct. The commissioners are also authorized to employ competent architect and superintendent. The bill was introduced by ex-Sheriff Wm. Simmons.

—Mr. Spruance has offered a bill in the Legislature to condemn the run known as Silverbrook for a common sewer. The bill requires that the run shall be condemned for sewer purposes within one year after the act is passed, and further provides that the expenses of condemnation shall not exceed \$30,000.

Washington, D. C.

George W. Easterday will erect an elegant residence on Thirty-first Street, near N Street, from plans drawn by E. Woltz, 605 Seventh Street, N. W. The estimated cost will be about \$8,000. It will be three stories high, of press brick and brown stone and roof of blue slate. The first floor will be finished in quartered oak, the balance in white pine, cabinet mantels, dumb-waiters, electric work, sanitary plumbing, tiling and all modern improvements will be introduced. No contracts have been made.—Jos. C. Johnson, 64 Corcoran Building, has prepared plans for a building for the Bayne estate, to cost \$6000. It will be of press brick and Hummelstown brown stone, copper cornice, modern conveniences and improvements. No contracts have been made.—The north side of Washington Circle, between Twenty-third and Twenty-fourth Streets, will be improved by the erection of two handsome dwellings for Daniel Shannahan from plans prepared by John B. Brady. They will be of press brick, with trimmings of Hummelstown brown stone, iron steps and railings, interior finish of hard wood, tile work, enameled tubs, sanitary plumbing, skylights and electric work. No contracts let. The estimated cost is \$15,000.—Three dwellings will be erected on C Street from plans prepared by Joseph C. Johnson. The estimated cost is \$9000. No contract let.—The portion of the Marshall Hall estate known as Elsemere, has been subdivided by A. B. Mullett & Co., architects, and a large hotel will be erected and the place fitted up as a Summer resort.—R. A. Dore will erect a dwelling from plans prepared by J. Germmeller, 511 Eleventh Street, N. W. It will be of brick, with stone trimmings, tiled vestibule and bath, cabinet mantels, latrobe heat, etc. No contracts have been let.

Through Maryland.

At Baltimore, the most important permits issued to date are as follows: To Adam Runder, to erect six two-story brick dwellings on Eastern Avenue, near Rose Street; to W. F. Flagg, to erect eight three-story brick dwellings on east side of Guilford Avenue, near North Avenue; to C. A. Singer, to erect three three-story brick dwellings on north side of Reservoir Street, east from Mt. Royal Terrace.—The independent distillery to be established will have a capacity of 5000 gallons of high wine per day.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

Court House, Custom House and Post Office building at Omaha, Nebraska," and addressed to W. J. Edbrooke, Supervising Architect. No. 2663.

TREASURY Department, Office Supervising Architect, Washington, D. C., February 8th, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 31st day of March, 1893, and opened immediately thereafter, for all the labor and materials required for the excavation, foundations, basement and area walls, basement columns and first floor ceiling for the U. S. Post Office building at Columbus, Georgia, in accordance with the drawings and specifications, copies of which may be had at this office or the office of the Superintendent at Columbus, Georgia. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids or to waive any defect or informality in any bid, should it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for excavation, foundations, basement and area walls, etc., for the U. S. Post Office building at Columbus, Georgia," and addressed to W. J. Edbrooke, Supervising Architect. No. 2535.

TREASURY Department, Office Supervising Architect, Washington, D. C., February 8th, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 28th day of February, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone and brick work, roof and cellar, and for the construction on and roof covering for the superstructure of the U. S. Post Office building at Burlington, Iowa, in accordance with the drawings and specifications, copies of which may be had at this office or the office of the Superintendent at Burlington, Iowa. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids or to waive any defect or informality in any bid, should it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked "Proposal for the cut stone and brick work, etc., for the U. S. Post Office building at Burlington, Iowa," and addressed to W. J. Edbrooke, Supervising Architect. No. 2579.

TREASURY Department, Office Supervising Architect, Washington, D. C., February 10, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 31st day of March, 1893, and opened immediately thereafter, for furnishing and delivering at freight depot in city where required, safes for the U. S. Government building at the following cities: Atlanta, Ga., Bangor, Me., Belfast, Me., Des Moines, Ia., Dubuque, Ia., El Paso, Tex., Harrisburg, Pa., Hartford, Conn., New Orleans, La., Portland, Me., Springfield, Ill., in accordance with the specifications, copies of which may be had on application at this office. The right is reserved to reject any or more of the safes must be accompanied by a certified check for a sum not less than 2 per cent. of the total amount of the proposal. The right is reserved to reject any and all bids, and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. Proposals received after the time stated will be returned to the bidders. Proposals must be en-

closed in envelopes, sealed and marked, "Proposal for safes for U. S. Government buildings, and addressed to W. J. Edbrooke, Supervising Architect. No. 2614.

City Clerk at Marshfield, Wis., proposals until March 3, 1893, for furnishing 23 arc lights of 2000 candle power.

A. W. Greely, Chief Signal Officer, Washington, D. C., proposals until February 24, 1893, for iron poles, plugs and wire.

Proposals until March 14, 1893, for the construction of a system of water works at Portland, Ore. Address Isaac W. Smith, Engineer.

Sealed proposals for the construction of a system of sewerage and drainage will be received at the office of the Village Recorder at Red Jacket Mich., until March 1, 1893.

Proposals until February 27, 1893, for furnishing delivered at the Schuykill Arsenal \$2300, woven wire bunk bottoms, army standard, address C. G. Sawtelle, Depot Quartermaster General, U. S. Army.

United States Engineer Office, Newport, R. I., January 16, 1893.—Sealed proposals, in triplicate, for stone work at Point Judith, R. I., will be received at this office until 12, noon, on the 24th day of February, 1893, and then open. The attention of bidders is invited to the Act of Congress approved August 1, 1892, Sections 1 and 2 (Public No. 193). Full information furnished on application. W. H. Bixby, Captain Corps of Engineers, U. S. Army.

United States Engineer Office, Room H 7 Army Building, 39 Whitehall Street, New York City, January 28, 1893.—Sealed proposals for dredging in the harbor at Clinton, Connecticut, will be received at this office until twelve (12) o'clock, noon, on Tuesday, February 28, 1893, and then publicly open. Specifications, blank forms, and all available information will be furnished on application to this office. D. C. Houston, Colonel Corps of Engineers.

Board of Wardens for the Port of Philadelphia, Rooms 11 and 11½ Merchants' Exchange, cor. Third and Dock Streets, Philadelphia, Feb. 9, 1893. Sealed proposals for dredging docks not belonging to the city, and in front of bulkheads not belonging to the city, in the Delaware and Schuylkill Rivers, where city sewers empty, endorsed "Proposals for Dredging," and sealed, will be received at this office until Monday, March 6, at 12.30 P. M. Specifications may be had on application to the Secretary. No bid will be received unless accompanied by a certificate from the City Solicitor, stating that the provisions of an ordinance of Councils, approved May 25, 1860, have been complied with. Joel Cook, President. George F. Sproule, Secretary.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

Wants.

Dredging and removal of obstructions in Buffalo Bayou, Tex.—U. S. Engineer Office, Galveston, Tex. January 28, 1893.—Sealed proposals for dredging and removal of obstructions in Buffalo Bayou, Texas, will be received at this office until 12 o'clock, noon, 90th meridian time, February 28, 1893, and then publicly opened. Specifications, blank forms, and all available information will be furnished on application will be furnished on application to this office. Charles J. Allen Major Corps of Engineers.

Proposals will be received at the office of the Lexington Water Works Company, in Lexington, Ky., until Wednesday, March 1, 1893, at 3 o'clock P. M., for the construction of an additional dam and waste weir for the purpose of enlarging the present reservoir. Plans and specifications can be seen at the office of the company, No. 8½ E. Main Street, Lexington, Ky. The right is reserved to reject any and all bids. S. A. Charles, superintendent and engineer in charge.

Navy Department, Bureau of Yards and Docks, Washington, D. C., November 26, 1892. Sealed proposals in duplicate, indorsed "Proposals for Crane," will be received at the Bureau until 1 P. M., on Monday, February 27, 1893, and publicly opened immediately thereafter for constructing and delivering a forty-ton locomotive crane at the U. S. Navy Yard, Mare Island, Cal. General specifications and blank forms of proposals will be furnished upon application to this Bureau, where further information may be obtained. Proposals must be accompanied with full plans and specifications. Responsible security will be required for the faithful performance of the contract in a sum equal to 20 per centum of the contract price. A certified check for \$5000 must accompany each proposal as a forfeit in case of failure to enter into contract. The right is reserved to reject any or all proposals not deemed advantageous to the Government and to waive defects. F. H. Farquhar, Chief of Bureau.

Sealed proposals will be received at this office until noon of Wednesday, March 1st, 1893, and then opened—for furnishing materials, and doing labor, for the proposed City Hall, Paterson, N. J., in accordance with drawings and specifications, copies of which may be seen at the offices of the Commission, and at the offices of the architects, Carrere & Hastings, 44 and 46 Broadway, New York City, on and after Monday, February 13th, 1893. Each bid must be accompanied by a certified check to the amount of 1 per cent. of the bid. The right is reserved to reject any and all bids, and to waive any defect or informality in any bid, should it be deemed in the interest of the municipality so to do. Should any bidder desire a set of plans and specifications they will be forwarded by the secretary on the receipt of \$15. Proposals must be on form procured either from the City Hall Commission, or from the architects; enclosed in sealed envelopes, and addressed to the Secretary, and endorsed "Proposals for City Hall, Section No.—Paterson, N. J." Walter Beveridge, Secretary, Room 12, Paterson Savings Institution, Cor. Main and Market Sts., Paterson, N. J.

JOHN N. GALLAGHER, Proprietor,
JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED., MAR. 1, 1893.

It is with great regret that we chronicle the death of Mr. E. L. Mintzer, Jr., real estate officer of the Real Estate Investment Company, of this city. Mr. Mintzer left his home at Media on last Wednesday morning on his way to Philadelphia, and was a victim of the sad accident on the Pennsylvania Railroad of that day. He was well known in real estate circles, where his many good qualities and superior business ability made him a host of friends.

Reading.

It is worse than stupid folly for the losers in Reading to rave against President McLeod. His ambition to make his road just what it should be, the master of the coal interests, thereby ending forever tribute paying to other roads, which were, at the best, simple auxiliaries, was not only justifiable but commendable, for when the mountain of responsibility is recognized that Mr. McLeod assumed with the presidency, a job requiring a man of lion heart and genius to cut out for himself and to accomplish the very work for which he is now blamed, it will be better understood why it was that the financial giants pitted their best efforts against him to consummate his ruin. Mr. McLeod thoroughly understood when he took command that something more was expected from him than mere conservatism. The demand for aggressive measures was certainly loud enough for him to understand, and aggression meant an invasion into the enemy's country at all vulnerable points, and it was this self same aggression that stimulated confidence, that boomed the stock, that precipitated the panic.

The panic came, representing, perhaps, the greatest combination of capital for disruption purposes of which the world ever heard. Millions have been lost, to be sure, but for whose future benefit? Where did the stock go? Surely not to financial weaklings, for blocks of 5000 shares

were snapped up as hungry wolves snap up meat thrown to them. If the public will stop guessing and do more thinking it will better understand that buyers were needed as well as sellers, and that there were really quite as many of the former as of the latter, with the simple difference that one party knew just what it was driving at while the other was going it blind.

It is ridiculous to argue that the public has been deceived. The Philadelphia public knew the whole situation from beginning to end. It was a simple question of interest-bearing debt and plenty of it on one side and the ability to pay both interest and debt on the other.

McLeod understood the situation. He comprehended the wonderful, heretofore abundant, resources that could be made available, and which were possible after the consummation of certain plans, and, like a Napoleon, he did not hesitate. Of course he antagonized certain heavy money interests. It could not be otherwise. His advance was ruinous as well as dangerous to whatever obstacles that stood in his way.

He must now hold the fort. Retreat would mean annihilation.

A receivership means security, and, as we understand it, that is what he was after.

The possible and probable results from the combinations the Reading has made, if it can hold them, will afford, under good business management, profits equal to both the indebtedness as well as the interest in a far shorter time than the most hopeful dare to speculate upon. With these paid its future is settled.

What is now most needed is confidence and support, for it was no more the fault of Mr. McLeod that the stock was raided than is the magnitude of his company's debts.

McLeod has been tunneling the mountain instead of picking at its apex with shovel and pick. It is now the duty of Pennsylvanians to keep the mountain from falling upon him.

Architect Notes.

Architect Benjamin F. Hurd, of 679 Broad Street, Newark, N. J., will, on April 1st, remove to his new and handsomely fitted offices, on the fourth floor of the Prudential Building, at the corner of Broad and Bank Streets.

Work upon the new reception hall, which will be added to the Columbia Club's headquarters, Oxford and Broad Streets, will likely commence as soon as the weather moderates. Plans have been prepared by John Ord, architect of the Public Buildings, and were fully noted in a previous issue of this journal.

Addison Hutton, architect, 400 Chestnut Street, prepared plans one year ago for an addition to the Wood Building, on the southwest corner of Fourth and Chestnut Streets, and work was delayed for some reason known to the owner. It is understood that the improvement will be made during the coming Spring season.

Architect Benjamin F. Hurd, 679 Broad Street, Newark, N. J., reports plans for a three-story block, to be erected in Elizabethport, N. J., at a cost of about \$18,000. To be of brick, with brick fronts. To have two stores on first floor and eight flats above. Size, 69 feet on First Street x 65 feet on East Jersey Street. E. B. Bach, owner. No contracts let. Also a four-story Trenton front brick flat, to have sixty-four rooms, divided into sixteen flats of four rooms each, to be erected in Comes Street, Newark, N. J. Size, 50 x 55 feet. Cost, \$15,000. Contracts are let.

Angus S. Wade, architect, Hale Building, has in course of preparation plans for a five-story factory, 56 x 125 feet, to be erected on north side of North Street, above Broad, for the Saranac Silk Mills. James Caven and Sons, owners and proprietors. All improvements in slow-burning construction will be taken advantage of in the structure, as it is the intention of all concerned to erect a model building. To be of brick, stone-trimmings and perhaps tin roof. To be fitted out with freight elevators, speaking tubes, electric work, sprinkling system, steam heat and power, to which a small electric dynamo will be attached. No contracts have been awarded.

Horace W. Castor, architect, 4627 Penn Street, Frankford, Philadelphia, has made plans for a new hotel building and dwelling combined for George Clayton, at Jackson and Bridge Streets. The structure will be three stories high, of brick, stone trimmings and contain about twenty-four rooms. It will have a fine porch around exterior, while the interior will have all modern conveniences. The same architect has prepared drawings for remodeling of the old Cedar Hill Hotel, on Frankford Avenue, Bridge Street and Bustleton Pike, for the owner, John H. Kiggins. An addition of twelve sleeping rooms will be made, and all modern improvements introduced. Also plans for a pair of twelve-room dwellings, two and a half stories high, for Mrs. Adam Fink, at Harrison and Willow Streets, with all conveniences.

Edwin F. Bertolette, architect and civil engineer, 1220 Filbert Street, has made complete plans for a block of seven three-story dwellings, to be erected by M. L. Heist, Esq., at Park and Allegheny Avenues. The fronts are to be of ornamental design, built of Pompeian brick, with handsome plate glass windows, considerable tile and slate will be used, best sanitary plumbing, good heating and ventilation, and all modern improvements will be introduced. Also plans have been made by the same architect for sixty two-story dwellings for C. H. Sayre, Esq., to be erected at Fifty-first and Thompson Streets. All to be of press brick, stone trimmings and steps. Modern improvements of the best on interior. Mr. Bertolette is also engaged on plans for a pair of fine country residences, of which details will be given later.

There seems to be no doubt now of the success of the movement to secure for the Pennsylvania Museum and School for Industrial Art the site at Broad and Pine Streets, lately occupied as the School for Deaf and Dumb. Subscriptions are being made faster than the most sanguine of those interested looked for, and a conditional offer of William Weightman of \$100,000 will enable the committee to close the option held until the 28th of February. As the matter now stands it is best stated by William Platt Pepper at the last stated meeting on the 25th inst.: "So far we have received \$96,375 from various sources," he said, "and we still need over \$33,000 to secure the munificent donation of Mr. Weightman. Of the money received \$37,750 was raised by the Women's Associate Committee, or, in other words, more than one-third of the requisite amount. The enormous interest that has been displayed in all quarters over the proposed acquisition of the property has been most gratifying. The pupils and teachers of the School of Industrial Art have voluntarily contributed \$150 to the sum, one young lady, who receives only a small salary, giving \$25. But we still need money, and need it badly. The amount asked for this site is \$325,000, and it is our intention to pay at least half in cash and give the balance in mortgages. But to do this we must have more money, and between this and next Tuesday nearly \$100,000 must be raised."

At the Temple Keneseth Israel on the second meeting nearly \$30,000 were subscribed to the fund with which it is proposed to erect in this city a large building, modelled after similar structures in New York and Brooklyn, in which many families can be provided with separate dwellings, having the most approved sanitary requirements, at a cheap rental, and which was mentioned in our last issue. The meeting was held in consequence of a discussion of the subject at the Temple on the Sunday evening previous, and was for the purpose of making a beginning toward the accomplishment of the object in view. Mr. Edward Stern was made temporary chairman, and Mr. M. H. Lichten, temporary secretary. On motion of Mr. Isaac Rosskam, the meeting resolved into the Model Dwelling Association of Philadelphia, and Mr. M. C. Hirsch suggested that the capital stock be \$250,000, divided into 5000 shares of a par value of \$50 each. After it had been decided to appoint a committee of 15 to solicit subscriptions, the following gentlemen appended their signatures to a paper pledging themselves to subscribe to the stock, the aggregate amount being nearly \$30,000. B. W. Fleisher, Isaac Rosskam, B. Selig, S. B. Fleisher, J. G. Rosengarten, L. Leberman, Isaac Herzberg, Louis Eschner, Samuel Kind, E. L. Rothschild, Henry Hirsch, M. H. Lichten, Rev. Wm. Arnold, A. E. Massman, Jacob Muhr, Arnold Kohn, A. Lichten, Alfred Percival Smith, Samuel Weil, Jos. Marschuetz, Rev. Dr. Krauskopf, B. Salinger, Alvin James, Israel Hecht, Dr. Henry Berkowicz, Morris Liveright, M. C. Hirsch, Ph. Lewin, Leon H. Folz, B. Eschner, B. Berkowicz, Hart Blumenthal, A. M. Kohn, A. Weil, Herman Jonas, M. H. Pulaski, Samuel S. Fels, A. Kauffman, C. C. Rosenberg. The separate apartments in the proposed house will consist of three, four, five and six rooms, four rooms being the average. For an apartment consisting of living-room, bed-room and scullery, a weekly rental of from \$1.50 to \$2, according to the floor, location and size of rooms, is charged. Larger apartments are charged for in proportion. Promiscuous mingling of the sexes is prevented wherever it is

possible. The first aim has been to secure domestic privacy. The building is only two rooms in depth, so that every room has a frontage either on the street or on the open ground in the centre. The fire escapes are of the best possible construction.

The solution of the question of the Mint site having passed its legal stage we append a full statement of figures as presented to the U. S. Court for confirmation. The site includes the square bounded by Walnut, Seventh, Sansom and Sixth Streets. The table gives the owner of each property, its assessed value, the highest valuation put on it by the owner, or by real estate experts testifying for the owner, and the highest valuation put on it by experts testifying for the Government. The total of the assessed values is \$550,500. The total of the owners' values, excepting one not specified and another case which was not heard, is \$1,277,300. Estimating the owners' value of these two properties at \$22,000, the total is \$1,321,300. Add to this the aggregate of 116 tenants' claims, \$250,883, and the total amount of claims against the Government, made by owners and tenants, is \$1,572,183. The total of the highest valuations put on the properties by Government experts is \$830,844.

*Judgment of Jury.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Weldon, Montgomery Co., Mr. Kulp will erect a large green house this Spring.

—At North Wales, Montgomery Co., the citizens have cast a vote in favor of electric lights.

—At Spring City, Chester Co., work on the construction of the electric light plant will soon be commenced.

—At Sharon, Mercer Co., the congregation of St. Joseph's German Roman Catholic Church will erect a handsome church edifice, to cost about \$15,000. It will occupy the site of the present church, which will be removed and fitted up for school purposes.

—At Chambersburg F. E. Miller will erect a large double brick house on Main Street, near Washington Street.

—At Hummelstown, Dauphin Co., Mr. David Rhoads is having plans prepared for a number of dwellings which he will have erected the coming season.

—At Jeannette, Westmoreland Co., several business buildings and three dwellings on Fourth Street have been destroyed by fire, causing a loss of about \$50,000.

—At Souderton, Montgomery Co., John A. Freed has purchased an acre of ground from Michael Mayer upon which he will erect a dwelling next Summer.

—At Jenkintown, Montgomery Co., the interior of the Catholic Church will be improved to make more seating capacity. The improvements will cost about \$10,000.

—At a recent meeting of the directors of the new electric road to run from Downingtown to Marshallton it was decided to construct the road as soon as the weather would permit.

—At Lansdowne, Delaware Co., Wm. Saunders has been awarded the contract for the erection of a row of dwellings for William Brown, of Philadelphia, at Sixty-fifth Street and Woodland Avenue.

—At Clearfield, Clearfield Co., a toy factory will probably be erected at an early date. E. A. Bigler is the president of the company, and P. B. Zentmyer, secretary and treasurer. The capital stock is \$25,000.

—At Rutledge, Delaware Co., the large central panel of the memorial window to Rev. John Chambers, in Calvary Presbyterian Church, was destroyed by the wind storm last week. It was valued at \$500, and an effort is being made to replace it as soon as possible.

—At Harrisburg, the Citizen's Passenger Railway Company will erect a power house of brick, 60 x 100 feet; also a new car shed, 75 x 150 feet, each to have iron truss roofs. Contracts not yet awarded.—Charters have been granted to the following corporations: To the Western Mill Company, of Scranton, with a capital of \$112,000; to the Fred. R. Miller Blank Book Company, of Williamsport, with a capital of \$20,000; to the Verona Tool Works, of Oakmont, with a capital of \$120,000; to the Scranton and Carbondale Traction Company, with a capital of \$10,000, and Alfred W. Chandler, of Philadelphia, principal stockholder; to the People's Gas Company, of Scranton, with a capital of \$20,000.

—At Chester, Delaware Co., the congregation of Trinity M. E. Church contemplate the erection of a new and handsome edifice. The present structure is now in the business portion of the city, and there is a feeling that a more desirable site should be secured and a new building put up. The Sunday school is much cramped for room, which is an additional reason for more commodious quarters.—The Directors of the Mechanics' Library Association met a few days since at the office of George B. Lindsay, Esq., and considered plans for the erection of a building to be used as a library, reading room, etc. The site is on East Broad Street.—Mr. I. E. Cochran, Jr., real estate agent, has purchased for Mrs. General E. F. Beale, of Washington, D. C., the property of Frank C. Torpey, at the northwest corner of Fifth and Market Streets, for \$50,000. It is the intention of the purchaser to tear down the present store building on the corner and erect a modern structure for store and office purposes.

TRUSTS. TITLES. DEPOSITS

THE PLANT OR THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

BOOKS BOUGHT.

We want all the OLD BOOKS we can find. If you have a large library or small parcel of books you do not want, send us your address, and we will call and examine them. We are always prepared to buy and pay the cash at once, whether it amounts to five dollars or five thousand.

LEARY'S OLD BOOK STORE, No. 9 South Ninth Street, First Store below Market St. PHILADELPHIA

—At Pittsburgh, C. B. McLean and others have made application to organize the Lincoln National Bank of Pittsburgh.—The site of the old post office, at Smithfield Street and Fifth Avenue, has been sold at auction for \$433,500.—Baxter, Thompson & Co., real estate agents, have sold a lot on Herbert Avenue, which will be improved by the purchaser.—Black & Baird have sold two lots on Craig Street, for \$12,000, to Mrs. Kerr, upon which she will have a handsome residence erected.

—At West Chester, Chester Co., the congregation of the Westminster Presbyterian Church has raised about \$11,000 toward the erection of a church building. W. W. McElree, Esq., is the chairman of the committee. Rev. B. Canfield Jones is the pastor.—H. B. Buckwalter will erect two dwellings on South Matak Street, below Linden.—A large addition will be erected at the Sharpless Separator Factory.—P. M. McFarland will erect six dwellings on High Street.—William Burns, the contractor, will erect a handsome residence for himself in the Summer.

—At McKeesport, Allegheny Co., it is reported that the Grissly College trustees are looking for a site contemplating the erection of a new college building. The proposed Y. M. C. A. building will be 60 x 80 feet, three-stories high, arranged probably for storerooms on one-half of the first floor; the remainder will be taken up by a main entrance and gymnasium. Bathrooms, lockers, dressing-rooms, etc., can be located under the storerooms. The second floor can be divided to accommodate reading rooms, office, reception room, parlor, toilet room and meeting room, and the third floor for educational classes and a large hall, seated with opera chairs. The ground cost \$17,000 and the cost of the building is estimated at \$25,000, making a total investment of about \$43,000. The plans have not been definitely decided upon, but the above arrangement is suggested and the expenditure contemplated will enable the association to erect a building very similar to the Pittsburgh building so far as its main features are concerned.

Through New Jersey.

At Rahway, Union Co., the residence of John Stevenson has been destroyed by fire.

At Vineland, Cumberland Co., Thomas H. Proctor's shoe factory has been destroyed by fire.

At Cramer Hill, Camden Co., the fire commissioners have decided to purchase a large fire bell.

At Atlantic Highlands, Monmouth Co., Architect T. J. Emery has sold nine building lots near Valley Drive.

At Long Branch, Monmouth Co., the Summer residence of A. W. Harris, of New York City, has been destroyed by fire.

At Port Republic, Atlantic Co., William Krause has awarded John Channel contract to erect a store and dwelling.

At Raritan, Somerset Co., the American Farm Implement Co.'s foundry building has been destroyed by fire, causing a loss of about \$30,000.

At Woodstown, Salem Co., a movement is on foot favoring the erection of a public hall building to cost about \$6000. The Mayor can give particulars.

At Elizabeth, Union Co., the property adjoining St. John's Church has recently been purchased, and buildings adapted to modern church conditions will be erected.

At Lambertville, Hunterdon Co., the plant of the High Bridge Iron and Steel Co. will be enlarged to about four times its present capacity.

At Swedesboro, Gloucester Co., on February 26th, fire destroyed property to the amount of \$20,000. Odd Fellows' Hall, five stores and a dwelling house were consumed.

At Cape May, Cape May Co., the corner stone of the new Methodist Episcopal church has been laid. The new structure will cost about \$12,000. Rev. John B. Haines is the pastor.

At Point Pleasant, Ocean Co., Contractor George C. Newbery has commenced the erection of a new hotel, which is to cost \$25,000, and be completed in time for the Summer trade.

At Sea Isle City, Cape May Co., a sea wall along the ocean front will be constructed of solid oak posts. City Council has awarded contract for part of the work, which will be commenced as soon as the weather will permit.

At Haddonfield, Camden Co., the directors of the Haddonfield National Bank have decided to erect a new bank building. A lot has been purchased from Adrian C. Paul, on Main Street, and the proposed new building will be handsomely finished with all modern improvements and conveniences.

At Glassboro, Gloucester Co., the William Brookfield Glass Company, of Brooklyn, N. Y., which recently purchased the Warwick Glass Works, have notified all tenants living in its houses to vacate, so they can put them in thorough repair for their workmen, who will move from Brooklyn. The firm has already given contracts for the erection of a number of new dwellings.

At Atlantic City, Atlantic Co., George Paist has applied for a patent on a novel marine rail road which he intends to run out to sea. He will erect one from the foot of Texas Avenue for next season. The depot will be on the Lee property. It will be a one-track road, constructed on piling and in a kite shape.—The First Baptist Church will be improved at a cost of about \$6000.

At Camden, Camden Co., the Board of Freeholders, at a recent meeting, granted permission to the Camden, Gloucester City and Woodbury Street Railroad Co. to lay tracks across Newton bridge. The Fines and Forfeitures Committee reported the purchase of the army site for \$16,000. The report was approved and bonds authorized to be issued to fall due \$1000 each year, with rate of interest at 4 per cent.

At Mays Landing, Atlantic Co., the foundation for ten new cottages on Estellville Avenue are being constructed.—Some New York capitalists are negotiating with David McClure for the purchase of his river front property for manufacturing purposes.—H. H. Smith and J. Kidney, of New York, and J. H. Hasbrouck, of Philadelphia, have incorporated the Columbia Wood Working Co., with a capital of \$100,000, and a factory will be erected at once.

Ground has been broken at Trenton Junction for a hotel building, 40 x 50 feet, three stories high, with mansard roof, and the cost of which will be \$15,000. The proprietor of the new hotel will be Jacob Kurtz, now a manager of the Trenton Insane Asylum. Bowman S. Sterling, of Philadelphia, is the contractor, and the building is to be completed by June 15th. A bakery and several dwelling houses are also to be erected as soon as Spring opens.

At Woodbury, Gloucester Co., property on Broad Street has been purchased from Edward T. Bradway by the directors of the First National Bank as a site for a new building for banking purposes, which will be erected in the near future.

At Seabright, Monmouth Co., the residence of Charles Davis will be improved from plans prepared by Baring, Tilton & Mellen, architects, 57 Broadway, New York City. Also plans for a frame stable for the same. The improvements will cost about \$12,000.

Casper W. Haines, chief engineer in charge, and a number of surveyors have laid out a route for a new railroad to run from Cape May to Landisville. Connection with the new road is made by the Reading at Landisville, and the route to Cape May from that point—41 miles—it is said, makes the total distance 74 miles, against 81 by the West Jersey. The contract calls for the completion of the line within two months after the beginning of work.

Washington, D. C.

Robert Head 610 F Street, N. W., has prepared plans for a two-story dwelling to be erected on New Jersey Avenue for O. M. Bryant. It will be of press brick and brown stone, with roof of red Spanish tiles. The interior will be handsomely finished in hard wood; tiled vestibule and bath-room, sanitary plumbing, modern conveniences and improvements.—A number of three-story dwellings will be erected at Third and N Streets, N. W., from plans prepared by E. Woltz. They will be of press brick, with trimmings of Indiana limestone and iron balconies. The interiors will be finished in white pine, cabinet mantels, speaking tubes, electric work, sanitary plumbing, etc. The estimated cost is \$25,000. No contracts have been let.—Robert Head has prepared plans for a number of dwellings to be erected at Eighth and Florence Streets, N. E., at a cost of about \$16,000. They will be of brick and Ohio stone, slate roofs and modern conveniences and improvements. No contracts have been let.—Joseph L. Johnson, 64 Corcoran Building, has prepared plans for a dwelling to be erected in Holman Manor for Mrs. Anna M. Leitch. It will contain eight rooms, handsomely finished, and modern improvements will be introduced. No contracts have been made. The same architect has prepared plans for a dwelling to be erected for W. A. Kummel, to be of press brick, with trimmings of brown stone, white pine interior finish, considerable tiling, cabinet mantels, etc.—C. B. Kefenstein has prepared plans for five dwellings to be erected on L Street, between Sixth and Seventh Streets, at a cost of about \$20,000; to be of press brick and Hummelstown brown stone, slate roofs, white pine finish and modern conveniences.—The carriage repository of Thomas Young, on Pennsylvania Avenue, will be enlarged by an addition five stories high; electric elevator and other improvements will be introduced. The plans have been prepared by Glenn Brown, 939 F Street, N. W.—Senator Quay's amendments, which were agreed to, fix the limit of cost of public buildings at Allegheny, Pa., \$535,000; at San Francisco, Cal., \$3,000,000; at Portland, Oregon, \$1,003,000; and appropriating \$5000 for an additional story to the public building at Sheboygan, Wis.—B. Stanley Simmons, 931 F Street, N. W., has prepared plans for three three-story dwellings, to be erected on F Street, N. E., between Third and Fourth Streets. They will be of brick, with trimmings of Hum-

melstown brown stone. Modern improvements and conveniences will be introduced. The cost will be about \$10,500.—F. R. Horner will erect a three-story brick stable in the rear of 925 Rhode Island Avenue. The first floor will be used as a wagon repository, the second will contain eleven single and two large box stalls, and the third floor will be used as a granary. The floors will be water-proof, and all first-class improvements will be introduced. The estimated cost is \$3,000. The plans have been drawn by E. Woltz.—A store and dwelling will be erected by Richard Gasch at 914 Ninth Street, N. W. It will be of press brick, Hummelstun brown stone, considerable copper work, plate glass, etc.

Through Maryland.

At Frostburg, Alleghany Co., John L. Porter and others have made application to organize the Citizen's National Bank of Frostburg.

At Baltimore, Architect Jackson C. Gott has made plans for a warehouse, to be erected at 11 North Green Street, for the Baltimore Steam Carpet Cleaning Co.—B. F. Bennett, contractor, will erect the new church for the Appold Methodist Episcopal congregation. The structure will be of sand stone, with foreign stone trimmings, in Gothic style. Cost about \$25,000.—Councils has made appropriations of \$500,000, for improving and paving streets.—Building permits have been issued to date as follows: To the Sommerfield Brewing Co., to erect a two-story and a one-story brick building on Calverton road; to Hopkins Place Saving Bank, to erect a two-story brick and stone bank building on Sharp, near Baltimore Street; to F. O. Singer, Jr., to erect five two-story brick dwellings on Gold, near Etting Street; five two-story brick dwellings on Baker, near Etting Street; fifteen two-story brick dwellings on Etting, near Gold Street; six four-story brick dwellings on Eutaw place, north of Roberts Street; to Messrs. Slonaker & Amos, to erect eighteen two-story brick dwellings on Harlem Avenue; thirteen two-story brick dwellings on Oakley Street, near Fulton Avenue; five two-story brick dwellings on Monroe Street, near Harlem Avenue; to J. F. Carter, to erect a four-story brick building on Mount, near Franklin Street.—The headquarters of the Sovereign Grand Lodge, I. O. O. F., has been transferred to Baltimore. Temporary quarters have been secured. A handsome fire proof building will be erected near the Odd Fellows' Hall.

Through Delaware.

At Felton, Kent Co., the large canning factory of Edward Killen has been destroyed by fire.

At Middletown, New Castle Co., an electric light plant will be established. Ten thousand dollars will be borrowed for this purpose. W. A. Conneys is interested in the project.

At Farnhurst, New Castle Co., there is a probability that a new ward will be erected at the State Insane Asylum. An appropriation of \$25,000 has been asked for in order to make the necessary improvements. Dr. James H. Wilson is secretary of the Board of Trustees. An electric light plant will probably be included in the proposed improvements.

At Wilmington, E. L. Rice has prepared plans for remodeling the skating rink on Eleventh Street into a music hall, with a seating capacity of about 3000. It will be under the management of Elmer E. Benson.

Sealed proposals will be received at the office of R. H. Phelan, until Monday, March 13, 1893, for the erection of, addition to and alteration of the Waynesburg Presbyterian Church. The plans and specifications can be seen and examined by those desiring to bid, at Phelan's office. The contractor will be required to give bond for the faithful execution of the contract. The Building Committee reserves the right to reject any or all bids. Trustees of Presbyterian Church.

Sealed proposals, endorsed "Proposals for Printing Annual Report," will be received by the undersigned until Tuesday, March 7th, at 3 P. M., for printing the Annual Report of the Board in accordance with the specification to be seen at the office, 713 Filbert Street. No bid will be received unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance approved May 25, 1890, have been complied with. By order Committee on Office. H. W. Halliwell, Secretary.

Board of Wardens for the Port of Philadelphia, Rooms 11 and 11½ Merchants' Exchange, cor. Third and Dock Streets, Philadelphia, Feb. 9, 1893. Sealed proposals for dredging docks not belonging to the city, and in front of bulkheads not belonging to the city, in the Delaware and Schuylkill Rivers, where city sewers empty, endorsed "Proposals for Dredging," and sealed, will be received at this office until Monday, March 6, at 12.30 P. M. Specifications may be had on application to the Secretary. No bid will be received unless accompanied by a certificate from the City Solicitor, stating that the provisions of an ordinance of Councils, approved May 25, 1890, have been complied with. Joel Cook, President. George F. Sproule, Secretary.

Proposals—Notice to lease convict labor of the Kentucky Penitentiary at Frankfort, Ky. Sealed proposals will be received by the Commissioners of the Sinking Fund of the State of Kentucky, at the office of the President or Secretary, in the city of Frankfort, until the 15th day of March, 1893, to lease the labor of the Kentucky Penitentiary at Frankfort, where an average of about 950 convicts are now confined. A personal inspection of the plant and premises is invited, and full details will be furnished bidders on application. Bond with approved security will be required to accompany all bids. The Commissioners reserve the right to reject any and all bids. John Young Brown, Governor. Ex-Officio President Board of Sinking Fund Commissioners. L. C. Norman, Auditor and Secretary.

Office of Light House Board, Washington, D. C., February 24, 1893. Sealed proposals will be received at this office until 2 o'clock P. M. on Tuesday, the 14th day of March, 1893, for furnishing all the materials and labor of all kinds necessary [for the construction and delivery of Light Vessels (Nos. 59, 60, 61, 62 and 63 for service on the Great Lakes, for a fixed sum for one or more vessels, or for an aggregate sum for all five vessels. The vessels are to be built of wood, and are to be delivered to the Light House Inspector at the Buoy Depot at Detroit, Mich., or at St. Joseph, Mich., as may be directed. Forms of proposal, plans and specifications showing what is required can be had or seen by applying at this office, or to the Light House Inspectors at Portland, Me.; Brston, Mass.; Tompkinsville, N. Y.; Philadelphia, Pa.; Baltimore, Md.; Buffalo, N. Y.; Detroit, Mich.; or Chicago, Ill. The right is reserved to reject any or all bids and to waive any defects. James A. Greer, Rear Admiral, U. S. N., Chairman.

Sealed proposals will be received by the Trustees of Toledo Water Works at their office in Masonic Temple Building, in said city, until 12 o'clock, noon, Tuesday, March 7, 1893, for furnishing on board cars in Toledo, O., approximately 900 tons of cast-iron water pipe and five tons of special castings. The size of pipes to be 12, 8, 6, 4 inches. The delivery of said pipe and specials to commence on or before the 10th day of April 1893, and to continue with regularity until completion of contract, which shall be by the 1st day of September, 1893. Specifications and form of contract furnished by the superintendent. The Board reserve the right to reject any or all bids. By order of the Board of Trustees. H. C. Custer, Superintendent.

United States Engineer Office, Army Building, New York, January 25, 1893. Sealed proposals, in triplicate, will be received at this office until 12 o'clock noon, on Monday, March 6, 1893, at which place and time they will be publicly opened in the presence of bidders, for the delivery at Fort Hamilton, N. Y., of sand, broken stone and cement; and for furnishing all labor and materials, and constructing a concrete plant—consisting of a wharf, pile and framed trestle for inclined cable railway, sand and stone bin, cement shed and storehouse—at Fort Hamilton, N. Y., in accordance with specifications and drawings which may be seen on application to this office. The attention of bidders is invited to acts of Congress approved February 26, 1885, and February 23, 1887, Vol. 23, page 232 and Vol. 24, page 414, Statutes-at-Large. G. L. Gillespie, Lieut. Colonel Corps of Engineers.

Miscellaneous.

At Alexandria, Va., the Brightwood Hotel Co. will erect a hotel.

At Atlanta, Ga., a hotel will be erected on the property of Mrs. S. J. Hicks.

At Montgomery, Montgomery Co., Ala., the city contemplates the construction of new sewers.

At Canton, Ohio, the Odd Fellows' Temple has been destroyed by fire, causing a loss of about \$75,000.

At Union Springs, Bullock Co., Ala., a water works and electric light plant will be constructed.

At Roanoke, Va., the Crockett Arsenite Lithia Water Springs Co. will erect a hotel and develop mineral springs.

At Huntsville, Madison Co., Ala., the Church Cart Manufacturing Company will locate their plant at that place.

At New York it is said that the Peter Cooper Estate will erect a large hotel on Fourth avenue to cost about \$1,000,000.

At Harper's Ferry, Jefferson Co., W. Va., the District Electric Traction Company will construct an electric street railway.

At Birmingham, Jefferson Co., Ala., A. C. Reckling can give particulars as to the proposed erection of a large tannery.

At Savannah, Ga., the Tynan Machine and Foundry Co., with a capital of \$50,000, will erect a foundry and machine shop.

At Yonkers, Westchester Co., N. Y., a new public school building will be erected on the land of the Monticello Improvement Co.

At New York City, the Brooklyn Bridge Trustees have awarded the Phoenix Bridge Co. contract to erect the new station; price, \$221,157.05. It is said the work will be completed in eight months.

At Velasco, Bazaría Co., Texas, work will soon be commenced on the erection of a college building to cost about \$100,000.

At Sumter, Sumter Co., S. C., the Sumter Water Co. will erect a water works. E. F. Partridge will manage its construction.

At Savannah, Ga., the Beth Eden Baptist congregation will erect a building, to cost about \$25,000, from plans prepared by Architect Henry Urban.

At St Louis, Mo. Architects Peabody, Stearns & Furbur, 800 Security Building, have prepared plans for a carpet store for the Collier Estate. To be 60 x 150, seven stories, built of pressed brick, marble, terra-cotta and stone; cost, \$125,000. Architects Matthews, Clarke & James, Telephone Building, have prepared plans for a dwelling for J. F. Sharp. To be 36 x 62, three stories, built of pressed brick, with stone trimmings; cost, \$12,000. The same architects have prepared plans for a dwelling and office for Dr. Morrell. To be 36 x 70, three stories, built of pressed brick and marble. Architects Beinke & Wees, Security Building, have prepared plans for a store and flat for Mr. Brennan, care of architects. To be 27x32, three stories, built of pressed brick, with stone trimmings, cost, \$15,000. Architect Thomas Rapp, Temple Building, has prepared plans for two double dwellings for H. E. Althaus, care of architect. To be 33x40, two stories, built of pressed brick; cost, \$80,000. The same architect has prepared plans for a dwelling for the same party. To be 27 x 42, two stories, built of pressed brick, granite and marble.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Nuts For Advertisers to Crack.

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

Factories to be Built.

At Jackson, Clarke Co., Ala., it is reported that a cotton factory will be erected.

At Alabama City, Etawah Co., Ala, E. W. Kendall can give information as to the erection of a new furniture factory.

At Pensacola, Escambia Co., Fla., W. P. Reed will erect a canning factory.

At Dahlohoga, Lumpkin Co., Ga., it is reported that a canning factory will be erected.

At Rome, Floyd Co., Ga., H. B. Parks and others contemplate the erection of a large canning factory.

At Dalton, Whitfield Co., Ga., Judge J. C. Norton and others have raised \$50,000 of the \$100,000 required to erect the new cotton factory.

At Newton, Catawba Co., N. C., the citizens are endeavoring to raise money to erect a cotton factory.

At Perryville, Boyle Co., Ky., Witherhurst, Burnett & Co., will erect a bed spring factory.

At Louisville, Jefferson Co., Ky., Ingalls & Co. can give information as to a proposed stock company to erect a large shoe factory.

At Winston, Forsyth Co., N. C., E. H. Patterson and others will erect a tobacco box factory.

At Rural Hall, Forsyth Co., N. C., Davis Bros. will erect a planing mill and tobacco box factory.

Lot Buyers.

George E. Morley, of Chester, Pa., lot at Upper Chichester.

Albert Fogg, of Philadelphia, lot at Darby, Pa. H. W. Pratt, of Clifton Heights, Pa., two lots at that place.

John M. Broomall, of Media, Pa., lot at that place.

Mary G. Lloyd, of Sharon Hill, Pa., lot at that place.

Thomas Taylor, of Philadelphia, lot at Sharon Hill, Pa.

Messrs. Black & Baird, of Pittsburg, Pa., have sold a lot to F. H. Spear.

J. K. Eming & Co., of Pittsburg, Pa., have sold to Mrs. Sarah Hiles a lot at the corner of Natchez and Ottawa Streets, Allegheny, Pa.

John Plumbley, of Chester, Pa., lot at that place.

The trustees of the First Baptist Church of Chester, Pa., lot on the corner of Seventh and Fulton Streets, 100x256 1/2 ft at that place.

Matthew S. Hutton, of Chester, Pa., lot at the corner of Thirteenth and Potter Streets, at that place.

T. Ellwood Dutton, of South Chester, Pa., lot at that place.

The Rosendale Park Real Estate Co., of Philadelphia, has sold building sites at Tinicum to Joseph Devlin, Michael Mathews and John Condon, all of Philadelphia.

Ida M. Forwood, of New Castle, Del., lot at Marcus Hook, Pa.

The Highland Mutual Loan Association, of Lansdowne, Pa., has sold a lot at Upper Darby, Pa., to William De Caux, also one to George J. Preisendaz, of Philadelphia.

The following persons have purchased lots at Essington, Pa.: Frank Gans, two; Mary A. Henry, one; Sarah A. Broughton, one; Betsy Goodman, 1, all of Philadelphia.

Frederick Fugazzi, Thomas J. Shields, Mary Bruce, Annie Conway and Bridget McEntee, of Philadelphia, have each purchased a lot at Corbindale, Pa.

Mills To Be Built.

At Oak Cliff, Dallas Co., Ala., a cotton mill will be erected.

At Bristol, Cherokee Co., Ala., the Stout Mills Company will erect a planing mill.

At Dayton, Marengo Co., Ala., Messrs. Allen and Buck will erect a large saw mill and gin-nery.

At Black Rock, Lawrence Co., Ark., Benjamin Parmelee and others have incorporated the Black River Lumber Company, and will construct a saw mill.

At Rome, Floyd Co., Ga., J. L. Camp is interested in the organization of a company to erect a cotton mill.—J. W. Rounsaville is endeavoring to organize a company to build a cotton mill on the Chambers mill property near Rome.

At Cat Creek, Powell Co., Ky., R. C. Mansfield will erect a roller mill.

At Lake Providence, East Carroll Co., La. J. E. Garrison will erect a saw mill.

At Elleville, Jones Co., Miss., I. Anderson & Co. will rebuild their planing mill, recently destroyed by fire.

JOHN N. GALLAGHER, Proprietor.
JOHN F. BRISHANE, City Editor.

PHILADELPHIA, WED'Y, MAR. 8, 1893.

It is very gratifying to note that certain measures, advocated for years by this journal, are receiving the attention they deserve, both by the Highway Bureau and the Board of Health. The latter has made a move in the matter by recommending the repaving with improved pavements all the alleys, tramways and small streets included in the section bounded by Pine Street, Washington Avenue, Broad Street and the Delaware River, and Chief Bullock is now at work preparing a list of the streets to be repaved in order to embody them in an ordinance to be passed by Councils. There has been \$400,000 appropriated, and the work will be pushed to the extent of the appropriation. When once this system of paving is inaugurated it is safe to say that its advantages will impress the public to such an extent that a wholesome public sentiment will compel further work in the same direction. The improvement contemplated is the ounce of prevention, and will do more for the health of the community than pounds of cure as a subsequent measure.

A most beautiful brochure has been issued by the Wayne Estate, setting forth the beauties and advantages of that very delightful suburban town. Beside the handsome material used in the production of this little work, it is illustrated with a series of finely executed and artistic cuts of a number of the beautiful homes and public buildings at Wayne and St. Davids. These two places, besides possessing the advantages of modern comforts and conveniences to a high degree, have the added attractions of great natural beauty and historic association. We are indebted to Mr. Frank Smith, manager of the Wayne Estate, for a copy of this really beautiful work of art in miniature.

Architect Notes.

Theophilus P. Chandler, architect, Brown Bros.' Building, Fourth and Chestnut Streets, has made plans for alteration to chancel of the Church of the Atonement, Seventeenth and Summers Street.

Hazelhurst & Hueckel, architects, Drexel Building, have placed plans on boards for estimate of the following buildings heretofore noted in full in this journal: A house for Thomas W. Barlow, Esq., in Germantown; also one for Mr. G. P. Steel, same place; and one for Mr. W. H. Sheldermine, same place. Canby S. Tyson will also erect one on Harvey Street, West of Green, Germantown, after plans by same architects.

Angus S. Wade, architect, Hale Building, completed plans during the year 1892 for the construction of a fine hotel at the northwest corner of Twelfth and Arch Streets, in this city, for John M. Sharp, builder, 1936 South College Avenue, and which for some cause was not built at once. It is understood that Mr. Sharp has now concluded to push the work to completion as soon as the weather is propitious, and will ask bids for materials and labor. The contemplated building will be 50 x 117 feet, eight stories high, and built of light buff brick trimmed with Indiana limestone, interior fitted with passenger elevator and lift, special electric work on an improved system, steam heat, best of sanitary work in plumbing, tiling and considerable hard wood work will be done in ornamentation. All modern conveniences will be introduced, which will contribute to hotel comforts. Mr. Wade has considerable work on hand, of which we shall give details later.

Plans have been completed by Horace Trumbauer, architect, 310 Chestnut Street, Phila., for the new residence of W. W. Harrison, to be built at Rosedale, near Glenside Station, on the Philadelphia and Reading Railroad, on the site of his house which was recently destroyed by fire. The house as designed will be 350 by 186 feet, and when finished will be a model of convenience and beauty. The estimated cost is \$250,000. The building is fashioned after Alnwick Castle, and will have six large towers. A massive parapet wall will be built around the southeast and north fronts. In the west front a large domed conservatory will be built in the centre of an open court, which is to be enclosed by a stone balustrade. At the foot of the court an Indiana limestone terrace will be built, with three flights of steps, descending to a ravine below. The first floor will contain drawing-room, art gallery, library, dining-room, breakfast-room, billiard-room, kitchen, servants' hall, laundry and a grand hall 50 by 110 feet. The hall will be opened to the roof, and will be lighted by a glass dome at the top. The interior finish will be very elaborate. All the woodwork in the main building is to be of mahogany except the stairways and galleries,

The stairway from first to second floor will be 20 feet wide, and is to be made of Italian marble, with railing and gallery of brass. At the rear of the hall a music-room has been arranged opening into it by a series of arches running the entire width of the hall. The chambers on the second floor will be en suite, each having private bath and dressing room. One of the principal features of the plumbing, which will be very elaborate, will be the introduction of three Roman baths. The house will contain all modern conveniences and be heated by hot water and lighted by electricity.

Building and Real Estate Notes.

The site for a new station house will be selected in a short time and will be probably at Cherry and Nineteenth streets.

Mr. Myers has introduced a bill in Councils asking for an appropriation of \$15,000 for an addition to the Joseph Singerly Public School.

Amos Ellis, of this city, has bought of Mrs. Mary Dupont the Southeast Corner of Thirty-fifth and Powelton Avenue, and will erect in the near future a handsome residence upon the site.

John H. Converse, whose present home is at Rosemont, Pa., has purchased the property on the south side of Locust street. The price paid was \$35,000. The lot is 20 x 130 feet. The purchase was made of George McCall.

Reports of juries on the condemnation of property for McPherson Square, in the Thirty-third Ward, and Bartram's Garden in the Twenty-seventh Ward, has been filed. The latter is valued at \$75,000, and the former at \$40,921.21.

W. T. B. Roberts, builder, will likely begin a large building operation of dwellings and stores in the Twenty-sixth ward during the early spring months. This was noted when the ground was purchased in a previous number of this journal.

It is probable that a handsome boulevard will be constructed, extending from Germantown to Frankford by way of Wyoming Avenue. About \$50,000 will be required for the work, which will include a number of bridges and embankments.

The building inspectors have condemned the old brewery building in rear of 2421-23 North Broad Street, and they will take them down, also another old structure at 2312 North Fifteenth Street. All must be removed at the owners expense.

At Manayunk, Phila., at a recent meeting of the Board of School Directors of the Seventy-first section, a motion offered by Secretary Frame was unanimously adopted, requesting the property committee to at once prepare plans for use of the \$20,000 appropriated to that section for the improvement of the Manayunk Grammar School building. The appropriation contemplates the erection of a new front to the present building, and it is expected that funds will be secured next year to remodel and enlarge the building.

B. G. Bailey, of Philadelphia, was the lowest bidder for dredging an inland water way from Ocean City to Rehoboth, Delaware. The bids were opened at Wilmington, Del., by General William F. Smith, U. S. Engineer. The bid was 13½ cents per cubic yard.

Councils' committee on Police have now recommended the purchase of a lot on Cherry street, east of Twentieth Street, for the erection of a police station. They negotiated a proposition to buy a lot on Vine street near Sixteenth, for the reason that it was too near churches and hospital in that vicinity.

The property at the northwestern corner of Eighteenth and Arch Streets, with Nos. 111 and 113 North Eighteenth Street, has been purchased by Dr. John V. Shoemaker for \$30,400. It is said that Dr. Shoemaker purchased the property for the Medico-Chirurgical Hospital, for which purpose it will be altered and improved.

Chief Eisenhower, of the Bureau of City Property, is having plans prepared for a new fire house and police patrol station to be erected at Warnock and Berks streets. These will be made by John T. Windrim, architect, who prepared the drawings on boards for estimate for the police and fire station at Front and Westmoreland Streets, and fully noted in previous numbers of this journal.

At Wayne, John W. Yeatts will soon erect a large stone stable. The site for the new Catholic Church has practically been settled upon, and it is likely that the church will soon be erected. Wendell & Smith, builders, contemplate erecting several handsome residences on choice sites. These will be begun as soon as the weather will permit. The Bellevue hotel will soon erect a large stable.

A condemnation notice was issued on the 2d inst. by the Building Inspectors against the burned factory building on Seventh street above Dauphin, in which Loughbridge & Bond are the tenants. The whole building, which is two stories high, 70 x 100 feet, was ordered to be taken down. The inspectors reported that the walls are crooked, and have been weakened from the effects of the fire. They also say the walls are entirely too light.

The Philadelphia Traction Company has taken title from the Ridge Avenue Passenger Railway Company to the large lot on the northwest corner of Susquehanna Avenue and Thirty-first Street, east of the depot buildings. At the time of the absorption of the Ridge Avenue Line by the Traction Company this lot was reserved by the former. It is 160 x 530 feet. The price paid for it was \$10,000. On this it is likely a power house will be erected when the trolley system is introduced upon Ridge Avenue as proposed by ordinance.

More than one year ago we noted in this journal the fact that the Fidelity Storage and Warehouse Co., 1815-19 Market street, would enlarge its facilities by an addition erected on the east—taking in properties 1811-13. For some cause the matter was dropped until the present time. The Company now becoming the owner of the entire site will push the work to completion; the new addition will be 34 x 180 ft, and will be built in unison with the old structure. An immense hydraulic elevator for hoisting wagons loaded and unloaded to top floors will be one of the features intended to be introduced; electric appliances and best modern conveniences also. Whilidin D. Halfman, Jr., is the Superintendent and General Manager.

John Loughran, builder, is now engaged on the excavation for a large operation in new dwelling houses, which we noted some time ago when the ground was purchased. He will erect one hundred and thirty-five altogether on Bonvier and Colorado streets, north of Cumberland, all to be of press brick fronts, stone trimmings and best interior conveniences and workmanship. Thirteen others will be erected by the same builder on Huntingdon, west of Seventeenth street, of the same kind as above described. The whole work will cost about \$150,000.

The sales among others, made by James A. Freeman & Co., auctioneers, on the 1st inst., were important. One was that of the valuable residence property on the northeastern corner of Eighteenth and Arch streets, with Nos. 111 and 113 North Eighteenth Street, which were sold to Dr. John V. Shoemaker for \$30,400. The corner building is a four-story structure on a lot, 20 by about 116 feet, and the adjoining lots together are 24 x 37.6 feet. It is understood that Dr. Shoemaker bought the property for the Medico-Chirurgical Hospital, for which it will be altered and improved.

Messrs. A. & P. Roberts & Co. are adding to their extensive Pencoed Iron Works a large foundry building, which is partially under way. The building is located at Clegg's lane, along the Reading Railroad's main line, and will be 42 x 80 feet, one story high, with corrugated iron roof. On either side of the main building will be an extensive wing. An immense crane will be erected in the centre of the building, so arranged as to reach all parts. Clegg's Run has been covered by a 12-foot culvert, 300 feet in length. The Reading Railroad will extend a spur into the western end of the yard. Frank T. Sheldrake, of Bala, has the contract.

Reports of juries on the condemnation of property for Bartram's Park, in the Twenty-seventh Ward, and McPherson Square in the Thirty-third Ward, have been filed. Bartram's Garden, appropriated for a park, contains 11 8-400 acres, bounded by Fifty-third Street, Eastwick Avenue, Fifty-fourth Street, and the low-water mark of the Schuylkill river. The property belongs to the Pennsylvania Company for insurances on lives and granting annuities, trustees of the Eastwick estate. The jury have awarded to the company \$40,821.21 for the taking of the land and the buildings thereon. McPherson Square is bounded by Clearfield and Indiana Streets and E and F Streets. The property was owned by John Melghan, and the jury awarded to him \$75,000.

Councils' Committee on Schools, on the 28th of February, decided to report favorably, ordinances to purchase for school purposes properties at 836 Tasker Street, in the First ward, Sixty-third and one-half Street and Westminster Avenue, in the Thirty-fourth Ward, and on Carpenter, above Ninth Street, the old Philadelphia Racquet Court in the Second Ward. Ordinances providing for the purchase of lots at Franklinville, in the Twenty-second Ward, and in the Twenty-fifth Ward, were ordered to be referred to the Finance Committee and favorably considered. An informal discussion took place as to the location for the proposed new Boys' High School. Common Councilman James saw no reason in departing from the suggestion of the Associated Alumni, that the school be placed at Broad and Spring Garden Streets. Select Councilman McMurray suggested that the property at the northwest corner of Broad and Cherry Streets could

be secured for from \$100,000 to \$150,000 less than the Spring Garden Street site and would be more centrally located. This location, he said, had just been called to his attention.

There have been rumors the past few days of the sale of the Delaware House at Bristol to several parties. A late despatch from Bristol, however, states that the real purchaser was Mathias Stoeble, a Bristol merchant, and that the price agreed upon was \$25,000. The seller was William Pratt, of Philadelphia. The Bristol informant states that the Delaware House was built in 1765, since which time it has been remodelled thrice. It was first called the "King George," and had a sign in front with the king's portrait thereon. During the Revolution this sign became a favorite target for the muskets of colonial soldiers. The place next became known as the Fountain House, and afterwards as the Delaware House. It is likely Mr. Stoeble may make some minor additions or alterations, as soon as possession is taken.

Director Beidler has issued permits to the Philadelphia Traction Company to construct trolley systems on the Thirteenth and Fifteenth streets division and the Gray's Ferry extension. The permits were granted in accordance with bills passed by Councils in March of last year, and give authority to erect poles and string trolley wires under the supervision of the Department of Public Safety, it being understood that the Traction Company is to pave the streets on the roads mentioned with Belgian blocks or other improved pavement satisfactory to the Director of Public Works, and under specifications to be presented by him. It is also understood that all feed wires are to be placed under the surface of the street, in such localities as shall be approved by the Board of Highway Supervisors, and in such a manner as shall be satisfactory to the Director of the Department of Public Safety. On Gray's Ferry extension the trolley is to run from Twenty-third to Thirty-sixth Streets, and on Thirteenth and Fifteenth streets, from Cumberland to the southern terminus of the road. Work, it is understood, is to be begun on the road next month.

With Senator Porter's proposed amendment requiring a front of at least 16 feet to houses hereafter erected in Philadelphia, the Senate Committee on Municipal Affairs will probably report favorably the Crouse bill regulating the construction of buildings generally, including theatres. Senator Flinn, of Allegheny, was surprised at being told by Director Beidler that at many houses with only 12 feet front are being erected in Philadelphia. Mr. Flinn said that in Pittsburgh the City Councils would not permit the erection of such a house. It is thought that the adoption of Mr. Porter's amendment will remove the cause which the operative builders have had for objecting to the requirement of 13-inch party walls in the smaller houses. This has been the main point of dispute over the bill. The Director has assured the committee that the difference in cost—generally not much, if any, more than \$50—caused by making the party wall thick enough to insure safety against fire and to deaden sound, will be cheerfully paid by most people, and that builders will find the Crouse bill trade-mark a means of making ready sales. The Director and the representatives of the City Councils who have been here with committees of different building trades, appear confident of obtaining the co-operation of all the operative builders except those whom Mr. Beidler has described as untrained, inexperienced person who do not aim to do honest dealing.

The law which has recently been signed by President Harrison relative to the preparation of plans for public buildings is one that interests architects throughout the country. Under the old system the local superintendents in the erection of the buildings have been in many instances unfit for their positions, and the supervising architect rarely saw the structure while in course of construction, and the work progressed under the supervision of a local carpenter or builder, who obtained his place through political influence, and who was more interested in prolonging the job than in the superior quality of the material employed or the excellence of the workmanship. According to the new law not less than five architects will be called upon to submit plans and specifications, and the successful architect will supervise the erection of the building for which his plans have been accepted. The pay for the services of the successful architects will come out of the appropriation for the building. The supervising architect will continue as heretofore to receive bids and to make the awards of contracts and will disburse the funds. From fifty to sixty new public buildings are authorized by each Congress, and it is thought that the new law will have a tendency to procure more artistic designs as well as better material and workmanship.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Malvern, Chester Co., the residents are talking of building a water works.

—At Eschol, Perry Co., William Baker will erect a new dwelling this Summer.

—At Reading, Berks Co., the Board of Trade contemplate the erection of a handsome building. The estimated cost is \$60,000.

—Port Allegheny, McKean Co., is to have a Board of Trade, who intend to offer inducements to manufacturers to locate there.

—In Springfield Township over seventy five acres of land has been purchased by the Roman Catholics for a new Catholic cemetery.

—At Norristown, Montgomery Co., Bibey & Livingston's planing mill has been damaged by fire, causing a loss of several thousand dollars.

—At York, York Co., Contractor Yinger has commenced work with a large force of men preparing for the laying of the foundations for the new postoffice building.

—At St. Davids, Delaware Co., a handsome stone stable will be erected by John W. Yeatts. It will be finely finished and all modern fixtures and improvements will be introduced.

—At Cardington, Delaware Co., Contractor Jacob Zell has purchased a half acre of land on the Marshall road, upon which he will erect for himself an eleven-room brick dwelling.

—At Sunbury, Northumberland Co., S. J. Reitz has purchased the Beard property on Market Street for \$4850, upon which he will erect a store room for his plumbing and tinning business.

—At Bristol, Bucks Co., an ordinance will be presented to the Borough Council asking that the proposed new Bristol and Newtown Trolley Railroad Co. be granted the right to use the streets.

—At Jenkintown, Montgomery Co., the Borough Council has granted a franchise to the Electric Trolley Railway, which will run over the principal streets. Work of constructing the new road will be commenced soon. Arrangements have been made to lay tracks on Beechwood Avenue already.

—At Norristown, Montgomery Co., the deed has been put on record securing ground for the Catholic cemetery in Springfield Township. William V. McGrath, of Norristown, has the matter in charge.

—At Wayne, Delaware Co., George W. Arms, manager of the Bellevue hotel, contemplates the erection of a handsome stable at an early date. Plans are being prepared and the work will be started in a short time.

—At Allentown, Lehigh Co., the Young Men's Christian Association has purchased the Martin property, on Centre Square, 42 x 230 feet, for \$25,000, as a site for the new building, upon which work will be commenced about July.

—At Scranton, Lackawanna Co., the city engineer's department has fixed the estimate of the sewer in division A, Fifth district, at \$35,000. The district lies in the Second Ward, west of the Lackawanna river, between Putnam and Market Streets. The work will be let out in one contract.

—At Lock Haven, Clinton Co., the First Ward school building will be remodeled and made a modern structure, with eight large rooms. Architect Cole, of Bellefonte, has been asked to make the plans, and when the plans are completed and adopted by the board contracts will be given out and work commenced as soon as possible.

—At Oxford, Chester Co., a handsome building for store purposes will be erected on Third Street by Alexander Ewing. The contract for the erection has been given to Milton Walker, who will begin work as soon as the weather permits. The main building will be 21 x 50 feet, two stories high, of press brick and large glass show windows. The interior will be finely finished and modern conveniences and improvements will be introduced.

—At West Chester, Chester Co., a number of improvements will be made to the parish building of the Church of the Holy Trinity, from plans prepared by T. Roney Williamson, 138 South Fourth Street, Philadelphia. These will include a number of interior alterations. The main Sunday school room will be extended the whole depth of the building, and a new platform will be erected at one end for use during entertainments, and the old chapel will be divided into guild rooms. The tower will be completed by the addition of Gothic battlements and minarets. The work will be begun in a few weeks. —Frank Grubb will erect four dwellings.

—At Pittsburgh, the Second National Bank will have extensive alterations made as soon as the weather permits. These will include an addition of three stories and remodeling the interior, which will be finished in hard woods and marble. The banking room will be handsomely furnished. The upper floors will be fitted up as offices. The estimated cost of the improvement is \$150,000. —Reed B. Coyle & Co. have sold the corner of Fourth Avenue and Grant Street. The purchaser will erect a handsome dwelling in the Spring. —W. E. Brown & Bros. have purchased the property at Liberty and Thirteenth Streets through J. C. Alles & Co. The purchasers will erect a large six-story warehouse on the lot. —C. H. Chance will erect four dwellings on Juliet Street. —Mrs. Hannah Kaufman will erect a number of medium size dwellings on ground bought at Shadyside. The lot is 276x100.

—The Union National Bank will erect a brick addition. —Hornberger & Edwards will erect a brick dwelling on Second Avenue to cost about \$6000. —Booth & Flinn will erect a brick dwell-

ing on Jumonville Street to cost \$8000. Also a similar dwelling to cost \$4000. —A piece of ground at Penn Avenue and Thirty-fifth Street has been purchased by George A. Morton & Company, and will be improved at an early date. The price paid was \$30,000. —The recent fire at the plant of the Chambers Glass Company destroyed the clay house and caused a loss of about \$25,000.

—At Harrisburg, charters have been issued to the following corporations: To the Pen Argyl, Bangor and Water Gap Electric Railway Co., to run from Wind Gap to Pen Argyl, West Bangor, East Bangor, Johnsonville, Williamsburg, Middle Village, Portland, through the Delaware Water Gap to East Stroudsburg. A. J. S. Sunbury is President, and the capital is \$300,000; to the Philadelphia and Allentown Electric Trunk Railway Co., with a capital of \$1,000,000, to run from Allentown to Philadelphia, touching all principal points between the two cities. W. B. Green, of New York City, is President; to the Meadville Street Railway Co., with a capital of \$30,000; to the Lawrenceville Bridge Co., of Pittsburgh, with a capital of \$25,000; to the Beaver Falls Plowing Mill Co., with a capital of \$50,000; to the Lebanon Boiler Foundry and Machine Co., with a capital of \$70,000.

—At Chester, Delaware Co., the Gray building has been purchased by Mrs. E. F. Beale, together with Dickinson, American Hall, and some smaller buildings, making in all a frontage of 75 feet on Market Street and a depth of 100 feet. —Samuel A. Crozer has presented the city with thirty-two acres of land for the purpose of a public park. The ground will be laid out into walks, a bridge erected to span Chester Creek, and other improvements made. —It is probable that a bridge will be constructed to span Chester Creek at Fifth Street. A movement is on foot to push the matter. —The two stores at the northwest corner of Fourth and Market Streets, under Masonic Hall, will be remodeled, new fronts will be put in, new bulk windows of plate glass and also a number of interior alterations. Work will be begun at once. —Mr. I. Engle Cochran, Jr., who recently purchased the Torpey property, at Market and Fifth Streets, has made plans for the new structure to be erected on the site, and has awarded contract to Nolan Bros., who will commence work as soon as the old buildings are torn down. —The foundations for the new public buildings are ready for the mason work. —A syndicate of property owners has purchased a tract of land from the Pennsylvania Construction Co. and William Wilson, on Ninth Street, between Fulton and Barclay Streets. The property has a frontage of 345 feet. It is the purpose of the syndicate to improve the property, terracing the ground, making sidewalks and attractive surroundings. —Building sites in the same location have been purchased by Mrs. Parsons, Holland Rhodes and John B. Roach, of Upland, for immediate improvement. —The Union Railway Co., at a meeting held a short time since at the office of George B. Lindsay, Esq., decided to donate to the city thirty acres of the Herkness property, to be used as a public park. The offer will be submitted to Councils at its next meeting, and will no doubt be accepted. It is also probable that Shaw, Esrey & Co. will give about the same number of acres for a similar purpose, which, with the thirty-two acres donated by Mr. Crozer, will make a fine stretch of beautiful property for park purposes. A number of other persons will donate various tracts for a like use. —The fund for the erection of a Jewish synagogue is increasing rapidly.

TRUSTS. TITLES. DEPOSITS

THE PLANT OR THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

BOOKS BOUGHT.

We want all the OLD BOOKS we can find. If you have a large library or small parcel of books you do not want, send us your address, and we will call and examine them. We are always prepared to buy and pay the cash at once, whether it amounts to five dollars or five thousand.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
First Store below Market St.) PHILADELPHIA

Through New Jersey.

At Westfield, Union Co., there is talk of constructing a water works.

The Legislature has passed a law allowing the Jersey City Water Works Company to lay another main.

At Pitman Grove, Gloucester Co., the West Jersey Railroad Company will erect a two-story brick station this Spring.

At Mt. Holly, Burlington Co., the Arcade Hotel has been purchased by Robert S. Gaskill, of Mt. Holly, who will make a number of improvements.

At Haddonfield, Camden Co., the Board of Directors of the National bank have had three sets of plans submitted from which to decide the style of their new banking offices.

At Atlantic City, Atlantic Co., Walter N. Boyer and Edward B. Murphy, of Philadelphia, and J. E. P. Abbott, of May's Landing, have incorporated the Inter-State Supply Company, with a capital of \$20,000.

At Hoboken, Hudson Co., the wood factory of Isaac Inglison has been destroyed by fire, causing a loss of about \$40,000.—Mr. Winturn, corporation attorney, has prepared a bill to be introduced in the Legislature, authorizing the issue of \$100,000 in bonds for the construction of a new sewerage system.

At Camden, George C. Hollister, of Rochester, N. Y.; John F. and J. Milton and Hoface G. Hazard, of Philadelphia, and C. C. Coulter, of Camden, N. J., have incorporated the J. F. Hazard Lumber Company, with a capital of \$30,000, to buy and sell lumber and all kinds of building materials.—William F. Taylor, Abraham B. Norton, W. H. Markland and Edgar B. Green, of Altoona, and Walter D. Antrim, of Camden, have incorporated the Altoona Electrical Engineering and Supply Company, to build and equip electric light power plants; capital, \$15,000.

Washington, D. C.

B. Stanley Simmons, 931 F Street, N. W., has prepared plans for improvements to the square bounded by Kentucky Avenue and E and Fourteenth Streets, consisting of eighteen dwellings. They will be two stories high, of press brick, with trimmings of stone, handsome interior finish of white pine, sanitary plumbing and modern improvements. No contracts let. The same architect has prepared plans for six two-story dwellings, to be erected at Second and A Streets, at a cost of about \$24,000, and for which no contracts have been made. They will be of press brick and stone, soft wood interior finish, furnace heat, modern improvements, tiled vestibules and bath rooms.—The plans for the proposed new church of the African Second Baptist Church have been prepared by Appleton P. Clark, Jr. The new structure will be situated on Third, between H and I Streets, and will be of the Gothic style of architecture. It will be of brick and stone, with handsome interior finish and furniture. The Sunday school room, library, etc., will be on the first floor, while the auditorium, which will seat one thousand persons, will occupy the second floor. As yet no contracts have been made. A pipe organ will be put in.—A handsome dwelling will be erected by Patrick Burns on K Street, between Twenty-fifth and Twenty-sixth, from plans prepared by B. Patrick, 1010 F Street, N. W. The structure will be two stories

high, of press brick and Ohio buff stone and galvanized iron cornice. The interior will be finely finished, and modern conveniences and improvements will be introduced.—M. Brill will erect a three-story store and dwelling at 908 Ninth Street, N. W. It will be of buff brick, with galvanized iron bay windows. The interior will be handsomely finished, and all modern conveniences will be introduced. The estimated cost is \$10,000. No contracts have been made.—W. J. Palmer has prepared plans for a block of seven dwellings, to be erected on N Street, between New Jersey Avenue and First Street, N. W. They will be three stories high, of cream brick and Indiana lime stone; also Hummelstown brown stone. The interiors will be finished in hard and natural woods, cabinet mantels; sanitary plumbing, tiling in bath rooms and vestibules, enameled tubs and nickel work. The estimated cost is \$37,000.—J. Germuller, 511 Eleventh Street, N. W., has prepared plans for a dwelling, to be erected on Second, between F and G Streets, N. W. It will be of press brick and Ohio sand stone. Interior finish of white pine and considerable tile work. Cost about \$3,000. John O'Connors, owner. No contracts let.

Through Maryland.

At Baltimore, the most important building permits issued to date are as follows: To N. L. De Shields Jr., to erect a three-story brick building at the southeast corner of North Avenue and McCulloh Street; also a four-story brick building rear of No. 13 Harrison Street; to T. F. Locke, to erect eleven two-story brick dwellings on Portland Street, ten on Tremont Street, three on Horr Street, five on Penn Street, ten on White Street and six on Monroe Street; to Frank Herbert, to erect five two-story brick dwellings on Madeline alley; to B. F. McTyre, to erect four three-story brick dwellings on Linden Avenue and twenty-two three-story brick dwellings on Druid Hill Avenue; to A. H. Sibley, to erect eight three-story brick buildings on Madison Avenue.—The Mercantile Trust and Deposit Co. has taken title to property on Gulvert Street, near German, for which \$50,000 was paid. The Trust Co. will remodel and improve the property to suit its needs.—The Mayor has signed an ordinance providing for the repaving and recurbings of Gay Street, from Aisquith Street to North Avenue, with Belgian blocks. Cost, \$160,000. To repave and recurb Franklin Street with Belgian blocks, from St. Paul Street to Charles Street, and from Howard Street to Pennsylvania Avenue. Cost, \$42,000. To repave and recurb Light Street, from Pratt Street to Fort Avenue, with Belgian blocks. Cost, \$135,000. To construct a sewer in Union Avenue, from Jones Falls to the Falls road, and in Falls road, from Fourth to Fifth Avenues. Cost, \$12,500.

Through Delaware.

At Camden, Kent Co., a new jail will probably be erected in a short time. A bill will be passed to that effect by the House.

At Dover, charter of the Middletown Electric Railway Co. has been passed by the House after being amended. The new road will run from Cecilton to Middleton. It is to be commenced within six months and completed within two years.—The House has passed a bill to incorporate the Masonic Hall Co., of Lewes, Del., the intention of which is to erect a building for the use of secret societies at Lewes.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

SOLD BY BARNES & LOPLAND, AT THE PHILADELPHIA EXCHANGE, ON TUESDAY, FEBRUARY 23, 1893.

Siegel Street, No. 2025, two-story brick dwelling, lot 14 x 47 feet, subject to a ground rent of \$48 a year, \$400

WEBER PIANOS

Ample capital, allied to the best musical and me-
chanical skill and earnestness of purpose,
coupled with untiring industry and perseverance,
and the ambition to make the BEST Piano
which it is possible to produce, may be called a
few reasons why the

WEBER PIANOS

are better than those of other makers.
Notwithstanding the great superiority of the

WEBER PIANOS

the Prices are as low as those of other good
makers.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a really good hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

Nuts For Advertisers to Crack.

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

Subscription, \$5.00 per year, always
in advance.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,
No. 17 NORTH TENTH STREET,
ABOVE MARKET STREET.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must, soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,
Proprietor.

Wants.

TREASURY Department, Office Supervising Architect, Washington, D. C., March 1st, 1893.
Sealed proposals will be received at this office until 2 o'clock, P. M., on the 23d day of March, 1893, and opened immediately thereafter, for all the labor and materials required for the plumbing and piping for the U. S. Court House, Post Office and Custom House building at Bay City, Michigan, in accordance with the drawings and specifications, copies of which may be had at this office or the office of the Superintendent at Bay City, Michigan. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All bids received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for plumbing and gas-piping for the U. S. Court House, Post Office and Custom House building at Bay City, Michigan," and addressed to W. J. Edbrooke, Supervising Architect. No. 29656

TREASURY Department, Office Supervising Architect, Washington, D. C., March 3, 1893.
Sealed proposals will be received at this office until 2 o'clock, P. M., on the 23rd day of March, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone and brick work of the basement and superstructure of the U. S. Post Office, Court House and Custom House building at St. Paul, Minnesota, in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at St. Paul, Minnesota. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids, and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. Proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for stone masonry cut stone and brick work of the basement and superstructure of the U. S. Post Office, Court House and Custom House building at St. Paul, Minnesota," and addressed to W. J. Edbrooke, Supervising Architect. No. 29670

TREASURY Department, Office Supervising Architect, Washington, D. C., February 25th, 1893.
Sealed proposals will be received at this office until 2 o'clock, P. M., on the 21st day of March, 1893, and opened immediately thereafter, for all the labor and materials required for the excavation, foundations, stone and brick masonry, cut stone work, iron and wood floor ceiling and roof construction, roof covering, etc., for the U. S. Post Office building at Lewiston, Maine, in accordance with the drawings and specification, copies of which may be had on application at this office or the office of the Superintendent at Lewiston, Maine. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid should it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for the excavation, foundations, cut stone and brick-work, iron and wood floor, ceiling and roof construction, etc., for the U. S. Post Office building at Lewiston, Maine, and addressed to W. J. Edbrooke, Supervising Architect. No. 29,629

R. R. Herriek, Director of Public Works, at Cleveland, Ohio, proposals until March 15th for paving several streets.

Proposals until March 14, 1893, for the construction of a system of water works at Portland, Ore. Address Isaac W. Smith, Engineer.

Henry J. Caren, County Auditor at Columbus, Ohio, proposals until March 15, for the construction of the masonry in the culverts on the North High Street free pipe.

Augusta Herrmann, President Board of Administration, Cincinnati, Ohio, proposals until March 10, for all stone, iron and brick work connected with the erection of the Eden Park pumping station.

Sealed proposals will be received at the office of R. H. Phelan, until Monday, March 13, 1893, for the erection of, addition to and alteration of the Waynesburg Presbyterian Church. The plans and specifications can be seen and examined by those desiring to bid, at Phelan's office. The contractor will be required to give bond for the faithful execution of the contract. The Building Committee reserves the right to reject any or all bids. Trustees of Presbyterian Church.

JOHN F. BRISHANE, City Editor.

PHILADELPHIA, WED'Y, MAR. 15, 1893.

The demand for patent pavements is not only constantly increasing, but from a sanitary standpoint their popularity must extend until public sentiment arouses City Council to the necessity of passing the necessary ordinance compelling their use as a substitute for brick for sidewalk purposes. Manufacturing concerns all over the country are utilizing cement and asphalt floors, to the great benefit of their employees; in fact, these floors commend themselves as an economical measure, for their first cost is about the only expense involved unless future alterations necessitate their removal, and even then the material used so readily conforms to every situation that in careful hands slovenly patch work methods can be easily avoided.

The Operative Builders of this city, led by W. T. B. Roberts, President of the Operative Builders Association, succeeded in their efforts before the Senate Committee in having Senator Crouse's building bill so altered as to allow party walls and yard space to remain as at present. The provision to prevent the erection of houses with less than sixteen feet front was also eliminated.

The delegation was a strong one, and consisted of President W. T. B. Roberts, Vice-President James L. Stevenson, Secretary W. C. Merritt, and W. S. P. Shields and Isaac C. Bleim.

It was established beyond question that the new law would act as a burthen upon the poorer classes, as it would materially increase the cost of small houses to the great detriment of buyers and renters. A four-room house would be increased in cost at least \$200 and a six-room house at least \$400, beside which the proposed increase of yard area to 250 square feet was unnecessary as well as a serious infliction upon the builders of a large number of houses.

DIRECTOR WINDRIM says the pollution of our drinking water is caused by the coal mines. THE REAL ESTATE RECORD asserts that the black, offensive mixture of water, filth and dye stuffs is caused by the high water of the Schuylkill sweeping out from the coves and recesses along its banks the filthy emptyings from the mills and villages, which the intercepting sewer was intended to intercept but does not. In proof of which the Honorable Director is respectfully invited to witness the rush of water over the broken Flat Rock dam, which is a simple mixture of earth and water, as different from what he gives us to drink as champagne is to soothing syrup. The water from the coal mines is neither offensive nor unhealthy. It is slightly sulphurous, but not half so much so as the beastly excreta that are offered for results arising from years of bad municipal government, for which the Director is in no way responsible.

AMONG the many successful firms who have firmly established a high reputation in this city for cement work and asphalt floors is the old established firm of Wm. Krause's Sons, whose business was first started in Germany in 1851 by the late Wm. Krause, Sr., who subsequently located in New York in 1868, and removed to Philadelphia in 1871.

Messrs. Krause's Sons regard the business outlook for 1893 as particularly encouraging. Among the most important contracts they have recently secured they mention the Hotel Metropole, 57,000 square feet of cement and concrete work; Hensel, Colladay & Co.'s new building, Franklin and Vine Streets. The pavements on three streets; cement curb, basement floor, boiler and engine rooms for Messrs. Steele & Sons, builders. 4000 square feet asphalt flooring for the Louis Bergdoll Brewing Company. Asphalt floors, etc., for Philadelphia Packing and Provision Company. This is certainly a splendid showing for the commencement of a busy year.

A Superb Collection

of fine paintings is now on exhibition in Davis & Harvey's auction store, 1212 Chestnut Street. The collection is the property of Craig & Evans, of this city, and embraces the work of French, Dutch, Belgian, Italian, German and American artists. The sales will take place on Monday Tuesday and Wednesday of next week.

Architect Notes.

Cope & Stewardson, architects, 320-24 Walnut Street, have made plans for a fine country residence for Thomas McKean, of Germantown. To be of stone and brick construction, three stories high and fitted on interior in hard woods, best of sanitary plumbing, electric work and all modern improvements.

A. C. Wagner, architect, 514 Walnut Street, has made drawings for a casino to be erected for Henry Phaelzer, at 1217 North Seventh Street. To be of brick and stone construction and modern conveniences.

Bailey & Truscott, architects, 136 South Fourth Street, are engaged on plans for a house for Mr. Albert L. Bailey, at Haverford College, Pa. To be stone and frame construction and shingle roof. Interior to be in hard woods, hot air heating, electric bells and good modern convenience.

Addison Hutton, architect, 400 Chestnut Street, is preparing plans for quite an addition to the Aldine Hotel, on West Chestnut Street. It is proposed to erect a west wing six stories high, divided into suites of rooms, about one hundred in all. The interior will be fitted with all necessary adjuncts, electric work, elevators, freight lift, steam heat, tile work. In fact, all modern accommodations, etc.

Thomas P. Lonsdale, architect, Manhattan Life Building, Fourth and Walnut Streets, has completed plans for a store and dwelling for George S. Kotz, 1943 Germantown Avenue. To be three stories high, first floor to be fitted for store purposes, with large plain window, fine bay on second story front. To be of brick, with stone trimmings. Dwelling part to be fitted with all the latest and best conveniences. Estimates are being made for work at architect's offices.

W. H. Free, architect, 27 North Juniper Street, has drawn plans for quite a number of houses, to be erected on east side of Twenty-first Street, extending from Dauphin to York Streets, for W. R. Coffee. All these are to be of fine press brick fronts, with considerable ornamentation in the way of stone and other materials. The caps of doors and windows give a very pleasant effect to the design in general. Interior will be fitted with all modern conveniences, plate glass for doors and windows, and cut stone bases to each structure. Estimates are being offered.

Arthur Stanley Cochran, architect, 140 South Fourth Street, is preparing plans for a new addition to Swarthmore College, to be known as the "Somerville Hall and Gymnasium," to be exclusively for ladies uses. In the basement will be placed a swimming pool, a locker and shower room, lavatory and kitchen. The first floor will contain the Somerville library, gymnasium and dressroom, while the second will contain a running track and appurtenances. Building of local stone, roof of slate, heated by steam from the parent plant. The whole will be a very attractive structure and fine addition to the college. Also plans completed for a house at same place for Prof. F. W. Price. To be of brick and shingle work and fitted on interior with all modern conveniences. Mr. Cochran is also engaged to prepare plans for a "Booth" for the World's Fair, at Chicago, Ill., for H. T. Paiste, Eighteenth and Market Streets.

Fred Fox, architect, 195 Wisteria Avenue, Germantown, has made plans for extensive alterations to residence of Mr. Benjamin W. Greer, the worsted manufacturer, of Germantown. A portion of the old building will be torn down and a new addition will be built. The building will be greatly improved on the interior and exterior. Interior will be hard wood, hard wood mantels and tile work, the best of sanitary plumbing and all modern improvements. Estimates are being made upon the work.

The contemplated alterations and additions to be made to the country seat of John Wanamaker, at Jenkintown, will probably be made during the coming Summer. Plans were prepared upon an extended scale by Mr. Edward Lee Young, architect and designer, but they are yet subject to considerable modification, and when adopted will be noted in full. There is no doubt, however, that a very handsome picture gallery will be part of this work and rooms for entertainment of guests as well as much minor decoration and detail minutiae be included when final decisions have been made.

Frank R. Watson, architect, 518 Walnut Street, has made plans for a fine house for A. F. Buckley, at Oak Lane, Pa. The structure will be three stories high, of stone and frame construction. Interior will be fitted in hard woods, tile work, two fine mantels and other ornamental work. A fine No. 88 Excelsior range will be placed in the kitchen, such as are made by Isaac A. Sheppard & Co. All modern improvements. Estimates are being made for the work. Estimates are also being made for two additional stories on the stores of Hires & Co., Seventh and Arch Streets. Plans made by Mr. Watson.

Baker & Dallett, architects, Southwest corner of Fifth and Walnut Streets, will place on boards the drawings for the Mercantile Club House for estimate. It will be remembered these have been completed for some time and fully noted in this journal in previous numbers. It will be one of the leading features of the city when completed, having a full fledged theatre and assembly rooms as well as other means for entertainment for its members, elevator, freight lift, electric work, fancy windows, hard wood work, French plate windows and doors, a considerable variety of stone work in ornamental designs. Steam heat and every modern convenience will be introduced.

Daniel S. Beale, architect, Hale Building, has made plans for a cottage at Beach Haven, N. J., for R. Zeekwer, of Philadelphia. Structure to be three stories high, of frame construction, with porches at side and front. All modern conveniences. Contract has been given to G. S. Butler & Son, of Beach Haven. Also plans for twin houses for James Anderson, of Philadelphia, to be erected on Baltimore Avenue. To be of brick and stone, three stories high, slate roof and fitted on interior with tile work, best of plumbing, ornamental glass, hot air heat and best modern conveniences, including electric bells. Mr. Beale has considerable work on hand, details of which will be noted later.

Angus S. Wade, architect, Hale Building, has made complete plans for alterations to the Locle Hotel, on Eighth Street, below Chestnut, and to be hereafter known as the Hoffman House, under management of C. C. Haines. First and second stories will be fitted up in quartered oak and other hard woods, and utilized for restaurant and hotel uses. The remaining three floors will contain fifty rooms for transient trade. Mr. Wade has let the contract for iron structure work in the hotel at Twelfth and Arch Streets to

Mitchell & Sheppard; the carpenter work to C. F. Lippincott, and cut stone to James Mann & Co. Other sub contracts will be let in a few days. The plastering of the "Hotel Metropole" to L. G. Worthington. Mr. Wade has plans in embryo which will be noted in future.

Henry D. Dagit, architect, 706 Walnut Street, is preparing plans for the construction of buildings, landing and all adjuncts to what will be known as Germania Park, and which will be located between Red Bank and Lincoln Park, on the Delaware River. The site was formerly owned by the Jacob Seeds estate. The drawings are quite extensive, and contemplate a large house and pavilion for restaurant and hotel purposes, dancing platforms, music stand, toboggan, merry-go-round, bowling alley, casino, water works, electric plant, steam power house and landscape work. Walks and roads will be laid out and made of the most approved system. A feature of this enterprise will be a "German Rathskeller," with the difference that all will be above ground. This will be in imitation of similar establishments upon the Rhine. No expense will be spared to make this a leading pleasure resort for the Summer months, and work will likely be started at an early day. Mr. Dagit will have the general charge of the operation. The same architect is preparing plans for four fine dwellings, to be erected at Thirty-third and O Streets, N. W., Washington, D. C. These are to be of brick, with terra cotta trimmings, three stories high, with large square hallways, best of interior accommodations, including electric work, hot air heat, sanitary plumbing, etc. To be finished by August 1, 1893. Mr. Dagit has made plans and specifications for building a dwelling at 919 Spruce Street. This operation subject to sale of real estate. William J. Murphy, contractor, is now engaged on the construction of Toomey Hall, at Twenty-second Street and Point Breeze Avenue, from plans prepared by the above named architect.

J. C. Worthington, 1305 Arch Street, and W. C. T. B. Pritchett, 1130 Penn Square, architects, will jointly prepare plans for a large apartment house, in the construction of which they will join a syndicate in interest. The structure will be erected upon the southeast corner of Forty-first Street and Elm Avenue. Six stories high, and it will have the advantage of two fronts. The parlors will all face en-suite upon Fairmount Park, looking north. It will also be of absolutely fire proof construction, being of stone, terra cotta and vitrified brick. The general cooking kitchen and restaurant will be upon the top floor. Three passenger elevators and a handy freight lift will be introduced. An individual electric plant will be placed, as well as steam heat and power. Special features will be introduced in plumbing and ventilation; lavatories and closets of the most approved system, cement work and artificial pavements on interior as well as exterior. The roof will be of cement work, as it is intended to make it special for Summer pleasures and entertainment of patrons. The work may be proceeded with during the coming season, but many details are yet to be decided upon. Mr. Worthington is at work upon plans for a professor's residence at Bryn Mawr College, Pa. To be of Mackite construction principally, and furnished on interior with all modern conveniences, electric bells and light, etc. Also plans for a house of similar construction at Media, Pa., for H. O. Duerr. To have all the latest and best conveniences. The same architect has on boards a number of other minor operations, which will be noted later.

Building and Real Estate Notes.

C. O'Neil has received contract for the addition to the Nineteenth and Addison Streets school for \$2945.

H. C. Wetherstine will soon commence two pairs of cottages on Upsal Street, near Germantown Avenue, to cost about \$6000 apiece.

B. Ketcham & Sons, contractors, are to put up at once a four-story brick carriage house 23 x 32 feet on St. Joseph's Avenue east of Eighteenth Street.

A movement is on foot in the Germantown School Board to ask for an appropriation of \$18,000 for an annex to the Schaeffer School building in that locality.

M. E. O'Brien, builder, will erect nine two-story houses at Thirty-fourth and Brown Streets, to be of press brick fronts, stone trimmings and best modern improvements on interior.

John Garman will at once begin the erection of nine dwellings on Pierce Street west of Eighteenth, of press brick fronts, stone steps and base, modern improvements on interior.

John I. McDuffee, builder, is about to begin Spring operations by erecting twenty-four two-story houses on north and south side of Borie Street West of Broad; all to be of the usual kind erected in that vicinity.

John G. Hunter, builder, will erect twenty-eight dwellings of modern design two and three stories high on Hunter's Lane, west of Fifty-fifth Street, all to be of press brick, stone facings and modern conveniences.

The Finance Committee of City Councils have resolved to report favorably an ordinance to appropriate \$10,000 for the erection of a one-story building on the Municipal Hospital grounds for the treatment of cholera patients.

Edwin Peters, builder, 1846 North Thirteenth Street, will erect on both sides of Thirty-first Street, between Dakota and Herman, sixteen fine dwellings with mansard roofs and interiors fitted in fine style with all modern accommodations.

C. F. Kindred, of the Reading Railroad Company, took out a permit for interior alterations to the one story brick freight station of the North Penn Branch at the Southeast Corner of American Street and Lehigh Avenue. The building is 212x50 feet.

Work has been started on the new hotel to be erected at northwest corner of Twelfth and Arch Streets by John M. Sharp. This structure has been fully noted in previous issues of this journal. Plans by Angus S. Wade, architect, Hale Building, in this city.

Joseph S. Hagan, builder, 2901 North Third Street, will at once erect as follows: Second Street, west side, south of Indiana Avenue, two-story brick office, 14x24 feet; Philip Street, east side, south of Indiana Avenue, two-story brick stable, 17x28 feet; Second Street, 2048 North, two-story brick back building, 14x26 feet, with bay window 4x6 feet.

In relation to the reported disposal of the First Baptist Church, Broad and Arch, it can be said no sale has been made, and the report is based at the present time upon the attempt to join the Tabernacle Baptist Church, at Eighteenth and Chestnut Streets. Such a proposition has been made, and is being considered seriously by both congregations, and the First Church is not averse to selling its property if a fair amount is offered, but is determined not to sacrifice it under any circumstances at present. The contemplated union of the two churches named is in embryo.

Hiram A. Miller, contractor, 1609 Allegheny Avenue, will erect a factory for Wrigley Manufacturing Co., at Wayne Junction. To be brick, 40 x 96 feet, two stories high, and fitted with steam and general machinery, etc. Cost of building will be about \$6000.

Secretary of the Treasury Carlisle has set aside \$34,000 of the general epidemic funds remaining from last year, to erect suitable buildings on the new quarantine station to be established at once at Reedy Island in the Delaware river. This money will be expended under supervision of Surgeon General Wyman.

As no award can be made for the building of the fire and patrol station at Front and Westmoreland Streets under the present statutes, all bids being in excess of the appropriation, the difference between that and the lowest bid being so great, it is likely new action will be taken by Councils before new bids will be asked.

H. W. Gist & Bro., contractors, are to erect for F. H. Campion, of Germantown, twenty-two handsome three-story houses on north side of Upsal Street, west of Main. They are to be of brick, stone and frame work, and will have fronts of 18x50 feet in depth, the lots being 33x175 feet. All late improvements will be introduced.

Thomas W. Wright & Son, of Harvey Street, Germantown, will soon start two pairs of colonial cottages, three stories each, at a cost of about \$3500 each. The firm has received the contract for a house for A. T. Flower, of Upsal Street, to cost about \$12,000. It is to be of colonial style, three stories high and finished in hard wood.

Ashmead & Co., manufacturers, 920 Cherry Street, are about to erect a factory upon the above site, from plans by Edwin F. Bertollette, architect. Structure to be 60 x 70 feet and six stories high, fitted with steam power and heat, electric work and all factory appliances, etc. Contract let to H. Brockelhurst. Work to begin at an early day.

Owing to the strenuous opposition of John H. Sloan, Dr. E. W. Watson, H. T. Coates and other property owners in the vicinity, Councils' Committee on Police and Prisons yesterday postponed for one week a report from a sub-committee to remove the Filbert Street police station to Cherry Street, above Twentieth. By that time the objectors promised to find an equally eligible site for the new station and patrol houses.

John M. Sharp, builder, 1936 South College Avenue, will at once begin the erection of ninety-four two and three story houses to be built on the old site of the House of Refuge. These will be on Twenty-third Street above Parrish, on Parrish west of Judson, and on Poplar east and west of Judson Streets, all to be of best press brick, stone facings and steps, and finest workmanship on interior and best accommodations.

A. H. Williams & Sons, contractors, have been awarded the contract to erect the handsome residence of Daniel Baugh, President of the Art Club. The structure will be erected at Sixteenth and Locust, and has been fully described in former issues of this journal from plans by Hazelhurst & Huckel, architects, Drexel Building. Briefly the house and stable in rear will be of brick and stone, five stories high, and interior of each to be fitted with every modern convenience.

Plans have been made by Mr. Charles Longstreth for the erection of a brick and stone warehouse for the Penna Warehousing and Safe Deposit Co., of Philadelphia, to be located at 406-408-410 South Delaware Avenue, structure to be seven stories high, the foundation to be upon

pile work and considerable concrete will be used, foundation and base of Port Deposit granite as well as all sills used, a large amount of iron work throughout both heavy and light, freight elevators, slate roof one entire building, estimates are being made on work.

The Bank of North America, on Chestnut Street, west of Third, John H. Michener, president, has bought the property on the east side of their present building, and will at once take measures to erect a large and beautiful structure, which will be joined to the main building occupied for so many years. Upon the site business has been transacted about twelve years in all. The property purchased has been owned by Chas. T. Yerkes, a former banker well known in this city, but now of Chicago, Ill. The lot is 19 x 90 feet, and runs to the old Drexel building on Third Street. The bank will at once be moved to 310 Chestnut Street and remain until the new structure is completed.

The fund left by the late George S. Pepper for the founding of a free public library on the south side of Market street is now in the hands of the Trustees, who will proceed with the necessary steps for the development of the library. At a meeting of the Trustees, held on March 2, a letter was read from George B. Roberts, Esq., accepting the position of Trustee, to which he was elected. Dr. Isaac Norris presented to the library a valuable and extensive gift of books. As yet a site for building has not been determined on, and until it has been selected and the building plans submitted and accepted, the Trustees will rent several rooms from a trust company for the storage of books and other gifts. Plans are being actively pushed.

Quite an extensive operation will be started by the Sheehan Bros., builders, 1909 Morris Street, and will be located as follows: Myrtlewood Street, east side, south of Wharton, 10 two-story brick dwellings, 14x28 feet, and one two-story brick store and dwelling, 16x48 feet; Myrtlewood Street, west side, south of Wharton, nine two-story brick dwellings, 15x26 feet, with back buildings 12x10 feet, and one store and dwelling, 16x48 feet; Thirtieth Street, east side, south of Wharton, nine two-story brick dwellings, 15x22 feet, with back buildings 12x22 feet; Wharton Street, south side, east of Thirtieth, seven two-story brick dwellings, 16x22 feet, with back buildings 13x22 feet; Thirtieth and Wharton Streets, Southeast corner, three-story brick store and dwelling, 19x44 feet.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At State College, Centre Co., a stock company will erect a hotel, to cost about \$20,000.

—At Lebanon, Lebanon Co., there is a movement on foot in favor of artesian wells for water supply.

—At Erie, Erie Co., a permit has been issued for the brick addition to school No. 10. Cost about \$18,850.

—At Lock Haven, Clinton Co., the School Board will make improvements and extensions to the school house.

—At Westtown, Chester Co., the West Chester branch of the P. W. and B. Railroad will erect a handsome bridge over its tracks.

—At West Chester, Chester Co., it is thought that the building committee of the Westminster Presbyterian Church will decide on the Evans lot as the site for the new edifice.

—At Connellsville, Fayette Co., the First Baptist Church congregation will make improvements, purchase a new carpet, etc.

—At Jenkintown, Montgomery Co., the Catholic church will be improved and the seating capacity increased at a cost of about \$10,000.

—At Hughesville, Lycoming Co., the Lutheran congregation has decided to erect an addition to the church; also purchase a large pipe organ.

—At Uniontown, Fayette Co., the Y. M. C. A. has commenced work on their new gymnasium hall, which will be 33 x 45 feet, and cost about \$15,000.

—At Reynoldsville, Jefferson Co., John H. Kaucher and others have made application for authority to organize the First National Bank of Reynoldsville.

—At Clifton, Delaware Co., work has begun on a new stable for Samuel P. Ottey. Jordan Bros., of Moore's, have been awarded the contract for the brick work.

—At Perkasee, Bucks Co., town council has granted the right of way to the Philadelphia and Allentown Electric Trunk Railway Company to lay tracks and string wires through the principal streets of that borough.

—At Conshohocken, Montgomery Co., a number of improvements will be made to the hall building of the Washita Association, and it is possible that the building may be transformed into a first-class opera house.

—At Monongahela, Washington Co., a syndicate of Pittsburgh capitalists have purchased about 700 acres of land in and about the town, and they intend to expend about \$1,000,000 in new enterprises such as glass works and steel mills.

—At Chester, Delaware Co., steps are being taken toward the construction of a handsome boulevard, to run from Chester to the country home of Richard Wetherill. The roadway will be telforded, with ample width on both sides for driving purposes.

—At Reading, Berks Co., the Harmonie Maenherhor Society is looking for a site on which to erect a new building with a view to procuring more room than in the present building.—Brown & Edgett will erect a cigar factory.—The Penn Hardware Company will erect an addition.

—At Coatesville, Chester Co., the Lancaster and Philadelphia Electric Railway Company has been granted the right of way through the town.

—A handsome residence will be erected on Chestnut Street by Joseph Humpton.—Messrs. Ash and Thompson will erect sixteen dwellings. They will be of brick, well finished on interior and will contain modern improvements.

—At Allentown, Lehigh Co., the plant in course of erection for the Rancoas Iron Company, of Hainesport, N. J., will be ready for occupancy in a short time. About seventy-five hands will be employed.—The Seagraves farm, at Allentown, has been purchased by a party of New York manufacturers, comprising Rudolph Liebman, Leo Prange, L. A. Meyers, Jr., and Edward Rothschild. The price paid was \$1000 an acre. The City Button Works, owned by Mr. Liebman, will be removed to this site, and work has begun on the main building. The Leo Prange Company, manufacturers of jet goods, combs, etc., will also locate on this site. The purchasers have divided a portion of the ground into building lots and will erect a number of dwellings. Mr. Liebman has leased a residence in Allentown.

TRUSTS. TITLES. DEPOSITS

THE PLANT OF THE LAND TITLE AND TRUST COMPANY, 608 Chestnut Street,

Covers every foot of ground in Philadelphia, and is the only Plant containing an abstract of every Deed, Mortgage and Sheriff's Sale of record in Philadelphia since 1682 located against each property described.

This Plant necessarily gives great additional protection to purchasers and mortgagees taking this Company's policy of Title Insurance, apart from the security of its One Million Dollars full paid capital.

BOOKS BOUGHT.

We want all the OLD BOOKS we can find. If you have a large library or small parcel of books you do not want, send us your address, and we will call and examine them. We are always prepared to buy and pay the cash at once, whether it amounts to five dollars or five thousand.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
First Store below Market St.) PHILADELPHIA

—At Ashland, Schuylkill Co., at a recent meeting of the School Board, of which Mr. S. O. Reiner is president, detailed drawings and specifications were received from Architect Magdeburg. It was further decided to advertise for proposals for the erection of a new building on the site of the old stone one, and, if necessary, the erection of one on the site at the corner of Seventeenth and Walnut Streets.

—At Pittsburgh, W. A. Herron & Sons have sold the remaining twenty-five feet of the Christ Church property to a merchant, who, in conjunction with Mr. Bonn, who bought adjoining land, will improve the site by the erection of an eight-story building for business purposes.—Liggett Bros. have sold a lot, 78 x 140 feet, at South Highland Avenue and Howe Street, for \$10,000. The purchaser will erect a handsome residence.—Joseph P. Rankin & Co. have sold about an acre on the Beaver road to Mr. A. Glimser, who will erect a fine residence.

—At Harrisburg, a bill has passed second reading in the house providing for the erection of a fireproof building for the State Department's State Library, archives, battle flags of the State, art treasures and geological collections, and to authorize the changes and improvements in the Capitol and Department Buildings, and appropriation of \$625,000 for the work. Mr. Leeds, of Philadelphia, has introduced a bill asking for an appropriation of \$75,000 to the Academy of Fine Arts, at Philadelphia. Senator Markley has introduced a bill in the Senate asking for an appropriation of \$8000 for the establishment of a hospital at Pottstown.

Through Maryland.

At Rock Hall, Kent Co., the Rock Hall Land Improvement Company will erect a hotel.

At Glen Arm, Baltimore Co., John I. Yellott and A. A. Piper, of Tomson, contemplate the erection of a large hotel.

At Baltimore the most important permits issued to date are as follows: To L. Schoenlein to erect two two-story brick dwelling on Cannon Street, and four on Rose Street; to L. Butz to erect a two-story brick dwelling at No. 1434 Battery Avenue; to G. Rosenstock to erect a two-story brick warehouse, 44 x 70 feet, at Thomas and Wolfe Streets; to The Christopher Lipp's Company to erect a two-story brick factory, 42 x 102 feet, corner of Brown's and Lipp's Lane; to the Baltimore City Passenger Railway Company to erect a one-story car house, 140½ x 200 feet, corner of Baltimore and Smallwood Streets; to G. W. Blome & Son to erect a six-story brick warehouse, 25 x 63 feet, at No. 616 German Street; to G. Harberts to erect a two-story brick dwelling at No. 714 Burke Street; to G. Burgerding to erect a two-story brick stable No. 1101 Steepler Street.

Through New Jersey.

At Sea Isle City, Cape May Co., work will be commenced this week on the new sea wall, to cost about \$20,000.

At Orange, Essex Co., a two-and-one-half-story frame dwelling will be erected on Berkeley Avenue, at a cost of about \$12,000. Plans by Architects Stephenson & Greene, No. 5 Beekman Street, New York. The same architects have made plans for a two-and-one-half-story frame dwelling, to be erected on Halstead Street, East Orange. Cost about \$7000. Also plans for improvements to other dwellings in South Orange, at a cost of about \$7000.

At Madison, Morris Co., a two-and-one-half-story frame dwelling, 33 x 54 feet, will be erected, at a cost of about \$8000, from plans prepared by Architects Stephenson & Greene, No. 5 Beekman Street, New York.

At Mount Holly, Burlington Co., Louis R. Hlibard, J. V. Rice, Jr., E. G. Harrison, George M. Lane and Wm. H. Harrison have incorporated the Beverly and Edgewater Park Electric Light and Power Co., with a capital of \$30,000.

At Egg Harbor, Atlantic Co., the Egg Harbor City Improvement Co. has been organized, and will be incorporated with a capital of \$100,000, toward the erection of a silk factory, 48 x 150 feet. \$8000 has already been subscribed. The Board of Trade is interested.

At Bordentown, Burlington Co., the congregation of the Baptist society will erect a handsome new edifice to replace the one recently destroyed by fire. The estimated cost is \$25,000. The contract for the erection has been awarded to Patrick Sheridan, of Elizabeth, N. J.

Washington, D. C.

J. A. Sibley, 608 Thirteenth Street, N. W., has prepared plans for two handsome dwellings to be erected on Wyoming Avenue, Columbia Heights. They will be of brick and stone with fine interior finish, particular attention being given to the staircases and wide entrance halls. All modern conveniences and improvements will be introduced, including steam heat. The estimated cost is \$20,000.—Plans have been made by J. Germiller, 511 Eleventh Street, N. W., for a store and dwelling to be erected for C. H. Gorton, at the northwest corner of Eighth and East Capital Streets. It will be of Hummelstown brownstone and press brick, with finely finished interior, tiled floor and wainscoting in bath rooms, nickel-plated plumbing, open grates, etc. No contracts let. The estimated cost is \$9,000.—Glenn Brown, 739 F Street, N. W., has prepared plans for a handsome residence, which will be erected for Holman Vail, at 1706 S Street, N. W. It will be of press brick and brown stone with tiled roof. The interior will be particularly fine, with a large hall and beautiful staircase and ash screen. Many of the rooms will have the wood work painted to harmonize with the wall tints and decorations. The bath room will be tiled and furnished with enameled tubs. Other features will be cabinet mantels; open fire places, speaking tubes, etc. The vestibule will also be tiled. No contracts let.

Through Delaware.

At Wyoming, Kent Co., town council has asked authority to purchase a fire apparatus.

At Milton about eight thousand dollars will be borrowed with which to erect a school house to replace the one recently destroyed by fire.

At Dover, the Dover and Camden Electric Railway Co. has applied for a charter with a capital of \$100,000, to construct a road from Dover Fair grounds through the town of Dover to Camden camp meeting grounds, and thence to Camden and Wyoming.—Mr. Cooch has introduced a bill to make an appropriation to provide a home for fallen girls. The corporators are Elizabeth C. Marks, Frances A. Mather, Frances S. Garrett, Emma L. Weldin, Emale P. Warner, Josie B. Fogg, Mary Smithers, Mary B. Donnel, Tillie F. Sudler, Hannah Tunnel, Margaret S. Hilles and Helen Porter.

Real Estate at Auction.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

C. F. HENSEL, STAINED GLASS

For Churches and Dwellings,

Nuts For Advertisers to Crack.

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

Subscription, \$5.00 per year, always
in advance.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Philadelphia,

, 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

Wants.

TREASURY Department, Office Supervising Architect, Washington, D. C., March 8, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 24th day of March, 1893, and opened immediately thereafter, for all the labor and materials required for floor arches, concrete filling, etc., for the U. S. Post Office, Court House, etc., building at Troy, New York, in accordance with drawings and specification, copies of which may be had at this office or the office of the Superintendent at Troy, New York. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids and to waive any defect or informality in any bid, if it is deemed in the interest of the Government to do so. All bids received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for floor arches, concrete filling, etc., for the U. S. Post Office, Court House, etc., building at Troy, New York," and addressed to W. J. Edbrooke, Supervising Architect, No. 29485.

TREASURY Department, Office Supervising Architect, Washington, D. C., March 18, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 24th day of March, 1893, and opened immediately thereafter, for all the labor and materials required for the plumbing and gas piping for the U. S. Court House, Post Office and Custom House building at Bay City, Michigan, in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at Bay City, Michigan. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids and to waive any defect or informality in any bid, if it is deemed in the interest of the Government to do so. All bids received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for plumbing and gas-piping for the U. S. Court House, Post Office and Custom House building at Bay City, Michigan," and addressed to W. J. Edbrooke, Supervising Architect, No. 29656.

TREASURY Department, Office Supervising Architect, Washington, D. C., March 8, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 30th day of March, 1893, and opened immediately thereafter, for all the labor and materials required for the cut stone and brick work of the basement and superstructure of the U. S. Post Office, Court House and Custom House building at St. Paul, Minnesota, in accordance with the drawings and specification, copies of which may be had at this office or the office of the Superintendent at St. Paul, Minnesota. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids and to waive any defect or informality in any bid, if it is deemed in the interest of the Government to do so. Proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for stone masonry, cut stone and brick work of the basement and superstructure of the U. S. Post Office, Court House and Custom House building at St. Paul, Minnesota," and addressed to W. J. Edbrooke, Supervising Architect, No. 29670.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, MAR. 22, 1893.

MR. PHIL. J. WALSH, whose sudden death occurred on the 15th instant at Tampa, Florida, was a broad-gauge man in every sense of the word. As a merchant his success was acquired through his great natural executive ability backed by his most rigid business integrity as unswerving as was the man himself. He possessed a frank and open nature, and detested deceit and shams of every kind. Having been denied in early life the opportunity for a satisfactory amount of schooling, he acquired through his personal efforts a liberal education, mastering both French and German. He was a forcible writer, and unhesitatingly condemned everything he believed to be inimical to the public weal.

His business and social friends were many. His hospitality extended even to the humblest among his employees. He loved America with a love even greater than that he had for his own native isle. He was a man in the truest, strictest, noblest sense.

N. Snellenburg & Co.'s Building Improvements.

The new Terminal Station of the Reading R. R. Co. is directly responsible for many important improvements to buildings devoted to business purposes in that neighborhood, the most noticeable of which is that just completed for N. Snellenburg & Co., at the southeast corner of Market and Twelfth Streets.

While the constantly increasing manufacturing wholesale and retail business of this firm demanded more room and greatly increased facilities, it is doubtful if the present extensive alterations and additions would have been made were it not for the very natural importance given to this neighborhood as a business centre by the Terminal.

In fact the centralization of the travel on two of the most important railroads in this country to the immediate neighborhood of N. Snellenburg & Co.'s clothing establishment was too important as an event, and presented too many grand business opportunities not to be taken advantage of by a firm that is now regarded over the entire country as the most enterprising and successful as well as the most aggressive clothing manufacturing concern in America.

The improvements will materially add to the locality, besides enhancing the beauty of the establishment itself. The acquisition of the two large double stores known as 1132-34-36-38 Market Street, which, with the old store at the corner, known as 1140-42, represents a frontage of 106 feet on Market Street, extending in depth about 200 feet to Girard Street, the whole yielding in store and floor space for the entire building, 190,800 square feet.

The centre store front has been utilized as an entrance, the doorway being flanked by magnificent show windows, the entrance presenting a broad, generous, inviting appearance as a suitable centre-piece to the grand range of crystal plate glass that decorates the entire front, making the largest and most magnificent windows for display purposes in Philadelphia.

The interior finish and decorations of the stores represent the best efforts of the wood-worker.

The trim itself is highly polished oak, which is enlivened by a bountiful distribution of plate-glass mirrors and showcases.

The importance of this improvement is doubly enhanced from the building standpoint, inasmuch as it fully expresses the great strides that have been made during the last few years in the manufacture of American plate glass. When it is understood that it is only a few years ago that the production of American plate glass, even of moderate sizes, was considered an impossibility, the statement that the 15 large plates, some of which measure 124 inches by 194 inches, are the largest ever used in store windows in Philadelphia, becomes astonishing, besides which the character and quality of this glass, together with its brilliancy of polish, must impress even the most casual observer with the magnificent results that have been attained in this direction.

The opening of N. Snellenburg & Co.'s new stores will take place this, the 22d instant, and will be continued during the week.

THE Joseph Dixon Crucible Co., of Jersey City, N. J., has secured space at the Columbian Exposition for two exhibits, one of "American Graphite," in the Manufacturers' Building, and a general exhibit in the Mines Building. The company will be pleased to have its many friends view the handsome display of graphite in its various uses, which will be made during the Exposition.

Architect Notes.

James H. Windrim, architect and Director of Public Works of this city, has prepared plans for a new front building for the Wills Eye Hospital at Eighteenth and Race Streets.

Walter H. Geissinger, architect and engineer, southwest corner Twelfth and Chestnut Streets, has made plans for an addition, three stories, 28 x 53 feet, to be erected on the office of James & George D. Bromley, Adams and Jasper Streets. Estimates are being made on the plans.

John T. Windrim, architect, 1117 Walnut Street, has made plans for two stores for George W. Elkins, at Seventeenth and Market Streets. To be of brick and stone trimmings, with modern appliances on interior. Contract awarded to Jacob Myres, contractor, southeast corner of Thirteenth and Locust Streets.

Lewis C. Hickman, architect, Brown Bros. Building, Fourth and Chestnut Streets, has made plans for considerable alteration to the interior of the Penn Mutual Building, 925 Chestnut Street. This work consists chiefly of new sub-divisions and rooms, which necessitates plumbing, gas fitting, iron, brick and stone work, tiling, grille work, electric wiring, lavatories and closets, etc. Estimates are being made.

T. Frank Miller, architect, 1221 Arch Street, has on boards plans for a fine country house for S. E. Bailey, at North Wales, Pa. Structure to be of stone, three stories high, slate roof, and interior to be in hard wood, electric bells and best of modern conveniences. A very fine stable will be erected in rear of the house. To be of the same material and well equipped with all improvements. No contracts awarded as yet.

Plans by Cope & Stewardson, architects, 320 Walnut Street, for the house for Thomas McKeen, Esq., on Walnut lane, Germantown, are still on boards for estimate. These are purely colonial in style, brick and stone and tin roof. Interior in hard woods, tile work, best of plumbing and gas fitting, open grates, electric work, a dumbwaiter lift, bells and speaking tubes; in fact, all modern improvements will be introduced.

The plans for the new city hall at Williamsport, Pa., were made by Culver & Hudson, architects, 234 West Fourth Street, in that city. The drawings contemplate a handsome four-story structure, with an immense tower rising at one corner. The walls to be of buff brick, trimmed with Indiana limestone, and terra cotta work, slate roof, and considerable tin work in spouting and gutters. Interior fitted with steam heat, tile work, iron beams, columns and grille work, electric work throughout, best system of steam heating and ventilation, sanitary plumbing, lavatories, closets and all modern conveniences and accommodations. It is expected the contracts will be awarded at an early day by the commissioners.

Samuel Hall Day and Crawford Coates, Jr., architects, 910 Drexel Building, have placed the drawings for the new building of the Belmont Cockey Club upon boards for estimate. It will be remembered a full description of this work was given some time since in this journal in architects notes. The structure will be of frame and shingle treatment, and fitted on interior with every appliance for comfort and convenience. The location is Fiftieth Street and Kingessing Avenue.

Walter Smedley, architect, 435 Chestnut Street, will prepare plans for the new bank building, to be erected by the Northern National Bank, at the junction of Germantown Avenue, Seventh and Dauphin Streets. Whilst the material for the structure is not definitely fixed upon, it will likely be of Pompeian brick and stone work, provided on interior with general office fittings of hard wood, brass and iron grille work, vault safes, electric work, best system of heat and ventilation and the heating likely by steam. The details will be completed at an early date and contracts awarded.

Franklin Keagy, architect, at Chambersburg, Pa., reports that he has just completed the plans for an eleven-room brick house for M. E. Sullenberger at Waynesboro, Franklin Co., Pa. Interior hard wood finish, in oak, walnut, cypress and Carolina pine. Wood and slate mantels, slate roof, with galvanized iron cresting and angle, or hip roll finish. The plumbing will be done in the most complete manner. The heating will be by hot water, and the lighting by electricity. The plans and specifications are now in the hands of builders for estimates. Also plans for an addition to St. John's German Reformed Chapel, of that place, of 38 x 44 ft.

M. Feilding, architect, 110 South Fourth Street, has completed plans for a building for the Y. M. C. A. of Coatesville, Pa., and estimates will be invited in a few days upon the work. The structure will be three stories high, of brick, probably buff, stone trimmings and tile roof. The heating will be steam, and the interior will be subdivided into an assembly hall, gymnasium and association rooms. The best of modern accommodations will be introduced. Also plans have been made for a dwelling for Mrs. Elizabeth Hoffman, at Graver's lane, Chestnut Hill. To be of stone, three stories high, shingle roof, hard wood interior, hot air, electric work, etc. Also plans for alteration and addition to residence of A. G. Elliott, Esq., of Germantown. Also will prepare plans for alteration and additions to residence of B. Ridgway, at Walnut lane, of the same place, which will be of a general character.

An ordinance has been approved and recommended to be sent to the Finance Committee, to constitute a Board of Experts to report upon a plan of the rearrangement of the wharves and docks on the Delaware River front of the city, to be constructed in conformity with the requirements of the Secretary of War; to call for competitive plans and make awards, and to make an appropriation of \$2500 to defray the expense. The first section of the ordinance provides for the appointment of a Board of Experts, to serve without pay, and to be constituted as follows: The resident Government Engineer, the resident officer of the Coast Survey, the Chief Engineer of the Bureau of Highways, one member of the American Society of Civil Engineers, one member of the Board of Port Wardens, one member of the Harbor Commissioners and one citizen to be appointed by the Mayor. The second section authorizes the Board to invite public competition

of plans for the rearrangement of the wharves and docks intermediate to those established by the United States Government, to be extended along the Delaware River front and the new pier head line between Moore and Otis Streets. The remaining sections authorize the Board to advertise for plans, to award \$1000 for the best plan submitted, \$500 for the second and \$300 for the third.

Building and Real Estate Notes.

William R. Coffee will erect twenty-nine two-story dwellings.

Wm. C. McPherson & Sons, 325 Cherry Street, will at once erect three stores at Thirtieth and Market Streets, to be of brick, stone trimmings and modern conveniences, freight lifts, etc.

A. J. Drexel has just added 46 acres, bought of James Long, at Fifty-fourth and Berks Streets, and which will be included in the large operation noted in another article in this journal this week.

W. D. Hunter, Fifth-sixth and Lancaster Avenue, will erect twelve three-story houses on Fifty-fifth Street, north of Jefferson, to be of fine press brick, stone trimmings and best improvements on interior.

Geo. W. and W. H. Young, owners, 2003 South Twelfth Street, are about to build forty-two two-story dwellings on Durfer Street, between Eleventh and Twelfth. Press brick, stone facings and best accommodations.

Plans are on boards at the Master Builders' Exchange for a new City Hall to be erected in Ross Park, Williamsport, Pa. The bids are to be in by the 23d inst., and to be addressed J. J. Galbraith, City Clerk, Williamsport, Pa.

William Cramp's Sons' Ship Building Co., are about to erect the three shops previously noted in this journal. These will be chiefly of iron, and respectively measure 77 x 200, 70 x 140 and 62 x 90 feet. The entire cost will be about \$75,000.

J. M. Gumme & Sons, 733 Walnut Street, have bought the properties, 1007-9-11 Chestnut Street. The property has been bought for the Mutual Life Insurance Co., of New York, located at Tenth and Chestnut Streets, for an enlargement.

The Councils' Committee on Surveys, on the 14th inst. agreed to report, with a favorable recommendation, an ordinance to revise the lines and grades of Delaware Avenue, between Moore and Otis Streets, so as to widen the same to 150 feet.

John Enochs, builder, 1429 Diamond Street, will at once erect a number of small dwellings on Hunting Park Avenue, Archer and Butler Streets. These are to be two and three stories high, and of the usual material for that class of houses.

The Board of Health of Philadelphia has asked City Councils for an appropriation of \$100,000 for the purpose of fighting an epidemic of cholera or other disease. Should they appear during the coming Summer, this will include erection of temporary hospitals, etc.

Stacey Reeves & Sons, contractors, will erect a \$50,000 stable for the Bergher & Engel brewery, at Thirty-first and Master Streets. Structure of brick and stone, two stories high, 110 x 153½ ft., and accommodate about 130 head of stock. Interior to have all accommodations. Previously noted in this journal in full.

John Devlin, builder, 1008 South Forty-sixth Street, will at once begin the building of fifty-six two-story brick buildings on the east and west side of Twenty-third Street, between Titan and

Reed Streets. All to be of press brick, stone steps and facings, and best interior accommodations.

John M. Anderson, contractor, 212 Dock Street, has a contract to erect a four-story mill of brick, stone and iron on the west side of Second Street south of Cambria, on the site of the burned Bachman building, and for which the plans were prepared by Walter H. Gelsinger, architect and engineer, S. W. corner Twelfth and Chestnut Streets.

The City Property Committee of the Board of Public Education decided on the 13th inst. to reject the bid of J. W. Keyser to build the addition to the Robert Morris School, in the Twenty-ninth ward, on the ground that Mr. Keyser is not a known master builder. Bids will be again invited. It was reported that the Bayard Taylor School, at Sixth and Venango Streets, required so many alterations that it was nearly unfit for the children's use, and a suggestion was made that a new school be built at Howard and Tioga Streets, where the city owns a lot.

Thomas Bateley, builder, 909 Lehigh Avenue, will at once begin the erection of 103 dwellings as follows: Twenty-fifth Street, west side, between Norris and Diamond, 26 two-story brick dwellings, with brown stone trimmings, 16 by 26 feet, and back buildings, 13 by 28 feet; Twenty-fifth and one-half Street, east side, between Norris and Diamond, 26 two-story brick dwellings, 16 by 24 feet, with back buildings, 13 by 12 feet; Norris Street, south side, between Twenty-fourth and Twenty-fifth Streets, 21 two-story brick dwellings, with brown stone fronts, 16 by 26 feet, and back buildings, 13 by 14 feet; Twenty-fifth Street, east side, between Norris and Diamond, 16 two-story brick dwellings, with brown stone fronts, 16 by 26 feet, and back buildings, 13 by 28 feet; Norris Street, north side, between Twenty-fourth and Twenty-fifth, 11 two-story brick dwellings, with brown stone fronts, 16 by 26 feet, and back buildings, 13 by 28 feet; Twenty-fifth Street, east side, between Norris and Berks, 3 two-story brick dwellings, with brown stone fronts, 16 by 24 feet, with back buildings, 13 by 22 feet; all of which have been previously noted in general notes in this journal.

Wendell & Smith, the builders, of Wayne and Overbrook, are about to construct an office of stone, one story, 38 x 44 feet, on Merion Avenue, just east of City Avenue. This is preparatory to the start upon the erection of about six hundred houses upon the site of the old George farm, near Overbrook, and now being developed under the patronage of Messrs. Drexel and Childs. The general scope of the operation at the latter place will include an individual water supply, an electric light plant, a steam heat plant, and the laying out of new streets upon an improved scale. Many new ideas for comfort and general convenience will be introduced. An abundance of shade will be preserved throughout the grounds to give the enterprise the reality of country and city life combined. In connection with the houses to be built within the city limits, a large number of rural homes will be erected just beyond the city lines from new and improved drawings by various architects, in which are combined all the latest improvements and accommodations known in model homes, including sanitary plumbing, hard woods, ornamental and plain; French and American plate and fancy glass, electric work, fittings for steam heat, cement floors in cellars and artificial stone pavements, beautiful landscape gardening, all of which will involve about \$4,000,000. This operation was noted in a previous number of this journal.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Franklin, Venango Co., a fire department is to be established.

—At Frackville, Schuylkill Co., the water works will be increased this Spring.

—At Derry, Westmoreland Co., the Catholic congregation will erect a new edifice.

—At New Castle, Lawrence Co., a school house will be erected at West New Castle.

—At West Chester, Chester Co., the Friends' Boarding Home will soon be ready for occupancy.

—At Erie, Erie Co., a bicycle factory will probably be erected by L. B. Gaylor, of Stamford, Conn.

—The members of Friendship Methodist Church in Highland Township, Chester Co., will erect a parsonage.

—At Canton, Bradford Co., the First National Bank has been organized, with Geo. E. Bullock as Vice President.

—At Slatington, Lehigh Co., the barn of Wm. H. Williams was destroyed by fire last week at a loss of about \$3200.

—At Honesdale, Wayne Co., five business buildings have been destroyed by fire, causing a loss of about \$34,000.

—At Altoona, Blair Co., \$18,480 will be appropriated for fire department maintenance and purchase of a new engine.

—At Homestead, Allegheny Co., a vote has been cast in favor of issuing \$15,000 in bonds for the construction of sewers.

—At Clearfield, Clearfield Co., the Clearfield National Bank has been organized, with James Mitchell as Vice President.

—At Middletown, Dauphin Co., the National Bank of Middletown has been organized, with Edward M. Raymond as cashier.

—At Lavndale, Bucks Co., Oswin B. Nase and Milton G. Detweiler have bought lots of Joseph D. Yoder and will erect dwellings.

—At Spring Village, near Chestnut Hill, Phila., a new schoolhouse will be erected by the School Board of Springfield township.

—At Pottsville, Schuylkill Co., a school building will be erected from plans prepared by William D. Hill, architect; cost about \$55,000.

—At Meadville, Crawford Co., Councils have awarded contract for the construction of a sewerage system to Samuel Gray, of Providence.

—At Johnstown, Cambria Co., a new opera house will be erected at Franklin and Locust Streets to be known as the Ellis Opera House.

—At Reading, Berks Co., L. Focht is architect for the new Baptist church to be erected at Fifth and Chestnut Streets, at a cost of about \$25,000.

—At Steelton, Dauphin Co., plans have been prepared by M. M. Dreihelbis, architect, for the construction of a pumping station for the water works at that place.

—At Radnor, Delaware Co., the members of the Protestant Episcopal Church of the Good Shepherd contemplate the erection of a handsome church edifice at Rosemont.

—At Allentown, Lehigh Co., steps will be taken at once to get a supply of purer water. Twenty thousand dollars have been appropriated to lay a thirty-inch main to a mile west of the city.—The store and cigar factory of O. O. Ziegler has been destroyed by fire, causing a loss of about \$10,000.

—At Lock Haven, Clinton Co., Architect Cole, of Bellefonte, Pa., has prepared plans for a handsome new school building to contain eight rooms; all modern improvements.

—At Coatesville, Chester Co., the power plant of the Philadelphia and Lancaster Electric Railway will be erected. The works will cover several acres of ground and cost over \$400,000.

—At Perkasia, Bucks Co., M. L. Cope will erect a dwelling.—Jacob Bissey has bought a lot and will erect a dwelling.—Perkasia Park Association will erect six cottages and a large lodging house.

—At Jenkintown, Montgomery Co., W. W. Frazier contemplates a number of improvements to his residence, and has awarded the contract to Hugh O'Neill for the erection of a stone wall and Gothic gateway to his property.

—At Norristown, Montgomery Co., Adam Scheidt, the brewer, has awarded the contract for extensive improvements to the property recently purchased of John S. McCalmont. These will consist chiefly of interior work.—Isaac Landis will erect eight handsome residences, four on Haws Avenue and four on Astor Street.

—Applications have been made to Governor Pattison for two charters under the title of "The Devon Water Company" and "The Strafford Water Company." The petitioners are George W. Childs, A. J. Drexel, Herman Wendell, Frank Smith and Walter B. Smith. The object is to construct a system of water works to supply the towns along the Pennsylvania Railroad.

—At Pittsburgh, John K. Ewing & Co. have sold a lot of ground to the borough of Bellevue, on which a building will be erected for the fire department and police station.—There will be several new dwellings erected on the property of the Birmingham Land Improvement Company this Spring.—Messrs. Moore and Kelly, agents, have sold a lot to J. H. Rugg on which he will erect three brick dwellings. The same firm has sold to a syndicate of Pittsburgh and Eastern capitalists land near Latrobe for \$150,000, on which they will erect a large manufacturing plant.—Snyder & White, 162 Fourth Avenue, have sold lots to Dr. J. A. Burgoon, S. J. Little and E. H. Pangburn, on which improvements will be made and dwellings erected.

Through New Jersey.

At Jersey City, a new school building will be erected.

At Hoboken, Hudson Co., a new public library building is contemplated.

At Hammonton, Atlantic Co., \$20,000 has been voted for a new school building.

At Atlantic Highlands, Monmouth Co., contract has been awarded for a water works to cost \$30,940.

At New Brunswick, Middlesex Co., the trustees of Rutgers College have approved the plans for the new military building.

At Egg Harbor City, Atlantic Co., the Board of Trade has \$10,000 subscribed toward the establishment of a ribbon factory.

At Princeton, Mercer Co., the First National Bank has been organized with a capital of \$50,000, and A. S. Leigh as president.

At Asbury Park, Monmouth Co., the School Board has recommended an appropriation of \$20,000 with which to erect a new school building in West Asbury Park, to cost \$15,000, and for improvements to the High School in Asbury Park.

A charter has been applied for for an electric railroad from Camden to Haddonfield. For information address Mayor R. T. Collings, of Collingswood, N. J.

At Flemington, Hunterdon Co., the Board of Commissioners is considering the advisability of establishing a system of sewerage. The matter will probably be submitted to a vote.

The Governor has signed a bill which allows the issue of improvement bonds by boroughs for the construction of water works, and also enables Jersey City to lay a second water main.

At Ocean Grove, Monmouth Co., the Arlington Hotel has been sold to Charles H. Miller, of Hatborough. The former owner was W. P. Dolbey. It will be remodeled and refurbished.

At Paterson, Passaic Co., Turn Hall has been destroyed by fire, causing a loss of \$75,000.—Joseph Heidelberger can give particulars as to the new hotel to be erected by the Colt Hill Building Company.

At Haddonfield, Camden Co., Mr. John W. Anderson, of Collingswood, has commenced the erection of a beautiful residence on Centre Street, to cost about \$4000, from plans prepared by John C. Hoops, architect.

At Long Branch, Monmouth Co., the St. Luke's congregation are preparing to erect a new church, to cost about \$30,000, to replace the structure which was destroyed by fire. The new edifice will be of brick, with stone trimmings.

The Elkwood Park Association's property, situate at Branchport, on the New York and Long Branch Railroad, will be improved. The grand stand will be 38 x 140 feet, and cost about \$25,000. George W. Brown is President of the Association.

At Bridgeton, Cumberland Co., work has begun on the foundations of the West Jersey Terminal. Work on the new station on Irving Avenue will begin in a short time.—The Mt. Zion African Methodist Church has been destroyed by fire.

Washington, D. C.

A handsome residence will be erected by ex-Governor Pinchback, from plans prepared by Nicholas T. Haller. It will be of brick and Hummelstown brown stone, with roof of tiles. The interior will be finished in hard wood, tiled vestibule and bath rooms, plate and stained glass windows, modern conveniences and improvements. A two-story brick stable will be erected in the rear. No contracts have been let.—The House of Representatives has passed bills authorizing the construction of bridges across the Tennessee River at Deposit, Alabama; also across the Mobile River, the Tallapoosa River and the Coosa River, in Alabama.—The building to be erected for the Washington "Post" will be from plans prepared by Appleton P. Clark, Jr., 605 F Street, N. W. It will be of Indiana lime stone, handsomely finished interior, vestibule faced with jasper and verde antique marble, elevators, steam heat, electric lights, slate roof, marble floor, cherry wainscoting, etc. Considerable iron work will be used.—The Second Baptist Church will erect a new structure, from plans prepared by J. C. Johnson. The estimated cost is \$25,000.—Glenn Brown, 339 F Street, N. W., has prepared plans for residence, to be erected at Winston, N. C., for Mr. Clement Manly; also plans for a building for business purposes, to be erected at the same place.—Four handsome dwellings will be erected on P Street, near Thirty-second, by Manogue & Curtin.

TRUSTS. TITLES. DEPOSITS

thousand.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
First Store below Market St.) PHILADELPHIA

Through Maryland.

At Middletown, Essex Co., the question of the construction of a water works will be submitted to a vote at the next election.

At Baltimore, Telfair W. Marriott, real estate broker, has sold a lot 168 by 145 feet, at the corner of Federal and Enson Streets, to J. H. and F. W. Trimble, upon which they will erect dwellings.—The most important permits issued to date are as follows: To Joseph Hampson, Jr., to erect eight three-story brick dwellings on North Avenue and eight two-story brick dwellings on Hampson Street; to C. Hampson, to erect four three-story brick dwellings on McCulloh Street; to J. Mullen, to erect seventeen two-story brick dwellings on Hoffman Street; to Henry Tragger, to erect fourteen two-story brick dwellings on Dunham Street; to C. S. Dulin, to erect a four-story brick building on Fayette Street; to G. M. Johnson, to erect two two-story frame cottages on North Avenue; to J. H. Cross, to erect ten two-story brick dwellings on Auler and Benson Streets; to C. Milske, to erect twelve two-story brick dwellings on Burke Street; to Henry Kluter, to erect four two-story brick dwellings on Lancaster Street.—The mayor has signed an ordinance to purchase a lot on which to erect a fire engine house. Also, to purchase a lot at the northwest corner of Franklin and Carey Streets, upon which to erect a hook and ladder house, to purchase a lot of ground on which to erect a school building for grammar school in Twenty-first ward and appropriating \$5000 for the lot and \$25,000 for the building.—The plant of Matthal, Ingram & Co., manufacturers of tin and japanned ware, has been destroyed by fire, causing a loss of about \$100,000.

Through Delaware.

At Wilmington, the building belonging to the James Bradford Company, paint dealers, was destroyed by fire last week at a loss of about \$35,000.

Wants.

TREASURY Department, Office Supervising Architect, Washington, D. C., March 30, 1893.—Sealed proposals will be received at this office until 2 o'clock P. M., on the 12th day of April, 1893, and opened immediately thereafter, for the alterations and improvements of the U. S. Marine Hospital buildings at Vineyard Haven, Mass., in accordance with the drawings and specification, copies of which may be had at this office or the office of the Custodian of Vineyard Haven. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids, or to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposals for alterations and improvements of the U. S. Marine Hospital Buildings at Vineyard Haven, Mass.," and addressed to W. J. Edbrooke, Supervising Architect. No. 29345

TREASURY Department, Office Supervising Architect, Washington, D. C., March 8, 1893.—Sealed proposals will be received at this office until 2 o'clock P. M., on the 26th day of March, 1893, and opened immediately thereafter, for all the labor and materials required for floor arches, concrete filling, etc., for the U. S. Post Office, Court House, etc., building at Troy, New York, in accordance with drawings and specification, copies of which may be had at this office or the office of the superintendent at Troy, New York. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All bids received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposals for floor arches, concrete filling, etc., for the U. S. Post Office, Court House, etc., building at Troy, New York," and addressed to W. J. Edbrooke, Supervising Architect. No. 29343

Howard Perkins, Superintendent of County Prison, Tenth and Reed Streets, Philadelphia, proposals until March 28, 1893, for electrical and other supplies.

The Holmesburg Water Company, proposals until March 27 for the laying 3000 feet of pipe. Wm. Sowerby, secretary, 8059 Frankford Avenue, Philadelphia.

Sealed proposals for the construction approximately of 50,000 feet of pipe sewers, varying from 8 to 24-inch in diameter, will be received by the Township Committee of the township of Montclair at the office of the township clerk, Montclair, N. J., until 5 P. M., March 27. Plans, profiles, specifications and descriptions of the work and instructions to bidders may be seen at the offices of James Owen, C. E., Montclair, or Carrol Ph. Bassett, C. E., Orange, N. J. The Township Committee reserves the right to reject any or all bids, if in their opinion it is deemed best for the interest of the township. Henry S. Yost, Township Clerk.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

C. F. HENSEL, STAINED GLASS

For Churches and Dwellings,

Nuts For Advertisers to Crack

\$500 will be paid by the Proprietor to any one proving that this journal does not reach yearly more buyers of Building Material, Machinery, etc., in Philadelphia, Pennsylvania, New Jersey, Maryland, Delaware and the District of Columbia, than any other paper, devoted to building, published in America.

JOHN N. GALLAGHER,
PUBLISHER AND PROPRIETOR.

OFFICE OF

Philadelphia Real Estate Record

AND

Builders' Guide,

No. 17 NORTH TENTH STREET,

ABOVE MARKET STREET.

Subscription, \$5.00 per year, always
in advance.

Philadelphia,

. 189 .

GENTLEMEN:

We want to contract with you for an advertisement in this journal on the following basis:

To wit: Independent of our subscription list, we will contract to send a copy of the paper containing your advertisement, weekly and continuously, to every architect in Pennsylvania, New Jersey, Delaware, Maryland and Washington, D. C. Most of the Philadelphia architects are subscribers, and as we report their work weekly we must send a copy when reported.

Also, a copy containing your advertisement to every builder or owner obtaining a building permit in Philadelphia and Camden, N. J., during the entire year.

Also, a copy containing your advertisement to every builder, owner, contractor and agent in Philadelphia, Pa., New Jersey, Maryland, Delaware and Washington, D. C., and, in fact, anywhere and everywhere whom we report in our columns as building or going to build. This means that we reach more builders and owners who will erect mills, factories, churches, warehouses, schools, country and city residences, court houses, contract work of all kinds, in our territory than any journal devoted to building published in the whole world.

To make this proposition sufficiently specific, we desire it understood that this is a part of our contract with advertisers. We have been doing this for years to the satisfaction and profit of our patrons. In fact, our method of distribution makes our advertising the most practical and profitable obtainable, for it needs no argument to prove that the man who must buy is the available customer, if you sell the wares he requires.

The success of this journal is based on honorable dealing. We do not cut our advertising rates. First, because we cannot afford to do so, and at the same time conscientiously carry out our contract with the advertisers to reach the greatest possible number of buyers. Second, we hold that the journal that will take your neighbor's advertisement (size and time being equal) for half the price at which yours was taken, merits neither your respect nor patronage, and must soon lose both.

We ask to be included in your advertising list of papers. We are sure that you will find ours the most profitable advertising you have ever done.

Yours Respectfully,

JOHN N. GALLAGHER,

Proprietor.

Wants.

Proposals for Marble Work.—Office of Building for Library of Congress, 145 East Capitol Street, Washington, D. C., March 16, 1893. Sealed proposals for furnishing, delivering, and putting in place complete, the polished white marble wainscoting and stairs required in the basement of the main stair hall and four basement corridor angles of the Building for the Library of Congress, in this city, will be received at this office until 2 o'clock P. M., on Thursday the 6th day of April, 1893, and opened immediately thereafter in presence of bidders. Specifications, general instructions and conditions and blank forms of proposal, may be obtained on application to this office. Bernard R. Green, Superintendent and Engineer.

Sealed proposals will be received by the Committee on Property at the office of the Board of Public Education, 713 Filbert Street, Philadelphia, until 2.30 o'clock P. M., Tuesday, March 28, 1893. For an addition to the White Hall School House, in the Twenty-third Section. For addition to the Boker and Glenwood School Houses, in the Twenty-eighth Section. For addition to the Robert Morris School House, in the Twenty-ninth Section. Heating Plant and Electrical Work at the New Girls' Normal School, and for the following repairs, viz: Second Section, New Heater, Stockdale School. Seventh Section, Fire escape Stairway and Coal Bins, Nineteenth and Addison School. Fifteenth Section, Alterations to Heating, Stevens School. Nineteenth Section, Alterations to Heating, Hunter School. Twentieth Section, Additional Radiators, Park Avenue School, New Heater, Webster School, New Heater, Todd School. Twenty-fourth Section, Drainage, Leidy School. Thirty-sixth Section, New Privies, Logan School. Said work to be done in accordance with the plans and specifications of the Architect and Supervisor of School Building, to be seen at the office of the Board between the hours of 2 and 4 P. M. All bids must be upon blanks and enclosed in envelopes for this purpose. No bid of \$5.00 or over will be considered unless accompanied by a certificate from the City Solicitor that the provisions of ordinance approved May 25, 1890, have been complied with. The committee reserve the right to reject any or all bids, and also to require security for the faithful performance of any work, as they may deem necessary. By order of the Committee on Property. H. W. Halliwell, Secretary.

Mills To Be Built.

At Mooresville, Iredeell Co., N. C., J. E. Sherill and others will erect a cotton mill, for which \$30,000 has already been subscribed.

At Statesville, Iredeell Co., N. C., D. A. Tompkins can give particulars as to a proposed stock company to erect a cotton mill.

THE LINCOLN APARTMENT HOUSE

Locust, below 13th Street.

The cut of the "Lincoln" Apartment House which appears in this issue will give our readers some idea of the nature and scope of the improvements made, and in progress on Locust street, under the wise and energetic management of The Real Estate Investment Company, 721 Walnut street. The proposed structure will be of yellow brick with brown stone trimmings, and will contain fifty-two bed rooms, twenty-five bath rooms, parlors, and a dining room 20 x 52 feet, all handsomely finished and provided with every known convenience. The foregoing is only one of the many changes that have transformed that neighborhood into one of the most desirable sections for dwelling purposes in the city. The work of the company which has covered the space of about three years has been marked by special care to furnish not only comfortable homes, but homes of artistic design and great architectural beauty. With the aid of Councils the good work was furthered by tearing up all the old cobble stones so dear to Philadelphia, and replacing them with smooth, clean, wholesome, attractive asphalt pavements, so that what was once an unsightly, dirty, disreputable section became, as if by a miracle, a most desirable district occupied by people of wealth and refinement. This vast undertaking has been accomplished through the courage and perseverance of one man, John J. Ridgway, President of The Real Estate Investment Company, who had made the matter a subject of study for many years, having recognized even then the splendid opportunity which the locality presented for improvements of a superior order. When the opportunity was offered, Mr. Ridgway was ready to take hold and to push the work in spite of many difficulties and discouragements to its present successful status.

There are scores of localities in Philadelphia, in the same condition as was this particular part of Locust street three years ago, and which are waiting for just such a man to put his shoulder to the wheel in order that they too may become desirable for resident purposes.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, MAR. 29, 1893.

At an auction sale recently held in London a piece of property on Threadneedle Street, next door to the Bank of England, was withdrawn after an offer of \$225 per square foot had been bid for it. It is interesting when this price offered for property in London is compared with the prices at which property was recently sold on Chestnut Street this city.

The southeast corner of Tenth and Chestnut Streets brought at auction last year \$148,000, or \$8705 per foot on Chestnut Street. While this is the highest ever paid for Philadelphia real estate, it is but a trifle per square foot when compared with the prices of business property in the city of London. The Tenth and Chestnut Streets property, 17 x 95 feet, contained just 1615 square feet, and the price it brought was a trifle over \$91.64 per square foot.

The properties 1007-9-11 Chestnut Street were sold at auction on the 21st instant for \$230,460. They measure 46 x 168 feet, or 7728 square feet, which is equal to a trifle more than \$29.82 per square foot.

Thus it will be seen that the very cream of Philadelphia real estate does not begin to approximate the price of similar property in the city of London.

Messrs. GUMMEY, SPERING & Co., the Philadelphia agents for the sale of the "Gibbertson's Old Method" Terne roofing plates, have opened the season in big form. The introduction to users as well as the maintenance of the former prestige among the experienced of this favorite brand is certainly in vigorous and capable hands, as no effort is spared in presenting the full value as well as the uniformly high character of these plates to all who believe that the roof of a house is only next in importance to the foundation on which it stands. In a circular letter possessing

the ring of peculiar earnestness, Messrs. GummeY, Sperring & Co. say:

"We desire to call the particular attention of the trade to the "Gibbertson's Old Method" Ternes. This is one of the oldest brands of Terne Plates, and are made by the old method and carry an extra amount of coating.

This well-known brand is of the highest excellence, and has been for years the leading brand of Roofing Plates in this country. They are heavily coated, and the material in same cannot be excelled.

The plates are now for sale by Messrs. GummeY, Sperring & Co., 1023 Market Street, and all orders can be promptly filled. We would be pleased to give any information desired in regard to same."

Architect Notes.

John D. Allen, architect, 1017 Chestnut Street, has made plans for a large printing house to be built for D. J. Gallagher on the lots 245-47 North Broad Street, and recently purchased from the Wisters. The front will be 40 x 120 feet deep and the structure three stories high, of brick, Indiana limestone and terra cotta trimmings, Romanesque in style and built with a view of future enlargement. All modern conveniences will be introduced. It is expected work will be contracted for and began at an early day.

A. W. Dilks, architect, 1001 Chestnut Street, has made plans for a pair of fine houses to be erected by J. V. Elisson on Baltimore Avenue, between Fortieth and Forty-first Streets, to be three stories high, of buff brick and stone trimmings, interior to have electric work and best modern conveniences. Also completed plans for an additional house to the present one of Geo. R. Fleming, of Harrisburg, Pa. This will be of brick, stone trimmings, three stories high and best conveniences, etc. Same architect has made plans for alterations and additions for the house of Thomas W. Sparks, at 4100 Walnut Street. These include exterior and interior work.

Thomas P. Lonsdale, architect, Manhattan Life Building, Fourth and Walnut Streets, is preparing plans for a society building for the Reformed Church, at Spring City, Utah. The building will be three stories high and will be constructed of stone and brick. On the first floor there will be a concert hall and a stage, and the third floor will be used as a gymnasium. The building will have a frontage of 45 feet and a depth of 75 feet. Mr. Lonsdale is also preparing plans for the new Temple College, which is to be erected on the lot adjoining Temple Church, at Broad and Berks Streets. While the plans are nearly completed, nothing definite could be had, as the committee has not yet approved them. A meeting of the committee, to take action on the plans, will probably be held during the latter part

of this week. The building will have a frontage of 80 feet and a depth of 144 feet. It will be three stories high with a basement. Mr. Lonsdale has just returned from the World's Fair grounds, at Chicago, Ill., after inspection of the completed building for Pennsylvania, it being now ready to be turned over to the State Commission.

P. A. Welsh, architect, 429 Walnut Street, has completed plans for a fine residence for J. S. Rambo, of Norristown, Pa. The building will be of brick, with brown stone trimmings, three stories high, and interior to be in hard wood in first and second stories. All chambers with permanent wardrobes and other fixtures; also steam heat, electric work and best modern conveniences. The location of the lot is on DeKalb Street. Also drawings for a three-story dwelling for William T. McGrath, Esq., also located on DeKalb Street, same place. To be of brick, with stone trimmings. Interior to have steam heat, electric work, best of sanitary plumbing and modern improvements. Also drawings in full for a three-story dwelling for Crosby M. Black, lumber merchant, at Chester, Pa. To be three stories high, of stone and slate roof. The entire interior in hard wood, steam heat, electric wiring and every modern appliance for comfort. The design for this house is quite unique and original. Mr. Welsh has also plans for a fine dwelling, to be erected at Thirty-sixth and Spring Garden Streets, for Mr. McManus. To be three stories high and built of stone and slate roof. Interior to be in hard woods, steam heat, electric work and every convenience for general comfort, as it is designed to make this one of the finest homes in that locality. The same architect is engaged in preparation of plans for alteration and extension of the House of the Good Shepherd in West Philadelphia. Also plans for a house for Mr. Rosenstein, of Lancaster, Pa. To be three stories high, of stone and brick construction and slate roof. The elevations present a very fine appearance on exterior, and the interior will be specially fitted in hard wood, steam heat, electric work and best conveniences. Also plans for two other houses to be erected in the same place, not yet fully developed. The above work is now ready for estimate at the office of the architect, as noted above. Mr. Welsh is also desirous of receiving estimates upon the decorative work on interior of the Wetherill mansion, at Chester, Pa., which will include the fresco work, stained glass work and interior finish, etc. It will be remembered this house has been in course of construction for some time under Mr. Welsh's supervision. The same architect has on boards plans for a pair of houses, to be erected between Thirty-sixth and Thirty-seventh Streets on Spring Garden, in this city. Mr. Welsh completed plans about one year ago for St. Peter's R. C. Church at Reading, Pa., and these are to be placed for estimate in a few days, as it is desirous to start work during early Spring, which he will supervise to completion.

E. F. Durang, architect, Southwest corner of Twelfth and Chestnut Streets, has completed all the plans in detail for the parochial house for the parish of Our Lady of Mercy, Broad and Susquehanna Avenue, to be three stories high, stone front, quite ornamental and fitted with every modern convenience, including electric work, best sanitary plumbing, etc. The plans and specifications can be seen at the architect's office up to April 15, 1893. Also plans have been prepared for a handsome convent building to be connected with the R. C. Church of St. Charles Borromeo at Twenty-first and Christian Streets. The structure will be three stories high, face on Webster Street, and be of Wyalusing stone and brick construction, Italian tile roof, interior in hard woods, steam heat, electric work, and all modern conveniences. Also plans for a new pastoral residence for Rev. Father Kaul of St. Anthony's R. C. Church at Lancaster, Pa., to be 40 x 60 feet, three stories high, and to be connected with the church by a bridge. Also a handsome large school building for the same church, and a class and hall building, all to be of brick, stone trimmings, interior in hard woods, steam heat, electric work, and best modern conveniences, etc.

Building and Real Estate Notes.

M. L. Heist & Son, have begun the construction of seven handsome houses at Park and Allegheny Avenues.

The will of James Simpson, probated a short time since, leaves St. John's Episcopal Church, at Lower Merion, \$2500.

George J. Miller, brewer, contemplates the erection of a handsome house, at Penn and Hancock Streets, during the coming Spring months.

Geo. A. Bilyeu, builder, will erect nineteen fine houses on east side of Sixteenth Street, south of Clearfield, to be of best material and modern conveniences.

John M. Sharp has awarded the contract for the lumber and mill work for the hotel at Twelfth and Arch Streets to Guest, Grater & Co., of Norristown, Pa.

Director Beitler is now urging the necessity of the City erecting a Crematory for the burning of garbage and dead animals; he estimates the cost of construction at about \$25,000.

Philip Haibach, contractor, Twenty-sixth and Thompson Streets, will at once erect a new four-story brick brewery 40 x 45 feet for D. Vollmer, on the west side of Randolph, south of Jefferson Streets.

C. C. Moore & Co. will at once erect thirty-four two-story houses on the north side of Orleans Street, east of Amber. All to be of press brick, brown stone trimmings and best modern improvements on interior.

D. C. Schuler, builder, is about to start the building of nine dwellings on west side of Sixth Street south of Diamond, with ornamental brown stone fronts and best of improvements, and hard wood work on interior.

Weeks & Michaelson, builders, are to build eight houses, including a store building, on York Street, west of Thirtieth. These are to be two and three stories high and of press brick, stone trimmings and best modern conveniences.

William R. Brown, builder, of Tioga, has started work on an operation of 105 houses which he proposes to erect at Sixteenth and Westmoreland streets. They are all to be elevated and set back from the sidewalk and are to have porches.

Work upon the superstructure of the P. R. R. branch of the Y. M. C. A. will now be proceeded with under the contract awarded to A. S. Gourley, Jr., 2138 Susquehanna Avenue. Thomas P. Lonsdale, architect, Manhattan Life Building, drew the plans and will supervise the work.

It is likely the new apartment house, to be known as the "Loraline," and to be erected after plans by Willis G. Hale, architect, who heads the syndicate, will be started at an early day, as the stock has been largely taken. A full description of this work has been given in this journal.

James O'Neill has contracted to build the new residence for W. W. Harrison at Glenside, on the site of the one recently destroyed by fire. Work will commence at once. The plans for the above were prepared by Horace Trumbauer, architect, 310 Chestnut Street, and the work of construction will be under his supervision.

J. T. Jackson & Co., 711 Walnut Street, has sold the Massey brewery property at Tenth and Filbert Streets, for \$325,000; also the property belonging to the Clayton French estate at Tenth and Market Streets for \$300,000. It is said the same person bought both properties, and that extensive improvements will be made.

A delegation from the School Board of the Thirty-third section consulted with members of the Board of Education, on the 22d inst., on the selection of one or more sites for new school houses in the Thirty-third Ward, for the erection of which the ward has an apportionment of \$40,000 out of this year's appropriation.

A tract of eight and a quarter acres of land at Glenside has been sold by W. H. Thomas to the "Glenside Colored Cemetery Company," whose capital stock consists of 1500 shares at \$10 each. The directors are Joseph W. Hunter, James Satterthwaite, John Hallowell, W. H. Thomas, Charles Thomas, E. Frank Hoffman, Joseph Paxson.

In a few days Scott & Roberts will begin operations on the east and west side of Arlington Street, south of Ringgold for the erection of thirty-one 2-story, stone and brick dwellings. Each building will have a frontage of sixteen feet and a depth of forty-two feet. The interiors will be finished in the latest style and have all the modern improvements.

George Kessler, Jr., the builder is ready to erect 80 dwellings on Coral, Arcadia and Viel Streets. 33 will be two stories high, 15.5 x 28 feet, and 12 three stories high, same dimensions, on the east side of Arcadia Street, south of Viel; 6 three-story and 19 two-story, 15.4 x 28 feet, west side of Coral Street, south of Viel, and 10 two-story, 15 x 28 feet, north side of Viel Street, east of Frankford Avenue.

Charles McCaul, contractor, 20 North Eleventh Street, has the contract to erect for Brown & Bentley, at Franklin and Willow Streets, a box factory. To be L-shaped, 45 x 120 feet, and 17 x 78 feet, five stories high, and contain all improvements, freight elevators, speaking tubes, electric work, steam power and heat, plumbing, etc. With some modifications of the plans it is likely the work will be started at an early day.

D. S. McClure, owner and builder, 827 Reed Street, will at once begin the erection on Fifth Street, west side, south of Morris, of 7 two-story brick dwellings, 16 x 28 feet, with back buildings, 12 x 14 feet; Watkins Street, south side, west of Fifth, 4 two-story brick dwellings, 16 x 26 feet, with back buildings, 12 x 12 feet; Watkins Street, north side, west of Fifth, two-story brick dwelling, 14½ x 26 feet, with back building, 11 x 12

feet; Morris Street, south side, west of Fifth, two-story brick dwelling, 16 x 28 feet, with back building, 12 x 14 feet.

A permit has been taken out for the erection of a fine residence for Mr. Edwin Wrigley, on Apsley Street, Germantown, a description of which was given in a previous issue of this journal. In the excavating for the cellar a large quantity of sand stone was taken out. It is said to be of a very rare and fine quality for this part of Pennsylvania. A piece will be exhibited at the World's Fair by sub-Contractor Thomas Dearlove. Mr. Fred Fox is the architect, and reports plenty of work on hand.

Mr. William E. Garrett, Jr., on the 22d inst., completed the amount of \$200,000 necessary to the purchase of the Deaf and Dumb Institute, at Broad and Pine Streets, by a donation of \$5000, but the option having expired, the owners are not bound by this, and it is probable that an advance will be made in the price, which will also be met, as it is understood that the Board of the Industrial Art School, who propose to purchase now, see the way clear to become owners of the property. It is likely the money can be borrowed at interest.

William Trautwine has sold to William McCarter thirty-seven lots, each about 16 x 78 feet, on both sides of Eaglesfield Street, between Forty-first and Forty-second Streets, for \$27,000. Mr. McCarter, who has been an extensive builder in the southwestern section of the city, will immediately improve the lots by the erection of three-story dwellings of modern type, with front gardens and porches. Another deal closed by Mr. Trautwine for Mr. Wilcox was the sale, for \$10,000, of the triangular lot at the junction of Girard and Leidy Avenues, on which the Grace Episcopal Mission Church, of which mention has been heretofore made, will be begun at once. The church will be a gothic structure, of stone, and an ornament to the locality, and has been noted in full previously. Mr. Trautwine has also sold to Reuben D. Sitteler, for \$12,200, fifteen lots, 16 x 100 feet, on the northeast side of Mantua Avenue, extending southeastward from Forty-second Street. Mr. Sitteler is at once to build a row of attractive houses, three stories in height, with front porches and gardens.

The Master Builders' Exchange has just had printed for distribution a form of contract governing building, which not only meets with its approval but has been adopted and recommended by the American Institute of Architects and the National Association of Builders. The central idea in preparing this agreement is to promote uniformity in the methods of procedure, not only in this city, but among builders throughout the country. The form of agreement is as between the contractor on the one part and the owner on the other. Under it the contractor agrees to do the work mentioned in the specifications to the satisfaction of the architects, acting as agents of the owner, and to treat the plans to be furnished by the architects as the latter's property. No alterations in the work are to be made except upon a written order by the architect, when the value of such work shall be added to or deducted from the contract price. In case of a disagreement as to valuation the dispute goes to arbitrators. The contractors must afford the architect facilities for inspecting the work and must remove and replace improper material when so notified. He is to receive allowance of time in the completion of the work for delay caused by no fault of his, such as an act of God, or the owners' or architect's interference, though he must make his

claim in writing within 24 hours of the occurrence of delay. In the event of a dispute on this point the matter goes to arbitration, as do several other minor points upon which might be a disagreement. The amount of contract is, of course, left blank, as also is the space for the conditions of payment and the time after fulfillment when the final payment is to be made. The agreement further provides that partial payments are not to relieve contractors of responsibility for defective work, and also makes the contractor liable to the owner for any default in the matter of liens before and after the final payment. During the progress of the work, however, the owner is made to maintain insurance in his own name, as well as that of the contractor.

Through Pennsylvania.

✚ When any of the following are not post office towns they will be so designated.

—At New Hope, Bucks Co. The Odd Fellows talk of erecting a new hall.

—At Easton, Northampton Co., a new high school building will be erected.

—At Bloomsburg, Columbia Co. The Furniture Works will erect a storehouse.

—At Conneville, Fayette Co., Council will ask for \$50,000 for street improvements.

—At Langhorne, Bucks Co., Charles Hill will erect a stone dwelling on Bellevue Avenue.

—At York, York Co., work on the foundations of the new post office building is progressing.

—At Pottstown, Montgomery Co. Jacob G. Reigner, contractor, will erect nine new dwellings.

—At McKeesport, Allegheny Co., the two Baptist congregations will erect a handsome edifice.

—At Bethlehem, Northampton Co., the Lehigh University's new laboratory will cost about \$200,000.

—At Stroudsburg, Monroe Co., E. J. Rhodes has purchased a lot, upon which he will erect a dwelling.

—At Exeter, Luzerne Co. Messrs. Kietz & Close, distillers, will erect an addition to their warehouse.

—At Warren, Warren Co., Hon. C. W. Stone and Henry Cobham will erect dwellings on Tinner Hill.

—At Lock Haven, Clinton Co., a new business block will be erected at the corner of Main and Mill Streets.

—At Coatesville, Chester Co., a vote has been cast in favor of constructing a water supply, to cost about \$35,000.

—At Reading, Berks Co. The Ladies Auxiliary of the Y. M. C. A., is raising money for furnishing the new building.

—At Scranton, Lackawanna Co., the Elm Park Methodist Church is being pushed to completion, and will soon be ready to furnish.

—At Newton, near Turtle Creek, Allegheny Co., the School Board of Patton Township will erect a school house to cost about \$25,000.

—At Doylestown, Bucks Co., Frank L. Worthington has bought a lot and will erect a store building. The lot is at Clinton and Ashland Streets.

—At Raven Run, Schuylkill Co., Herbert S. Thompson, chief engineer and general manager of the Girard estate, has awarded contract to Lewis Grant and M. P. Quinn for the construction of a large dam, at a cost of \$75,000.

—At Quakertown, Bucks Co., the School Board has decided to erect a school house.—A water company is projected.—George White will erect a dwelling.

—At Carlisle, Cumberland Co., the Central Methodist Conference has recommended the erection of a building at Dickinson College for music and art. The cost will be about \$20,000.

—At Williamsport, Lycoming Co., W. H. Waltz, has been awarded contract for the erection of the new city hall building for \$57,067. Messrs. Culver & Hudson are the architects.

—At Morrisville, Bucks Co., Wildman's carriage works has been destroyed by fire.—Work on the new water works will begin in a short time.—A new passenger station will be erected by the Pennsylvania Railroad.

—At West Chester, Chester Co., a handsome four-story building will be erected by H. B. Buckwalter on High Street. It will be of Pompeian brick and red sand stone. Williams and Burns are the builders. Work will begin about April 1st.

—At Allegheny, Black & Baird, Pittsburgh, have sold the property 84 Ohio Street, to George E. Meyer, who will erect a fine business house on the site. The price paid for the lot was \$20,000.

—Robert Du Puy will erect two or three hundred dwellings the present year.

—At Chester, Delaware Co., Mr. W. C. Sproul will erect a handsome dwelling.—The lot at Broad and Crosby Streets has been recommended as a site for the proposed new school building. The cost of the lot is \$25,000. Dr. D. W. Jefferis is on the committee.—The Providence Avenue A. M. E. Church congregation will improve the church interior; also purchase an organ.

—At Pittsburgh, the Lincoln National Bank has been authorized to commence business with a capital of \$200,000.—H. P. Slaterbeck will erect a dwelling to cost \$6000.—Peter Schwan will erect a dwelling to cost about \$5000.—A building will be erected by Chaddock & Owens, 429 Liberty Street, to cost about \$13,000.—John Wadsworth will erect a dwelling at 5019 Penn Avenue to cost about \$5000. William Reit is the builder.—Charles B. McLean, president of the Masonic Bank, has bought 525 and 527 Smithfield Street from the Methodist Book Depository for \$100,000; also 533 Smithfield Street for \$60,000.—J. A. Aaron has bought a lot on Denniston Avenue and will erect a dwelling to cost \$10,000.

—Mooney Bros. have purchased 325 feet of ground on Dahlia Street, and will improve it by build ings.—John G. McConnell has sold the rear part of his Winebiddle Avenue lot, upon which four dwellings will be erected to cost \$20,000.—Wright Bros. will erect eight or ten dwellings to cost about \$3000 on lots bought of Mrs. Eliza Woolslager.—Charles Bickel, Fifth Avenue, has prepared the plans for the new building for the Methodist Book Concern. It will cost \$75,000.

—Mr. Geo. H. Bennett will erect a dwelling on Fifth Avenue to cost \$35,000.

Through New Jersey.

At East Orange, Essex Co., F. W. Langstroth, will erect a two and one-half story dwelling to cost about \$4000.

It is reported that the New Jersey Central Railroad shops will be removed to either Eatontown or Red Bank.

At Long Branch, Monmouth Co., The Elkwood Park Association has awarded the erection of the grand stand to R. H. Hughes for \$9840.

A company has been organized with a capital of \$50,000, to construct a new town on the Camden and Atlantic Railroad, to be known as West Haddonfield.

At Merchantville, Camden Co., work will be commenced at once on improving the interior of the First Church. Also the erection of an addition for Sunday school purposes.

At Seabright, Monmouth Co., Thomas J. Sweeney will erect a dwelling to cost about \$3000. Sewing, Jeffrey & Co. are the builders. The same builders will erect a cottage for Mrs. M. B. W. Smith.

At Atlantic City a resolution was adopted at the last meeting of Council to appoint a committee to confer with the Camden and Atlantic Railroad in regard to paving Atlantic Avenue with some solid and substantial material.

At Camden, The vestry of the Church of our Saviour, Protestant Episcopal, have accepted the plans of Architects Moses & King, for the new Sunday school and parish building which will add to the present church. The Ladies Auxiliary has voted to raise \$10,000, to furnish the new Y. M. C. A. building.

At Newark, a big trolley syndicate has been organized to construct lines to reach from Morristown, twenty-seven miles west of Newark, to Jersey City ferries, and from far north in Union Co. to far north in Passaic Co. Twenty-five routes have been prepared, seventeen of which will be in Newark and Essex Co.

A company has been formed to be known as the West Haddonfield Land Co., with a capital of \$50,000, for the purpose of laying out streets and making a number of improvements on a tract of land known as the Redman farm, and which contains about 110 acres. The incorporators are G. Frank Davis, R. T. Collings, Samuel Dobbs, H. R. Tatem and Charles R. Stevenson. The site is on the Camden and Atlantic Railroad.

Through Maryland.

At Adamstown, Frederick Co., the congregation of the Reformed German Lutheran Society will erect a church, to cost about \$6000, from plans prepared by W. J. Palmer, of Washington, D. C.

At Baltimore, the most important permits issued to date are as follows: To C. C. Schriener, to erect six two-story brick dwellings; to D. S. Collett, to erect eight two-story brick dwellings; to S. D. Hutt, to erect nine two-story brick dwellings; to A. K. Wood, to erect a three-story brick dwelling; to J. M. Cone, to erect six three-story brick dwellings; to the Eutaw Building Co., to erect five two-story brick dwellings; to John Ropp, to erect a three-story brick dwelling; to T. P. O'Donnell, to erect a three-story brick dwelling; to J. M. Blackley, to erect a three-story brick dwelling.—The Mayor has signed an ordinance for the erection of a building to be used as a fire engine house at the corner of Hubert Street and Fort Avenue, and appropriating \$10,000 for the same.

Through Delaware.

At New Castle, New Castle Co., the New Castle and Wilmington Electric Railway Co. has been formed and the bill passed giving the privilege of constructing the road. The bridges must all be overhead.

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,
First Store below Market St.) PHILADELPHIA

Washington, D. C.

Robert Head, 610 F Street, N. W., has prepared plans for fourteen three-story dwellings to be erected for William Lawson. They will be of press brick, Hummelstown brown stone, Indiana lime stone and green stone, Spanish tile roofs, hard wood interior finish, encaustic tile floors, sanitary plumbing. No contracts let.—Plans have been prepared by B. Stanley Simmons for a handsome residence, to be erected at Ballston, Va., for James Clements. The same architect has prepared sketches for a court house and post office, to be erected at Ballston, Va., at a cost of \$30,000.—Mrs. C. Caldwell will erect a dwelling on I Street, between Sixth and Seventh, of press brick, Ohio stone trimming, handsome interior finish and an I. A. Sheppard & Co. "Fidelity Range."—A. J. Remmes will erect two handsome dwellings on Q Street, to cost about \$10,000.—W. P. Cissell will erect a block of eleven dwellings, to cost about \$15,000, from plans prepared by N. T. Haller, 614 Eleventh Street, N. W.—T. Frank Schneider has prepared plans for improvements to 1325 Sixteenth Street, N. W., which will cost about \$10,000.—E. Woltz, 505 Seventh Street, N. W., has prepared plans for eight three-story dwellings, to cost about \$30,000. The same architect has prepared plans for three dwellings, to be erected for Dr. Mann, at Maryland Avenue, F, Twelfth and Thirteenth Streets. No contracts made.—W. A. Easterday will erect a brick stable, to cost about \$2,000.—Earnest Flag has been chosen as the architect for the new Corcoran Gallery of Art, to be erected in the Spring. The style of architecture will probably be Grecian and the material marble.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

C. F. HENSEL, STAINED GLASS

For Churches and Dwellings,
28 North Fifth Street, Philadelphia.
Designs and Estimates Furnished on application.

WILLIAM REITH STAINED GLASS

M., on the 20th day of April, 1893, and opened immediately thereafter, for all the labor and materials required for the erection and completion, including approaches, of the U. S. Post Office, Court House and Custom House building at Reidsville, N. C., in accordance with drawings and specification, copies of which may be had on application at this office or the office of the Superintendent at Reidsville, North Carolina. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids or to waive any defect or informality in any bid, should it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidder. Proposals must be enclosed in envelopes, sealed and marked "Proposal for the erection and completion, including approaches, of the U. S. Post Office, etc., building at Reidsville, N. C.," and addressed to W. J. Edbrooke, Supervising Architect. No. 2957.

TREASURY Department, Office Supervising Architect, Washington, D. C., March 20, 1893. Sealed proposals will be received at this office until 2 o'clock P. M., on the 19th day of April, 1893, and opened immediately thereafter, for the alterations and improvements of the U. S. Marine Hospital buildings at Vineyard Haven, Mass., in accordance with the drawings and specification, copies of which may be had at this office or the office of the Custodian of Vineyard Haven. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids or to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposals for alterations and improvements of the U. S. Marine Hospital Buildings at Vineyard Haven, Mass.," and addressed to W. J. Edbrooke, Supervising Architect. No. 2956.

Proposals are wanted until April 14 for work in connection with the erection of the new county prison at Holmesburg, Philadelphia, Pa., to include steam heating, etc. Address Edmund Smith, President, as above.

Trenton, N. J.—Proposals are wanted until April 6 for the construction of sewers in several streets of this city. Address George E. Fell, Clerk Board of Public Works, as above.

Russell Thayer, Chief Engineer and Superintendent Fairmount Park, office, City Hall, Philadelphia, proposals until April 6, 1893, for construction of river wall, river drive, cutting grass, dredging river, etc. in Fairmount Park.

Office of the Commissioners, D. C., Washington, D. C., March 15, 1893.—Sealed proposals will be received at this office until 12 o'clock M., on April 12, 1893, for laying sheet asphalt, asphalt block, granite block and vitrified brick pavements. Also until April 20, for furnishing 2,250,000, more or less, vitrified paving bricks, to be used on various streets, avenues and alleys in the city of Washington. Blank forms of proposals and specifications, together with all necessary information, may be obtained at this office. J. V. Ross, M. M. Parker, W. T. Russell, Commissioners, D. C.

LOGICAL

If you are interested in Building Houses or Furnishing House Materials, Plastering, Plumbing, Lumber, or in any other shape connected in a business way with Real Estate interests you should know that there's a vast difference in prices.

You are not likely to buy anything out of second hands that can be had of first hands.

Then you should know that we are the largest manufacturers of Clothing in the world. That's all on that score.

We have also added the sale of Furnishing Goods, Hats and Shoes to our Market and Twelfth Street business.

N. Snellenburg & Co.,

Market and Twelfth Streets.

Fifth, South and Passyunk Avenue,

Down Town Store, Open Every Evening Until 9 O'clock.

Mordecai Lewis, City Clerk, of Chester, Pa., proposals until April 1, 1893, for first quality hard brick, by 100 or 1000; stone by the perch, broken, unbroken and rubble; lime by the bushel, sharp river sand by the ton, Rosedale cement by the barrel, gravel by the load, hemlock lumber, shovels, picks, nails, brooms, spikes, pick and hammer handles and other hardware. Also until same date crossing stone 20 inches wide, not less than 6 feet long and 6 inches thick. Also for curbing and paving of the city sidewalks and electric lighting.

Office of the Board of Health, City Hall, Philadelphia, March 21st, 1893. Proposals will be received at this office until 12 o'clock (noon) of April 4th, 1893, for constructing in the city a one-story Pavilion Hospital Building, in accordance with plans and specifications on file at this office, Room 610, City Hall. Bids involving \$500 or over must be accompanied by a certificate from the Law Department that a bond has been filed as required by the ordinance of May 25th, 1860. William P. Troth, Chief Clerk.

Department of Public Works, Bureau of Highways, office, City Hall, Philadelphia, March 21, 1893. Sealed proposals, indorsed "Bids for the (the items bid for)," and addressed to the undersigned at the office above mentioned, will be received until 12 o'clock noon on Tuesday, April 4, 1893, for Schedule A, for repaving paved streets. Schedule B, for grading streets. Schedule C, for surfacing streets. Schedule D, for resurfacing streets. Schedule E, for furnishing and delivering bar sand and bricks. Schedule F, for general repairs to bridges. Schedule G, for repaving south side of Walnut Street, from Thirty-fourth to Thirty-sixth

Street. Schedule H, for the removal of houses. Holders must be skilled in the special work bid for. Schedules can be had on application to the Chief of the Bureau of Highways. Proposals must be made upon the printed forms. No bid will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1860 (p. 81 West), have been complied with. The Director reserves to himself the right to reject any or all bids, as he may deem best for the interests of the city. Jas. H. Windrim, Director.

Department of Public Works. Bureau of Water. Office 1321 Filbert Street. Philadelphia, March 23, 1893. Sealed, proposals, indorsed "Bids for Pumping Engines," and addressed to the undersigned, at the office above mentioned, will be received until 12 o'clock, noon on Tuesday, April 25th, 1893, for pumping engines of the compound or triple expansion type, with a total capacity of not less than sixty millions (60,000,000) of gallons in twenty-four hours. For the requisite schedules, specifications, general instructions, blank forms of proposals, and all information apply to the Chief of Bureau of Water. No bids will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1860 (p. 81 West), have been complied with. The Director reserves to himself the right to accept or reject any or all bids, as he may deem best for the interests of the city. James H. Windrim, Director.

Jacob F. B. Bickel, of Pottstown, Pa., lot at that place.

George Boebel, of Pottstown, Pa., lot at that place.

L. M. and C. A. Smith, of Pottstown, Pa., lot at that place.

Philip J. Stengler, of Abington, Pa., lot at that place.

J. Harry Richardson, of Marcus Hook, Pa., lot at that place.

Owen Canallon, of Philadelphia, lot at that place.

David Gibson, of Chester, Pa., lot at that place.

G. Herbert Brinton, of Westtown, Pa., lot at Elwynside, Pa.

Miscellaneous.

At Troy, N. Y., a dormitory will be erected from funds given for the purpose by Russell Sage, of New York City. The cost will be \$100,000.

At Springfield, Green Co., Mo., the new trotting association recently formed will construct a first-class regulation track which will cost about \$40,000.

At Detroit, Mich., the Detroit Driving Club has decided to increase its capital to \$250,000, construct a new track and erect a club house and other buildings.

At Steubenville, Ohio, at a recent meeting of Council it was decided to buy property at Alakana, on the outskirts of the city, as a site for new water works. A reservoir will be constructed. The estimated cost of the improvement is about \$75,000. The mayor or John M. Cook, Esq., can give information.

--------------------------------------	------

The Municipal Building Commission of New York City met on the 30th inst., and formally adopted the plans for the new City Hall. The new building is to be a marble structure, five stories in height with a basement and attic. The main building of the new City Hall will extend within fifty feet of Broadway on the west and Park row on the east, and two wings will reach back to Chamber's Street, within fifty feet of the County Court House east and west. The front elevation will be in line with the present City Hall, and there will be entrances on the Broadway and Centre Street sides. The facade facing the Post Office building will be 438 feet long; that on Broadway 402 feet, and that on Centre Street 143 feet. The estimated cost of the building is \$1,400,000. Architects are to be invited to send in designs for the new building in accordance with the plans thus adopted until September 1, to the office of the Comptroller. The successful architect of the building will receive a remuneration at the rate of 5 per cent. on the first million dollars expended; 4 per cent. on the second million, and 3 per cent. on the remainder.

JOHN N. GALLAGHER, Proprietor.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, APRIL 5, 1893.

The "Item," usually correct in most things, made a serious mistake when it said in a recent issue that

"The foolhardiness of the fad of using black mortar in a house front is pointedly shown in the building of the Union Republican Club, at Eleventh and Chestnut Streets. The black mortar has stained and soiled the face of the bricks, requiring the Club to go to the expense of cleaning the twin fronts."

This raid against colored mortar is sheer nonsense; in fact, the use of it should be earnestly commended, as it adds to the beauty of brick work without in the least impairing the quality of the mortar.

If the "Item" will recommend to its readers the Peerless mortar colors manufactured by the originators of mortar colors in this country, Messrs. Samuel H. French & Co., corner York Avenue and Callowhill Street, Philadelphia, it will have no future cause to condemn the use of colored mortar in cases where the products of this firm are used at least.

NOTE.—Since the above was placed in type we have received the report of a well known expert of this city who, at our request, has investigated the premises, and sends us the following:

"I have visited the property at the northeast corner of Eleventh and Chestnut Streets and find that the difficulty is not with the mortar; but that the mortar joint was struck back from the edge of the brick, allowing the accumulation of dust, which has from time to time run out over the surface of the bricks and thus defaced them.

"You will find it most apparent at the ends of the window sills, where a greater amount of dust accumulated. The surface of the joints do not seem to be affected in any way."

THE bricks to be used in the Pennsylvania Railroad Company's Broad Street Station will number over 4,000,000 reds besides a large number of ornamental brick. The Jarden Brick Company, of this city, has the contract, and is now making the ornamental and delivering the red hand-made brick. This company has also secured the contract for the brick to be used in the new store buildings 1708-10-12 Market Street. These are to be Pompeian and ornamental, and will be made by the new machinery recently added to the company's extensive works.

American Fruit Pictures

A very important sale of fine paintings is to take place in Davis & Harvey's galleries, 1212 Chestnut Street, on Thursday and Friday next. A strong feature of the collection is the display of fruit subjects, painted by the world famed fruit painter, Mr. Wm. R. Brown, of Brooklyn, N. Y. In fact, it is doubtful if so many pictures representing Mr. Brown's best efforts were ever before offered at a single auction sale. Many of these paintings are gems of the highest character, and certainly establish an extremely high standard for American art. The paintings are now on exhibition.

Architect Notes.

Elmer E. Miller, architect, Penn Building, Pittsburgh, Pa., has made plans for a large twenty-four roomed school building, to be erected at Sewickley, Pa. The structure will also contain an auditorium in the third story, to seat 1000 persons. To be of brick and stone construction, and cost about \$70,000.

Harold Godwin, architect, 905 Walnut Street, Philadelphia, has made plans for a handsome store building to be erected for Charles Garrison, at Millville, N. J. The structure will be of buff brick manufactured by the Eastern Hydraulic Press Brick Company, at Winslow Junction, N. J. Philadelphia office, Builders' Exchange. Stone will be used for trimming. All modern conveniences.

J. Franklin Stuckert, architect, 49 North Thirtieth Street, Philadelphia, has made complete plans for a new edifice for the Chester Avenue Baptist Church at Forty-sixth and Chester Avenue, the structure to be one-story high, slate roof, 40 ft x 71 ft. and handsomely fitted on interior with all modern comforts and improvements. Also complete plans for the new synagogue of the Hebrew congregation of Rodple Zadek Anshe Sagga, to be erected on the south side of Christian Street, covering Nos. 620-22-24-26. Structure will be one-story high, of brick, with stone trimmings, interior to have steam heat and good modern conveniences, pews and general church furniture. Estimates are being made for work.

William H. MacCollin, architect, 913 Walnut Street, has just completed plans in detail for the erection of four very fine residences for the firm of N. Snellenburg & Co., the well-known merchant clothiers of this city, and to be erected upon a site on Broad Street, between Susquehanna Avenue and Diamond Street, purchased several months ago, and of which note was made in a previous issue of this journal. The structures will all be four stories high, roofs to be of Spanish glazed tile. The two centre houses will be of brownstone, while those at either end will be of English redstone. The first floors will contain handsome loggia entrances, with a hall in rear, and elegant staircases extending to upper floors, lighted from skylight in roof; also, parlor, breakfast rooms, kitchens fitted with all the latest improvements; decorations of the parlors will be in ivory and gold colors, and the stairs in mahogany. The second and third floors will be in hard woods of various kinds and elegantly furnished with special bath-rooms, with shower and needle baths, tile work and hard wood finish also in these rooms; the chambers and other rooms will receive special care in the way of fresco and other decorations. The remaining floor will be in white pine finish and will contain handsome chambers, servants' quarters, store-room, etc. All will be furnished with electric work, hot water heat and finest system of ventilation. The wing houses will be somewhat relieved by trimmings of light colored brick. It is expected the contracts will be let in a few days and work proceed at once.

Building and Real Estate Notes.

Edward J. Roberts has been awarded contract for a one-story brick church 24 x 38 feet, to be erected on Waterloo Street below Westmoreland Street.

Miss Cayne has purchased a building lot located on Ontario Avenue, Tiega, for \$3500 from J. Leeds and will erect a handsome three-story residence for herself.

James H. Stevenson & Son, the builders, contemplate erecting about 140 dwellings at Thirty-second and Diamond streets, where they already have built a large number of houses; these have been noted previously.

William Weightman has purchased the property 1836 Walnut Street of John Wanamaker, for \$105,000, as a matter of investment purely, and upon the same day John Dobson bought No. 1009 Market Street with the same purpose in view.

The firm of Weikel & Smith, spice merchants, Front Street below Callowhill, will at once take measures to rebuild the plant destroyed by fire last week. It will be constructed upon the former lines and interior will contain the most approved machinery; steam power and heat, electric work, elevator lifts, best modern improvements, etc.

Wm. J. Phillips, carpenter and builder, 4907 Main Street, Germantown, has secured the contract for re-building stone stable and carriage houses, recently destroyed by fire, for Mrs. Mary K. White, Thorp's Lane, Germantown.

W. C. McPherson & Sons will build a four-story warehouse building at 312 Cherry Street. The building will have a frontage of 23 feet and a depth of 64 feet. It will be equipped with hydraulic elevators and will be constructed of slow burning material.

James C. Lynch has made all arrangements for the construction of several rows of handsome dwellings in the vicinity of Forty-fourth and Walnut Streets. These buildings will be three stories high, and will be constructed of stone and brick. They will also have all modern improvements.

Timothy Gallagher, owner, will at once erect six dwellings and two stores and dwellings, three stories each, brick and marble, 16 x 48 feet, north side of Moore Street west of Eighteenth also, seventeen three story brick and marble dwellings, 16 x 50 feet, west side of Eighteenth Street south of Morris.

Geo. W. Roydhouse, contractor, Builders' Exchange, has been given the contract to add four stories to the Edison Electric plant, 906 Sanson Street, and will begin the operation at an early day. Mr. Roydhouse is very busy with several large contracts of heavy structural work as well as a number of minor ones.

Preston Moore has bought the property 1213-15 Filbert Street of the owner, Geo. F. Lasher, and will alter it for hotel purposes from plans prepared by Joseph Bird, 1029 Race, and who also has the contract for all the work. This will necessitate all the modern improvements, electric work, steam fitting for heat, elevators, etc.

Chas. B. Prettyman will soon break ground on the north and south side of Hoffman Street, west of Eighteenth, for the erection of fifty-six two-story brick and stone dwellings. Each will have a frontage of 14 feet and a depth of 34 feet. The buildings will have all modern improvements and be finished in hard wood.

The Board of Highway Supervisors on the 30th inst. granted permits as follows: To the Art Club, to construct a conduit under Brighton Street to the Hotel Stratford, for heating and lighting purposes; to the Brush Electric Light Co., to lay conduits on Chestnut Street, from Broad to Twentieth and on Market Street, from Second to Juniper.

Building operations during the last few days have received quite an impetus, and contractors, as well as material dealers, will do well to examine the column containing building permits thoroughly, as well as building and architectural notes, for information not contained elsewhere. State, county and city notes now contain much interesting data for the above.

Contractor John Duncan took out a permit on Saturday last for \$25,000 worth of work on the Morelton Inn, Torresdale. This is part of work well advanced which has been mentioned heretofore in notes of Torresdale improvements. Mr. Duncan is also making certain alterations to one of the double cottages on the Morelton Inn grounds, leased by Russell Tucker.

A large five-story factory building on the west side of Franklin Street, north of Willow, will soon be under the course of construction by Charles McCall. The building is to be used as a factory and it will have a frontage of 50 feet extending back 183 feet. There will also be erected on the

adjacent ground by the same party a three-story office dwelling. We noted this structure in a previous number.

Samuel Hart & Sons, contractors, 1109 Fairmount Avenue, bought on the 28th inst., the lot of ground at Thirteenth and Mt. Vernon Streets, 171 x 186 feet, and will prepare plans and build a handsome large power house for the Traction Company of this city. Work will be started at an early day, the structure to be fitted with an immense electric plant which will likely be the best in the country.

T. W. Smaltz, owner, will build at once six two-story dwellings, 13 11 x 48, and one three-story store and dwelling, 17 x 48, west side of Hancock Street, north of Cambria; also, four two-story brick dwellings, 13 x 28, east side of Palethorpe Street north of Cambria; also, two two-story dwellings, 16 x 48, and one two-story store and dwelling, 17 x 48, north side of Cambria west of Hancock.

Frank H. Rhodes will at once break ground on the east and west side of Nineteenth Street, north of York, for the erection of sixty-four three-story brick dwellings. He will also begin work on the east and west side of Gratz Street, north of York, for the construction of sixty-seven two-story and two three-story dwellings. All these new buildings are to be finished in hard and light wood and will have all conveniences.

Mr. Charles C. Harrison, of the firm of Harrison, Frazer & Co., sugar refiners, is the purchaser of the French-Richards property, at Tenth and Market Streets, and the Massey Brewery property, Tenth Street, above Filbert. The French-Richards building will be altered into handsome stores. The Massey Brewery may also be altered into stores, although a market has been suggested for the first floor of the latter structure. This is feasible, and will likely be the outcome of the deal.

The Edison Electric Light Company is to place three stories atop their big power house on the south side of Sanson street, west of Ninth. The present structure is four stories high and has a ground surface of 68.8 by 97.8 feet. With the three additional stories the total height of the building will be 132 feet. Steel will be the main material for the work, and it will be encased by a nine-inch brick wall. The company will install additional boilers on the new floors. It is said that the cost of the improvements will be upwards of \$80,000.

The Meng Bros., drovers and dealers in horses, are preparing plans and specifications for an 80 by 100 feet two-story brick horse bazaar building, to be erected on the north side of Clearfield Street, west of Twenty-first. The front of the building will be trimmed with lime stone and otherwise ornamented. The lower story will contain a number of stalls, an office and a large runway for exhibiting the speed and condition of horses on sale. The second floor, which will be reached by an elevator from within, or an inclined covered runway on the west end of the building, will be used for storing carriages, wagons feed, etc. The cost will be about \$10,000.

The jury appointed to assess damages for the taking of Schuetzen Park for a reservoir site yesterday filed its report awarding \$342,130.25 to twenty-one claimants. The jury's award is divided as follows: William G. Warden, \$82,876.15; Philadelphia Rifle Club, \$95,895.55; Elizabeth E. Abbott, \$64,142.30; Mary Ann Bradbury, \$19,306.35; estate Dr. Horace Evans, \$19,401.95; Margaret E. Hubbard, \$13,560.75; Horace E. Rich-

ards, \$11,484.85; James Dobson, \$1437.75; Patrick McGory, \$1000; Joseph Doyle, \$2850; Margaret M. Byrnes, \$2900; Margaret Smith, \$2900; estate George Kearden, \$2850; John Neithercott, \$4200; George a Nagele, \$7200; John L. Nagele, \$1500; Frederick H. Fielden, \$750; Timothy Buckley, \$4300; J. Addison Campbell and W. E. Loudon, tenants, \$400; William R. Williams, tenant, \$175; total, \$342,130.25.

The friends and foes of the Haddock bill to revise the city's building laws are now ready to move on the Legislature for and against the measure. The Master Builders' Exchange has appointed a committee to urge the passage of the bill, and it will find strong backing in the Director of Public Works, the Building Inspectors, members of Councils and others. The opponents of the measure are headed by a number of trust companies and such real estate owners as H. C. Lea. They held a meeting yesterday at which it was declared that the bill imposed hardships upon property owners and was objectionable in many of its proposed restrictions. On the other hand, it is claimed that the bill promises to working people a measure of protection they have not had, and systematizes the building regulations, which have been loose and ambiguous. Both sides are getting ready to appear before the Senate Committee.

The sale of the Deaf and Dumb Asylum site, Broad and Pine Streets, having been confirmed by the trustees of the latter institution to Walter Cope, who heads the syndicate in the purchase of the property, plans will now be prepared by the firm of Cope & Stewardson, 316 Walnut Street, for the improvement of the site. Whilst all the designs are somewhat crude, still enough is indicated of the intentions of the owners to say that two fine blocks of dwellings will be erected facing north and south, four stories high, of a very unique and handsome design. The fronts will be of stone, fancy brick and terra cotta work. An extensive court yard will run east and west from Broad to Fifteenth Streets, to be well paved and ornamented with flower beds. Fancy fences of iron work and well lighted; fountains will be placed at intervals. The houses will be supplied with electric work, steam heat and every modern convenience known to domestic comfort. When the drawings have been completed a full description will be given in these columns.

The widening of Walnut Street in this city will soon be commenced under authority of the ordinance of June 30, 1892. An advertisement of the Board of Surveyors notifies property-owners that a meeting of that body will take place on April 17, and any owners desiring to appear before the board can do so. On that day the board will confirm the plan which is to make the street conform to the sixty-foot width, and after that date no building, which is at present at the back of the fifty-foot line, will be allowed to be moved forward. Many years will probably elapse before the entire street between Fifth and Twenty-second Streets will assume the required width, but the improvement will be made as time passes. Section 3 of the ordinance provides that whenever it shall be deemed advisable to widen the street in any square where the buildings are now on the old line thereof, on one or both sides of the street, or where an owner of property thereon shall desire to improve or erect a new building thereon, on application of such owner, legal proceedings shall be taken to set all buildings on that side back to the established line and extending for the entire length of the block.

Rev. Father Garvey announces that matters are now in such shape that the new hall of St. James' R. C. Church, which has been under consideration for some time, will be soon erected at the corner of Thirty-eighth and Market Streets. The lot is 70 x 114 feet, and the building will be four stories high and cover the full dimensions of the lot. The hall will be on the second floor, and of an amphitheatre form, to provide a seating capacity of 1200 to 1400. A gymnasium will be in the basement.

The committee on property of the Board of Education on the 28th of March opened bids for additions to school houses, and for repairs. Among the contracts awarded were those for the addition to the Boker school, Twenty-eighth section, to P. H. Somerset for \$5,145; addition to the Glenwood school, to P. H. Somerset, \$5,755; fire-escape and stairway to the school house at Nineteenth and Addison Streets, Seventh section, to H. B. Coyle, \$1,093. The following were referred to Chairman Kavanagh, with power to act; Addition to White Hall school, Twenty third section, J. Wenzelberger's bid of \$28,200 being the lowest, and the addition to the Robert Morris school, T. C. Trafford's bid of \$35,500, exclusive of \$3,300 for fire-escapes, being the lowest. Thompson Bros. secured the contract for putting in the heating and ventilating apparatus at the new Girls' Normal school for \$30,800. The bid of \$1,933.83 by Walker & Kepler for the electrical conduit and tubing in the new Girls' Normal school was referred to Chairman Kavanagh. The committee on property and the committee on Girls' Normal School afterwards met and inspected samples of furniture for the new Girls' Normal School.

Upon the report of Medical Inspector Taylor, of the Board of Health to that body, it is likely considerable repairs and additions will be made to school houses as follows: Tasker school, Ninth and Tasker, yard too small. William Welsch, Thirteenth and Jackson, middle rooms are without direct light, ventilation poor. Morris street, below Second, grade from the inlet causes bad drainage. Twentieth and Lombard, bad drainage. Nineteenth and Addison, bad latrines and bad surface drainage. Northwest, Fifteenth and Race, latrines too near the school. John Agnew, Tenth and Cherry, sewage leaks into cellar. Cherry above Fifteenth, an old, cheerless place; should give way to a new building. Twelfth and Wister, yard space very small, drainage bad. Twelfth and Ogden, "the yard space half as big as a class room, is a disgrace." Park avenue, below Master, yard too small, latrines too close. Adams and Lafayette, ventilation bad, school overcrowded. Coulter and Morris, leakage into the cellars; nuisance reported three times: no effort to abate it. Frankford and Hart lane, a rented building, not well suited. Thompson and Neff, drainage will never be good until connected with a sewer. Twenty-fourth and Christian, latrine pipes too small; heater flues defective.

Through Pennsylvania.

✚ When any of the following are not post office towns they will be so designated.

—At Spring City, Chester Co., Howard Lukens will erect a dwelling.

—At Conshohocken, Montgomery Co., E. J. Morris Wood will erect a dwelling.

—At Nineveh, Green Co., George C. Day has purchased a lot and will erect a dwelling.

—At Smethport, McKean Co., there is talk of erecting a school building, to cost about \$10,000.

—At Easton, Northampton Co., the new paint mill of C. K. Williams & Co. has been destroyed by fire.

—At Uniontown, Fayette Co., Isaac Hurst will erect a brick and frame residence on Mt. Vernon Avenue.

—At Smithfield, Fayette Co., Rev. William Richards contemplates the erection of a brick dwelling.

—At Waynesburg, Green Co., the Presbyterian congregation will erect an addition to their church edifice.

—At Greensburg, Westmoreland Co., the Baptist congregation has purchased a lot and will erect a church.

—At Lebanon, Lebanon Co., John Carmany and Jacob M. Gingrich have each purchased lots and will erect dwellings.

—At Pottsville, Schuylkill Co., Mr. Meadows, of the School Board, can give particulars as to a new school building to be erected.

—At Doylestown, Bucks Co., the Messrs. Harry, George and Joseph Ruos will erect a large building to be used as a cheese factory.

—At McKeesport, Allegheny Co., the plant of the McKeesport Electric Light Co. was destroyed by fire on March 31st, at a loss of about \$75,000.

—At Oxford, Chester Co., J. Z. Wilson and O. H. Smith have purchased a lot and will erect a store building for hardware and plumbing business.

—At Somerset, Somerset Co., Councils has decided to advertise for bids covering the four different systems of water works that have been proposed.

—At Altoona, Blair Co., the Water Commissioners have awarded contract to the Continental Construction Co., of New York, for the new improved reservoir at Kittanning Point.

—At Doylestown (not a P. O. town), a handsome dwelling will be erected by Dallas Sanders, W. H. Burns, of Berwyn, Pa., has been given the contract. The structure will be of brick and slate, modern conveniences and improvements.

—At Lansdowne, Delaware Co., Edgar T. Bishop has broken ground for a double stone and frame dwelling on Owen Avenue.—Mr. Prettyman will erect six dwellings at Lansdowne Park.

—St. John's Episcopal Church will be enlarged by an annex. William Saunders is the builder.

—At Coatesville, Chester Co., the new power house to be erected for the Lancaster and Philadelphia electric railway will cost \$750,000, and cover about four acres of ground. The engines are 6000 horse-power. The cost of the road is estimated at \$4,000,000. John Patterson is president.

—At Devon, Montgomery Co., a large ball room will be erected at Devon Inn. The contract has been awarded to Joseph Dyson, Wayne, Pa. The estimated cost is \$5000.—The same contractor has been awarded the contract to erect a colonial dwelling at Ambler, Montgomery Co., Pa., for Mrs. H. C. Hart.

—At Harrisburg, the State has appropriated \$625,000 for public improvements at Harrisburg, of which \$500,000 will be used for the erection of a new library building, and \$125,000 for improvements to the Capitol building. The commission consists of William F. Harris, Secretary of State, and General Gregg, State Treasurer.—A bill for the construction of a fireproof building for the State Department and for improvements to the Capitol and Department buildings has passed both houses of the Legislature.

—At Pottstown, Montgomery Co., the Young & Willever Automatic Block Signal Co. has bought four acres of ground and will erect a manufactory, 100 x 300 feet. E. H. Johnson is president, and Dr. G. C. Young, general manager of the company.

—At Reading, Berks Co., David E. Hock will erect a building, to be used as a confectionery. Three stories high, brick and modern improvements.—John D. Strunk will erect a four-story brick building for business purposes.—Mayor Merritt has approved the ordinance providing for a complete system of house sewerage for the city and appropriating \$100,000 for a pumping station.

—At Pittsburgh, the plans prepared by Architect F. J. Osterling have been adopted by the congregation of the First Methodist Church. The cost will be about \$43,000.—Architects Riddle & Keirn have made plans for the Allegheny Church.—Mr. John Fite has broken ground for a large stone residence on Elgin Avenue.—E. D. Witt, the theatrical manager, has purchased a site on Collins Avenue, East End, upon which he will erect an opera house.—Messrs. Black & Baird have sold seven lots on Lane Avenue, upon which the purchaser will erect modern frame dwellings.—A block of business buildings will be erected on the site of Walnut Street Baptist Church as soon as the church people vacate.

—At West Chester, Chester Co., voluntary contributors have promised to furnish all the stained glass windows for the new chapel of the First Presbyterian church. Mrs. J. J. Pinkerton is the chairman of the committee to see that they are of a style to make the general effect harmonious. Some of the windows will be handsome memorials and others will be furnished by the Sunday school.—Papers have been prepared for Torbert Ingram, of East Bradford Township, for the sale of ten acres of ground, known as Mount Bradford, to Sommers N. Smith, of Newport News, Virginia. Mr. Smith will erect a handsome suburban residence, and a large observatory will be erected at the summit of the Mount. The price paid was \$500 an acre.—P. E. Jefferis has been given the contract to make a number of improvements to the General McCall homestead, lately sold by Mrs. McCall to W. R. Kelly, of Philadelphia. The dwelling will be remodeled, modern improvements introduced and water works erected.—The West Chester Fire Co. will make a number of improvements in the dwelling house part of the building. The two rooms on the second floor will be made into one. When this is done the rooms will be handsomely carpeted and furnished.—Work will begin in a short time on remodeling the offices in the old court house building.

Through Delaware.

At Wilmington, at the last meeting of the Board of Education a motion was passed to purchase the site recommended by the committee on which to erect a new school building. The committee was authorized to report plans for a building to cost about \$35,000. Dr. J. H. Morgan is the chairman of the committee. A syndicate has bought "Gray Stone," the property of the late William Bush, and will divide it into building sites for improvements. William B. Austin and others compose the syndicate. The sale was made through the Equitable Guarantee and Trust Company.—Edward Bringhurst, Jr., executor of the estate of Hannah Shipley, has sold the square bounded by Market, King, Twelfth and Thirteenth Streets for about \$23,000 to Henry F. Dure and Thomas H. Melvin.

LEARY'S OLD BOOK STORE,
No. 9 South Ninth Street,
First Store below Market St.) PHILADELPHIA

Through New Jersey.

At Plainfield, Union Co., the flour mill of Chas. Randolph, and dwelling of J. A. Conrad has been destroyed by fire.

At Ocean City, Cape May Co., contract for the construction of five miles of street railway has been awarded to L. E. Miller, of Cape May, for \$75,000.

At Egg Harbor City, Atlantic Co., the Paterson Silk Mill Co. will remove to Egg Harbor, where the Egg Harbor Improvement Co. will erect a building for the purpose.

At Beverly, Burlington Co., William L. Statham, of No. 922 Filbert Street, Philadelphia, has commenced alterations and improvements on the residence of Geo. E. McIlvaines.

At Jersey City, the Board of Finance has approved the plans for the Ravine road sewer, at an estimated cost of \$85,000. Judge Magee, of the Supreme Court, can furnish particulars.

At Camden, Aaron Ward will erect ten two-story dwellings at Seventh and Royden Streets. William Rose will erect eleven two-story brick dwellings at Chestnut and Orchard Streets.—George Hall has taken permit for twelve three-story brick dwellings, and D. L. Moore & Bro. have taken permit for twenty two-story brick dwellings.

It is reported that Brown's Mills-in-the-Pines has been sold to a N. Y. syndicate for the purpose of connecting it with Lakewood, which is about 18 miles distant by railroad, and laying out a part of the property in building lots for improvement, on the plan of Tuxedo Park. Ex-Senator Pfeiffer, Dr. J. Orlando White and Ex-Judge E. Anblar Armstrong are the owners of the property.

At Woodbury, Gloucester Co., B. F. Sweeton & Son has been awarded the contract to construct the wing walls for the new bridge. Some changes will be made in the plans for laying the sewer pipes for which contracts will soon be let. David Shivers has purchased the old Friends property on Delaware Street, and will erect a residence on the site. It is reported that G. G. Green will alter the Dr. Bennett residence into an apartment house. E. F. Bradway will erect a brownstone dwelling.

At Gloucester, Camden Co., it is said that Wm. J. Thompson will make extensive improvements to cost nearly \$500,000. These will include a bulkhead from the Ferry Company's wharf to Timber creek, a distance of about a mile, and a bridge across the creek. On the reclaimed territory it is proposed to erect two or three large hotels. Shade trees will be planted, pavilions erected, and the whole made into a summer resort. An electric road will connect it with Camden.—The parochial school to be erected by St. Mary's Roman Catholic Church congregation will cost about \$40,000. Plans prepared by Architect Jeremiah O'Rourke, 756 Broad Street, Newark.

Through Maryland.

At Galena, Kent Co., the Town Hall, Library and Odd Fellows' hall and many frame dwellings and stores have been destroyed by fire.

At Baltimore, the most important permits issued to date are as follows: To Charles Wachter, to erect a three-story brick dwelling; to J. W. Sindall, to erect two three-story brick dwellings; to T. H. C. Roe, to erect a three-story brick store and dwelling; to the Humphrey Moore In-

stitute, to erect a four-story brick building; to William Chase, to erect a three-story brick dwelling; to J. F. Hirt, to erect a two-story brick store and dwelling and five two-story brick dwellings; to F. D. Sauerwein, to erect sixteen three-story brick dwellings; to S. D. Price, to erect twenty-three two-story brick dwellings; to J. T. Griffin, to erect twenty-five two-story dwellings; to Frank Herbert, to erect twelve two-story brick dwellings; to J. E. Gibbons, to erect a three-story brick dwelling.—St. Barnabas Episcopal Church has been destroyed by fire, causing a loss of about \$60,000.

Washington, D. C.

J. E. Knight will erect a dwelling to cost \$30,000.—Flemer & Carlyle, architects, a colonial, of Indiana lime stone and light-colored brick, hard wood finish, modern improvements. The same architects have prepared plans for three dwellings to be erected on Washington Circle to cost \$22,000.—Joseph C. Johnson, plans for four brick dwellings for Wm. A. Kimmel.—Harry M. Schneider, 1622 P Street, dwelling to cost \$10,000. Plans by Denson & Schneider.—William M. Poindexter has prepared plans for an addition to the building occupied by the Richmond and Danville Railroad Company on Pennsylvania Avenue.

N. T. Haller has prepared plans for a handsome dwelling to be erected for F. E. Richards at 407 New Jersey Avenue. It will be of press brick and Hummelstown brown stone, galvanized iron cornice, the roof, interior finish of white pine hard oil finish and steam heat. The estimated cost is \$14,000.—W. J. Palmer has prepared plans for three handsome dwellings to be erected on Pennsylvania Avenue for J. E. Herrell, the banker. They will be of buff brick and Indiana limestone, cornices, slate roofs, oak and white pine interior finish, oak stairways and mantels, hot water heating. The estimated cost is \$24,000. W. J. Palmer has prepared plans for ten brick dwellings to be erected at Seventh and K Streets for A. B. Clark. They will be of press brick and Indiana lime stone and Hummelstown brown stone trimmings, cabinet mantels, modern improvements. No contracts let. B. Stanley Simmons has prepared plans for eleven brick dwellings to be erected on Columbia Heights for Messrs. Barr & Sanner. They will be of press brick with stone trimmings. No contracts let.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

Proposals are wanted until April 17, for a new supply of water to be delivered into the Belleville Reservoir of the Jersey City Water Works. Address Clerk Board of Water Commissioners, Jersey City, N. J.

H. M. Hartley, Director of Board of Chosen Freeholders, of the County of Camden, N. J., bids until April 8, for Telford Roads. The specifications may be seen at the office of Thomas Curley, No. 552 Federal Street, Camden, N. J.

Sealed proposals will be received up to April 8, 1893, for alterations and additions to the Odd Fellows' Hall, at Downingtown, Pa. Plans and specifications may be seen at the office of Wm. McClintock or S. A. Black. The Trustees reserve the right to reject any or all bids. Address all bids to the Trustees of Odd Fellows' Hall, Wm. McClintock, S. A. Black, H. Valentine, Trustees.

Sealed proposals for the construction of a system of public water works will be received by the Borough of Somerset, Pa., until 8 o'clock P. M., on Saturday, May 13, 1893. The plans cover both the gravity and pumping systems, with a reservoir, and bidders may bid on one or both of them. The Town Council reserves the right of rejecting any and all bids. For specifications and requirements address Wm. H. Welfley, Burgess, Somerset, Pa.

Sealed proposals will be received at the office of Asher Atkinson, City Surveyor, 389 George Street, New Brunswick, N. J., until Monday, April 17th, at 2 P. M., for the construction of a vitrified pipe sewer. The work consists of approximately the following: 2100 lin. feet 24-inch pipe; average cut, 9.5 feet. 495 lin. feet 20-inch pipe; average cut, 7.3 feet. Plans and specifications may be seen and information obtained at above office. The right is reserved to reject any or all bids.

Proposals for furnishing cast iron water-pipes, special castings and water valves. — Office of the Commissioners, Washington, D. C., March 20, 1893. Sealed proposals will be received at this office until 12 o'clock noon, on Tuesday, April 11, 1893, for furnishing cast-iron water-pipes, valves and special castings. Blank forms of proposals and specifications may be obtained at this office upon application therefor, together with all necessary information. J. W. Ross, M. M. Parker, William T. Rossell, Commissioners, D. C.

Office of the Commissioners, D. C., Washington, D. C., March 13, 1893.—Sealed proposals will be received at this office until 12 o'clock M., on April 12, 1893, for laying street asphalt, asphalt block, granite block and vitrified brick pavements. Also until April 20, for furnishing 2,250,000, more or less, vitrified paving bricks, to be used on various streets, avenues and alleys in the city of Washington. Blank forms of proposals and specifications, together with all necessary information, may be obtained at this office. J. W. Ross, M. M. Parker, W. T. Rossell, Commissioners, D. C.

Health Office, Room 615 City Hall, Philadelphia, March 28, 1893. Sealed proposals will be received in this office until 12 o'clock noon Tuesday, April 11 next, for the abatement of the following nuisances: Nuisance No. 4076. Existing in alley in rear of premises Nos. 2101 and 2169 North Eighth and 2100 to 2172 Franklin Street. Alley to be regraded and repaved. Nuisance No. 13,230. Existing in alley in rear of Nos. 640 to 650 North Seventeenth. Nos. 1701 to 1711 North Street and 1700 to 1712 Beckett Street. Alley to be regraded and repaved. Bids to be separate and each indorsed with its nuisance

number. Specifications may be seen in this office. M. Veale, Health Officer.

Treasury Department, Washington, D. C., March 24, 1893. Sealed proposals will be received at this Department until 2 o'clock, P. M., Friday, April 7, 1893, for manufacturing and placing in position in complete working order, in United States buildings at Lafayette, Ind., and Birmingham, Ala., combination electric light and gas fixtures. Specifications, drawings and blank form of proposals will be furnished to manufacturers and dealers upon application to the Department. The right to reject any and all bids and to waive defects is reserved. Partial bids will not be considered. Proposals should be addressed to the Secretary of the Treasury and indorsed "Proposals for Combination Electric Light and Gas Fixtures, U. S. Buildings at Lafayette, Ind., and Birmingham, Ala." (Signed) O. L. Spaulding, Acting Secretary.

Sealed proposals, addressed to the Chairman of the Committee on Streets and Sewers of the Board of Public Works, will be received until Thursday, April 6th, 1893, at 2 o'clock P. M., at the office of the Board of Public Works, City Hall, Camden, N. J., for furnishing materials and labor to perform the following work: For paving the following streets: Erie Street from Second Street to Third Street with Belgian Blocks; Clinton Street from Newton Avenue to Seventh Street with Belgian Blocks; Elm Street from Front Street to Second Street with No. 1 Assorted Rubble, and Ferry Avenue from Broadway to Jackson Street with No. 1 Assorted Rubble. For constructing a sewer in Howard Street from York Street to Erie Street. In pursuance with specifications to be seen at the office of the Engineer of Sewers at the City Hall. By order of the Committee on Streets and Sewers who reserve the right to reject any or all bids. George G. Felton, Chairman Com. on Streets and Sewers. John Blowe, Street Commissioner.

Department of Public Works. Bureau of Water. Office 1321 Filbert Street. Philadelphia, March 23, 1893. Sealed, proposals, indorsed "Bids for Pumping Engines," and addressed to the undersigned, at the office above mentioned, will be received until 12 o'clock, noon on Tuesday, April 25th, 1893, for pumping engines of the compound or triple expansion type, with a total capacity of not less than sixty millions (60,000,000) of gallons in twenty-four hours. For the requisite schedules, specifications, general instructions, blank forms of proposals, and all information apply to the Chief of Bureau of Water. No bids will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1860 (p. 81 West), have been complied with. The Director reserves to himself the right to accept or reject any or all bids, as he may deem best for the interests of the city. James H. Windrim, Director.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

C. F. HENSEL, STAINED GLASS

For Churches and Dwellings,

Wants. TO LET.

The brickyard formerly of J. & T. Gillespie, with valuable deposits of clay. Enquire of

BLANEY HARVEY,

N. W. Corner of 23d & South Streets.

BIDS WILL BE RECEIVED FOR THE COMPLETION OF THE PAROCHIAL SCHOOL BUILDING OF THE PARISH OF OUR LADY OF MERCY, PARK AND SUSQUEHANNA AVES., ADDRESSED TO THE REV. GERALD P. COGHILAN, ON OR BEFORE APRIL 15, 1893, AT 2141 NORTH BROAD STREET. FOR PLANS AND SPECIFICATIONS APPLY TO

**E. F. DURANG, Architect,
1300 CHESTNUT STREET.**

TREASURY Department, Office, Supervising Architect, Washington, D. C., March 24th, 1893. Sealed proposals will be received at this office until 2 o'clock, P. M., on the 26th day of April, 1893, and opened immediately thereafter, for all the labor and materials required for the erection and completion, including approaches, of the U. S. Post Office, Court House and Custom House building at Redsville, N. C., in accordance with drawings and specifications, copies of which may be had on application at this office or the office of the Superintendent at Redsville, North Carolina. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any or all bids or to waive any defect or informality in any bid, should it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidder. Proposals must be enclosed in envelopes, sealed and marked "Proposal for the erection and completion, including approaches, of the U. S. Post Office, etc., building at Redsville, N. C.," and addressed to W. J. Edbrooke, Supervising Architect. No. 29373

Proposals are wanted until April 14 for work in connection with the erection of the new county prison at Holmesburg, Philadelphia, Pa., to include steam heating, etc. Address Edmund Smith, President, as above.

Russell Thayer, Chief Engineer and Superintendent Fairmount Park, office, City Hall, Philadelphia, proposals until April 6, 1893, for construction of river wall, river drive, cutting grass, dredging river, etc. in Fairmount Park.

J. SCHWARTZ,
Contractor for Artificial Stone Work,
2306 and 2308 N. 27th St. Ph. la.

Pavements, Side Walks, Steps, Garden Walks, Cellars, &c. Extra attention given to Breweries, Slaughter Houses, Dye Houses, Carriage and Factory Floors. All work will be made of the best material.

VOL. VIII.—No 15.

PHILADELPHIA WEDNESDAY, APRIL 12, 1893.

PRICE 15 CENTS

Architect Notes.

J. D. Allen, architect, 1017 Chestnut Street, has made plans for an addition to a cottage at Old Point Comfort, Va. These will give twenty-eight new rooms and interior accommodations of the best, including electric wiring, bells and light, as well as sanitary plumbing, etc.

Furness and Evans, architects, Provident Building, Fourth and Chestnut Streets, have made the plans for the parish house about to be started for the Episcopal Church, at Jenkintown, Pa. It will be of cut local stone, three stories high, and all modern conveniences on interior; noted previously.

Yarnall and Goforth, architects, 14 South Broad Street, have made plans for a main building to be erected by McIlvane & Strong at Media, Pa. These will be of brick and shingle work, three stories high, and furnished on interior with all modern conveniences. They are to be built by the above owners. Also plans for two semi-detached houses to be erected near the above and for the same parties; location, Washington and Gayley Streets.

Plans were prepared some time ago for an addition to the Hotel Vendig, at Twelfth and Market Streets, of four stories by J. Franklin Stuckert, architect, but these have now been modified to two and approved by the Board of Building Inspectors. It is expected work will be started at an early day, as the room required is badly needed. The work will be executed under the supervision of the architect, who also made all the original plans.

Wilson Bros., architects and engineers, Drexel Building, Philadelphia, have made plans for two new buildings, a guard house and a supply building for the new county prison at Holmesburg, and placed the drawings on boards of contractors for estimates. These are to be of brick, stone and iron construction, and fitted for steam heat, electric light and bell work, sanitary plumbing and all the most approved conveniences and improvements in prison work. The supply building will be two stories high, whilst the guard house will be three. The contract will be awarded at an early day.

Some months ago we noted the fact that plans were in course of preparation by Cope and Stewardson, architects, 316 Walnut Street, Philadelphia, for a large dormitory, to be erected at Bryn Mawr College, Montgomery County, Pa., and gave a brief outline of the work at that time. These have now been completed and placed for estimate by contractors. The structure will be

four stories high, of local stone, 448 feet in length, and vary in depth from 43 to 136 feet and contain all modern conveniences, heating and ventilation upon an improved method, electric work, sanitary plumbing, speaking tubes, dumbwaiters, etc.

Daniel S. Beale, architect, Hale Building, Chestnut and Juniper Streets, has made plans for a new chapel to be built at Wissahickon for the congregation known as the Wissahickon Presbyterian Mission, to be one story, frame and stone construction, to have hot water heat and good fittings throughout. Estimates have been invited on the work. Also plans for a number of houses to be erected at Forty-ninth Street and Baltimore Avenue, to be of buff or gray brick and Flemish brown stone trimmings, to be three stories high, and will be furnished with lofts, which can be utilized for storage purposes, porches in front and all modern conveniences on interior.

Carrere & Hastings, architects, 44-46 Broadway, New York City, having completed all plans for the college and dormitory buildings of the University of the New Church (Swedenborgian) at Bethayres, Pa., have placed the drawings, which are quite elaborate, on the boards of contractors for estimate. The main college structure will be of stone, and in the centre will be constructed an immense dome which will be very high and quite ornamental in design. This building will contain the main recitation rooms, assembly and auditorium, seating a thousand persons easily; also officers private rooms and quarters, library and museum. A leading feature in this structure will be a large leaded glass window. The two dormitory buildings for boys and girls will be three stories high, of brick and stone with shingle roofs, and fitted very comfortably for home purposes, having steam or hot water heat, electric work, lavatories, closets, reading rooms, gymnasium, study rooms, living rooms, reception halls, baths, all the building being heated and ventilated by the most approved method. The grounds will receive attention in the way of walks, flower beds, gardens, grading, etc. It is expected the contracts will be awarded at an early day.

Charles Balderston, architect, 314-320 Walnut Street, Philadelphia, has been retained to prepare plans for one of the largest and finest business houses in this city, to be erected at 147-149-151 North Tenth Street, north of and adjoining the present College of Pharmacy, to be built by Mr. George F. Lasher, Printer. The structure will be 55.6 x 172.9 feet and eight stories high, erected with a special care for strength and of slow burning construction, and will be fitted throughout with steam power and heat, possibly an individ-

ual electric plant, speaking tubes, elevators, best of sanitary plumbing and well lighted and ventilated by the most approved methods. The front will be of either buff or salmon colored bricks, with stone and terra cotta ornamentation, the roof will be of either tin or slag, as may be determined later. Mr. Lasher will occupy three floors in the printing business, and the remaining floors will be let for general manufacturing. The same architect has made plans for a main building as an addition to the Home for Aged and Infirm Colored Persons, located at Belmont and Girard Avenues, West Philadelphia. The structure will be four stories high, fire proof in construction, built of brown stone and fitted with every comfort and convenience known to eleemosynary institutions, one of the principal features will be a chapel room in one end of the building and will occupy two stories, 45x50 feet in size. The remainder of the building will be for the inmates, officers' quarters, committee rooms, and contains an elevator, electric work and best system of steam heat and well ventilated. When drawings are complete we shall note them fully.

Building and Real Estate Notes.

The Albro Clemm Elevator Co., 413 Cherry Street, it is understood, is looking for a site for the erection of a factory building.

Weeks & Michelson, builders, have bought of N. Snellenburg a number of lots for building purposes at Thirtieth and York Streets. These will be improved at once.

Robert Buchanan, builder, 2025 North Twenty-second Street, will at once begin the erection of fifty-nine two and three-story dwellings on Albion Street North of Dauphin. All to be of press brick, stone trimmings and modern conveniences on interior.

Messrs. H. O. Duerr & Co., 1050 Drexel Building, have been given the contract to build and to equip complete the Gettysburg Electric Railway. Messrs. Kent & Achard, of the same address, have been appointed to act as mechanical engineers, to design and superintend the erection of the power plant.

It was found by Director Windrim when he opened bids for highway work, on the 4th inst., that the amount of the proposals exceeded the appropriation, the lowest being about \$200,000, while the appropriation amounts to but \$175,000, in round numbers. No awards were made and the bids were ordered scheduled. It is thought probable that the contracts will have to be awarded by the square yard and the money made to go as far as possible in this manner.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, APRIL 12, 1893.

A SPLENDID opportunity to secure at auction prices art gems in antique rugs and carpets will be offered by Davis & Harvey on April 17th inst. The collection is exceptionally rare, representing the best efforts of the most expert importer in this country. He has been designated by the Shah of Persia as the imperial exhibitor at the coming World's Fair at Chicago. In fact, this high official honor is but the natural result of his well-established reputation as a connoisseur par excellence of Oriental art. It is safe to conclude that this collection will in every respect equal the high expectations that its owner, from his exalted position as an authority, would naturally arouse.

Building and Real Estate Notes.

Saml. R. Riley, contractor, 637 Filbert Street, will erect a five-story factory building on Emlen Street, south of Filbert, to be 22 feet 4 inches by 49 feet. To be fitted with steam power and heat, elevator lift for freight and all modern conveniences.

Samuel Hart & Son, contractors, 1109 Fairmount Avenue, have the contract to build a tower to St. James P. E. Church. The material will be of brick and stone 125 feet high, at base, 20 x 20 feet, and cost \$30,000. Previously noted in this journal.

Plans have been made for thirty-one four and six-room houses to be erected by Charles B. Truitt, Jr., on Ogden and Parrish Streets, between Forty-third and Forty-fourth Streets. These are all to have concrete work in cellars, stone bases and buff brick superstructure; iron railing for steps, tin roofing; interior to have best modern conveniences; estimates are being made on the work.

R. C. Ballinger & Co., contractors, 218 North 13th Street, Philadelphia, have been awarded the contract to erect the new printing house of D. J. Gallagher, on the site, 245-247 North Broad Street, and for which plans were prepared by John D. Allen, architect, 1017 Chestnut Street. Work will be started at once.

J. E. and A. L. Pennock, contractors, 305 Walnut Street, have been awarded the contract to erect the Mercantile Club Building, Broad Street, above Master. It will be remembered the plans were prepared by Baker and Dallett, architects, Fifth and Walnut Streets, who will supervise the work to completion. Previously noted in full in this journal.

The Alice Fisher Alumni Association of the Training School for Nurses has started a fund for the purpose of erecting a club house as a memorial to that distinguished woman whose name it will bear. The enterprise has only advanced as far as starting the fund for the object. The building will be used as a home for professional nurses when not on duty.

By a vote of sixty-two to fifty-one, the congregation of the Haines Street M. E. Church, Germantown, at a congregational meeting held on the night of the 3d inst., decided to authorize the Trustees to purchase a lot and erect a new church, as soon as \$50,000 shall have been subscribed, and to dispose of the old building. It was also decided to build under the new name: "The First Methodist Church of Germantown," as provided by the new charter. It will be remembered this question was agitated more than one year since and fully noted in this journal at that time.

A permit has been taken out for a huge manufacturing building for the Vulcanite Paving Company, which will be erected on the south side of Market Street, west of Seventeenth. The present structure comprises two stories, and was purchased by George W. Elkins a short time back, for the Traction Company, but is now given over to Messrs. Filbert & Martin. The lot is 45x176 feet, and the new building will cover it all. The material is to be stone and brick, and it will be four stories, 76 feet high. Jacob Myers has the contract and will at once commence work.

At a meeting of the Board of Directors of the Northern Central Railroad Co., on the 4th inst., the erection of a large hay warehouse at Baltimore was authorized. This warehouse is to be erected by the railroad company, and when finished will be leased to the Terminal Warehouse Co. of Baltimore. The Terminal Co. will, in conjunction with the hay warehouse, erect a storage warehouse for flour and other commodities which are to be transported over the Northern Central road. The hay warehouse is to cost about \$20,000, and will be equipped with all the modern appliances for the speedy handling of hay to and from the cars.

Kister & Orem, contractors, 129 South Seventh Street, will build a handsome six-story building on the site 713-15 Spring Garden Street. It will be of brown stone front and brick, side and inner walls 35 x 110 feet to Minerva Street. Fitted with steam power and heat, and will be used for the manufacture of perfumery when completed.

The plans for the Saranac Mills by Angus S. Wade, architect, have been approved by the building inspectors, and work will be started at an early day upon the structure. The location will be on North Street below Fifteenth, and structure five stories high, of brick, stone trimmings, 54 x 126 feet in area. Previously noted in full in this journal.

Commissioner of City Property Eisenhower has plans for the erection of the new fire and patrol station at Berks and Wernock Streets ready for estimate. These have been previously noted by this journal. Also, has invited bids for an additional story on station house of the Twelfth and Nineteenth police districts, and the construction of a new cell-room at the Fifth District Station House.

Adam Miller, builder, 3606 North Fifteenth Street, has broken ground for four two-story houses, brick, with brown stone trimmings, on Mather Street, north of Venango; dimensions, 14 x 48 feet. All modern conveniences, electric lighting, cement cellars and pavements. Contracts not let. Will also shortly commence the erection of a three-story dwelling on Twenty-second Street, above Rush; brick, with brown stone trimmings; dimensions, 18 x 61 feet. All modern conveniences, electric lighting, hard wood finish, steam heat, cement cellars and pavements. No contracts let.

The report of the Board of Health dealing with the sanitary condition of the city school properties was read at the meeting of the Committee on Property, Board of Education, on the 4th inst. It showed that out of 163 properties examined, 135 are in good condition. Chairman Cavanaugh stated that improvements have already been made to nine of the condemned buildings, and that one of the unsuitable rented buildings have been vacated. An architect was instructed to examine into the condition of the Morris School, First Section; Florence School, Third Section; Fifteenth and Race Streets School, Tenth Section; Moffett School, Seventeenth Section; Hunter School, Nineteenth Section, and the Keyser, Arthur and Pierce Schools, in Twenty-second Section.

Quite a number of operations of note are now well under way in this city, many of which are quite well advanced toward completion. Among these are the Philadelphia and Reading Terminal, ready for roofing; the Pennsylvania Railroad depot ready to the second story and ready for the remainder of the superstructure; the Woman's Christian Association building, at Eighteenth and Arch Streets, under roof; Hotel

Metropole almost ready for roofing in; John F. Betz office building is now receiving the minor touches in completion; the new addition of the Fidelity Trust and Safe Deposit Co., on Fourth, above Chestnut Streets, at work upon the first floor, whilst its near neighbor, the Bourse, has not been started in construction. The site is being cleared for work. The new apartment house, "The Lincoln," on Locust, above Twelfth Street, is well under way, interior work going on rapidly. The Poulson House and Gilmore's theatre, one operation under Mr. John D. Allen, the architect, is well advanced and nearly ready for superstructure. The excavation for Odd Fellows' Temple, on Broad, above Arch Street, is complete and work upon foundation began. The Girls' Normal School and Caledonian Club buildings, at Thirteenth and Spring Garden Streets, under roof and ready for interior work. In connection with the above, most of which are progressing finely, we are noting a large number of new contracts being made, which speaks well for the current building season.

Work will be commenced at once on the new convent and school building for the Sisters of St. Joseph attached to the parish of St. Charles Borromeo's. The new structures are to be located on the north side of Christian street, west of Twentieth. The main front building will be 48 feet wide by 40 deep, the basement being in one room, 46 by 36 feet, the main or first story having a central entrance, with wide corridor, with front parlors on each side, with class rooms in the back. The corridor extends to the rear building, where the kitchen and refectory and large class room on Webster street are located. The second story front has a neat chapel, 19 by 38 feet, on the west, and on the east the community room, 19 by 38 feet. The same floor of the rear building has three music rooms, a large class room and infirmary. The third-story main building is divided into two large dormitories, each 19 x 38 feet. The rear building of this floor has the laundry arrangements, with drying closets and flat. The front mansard story is divided into two large rooms. There are numerous smaller or minor rooms, elevator lifts and sanitary accommodations in the several stories. The front and rear buildings are divided by two yards, thus affording ample light and air to all apartments. The buildings are to be heated by steam throughout. The Christian Street front will be constructed with the Wyoming blue stone elevation, the brickwork being faced with Roman brick laid in colored mortar. The bay windows, which extend through the second and third stories, are to be copper, this metal being used for the cornices. E. F. Durang is the architect. Noted in full in a previous number of this journal.

Through Pennsylvania.

 When any of the following are not post office towns they will be so designated.

—At Gap, Lancaster Co., Jonas Eaby will erect a dwelling.

—At Centerville, Crawford Co., Ira Cleaver will erect a dwelling.

—At Swarthmore, Delaware Co., J. A. Cass will erect a dwelling.

—At Darby, Delaware Co., a bridge will be erected to span Darby Creek.

—At Clifton Heights, Delaware Co., Edward McFadden will erect a block of dwellings.

—At Pottstown, Montgomery Co., the School Board will erect a school building in the Sixth Ward.

—At Pittston, Luzerne Co., the new armory building to be erected will cost about \$10,000.

—At Quakertown, Bucks Co., Messrs. Laup & Bieln will erect a building to be used as steam laundry.

—At York, York Co., Peter Henise will erect a business building on West Market Street near Penn Street.

—At Wilkesbarre Luzerne Co., ground has been broken for the new city hall, which is to cost \$172,880.

—At Lancaster, Lancaster Co., the dwelling of Henry Herr was destroyed by fire last week. Loss about \$3000.

—At Williamsport, Lycoming Co., Contractor Waltz will commence operations on the new city hall this week.

—It is reported that the Hazleton and North Side Co. will commence to lay its tracks on the road leading to Freedland.

—At Mauch Chunk, Carbon Co., ground has been broken for the new Reformed church building. Nathan Sterner has the contract.

—At Royersford, Montgomery Co., Messrs. Emmers & Co. have purchased a lot adjoining their mill, on which they will erect an office.

—It is reported that the B. and O. will secure the late Joshua Gibson property at Gibson Station as a site upon which to establish new shops.

—At Athens, Bradford Co., Job Griffin and others have filed application for authority to organize the Farmers' National Bank of Athens.

—At Russellville, Chester Co., H. C. Jackson has sold two building lots to Harry Fulmer and Nathan Riley. The purchasers will erect dwellings.

—At Morton, Delaware Co., the Kedron Methodist Episcopal congregation will erect a building for the use of the young people and the infant department.

—At Brushton, Allegheny Co., Henry Palmer, of Salineville, Ohio; M. B. Rentel, E. Bungert, Frank Stewart and E. Clark have bought lots and will erect dwellings.

—At Lewistown, Mifflin Co., the machine works and saw mill of R. H. Montgomery, also the warehouse of J. B. Selheimer, were destroyed by fire on April 5th, at a loss of about \$17,000.

—At Phoenixville, Chester Co., the bridge over Pickering Creek, near Phoenixville, was destroyed by fire last week.—Jacob F. Wall, new proprietor of the Phoenix Hotel, will make improvements.

—The Carnegie Mills at Homestead, Duquesne and Braddock will be improved during the Summer at a cost of several million dollars. New electric cranes and blast furnaces will be put in.

—Edward DeV. Morrell, of Torresdale, Philadelphia, is at the head of a company which has applied for a charter to construct an electric railway over the old Morrisville turnpike to run from Philadelphia to Trenton, a distance of about forty-five miles.

—At Reading, Berks Co., Henry Millholland, Charles H. Schaeffer and R. P. Leaf have incorporated the Millholland Tube Co., with a capital of \$20,000, to erect a plant for the manufacture of seamless steel tubing.—The movement in behalf of the erection of a Board of Trade building, to cost about \$100,000, and be used for business and office purposes, is meeting with success. Cyrus T. Fox is secretary of the board.—Berkert Bros. have received the contract for the brick work for the new warehouse, cooper shop and cistern room of Kretz & Close's distillery.

—At Norristown, Montgomery Co., I. H. Brendlinger has bought the property 213 De Kalb Street.—William H. Gilbert has bought the property at 132 West Main Street and will make improvements.

—At Merion, Montgomery Co., Archbishop Ryan, of Philadelphia, has delegated Rev. John T. Crowley, assistant rector of St. John, the Evangelist's Church, at Philadelphia, to organize a new parish at Merion, and a church will be erected at an early date.

—At Lebanon, Lebanon Co., the East Lebanon Iron Company's mill was destroyed by fire on April 5th at a loss of \$75,000. The valuable machinery was ruined.—Moses Billner will erect a three-story brick stable building at the corner of Walnut and Doe Streets.

—At Mansfield, Allegheny Co., the congregation of the Presbyterian Society will erect a church, from plans prepared by Bartberger & East. It will be of stone, 95 x 110 feet, and will contain modern improvements and conveniences. The estimated cost is \$40,000.

—At Allegheny City, a church will be erected at the corner of Bidwell and Atwell Streets, from plans prepared by Riddle & Keirn. The estimated cost is \$50,000. It will be of stone, handsomely finished on the interior and will contain modern improvements and conveniences.

—At Allentown, Lehigh Co., Mayor Lehr has signed the ordinance granting permission to the Lehigh Traction Company and the Philadelphia and Allentown Electric Trunk Railway Company to construct a trolley railway in Allentown. The road must be completed by November 1, '93.

—At West Chester, Chester Co., Timothy Brick will erect ten dwellings on West Biddle Street; Elmer Dean, two dwellings; Plummer E. Jeffries, four; H. B. Buckwalter, four; M. and T. E. Farrell, six; Wm. I. Hopewell, four; Mrs. James Wall, one; Robert Taylor, two; Rev. John Brook, one; Isaac Alexander, one; Miss Mock, one; Patrick Welsh, one; Harry C. Dean, one; M. Braunstein, one; A. D. Sharpless, two; William Bray, one.

—At Chester, Delaware Co., the Shaw property, at Third Street and Concord Avenue, has been sold through I. E. Cochran, Jr. The property will be improved.—Bids for all the labor and materials required for the trench excavation, foundations, basement and area wall, basement columns and first floor iron beams for the U. S. Post Office building will be asked for at once. The bids are to be opened at the Treasury Department, Washington, on April 27th. Joseph H. Huddle is the superintendent at Chester.

—At Pittsburgh, A. J. Harnack will erect a brick dwelling, to cost about \$10,000. I. H. Warner is the contractor.—Sadler, Evans & Co. will erect two brick dwellings, to cost about \$8000.—H. V. Civil will erect a dwelling on Centre Avenue, to cost about \$5000.—D. S. Davis will erect a brick dwelling on Boquet Street, to cost \$3000.

—The Denny estate will erect about two hundred dwellings the present season.—The Oak alley congregation will erect a church, to cost about \$50,000. The congregation recently sold the property in Oak alley for \$80,000, and will seek a better site.—Jacob Laver will erect four stone dwellings on Atwood Street, Oakland.—H. A. Gupner has bought a lot on Holden Street and will build.—W. Snively, M. D., has purchased a lot, 77 x 200 feet, on Penn Avenue, and is having plans prepared for a handsome residence of stone.

Through New Jersey.

At Beverly, Burlington Co., the congregation of St. Stephen's Church will erect a chapel.

At Elizabethport, Union Co., E. P. Bach will have plans made for a flat and store building to cost about \$18,000.

At Bridgeton, Cumberland Co., \$150,000 will be raised on city bonds for the the purpose of constructing sewers.

At Madison, Morris Co., the recently finished residence of O. H. Pitney was destroyed by fire on April 8. The estimated loss is \$30,000.

At Moorestown, Burlington Co., E. C. Worrell has made a report to the township committee recommending a sewerage system to cost \$40,000 or \$50,000. A special town meeting will be called to take action on the matter.

A tract of land at Collingswood, Camden Co., has been given to the town by the executors of the estate of Mr. E. C. Knight, for the purpose of a public park. The Camden Horse Railroad will probably run a trolley car to Collingswood.

At East Orange, Essex Co., R. R. Applegate, 40 Prospect Place, has prepared plans for a dwelling to cost about \$10,000. It will be handsomely finished on interior with hard wood, cabinet mantels, tiling, grille work, range, plate and stained glass, concrete, steam heat, tiling, &c.

At Orange, Essex Co., the congregation of the German Presbyterian Church will erect a church, from plans prepared by J. J. Marsh, 17 Cone Street. The estimated cost is about \$15,000. It will be finely finished, concrete and pine flooring, mantels, gas fixtures, hard wood, church furniture, grille work, stained glass windows, etc. No contracts have been let. Rev. Mr. Kern is the pastor.

At Haddonfield, Camden Co., the farm purchased by a syndicate, which was mentioned a few weeks since, is the Redmond farm, and the president is G. Frank Davis of Collingswood, N. J. Mr. McCollins, a member of the syndicate, also lives at Collingswood. John S. Doughty and Wm. C. Nicholson are of Haddonfield. Mr. Davis is said to be secretary to E. C. Knight, of Philadelphia.

At Newark, Dillingbach's malt house, Conklin's lumber yard, Hopper's Hotel and a number of dwellings were destroyed by fire last week at a loss of \$50,000.—A. Connelly, 279 Market Street, has prepared plans for remodeling his business building of Baker Bros., 251 Market Street. The estimated cost is \$7000. Structural iron work, plate and stained glass, skylights, gas fixtures, etc., will be required.

At Elizabeth, Union Co., Secretary Ryan, of the Board of Education, can give particulars as to additional school buildings, to cost \$20,000.—It is said that Henry C. Miner, of New York, has secured a site for a theatre to be erected on Broad Street, between Jersey and Washington Streets, at a cost of about \$75,000, to take the place of the opera house recently destroyed by fire.—H. R. Jacobs is reported as having secured a site for a place of amusement.

At South Orange, Essex Co., F. Grelle will erect a handsome dwelling at a cost of about \$15,000, from plans prepared by J. W. Allen, 529 Main Street, East Orange. It will be finely finished in hard woods, parquet flooring, plate and stained glass windows, tiled vestibule and bathroom, gas fixtures, range, concrete, gas fixtures, &c. Victor Shaller will erect a dwelling from plans prepared by the same architect, which will cost about \$8000, and with similar interior finish.

At Trenton, Dr. H. G. Norton will erect a handsome dwelling, from plans prepared by W. A. Poland, 11 West State Street. It will be finished in hard wood, cabinet mantels, tiling, range, concrete work, terra cotta, dumb waiters, electric bells, gas fixtures, etc. The same architect has prepared plans for a dwelling, to be erected for S. D. Oliphant, at a cost of \$3000. It will have hard wood interior finish, tiling, concrete work, plate and stained glass, cabinet mantels and all modern improvements and conveniences.

At Asbury Park, Monmouth Co., Mrs. Henry Kroehl has awarded the contract for a handsome cottage on Seventh Avenue, between Packard and Emery Streets. S. W. Kirkbridge is the contractor. The estimated cost is about \$5000.—Rev. P. R. Haverhurst, of Montrose, Pa., is having a building erected on Second Avenue for hotel purposes. It will be conducted by Mrs. Chas. B. Goldsborough. The plans for the new church for the Presbyterian congregation have been finished and bids asked for the work. The estimated cost is about \$30,000.

Through Maryland.

At Baltimore, the most important permits issued to date are as follows: To W. Depkin, to erect a four story brick building; to A. Degenhardt, to erect five two-story brick dwellings; to C. L. & J. S. Clarke, to erect seven two-story brick dwellings; to William E. Brown, to erect one two-story brick dwelling; to William B. Brown, to erect two two-story brick dwellings; to E. B. Hunting, to erect two three-story brick dwellings; to T. E. Bond, to erect five three-story brick dwellings; to E. H. Johnson, to erect two two-story brick dwellings.—The mayor has signed an ordinance to condemn or purchase a lot of ground, and for the erection of a building for use of the Baltimore City College, appropriating \$125,000 for the building and \$75,000 for the lot. Also, appropriating \$64,000 to construct a sewer eastward in the bed of Fort Avenue from the Port Wardens' line in the Middle Branch of the Patapsco river.—It is reported that Contractor Bennett will erect a number of store buildings on the site formerly occupied by the First Methodist Church.

At Berkley Springs, Baltimore Co., the Water Works and Improvement Company will construct a water works and an electric plant.

Through Delaware.

At Wilmington, the Dupont family has made a present to Christ Episcopal Church of a rectory and three acres of ground. A number of improvements will be made to the property to fit it for its intended use.—The jewelry store of A. C. S. Williamson was destroyed by fire on April 5th; loss about \$3000.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

LEARY'S OLD BOOK STORE,

No. 9 South Ninth Street,

(First Store below Market St.) PHILADELPHIA

ule "B"—Expansion joint, Oxford Street Bridge. Schedule "C"—Removing objectionable footway drainage. Specifications and blank forms upon which bids must be made will be furnished upon application to the chief engineer. Bidders must be skilled and regularly engaged in the class of work bid for. No bid will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1860 (p. 81 West), have been complied with, and a certified check for a sum not less than two (2) per cent. of the amount of the proposal for any work, as additional security in excess of the amount already required by ordinance of Councils, said check to be drawn to the order of the Treasurer of the city of Philadelphia and to be returned immediately after the award of contract has been made. (Ord. January 6, 1892.) The Director reserves to himself the right to reject any or all bids, as he may deem best for the interests of the city. James H. Windrim, Director.

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

ENTERED, APRIL 3, 1893.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH
HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH
EQUALIZED DRAFT.

C. F. HENSEL, STAINED GLASS

For Churches and Dwellings,
28 North Fifth Street, Philadelphia.

Hard Wood Work a Specialty. Jobbing
Promptly Attended To.

F. R. DE PLANQUE, MANUFACTURER OF Papier Maché Ceiling & Wall DECORATIONS,

1303 Race Street, Philada., Pa.
Estimates Furnished on Application.

THE ATTENTION OF ARCHITECTS AND BUILDERS IS RESPECTFULLY CALLED TO THE
BELGIAN GROOVED BUFF PAVING TILE.
THIS TILE IS BEING SPECIFIED BY LEADING ARCHITECTS.

Suitable for Sidewalks, Stable, Brewery and Factory Floors, Railroad Stations, Driveways and Courtyards. Cheap and Durable. Size of Tile $8\frac{1}{4} \times 8\frac{1}{4} \times 1\frac{1}{4}$ inches.

LEONCE DE METS,

 OF
DELAWARE COUNTY,

Showing farm lines, owners names, all cities, villages and towns—only a few copies left.

A. H. Mueller, 530 Locust St., Phila., Pa., Publisher.

BIDS WILL BE RECEIVED FOR THE COMPLETION OF THE PAROCHIAL SCHOOL BUILDING OF THE PARISH OF OUR LADY OF MERCY, PARK AND SUSQUEHANNA AVES., ADDRESSED TO THE REV. GERALD P. COGHIAN, ON OR BEFORE APRIL 15, 1893, AT 2141 NORTH BROAD STREET. FOR PLANS AND SPECIFICATIONS APPLY TO

**E. F. DURANG, Architect,
 1200 CHESTNUT STREET.**

The District Commissioners at Washington, D. C., bids until April 20th for 2,250,000 vitrified paving bricks for streets.

II. L. Orth, superintendent Pennsylvania State Lunatic Hospital, Harrisburg, Pa., proposals until May 8th, for all needed supplies for year ending May 31, 1894. Blank forms of proposals furnished on application.

Proposals are wanted until April 17, for a new supply of water to be delivered into the Belleville Reservoir of the Jersey City Water Works. Address Clerk Board of Water Commissioners, Jersey City, N. J.

Proposals are wanted until April 14 for work in connection with the erection of the new county prison at Holmesburg, Philadelphia, Pa., to include steam heating, etc. Address Edmund Smith, President, as above.

Edwin Stewart, Paymaster General U. S. N., Washington, D. C., proposals until April 18, for lumber for the Navy Yard, League Island, Pa. Blank proposals can be had upon application to the Navy Pay Office, Philadelphia, Pa.

Office of the Commissioners, D. C. Washington, D. C., April 7, 1893.—Sealed proposals will be received at this office until 12 o'clock M., April 22, 1893, for grading and improving Massachusetts Avenue, extended, streets in Meridian Hill Subdivision, Fifteenth Street, Southeast, and Jefferson Street, Anacostia, D. C. Blank forms of proposals, specifications, and all necessary information may be obtained at this office. J. W. Ross, M. M. Parker, W. T. Rossell, Commissioners, D. C.

Sealed proposals will be received at the office of Asher Atkinson, City Surveyor, 389 George Street, New Brunswick, N. J., until Monday, April 17th, at 2 P. M., for the construction of a vitrified pipe sewer. The work consists of approximately the following: 2100 lin. feet 24-inch pipe; average cut, 9.5 feet. 495 lin. feet 20-inch pipe; average cut, 7.3 feet. Plans and specifications may be seen and information obtained at above office. The right is reserved to reject any or all bids.

Department of Public Safety, Bureau of City Property, Philadelphia, April 6, 1893. Sealed proposals, endorsed "Bids for fire and patrol station at Warnock and Berks Streets. Additional story on station house, Eighth and Lombard Streets; erection of new cell department at station house, Fifteenth and Brighton Streets; granite curb and improved pavement for Passyunk Square; granite curb and improved pavement, Fairhill Square; repairing wharf and bulkhead, Hanover Street; introducing of steam heat, police station, Sixty-first and Thompson Streets, and addressed to the undersigned at his office

above mentioned, will be received until 12 o'clock noon on April 17th, 1893, for: A—Erection of fire and patrol station at Warnock and Berks Streets. B—Additional story on station house, Tenth and Thompson Streets. C—Additional story on station house, Lombard below Eighth Street. D—Erection of new cell department at station house, Fifteenth and Brighton Streets. E—Granite curb and improved pavement around Passyunk Square, Twelfth and Reed Streets. F—Granite curb and improved pavement around Fairhill Square, Fourth and Lehigh Avenue. G—Repairing wharf and bulkheads at Penn Treaty Park, foot of Hanover Street. H—Introduction of "Florida Steam Heating System" in police, fire and patrol station, Sixty-first and Thompson Streets. No bid will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1860 (p. 81 West), have been complied with. Separate bids will be required on each item. The director reserves to himself the right to reject any or all bids as he may deem best for the interests of the city. Plans and specifications may be seen at the office of the Chief of the Bureau of City Property and at the Builders' Exchange until the time for opening the bids. Abraham M. Beitler, Director.

VOL. VIII.—No 16.

PHILADELPHIA WEDNESDAY, APRIL 19, 1893.

PRICE 15 CENTS

Architect Notes.

Minerva Parker Nichols, architect, at present of 14 South Broad Street, will remove to No. 1616 Mount Vernon Street, where she has fitted up a handsome suite of rooms for draughting and an office. She cordially extends an invitation to clients and friends to call after the 18th inst. at the above number.

Angus S. Wade, architect, Hale Building, has made complete plans for alteration and addition to the home of James J. Ryan, contractor for P. and R. Terminal masonry, 1130 North Fortieth Street. These contemplate a new dining-room, kitchen, laundry, sitting-room, baths, etc.; hard wood finish throughout; electric work, sanitary plumbing, etc.

Minerva Parker Nichols, architect, 1616 Mount Vernon Street, is making plans for an addition to the recently built house of Dr. Ida V. Stambach, of Santa Barbara, Cal. These contemplate an addition of four rooms. The original plans for this house were made by the same architect two years ago. Also plans for alteration of house of John O. Sheets, 3313 Hamilton Street. These will include a colonial porch and windows, etc.

Samuel Hall Day and Crawford Coates, Jr., architects, 910 Drexel Building, have prepared plans for alteration and addition to 265 South Fourth Street, for the purposes of an apartment house. The above will include many new features in the building, including steam heat, dumb waiter, division of rooms and addition of others, painting front and other minor items. Also plans for additional work on the alterations now being made to the houses of Charles M. Eldridge at Wayne, Pa.

At a meeting of the Philadelphia Chapter American Institute of Architects held on the 11th inst., the new building law, as it has at present passed the Senate, was brought up for consideration, and it was the opinion of the chapter that, while in general the object of the law was admirable and it was a move in the right direction, that in particular it is crude in several respects, and that since it is of such vital importance in regard to building, it should receive more mature consideration before being finally adopted and passed.

Plans have been prepared by Architect and Engineer Swan, of the Bureau of Survey of this city, for a new bridge to be erected at Gray's Ferry over the Schuylkill River. They show a double-decked iron bridge with wide draw, which is to be worked either by steam or hydraulic pressure. The railroad tracks will be laid on the lower deck, which is 35 feet above the low water mark. Twenty-five feet above this the

upper deck will be constructed for the drive and general passageway. The approaches show an extremely slight grade, the heaviest being $3\frac{1}{4}$ feet in 100 on the east approach, beginning at Thirty-sixth Street. The P. W. & B. tracks enter in a gradual curve 110 feet to the west of the bridge proper, and leave at about the same distance to the east. The span of the bridge is 325 feet. In appearance the structure will very closely resemble the recently constructed Walnut Street bridge, if built on the plans now ready. Estimates will be asked at an early day.

Frank R. Watson, architect, 518 Walnut Street, has made plans for a handsome store for Jacob Henley, 831 Arch Street, 25 x 137 feet, to be five stories and basement, front to be of buff brick and same colored terra cotta, construction to be of slow-burning work; an elevator for freight, electric plant, steam heat and power. Also plans for a church for Trinity Park P. E. congregation at Tacoma Park, Washington, D. C., as a memorial to Francis S. Key, author of Star Spangled Banner, to be in cruciform plan strictly, a large tower rising at the intersection of choir nave and transepts; to be of stone, purely Gothic and have all the fittings for a modern church. Also plans are being made in detail for a P. E. Church of the Resurrection at the northeast corner of Broad and Tioga Streets, to be of stone, slate roof, etc., noted more fully in the future when drawings are completed. Also plans for Trinity Lutheran Church at Chester, Pa., to be of brick, shingle roof and well furnished on interior; Romanesque style of architecture. Also drawings for St. Stephen's R. C. Church at Broad and Butler Streets, to be of brown stone, in Gothic style, with two fine towers surmounted by stone spires and best interior furniture in hard woods and upholstery, chancel work of the finest; the elevation presents a very imposing appearance; stained and leaded glass windows throughout the front and sides giving it a handsome exterior, as well as a fine effect inside. Also preparing drawings for completion of interior finish of the R. C. Church of St. Anthony of Padua in this city, which will be quite extensive. Also plans for two fine dwellings in Chester, Pa., to be of stone and frame construction and best modern conveniences; also a handsome house and stable at Ashbourne on N. P. R. R. for Chas. A. Salmon to be of stone, three stories high with modern conveniences, Frank Livezey, contractor. Also a fine house at Oak Lane, Pa., for A. H. Buckley, to be of stone, shingle roof and best interior work, including all modern conveniences. Also plans for a stable at Oak Lane, Pa., for T. M. Delaney, to be fitted with best modern

appliances; walls of stone, interior of hard pine and oak woods.

Edw. K. Mull, architect, 304 Schuylkill Avenue, Reading, Pa., has completed plans for the following buildings to be erected in that city during the coming summer. Six twin residences for Geo. B. Hess & Co., to occupy a site on the south side of Elm street, east of Twelfth. They will be of brick, three stories high, with ornamental slate roofs. Hot air heat, and all modern conveniences. No contracts let. Also plans for a three-story brick hotel and apartment building to be erected on the southwest corner of Schuylkill Avenue and Oley Street, for Levi J. Krick. The building will be 30 x 95 feet, with slate and tin roof. The interior throughout will be finished in hard woods. Hand power elevators, annunciators, bath-room outfits, kitchen and laundry fixtures, lavatories, steam heat, electric works, marble tiling, etc. Work on the building has been commenced. The same architect has prepared plans for four semi-detached brick dwellings for George L. Kestner, to be built on the west side of Sixth Street, north of Greenwich. The buildings will be two stories in height, with Mansard roofs; interiors to be finished in red oak and cypress. Wood and slate mantels, dumb waiters, steam heat, electric work, best of plumbing, etc. Work will be commenced at an early day. Also plans for fifteen brick and brown stone dwellings to stand on the north side of Buttonwood Street, west of Second, for Walton A. Griesemer. Each to be 18 x 72 feet in size and three stories high, with ornamental slate roofs. All modern conveniences will be introduced. The excavations for the foundation walls are now being made. Also plans for a three-story brick store and dwelling, 20 x 86 feet, for John Stark, to be erected on the southeast corner of Moss and Robeson Streets. Tin roof, galvanized iron cornices, skylights, steam heat, electric work, etc. Mr. Mull has also just completed plans and specifications for a double brick and brown stone mansion to be erected at Orwigsburg, Pa., for Hiester S. Albright. It will consist of two stories and basement, with slate cottage roofs, and will present a very pleasing exterior, being relieved by two handsome octagonal corner towers, broad verandas and other attractive features. The interior will be finished in mahogany and red oak. The windows throughout will be glazed with plate and ornamental glass. The building will be provided with hot water heat, gas plant, dumb waiters, electric work, kitchen and laundry fixtures, lavatories, wood and slate mantels, encaustic tiling, etc. Cost, \$15,000 to \$18,000.

JOHN F. BRISBANE, City Editor.

PHILADELPHIA, WED'Y, APRIL 19, 1893.

THE appointment of Jeremiah O'Rourke, of Newark, N. J., as Supervising Architect of the Treasury Department, by Secretary Carlisle, is a most creditable one, based upon merit well deserved. Mr. O'Rourke is fifty five years old, a cultured gentleman, and for thirty years has done work in New York and New Jersey, having built some of the finest Catholic schools, churches, and ecclesiastical as well as private houses, in both States. He will give up a large private practice and devote his entire time to the Government work. He is a graduate of the Dublin School of Design and a Fellow of the American Institute. He was appointed on the recommendation of Senators Smith and McPherson. He also possesses a national reputation as a profound and advanced thinker and writer upon ideas involved in the construction of large and public buildings, and will bring therefore to the discharge of his duty the benefit of a ripe experience.

THE Builders' Exchange Permanent Exhibition will be open to a large number of invited guests on Thursday evening, 20th inst. On this special occasion the handsome exhibit hall will be brilliantly lighted and decorated with plants and flowers and an entertainment of instrumental music, consisting of solos and orchestra selections by well-known performers will enliven the scene. An opportunity will also be afforded to those who are interested in the educational branch of the Exchange to visit the Mechanical Trade Schools, which will be in full operation, with the boys at work at the various building trades. This is a rare chance, and will afford the fortunate ones who avail themselves of it a great deal of genuine pleasure and instruction.

It is a pleasure to notice prosperity and success among our advertisers, particularly when we are conscious that honorable dealing, together with first-class work, is the basis on which patronage and popularity have been attained. As every reader knows this journal is never profuse in its panegyrics, hence its statement that the Howard Foundry and Machine Works of this city is not only doing a thriving elevator business, but now assumes to be the leading passenger and freight elevator manufacturers in Philadelphia, can be fully relied on. Steam and electric screw gear elevators in large numbers are now in course of erection for Philadelphia, New York, Reading, Pennsylvania, Bridgeport, Connecticut, Norfolk, Virginia, Asbury Park, New Jersey and other points. Business is increasing along the whole line for this firm, as the result of the highest commendations that are bestowed upon its work by all its former patrons everywhere.

WE are under obligations to Stephen N. Winslow, editor of the "Philadelphia Commercial List and Price Current," for a most useful and convenient little book entitled "Philadelphia Trust and Savings Fund Companies Returns." The contents are compiled from the official statement to the State Superintendent of Banking and are full of interest and invaluable to those desiring information regarding the financial institutions of Philadelphia.

The Neshaminy Falls Stone Company has opened offices in this city in order to introduce and put upon the market a very superior building stone which has recently been struck in the company's quarries in Bucks County, Pa.

Architect Notes.

Moses and King architects, 431 Walnut Street, have been engaged to prepare plans in detail for the remodeling of the Natatorium, 219 South Broad Street; proprietor, Prof. Julius A. Payne. It is understood that the entire structure will receive attention and considerable fine wood work involved as well as the baths and other parts.

Hazellurst and Hackel, architects, 910 Drexel Building, have completed plans for a large store and factory building to be erected by C. F. Rump & Sons, southwest corner of Fifth and Cherry Streets, to be six stories and basement; walls of buff brick, stone and terra cotta; interior will be fitted with elevators, electric work, speaking tubes, steam heat and power, best of sanitary plumbing, etc.; structure will cover in area 55 x 102 feet. Also plans by the same architects for a stable for Henry Curran on Wayne, near Tulphocken Street, Germantown, to be of stone, one story high, slate roof, and interior of walls to be lined with glazed brick; also best

accommodations. Also plans for a house at Pennlyn, Pa., to be of stone, three stories high, slate roof; interior to be in hard wood, electric bells and light and best modern conveniences, etc. Extensive alterations will be made to interior and side of Simons Bros.' manufactory and store, 618 Chestnut Street, from plans by the same architects.

Building and Real Estate Notes.

Henry G. Schultz will build immediately seven two-story brick dwellings on Twenty-second street, above Westmoreland.

Six three-story stone dwellings will be erected by Contractor William J. Grubler, of Germantown, on Mt. Pleasant Avenue, in Mt. Airy.

William R. Brown will erect eight three-story dwellings on the south side of Ontario street, east of Sixteenth, and a similar number on Westmoreland street, near Sixteenth.

The Philadelphia and Reading Railroad Company is to erect a one-story brick extension 79 feet 3 inches x 46½ feet to the freight shed at New Market and Margaretta Streets.

Seven two-story dwellings are to be built by J. B. H. Johnson on Fifteenth Street, south of McKean. These are to be of press brick, stone trimmings and best interior improvements.

Contractor Somerset is to erect a three-story brick school building, 25 x 35 feet, on the west side of Thirtieth Street, north of Susquehanna Avenue. Previously noted in full in this journal.

Harry Weekey has now in course of erection at Mantua Avenue and Haverford Street, 16 three-story, 11-room houses. Also 26 two-story houses at Walnut lane station, and six on Cheltenham Avenue, Germantown.

Wm J. Phillips, carpenter and builder, 4907 Main Street, Germantown, has secured the contract for the erection of a three-story dwelling on Ogle Street, Manayunk, for Mr. Hugh Convery. Dimensions, 16 x 31 feet.

Michael Whelan, owner, 1225 Snyder Avenue, has started excavation for cellars of eight three-story houses, 16 x 25 feet, and back buildings. To be of press brick, stone trimmings and best interior work and accommodations.

Plans have been prepared by the engineer and draughtsman of the Southwark Foundry, at Fifth Street and Washington Avenue, for a flask shed. These have been placed on boards of a few contractors for estimate on construction.

Contracts were awarded on the 12th inst. to M. McManus for the erection of a new school house at Fox Chase, at a cost of \$15,864; and to C. O'Neil for the building of an addition to the McDaniel School, Thirty-sixth Section, to cost \$3981, and other minor awards were made by the Committee on Property of the Board of Education.

James H. Stevenson & Son, builders, Ridge Avenue and Diamond Street, will at once begin the erection of twenty-two nice two-story dwellings on Thirty-two-and-one-half Street, east side, north of Diamond. All to be of brown stone base and steps and press brick. Modern improvements on interior.

George Ross, of West Philadelphia, has just commenced the erection of a number of handsome residences at Forty-fifth Street and Springfield Avenue. They will be three-story houses, 13 rooms each, built of buff brick and red stone trimmings, and will contain all the latest devices known to builders.

A most important deal in realty which came to light on the 10th inst. was effected by J. R. Massey & Son, brokers. It involved the sale for William T. B. Roberts, the builder, of the lot on the west side of Twentieth street, extending from Dauphin to York, to William Blair, for \$42,000. The lot has a frontage of 500 feet on Twentieth Street, and is 78 feet deep. Mr. Blair, it is announced, will erect on the site 30 three-story dwellings and two corner stores and dwellings.

Some time since this journal indicated the construction of an immense apartment house on Broad above Arch Street in this city, it now appears that a syndicate headed by William A. Levering, lumber merchant, John Wanamaker and others have taken an option on the properties of the First Baptist Church, northwest corner of Broad and Arch Streets, the Iron Hall lot adjoining, also Nos. 1409, 1411 and 1413 Arch Street. It is altogether likely terms will be arranged and sale closed at an early day.

A 110-acre tract of the George W. Carpenter estate, running from Upsal to Carpenter Streets, along the line of the Pennsylvania Railroad, to Carpenter Station, and extending from Green Street to Germantown Avenue, has been purchased by Messrs. A. J. Drexel and John Lowber Welsh, and will, it is announced, be improved at once, in the most comprehensive manner. The ground has the advantage of excellent railroad facilities, and will also have the benefit of the People's Traction Company's lines on Germantown Avenue.

About three years ago C. C. Moore & Co., builders, purchased Kugler's truck patch, containing 27 acres, on Frankford Road, between Ann and Cambria Streets, which includes Stella Avenue, Orleans Street, Birch Street, Belmonte Avenue and Monmouth Street. Since then they have had erected over 400 houses, with 33 three-story brick stores and dwellings. The firm is now engaged in the construction of 69 additional two-story dwellings on both sides of Orleans Street, which will be ready for occupancy in a couple of months.

It is now conceded that the trustees of the Pennsylvania Museum of Art and Industry are to come into possession of the late site of the Deaf and Dumb Institute at Broad and Pine Streets, the syndicate who were given the preference in the purchase having concluded to yield personal interest to public necessity. This is a graceful and commendable act, and will now place the Art School in an advantageous position. It is yet too early to indicate fully the alterations that will be made or the additions designed by those in charge. The president is William Platt Pepper, of this city.

The buildings on the south side of Chestnut Street, west of Eighth, that extend beyond the new line will be set back so as to make the street 60 feet wide from Eighth to Ninth Street. President

Hartman has introduced an ordinance in Councils authorizing the Mayor to enter security for the payment of any damages that may result. The ordinance is almost certain of passage, so it is quite likely that the improvement will be made at once. There are eight buildings occupied as stores and offices. None of them are modern structures, so the cost of replacing them in their present condition will be comparatively light.

The Reading Railroad has purchased 70 acres of ground at Merion Station, two miles above Bridgeport, on the main line, from James and T. D. Abrahams, for the purpose of establishing extensive sidings and trackage for coal and freight trains. Owing to the frequent blockading of the road at Falls, Belmont and along the Port Richmond branch such a storage yard has become necessary. The location at Merion is well adapted for the purpose, being located east of the railroad and running back to the Schuylkill River, north of Abrahams' run. It is accessible for transportation across the river at Bridgeport, and is within an hour's run of the Falls or Belmont. No work as yet has been begun on the yard.

Secretary Carlisle on the 12th inst. decided against accepting the property at Walnut and Sixth Streets as a site for the Mint, and dictated the draft of a letter to the Attorney General requesting that officer to direct United States Attorney Ingham to discontinue further proceedings in that direction. The Secretary declines to give any details or to make any explanation of the reasons which prompted the decision until the letter to the Attorney General is prepared for his signature. It is understood the Secretary bases his decision on the belief that a suitable site can be purchased for a less sum than is demanded for the Walnut Street property, and that to purchase the latter might involve the Government for an additional expenditure for that portion of the property fronting on Seventh Street which could not be now secured under the limit of the appropriation made by Congress.

Arrangements are being made for a large building operation on the suburban development order at Bala Station, in the Thirty-fourth Ward. A permit for the first stroke was taken on the 14th inst., by Samuel L. Smedley, Jr., who is to build an \$8000 house of brick and stone at 140 North Bryn Mawr Avenue. The scene of the operations is on parts of the Wynn and Smedley tracts, comprising about 50 acres, on Fiftieth, Fifty-first and Fifty-second Streets, Bryn Mawr, and City Avenue. The interested parties, in addition to Samuel L. Smedley, Jr., are the ex-Chief of the Survey Department, Samuel L. Smedley, William P. Smedley and the estate of Joseph P. Smedley. In order to square lines, they have recently added a piece of ground from the adjoining grounds of Christ Church Hospital. It is proposed to lay out tracts and build as many as 75 houses, though work will not be started on many of them this season.

The Philadelphia Traction Company made application on the 13th inst. to the Board of Highway Supervisors for permission to erect trolley wires on Seventeenth Street, from Morris to Tasker Street, from Twenty-second to Fifteenth, Fifteenth Street, from Ridge Avenue to Milfin; Broad Street, from Milfin to Jackson; Sixteenth Street, from Ridge Avenue to Snyder; Thirtieth Street, from Cumberland to Jackson; Milfin Street, from Thirtieth to Fifteenth; Twelfth Street, from Huntingdon to Montgomery Avenue; Twelfth Street, from Poplar to Mount Vernon; Twelfth Street, from Ridge Avenue to Snyder; Brandywine, from Thirtieth to Sixteenth; Mount

Vernon Street, from Thirtieth to Twelfth; Wood Street, from Thirtieth to Sixteenth; Cabot Street, from Thirtieth to Twelfth; Twenty-third Street, from Walnut to Bainbridge; Walnut street, from Twenty-third to Thirtieth; Master, from Thirtieth to Twelfth; Jefferson, from Thirtieth to Twelfth; Ridge Avenue, from Susquehanna Avenue to Ninth Street; Arch Street, from Ninth Street to Delaware Avenue; Dauphin Street, from Sixteenth to Twentieth street; Dauphin Street, from Twenty-seventh Street to Ridge Avenue.

Through Pennsylvania.

 When any of the following are not post office towns they will be so designated.

—At Tower City, Schuylkill Co., a new water supply will be constructed.

—At Ambler, Montgomery Co., Alexander Knight will erect a dwelling.

—At Williamsport, Fayette Co., the new public building will be erected in Ross' Park.

—At North Wales, Montgomery Co., Dr. D. L. German will erect a number of hot houses.

—At Scranton, Lackawanna Co., the Directors of the Poor will erect a new building for the men.

—At Reading, Berks Co., Contractor L. H. Focht has begun work on the new First Baptist Church.

—At Rome, Bradford Co., the school directors have decided to improve and repair the Academy building.

—At Kennett Square, Chester Co., the home of Bayard Taylor will probably be fitted up for a hospital.

—At Lebanon, Lebanon Co., John P. Brown has taken permit for the erection of three brick dwellings.

—At Mifflinburg, Union Co., the Presbyterian congregation will expend about \$2000 on church improvements.

—At Ercildoune, Chester Co., the congregation of the Disciples of Christ will erect a church. Work has begun.

—At Gallitzin, Cambria Co., the electric light company will soon commence work on the erection of their plant.

—At Royersford, Montgomery Co., Reuben Winter, Sr., has purchased four building lots on Main Street, and will erect dwellings.

—At Mercer, Mercer Co., Henry Robinson and others have made application for authority to organize the Mercer County National Bank.

—At Perkaskie, Bucks Co., A. S. Benner's will erect a large stable and make extensive improvements to the property once occupied by the News.

—At Pottsville, Schuylkill Co., the new school building will cost about \$60,000. W. F. Scheerer, George W. Lilly and J. H. Rich constitute the building committee.

—At Allegheny, Allegheny Co., plans have been made by Architects Riddle & Keim for a brick and stone church to be erected on Bidwell Street, at a cost of about \$50,000.

—At West Chester, Chester Co., the members of Company I, Sixth Regiment, N. G. P., will probably erect a new armory at an early date, as the present quarters are too small. The new building will be erected on West Market Street, and will contain a drill room on the first floor, and quartermaster's department, parlor, etc., on the second floor. The material will be brick with stone trimmings.

—At Easton, Northampton Co., Howard Haas will erect a dwelling at the corner of Grant and Lehigh Streets.—Edward Stacer has commenced work on a new house at the corner of Fourth and Berwick Streets.

—At Pittsburgh, Alderman McGarey can give particulars as to the erection of a club house to cost about \$25,000 for the Lotus Club.—A. E. Reidle will erect two brick dwellings, to cost about \$9000.—William Jacobs will erect a brick dwelling on Liberty Street, to cost about \$4000.—E. V. Babcock will erect two handsome brick dwellings, to cost \$10,000. Marisolf Bros. are the builders.—E. J. Evans will erect a brick dwelling on Ward Street, to cost \$6000.—Charles Somers has bought a lot through J. A. Duncan, and will erect a dwelling.—C. F. Ahlers has broken ground for a number of dwellings, to be erected on Ward Street.

—At Harrisburg, charters have been issued to the following corporations: The East Brady Water Co., of Clarion Co., with a capital of \$12,000; the Stafford Water Co., to furnish water to Tredyffrin, Chester Co., capital \$1000. The directors are George W. Childs, Anthony J. Drexel and Herman Wendell. St. David's Water Co., to supply water to Radnor, Delaware Co., capital \$1000; Millhouse Water Co., to supply water to Haverford, capital \$1000; Skipack Water Co., to supply water to Lower Providence, capital \$1000; Elm Water Co., to supply water to Lower Merion, capital \$1000; Devon Water Co., to supply water to East Boro, capital \$1000; Valley Forge Water Co., to supply water to Upper Merion, capital \$1000. All of the above companies have the same directors as the Stafford Co. The Johnson Co., of Johnstown, to manufacture iron and steel, capital \$1,000,000. One of the incorporators is Hon. Tom L. Johnson, of Cleveland, Ohio.

—At Chester, Delaware Co., plans have been prepared by Arthur G. Erdman for a large building for the Harmonia Singing Society. A meeting was held a short time since, at which it was decided to build, and a committee was appointed to select a suitable site. The committee consists of John Volkhardt, chairman; F. X. Haaser, August Dubhorn, Hugh McDonough and Jacob Bauer. The committee will make a report in a few days. The plans submitted by Mr. Erdman call for a brick building with ornamental front, brown stone trimmings, handsome interior finish, modern conveniences and improvements. There will be card rooms, billiard rooms, parlors, library, large hall, kitchen, bowling alley and a parlor for ladies. The hall will be 47 x 58 feet, with stage and all conveniences suitable for balls and public entertainments of various kinds. The best of sanitary arrangements will be provided.—The Keystone Adamant Plaster Co., owing to a great increase in business, will make a number of improvements, including a new building.—S. A. Crozer, Esq., is making arrangements to have a bridge erected to span Chester Creek, at Third Street, Upland to Crozer, to afford entrance to park. The structure will only be temporary, and will be followed by a handsome structure, probably of iron, for foot passengers, horses and carriages.—The City Engineer and Councilman Edward Dickerson have staked out the ground of the First Ward Park, and work will begin at once on various improvements.—Plans have been prepared for a new free library building which will be erected on Broad Street. The building committee includes Hugh Shaw, J. William Lewis and Miss Laura Hard.

Through New Jersey.

At Ocean City, Cape May Co., a system of sewerage will be constructed.

At Perth Amboy, Middlesex Co., the new police station to be erected will cost about \$8000.

At Madison, Morris Co., the new house of J. H. O. Pitney has been destroyed by fire, causing a loss of about \$30,000.

At Jersey City, a new pipe line, from the Belleville Water Works to the reservoir on Summit Avenue, will be constructed, at a cost of about \$650,000.

At Tom's River, Ocean Co., a fund is being raised with which to erect an opera house to cost about \$10,000. Mrs. H. W. Perry is interested in the project. Five thousand dollars has been secured.

At Mays Landing, Cape May Co., a new school building will be erected, to cost about \$8000. The present structure will probably be fitted up for a town hall.—J. L. Veal is having a cottage erected. Thomas Kears is the contractor.

At Red Bank, Monmouth Co., Benjamin Ford will erect a cottage on the lot recently purchased from T. W. Throckmorton.—Contractor C. V. N. Wilson has been given the contract for the erection of a kitchen and six stables at Elkwood Park. The cost will be about \$12,000.

It is said that Assemblyman Wm. J. Thompson, of Gloucester, has purchased the Wood farm on the Millville pike. There are about three hundred acres in the tract, and it is on the line of the rapid transit road to Millville. It is reported that a race track will be established on the site.

There is a probability that a company composed of Germans will establish a pleasure resort at Billingsport adjoining Lincoln Park on the Delaware River. The plans also include a road from Paulsboro to Billingsport. The estimated cost of the improvements, including buildings, is about \$50,000.

At Freehold, Monmouth Co., at a recent meeting of the Freeholders, held at the court house, it was decided to erect two new bridges; one between Oceanport and Monmouth Park, to cost \$5000, and one over Claypit Creek, in Middletown Township, to cost about \$13,000. E. V. Arrowsmith can give information.

At Orange, Essex Co., the corner stone of the new St. John's Parochial School building was laid on April 9 by the Right Rev. W. M. Wigger, Bishop of Newark. The new building will be a handsome structure, of fire proof material, handsome interior finish and modern conveniences and improvements. The estimated cost is \$125,000.

At Pavonia (not a P. O. town), Camden Co., Rev. Father Alphonsus, assistant priest of the Roman Catholic Church of St. Peter and St. Paul, has been granted permission by Bishop O'Farrell, of Trenton, to erect a church at Pavonia. The lot was bought some time since, and steps will be taken at once to begin the work.

At Swedesboro, Gloucester Co., C. D. Lippincott is negotiating with Mrs. George T. Ford for the purchase of a lot adjoining property already purchased of Joseph Sitley, and upon which a large brick building will be erected for store purposes. The structure will also have a public hall on the third floor, as well as club rooms, etc.—Joseph W. Gill will erect a building to be fitted up as a grocery store.—Mrs. Ford will erect a dwelling.

Washington, D. C.

L. E. Dessez, Corcoran Building, has prepared the plans for the office building, which will be erected on F Street. The structure will be of brick and Indiana lime stone, copper cornice, handsome interior finish and modern conveniences and improvements. The builder is C. C. Martin. The same architect has prepared plans for two dwellings of colonial design to be erected for J. A. Maedel and Herman Gasche. The roofs will be of slate, interior finish of natural wood, staircase of white oak.—J. F. Manning will erect six fine dwellings, to cost about \$60,000, from plans prepared by T. Frank Schneider, 933 F Street, N.W. They will be of press brick and stone, tile roofs, hard wood interior finish, steam heat, tiled vestibule and bath rooms, modern conveniences and improvements.—Five dwellings will be erected at Seventeenth and S Streets for Geo. E. Sheiry, of Rochester, N. Y., from plans prepared by S. P. Rochester, also of Rochester. They will be of brick and Indiana lime stone, with interiors finished in hard woods, sky lights, large central halls and hard wood staircases, plate and stained glass windows, etc. The estimated cost is \$30,000.—J. A. Libbey will erect a handsome brick dwelling on Thirty-first Street, near P Street, from plans prepared by B. Patrick, 1010 F Street, N.W. It will be of press brick, with trimmings of Indiana lime stone, modern improvements. No contracts let.—B. Stanley Simmons, 931 F Street, N.W., has prepared the plans for seventeen two-story dwellings to be erected by William A. Vaughn, on Fourteenth Street, E Street and Kentucky Avenue.

Through Maryland.

At Baltimore, the most important permits issued to date are as follows: To J. O. Pursley, to erect eleven three-story brick dwellings; to G. W. Walther, to erect a three-story brick dwelling; to the Baltimore Traction Co., to erect a two-story brick building, 82 x 87 feet; to F. Dehn, to erect a three-story brick dwelling.—D. B. Grothans, real estate broker, has sold a lot on Washington Street to Frederick Plaenker and Justis H. Danzeglock for \$16,600, upon which two two-story brick dwellings will be erected.—The Mayor has signed an ordinance to purchase a lot and erect thereon a municipal hospital for persons suffering from infectious diseases, appropriating \$10,000 for land and \$35,000 for buildings; to repave Read Street with Belgian blocks, from Calvert Street to Cathedral, appropriating \$22,000.

Through Delaware.

Part of Fenwick's Island has been purchased by parties who, it is reported, will erect a handsome club house thereon. John H. Layton, Clerk of the House of Representatives, is interested, and can give particulars.

Miscellaneous.

At Luulville, Wilcox Co., Ga., A. C. Hayden, of Atlanta, contemplates the erection of a saw mill.

At Toledo, Ohio, St. Paul's M. E. Church congregation will have plans made for a new church building.

At Brunswick Glynn Co., Ga., Architect C. A. Gilbert will make plans for a new hotel, to be erected on Cumberland Island.

TRUSTS. TITLES. DEPOSITS

JUDGMENTS.**PHILADELPHIA.****ABBREVIATIONS.**

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

ENTERED APRIL 10, 1893.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.
And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

C. F. HENSEL, STAINED GLASS

Wants.

The District Commissioners at Washington, D. C., bids until April 20th for 2,250,000 vitrified paving bricks for streets.

At Chicago, Ill., Architect Theodore Lewandowski, Marine Building, has plans for a brewery at Defiance, Ohio, at a cost of \$60,000, for the Christian Diehl Company, and wants estimates for the same.

H. L. Orth, superintendent Pennsylvania State Lunatic Hospital, Harrisburg, Pa., proposals until May 8th, for all needed supplies for year ending May 31, 1894. Blank forms of proposals furnished on application.

Architect Edwin A. Quick & Son, Deyo Building, Yonkers, Westchester Co., N. Y., proposals until April 25, 1893, for the labor and material required in the erection of the new Hall of Records at White Plains, Westchester Co., N. Y., in accordance with the drawings and specifications, which may be seen at the architect's office.

United States Engineer Office, Wilmington, Del., April 11, 1893. Sealed proposals for dredging in Cambridge Harbor, Md., will be received at this office until 12 o'clock noon, May 11, 1893, and then publicly opened. Specifications, blank forms and all available information will be furnished on application at this office. William F. Smith, United States Agent.

Plans for a municipal building in the City of New York will be received until September 1, 1893. The conditions under which the competition is to be conducted and the requirements of the Board are described in a paper entitled "Instructions to Architects," which may be obtained on application at the Comptroller's Office, 280 Broadway, New York.

Office of the Commissioners, D. C. Washington, D. C., April 7, 1893.—Sealed proposals will be received at this office until 12 o'clock M., April 22, 1893, for grading and improving Massachusetts Avenue, extended, streets in Meridian Hill Subdivision, Fifteenth Street, Southeast, and Jefferson Street, Anacostia, D. C. Blank forms of proposals, specifications, and all necessary information may be obtained at this office. J. W. Ross, M. M. Parker, W. T. Russell, Commissioners, D. C.

The commissioners of Bucks county will receive Sealed Proposals for the erection of a stone sub-structure and iron super-structure of a bridge over Deep Run, in Bedminster township, on road leading from Dublin to the Delaware River, and also a stone sub-structure and an iron super-structure of a bridge over Three Mile Run, in East Rockhill township, on road leading from the Three Mile Run road to Rockhill station and Quakertown. Plans and specifications to be seen at the Commissioners' office, on and after April third. Bids will be received until 12 o'clock, noon, on April twenty-fourth, 1891, at Doylestown, Pa. Henry Gill, George L. Mahon, Ezekiel A. Groom, Commissioners. H. C. Shepherd, Clerk.

Department of Public Works' Bureau of Water, Office 1321 Filbert Street, Philadelphia, March 23, 1893. Sealed proposals, endorsed "Bids for Pumping Engines," and addressed to the undersigned, at the office above mentioned, will be received until 12 o'clock, noon on Tuesday, April 25th, 1893, for pumping engines of the compound or triple expansion type, with a total capacity of not less than sixty millions (60,000,000) of gallons in twenty-four hours. For the requisite schedules, specifications, general instructions, blank forms of proposals, and all information apply to the Chief of Bureau of

Neshaminy Falls Stone Co

HIGH CLASS PLUMBING GOODS.

Water. No bids will be considered unless accompanied by a certificate from the City Solicitor that the provisions of an ordinance requiring proposal bonds when the bids exceed in amount five hundred dollars, approved May 25, 1890 (p. 81 West), have been complied with. The Director reserves to himself the right to accept or reject any or all bids, as he may deem best for the interests of the city. James H. Windrim, Director.

Treasury Department, Office Supervising Architect, Washington, D. C.—Sealed proposals will be received at this office until 2 o'clock P. M., on the 27th day of April, 1893, and opened immediately thereafter, for all the labor and material required for the trench excavation, foundations, basement and area walls, basement columns and first floor iron beams of the U. S. Post Office building at Chester, Pa., in accordance with drawing and specification, copies of which may be had at this office or the office of the superintendent at Chester, Pa. Each bid must be accompanied by a certified check for a sum not less than 2 per cent. of the amount of the proposal. The right is reserved to reject any and all bids, and to waive any defect or informality in any bid, if it be deemed in the interest of the Government to do so. All proposals received after the time stated will be returned to the bidders. Proposals must be enclosed in envelopes, sealed and marked, "Proposal for the Trench Excavation, Foundations, Basement and Area Walls, etc., of the U. S. Post Office Building at Chester, Pennsylvania," and addressed to W. J. Edbrooke, Supervising Architect.

[ENTERED AT THE PHILADELPHIA POST OFFICE AS SECOND CLASS MATTER.]

VOL. VIII.—No 17.

PHILADELPHIA WEDNESDAY, APRIL 26, 1893.

PRICE 15 CENTS

Architect Notes.

Wilson Bros., architects and engineers, Drexel Building, have placed complete plans on boards for estimate for an additional power house for the Reading Terminal. The interior is to be fitted with special machinery for the purpose.

The plans for the George F. Lasher printing house by Charles Balderston, architect, 316-24 Walnut Street, are nearly complete in detail, and the contract will be awarded at an early day. The same architect is busy upon a number of other projects, which are nearing completion.

E. P. Gallagher, architect, 1021 Hunter Street, has made plans for a factory and business house, to be erected for the Connecticut Plating Co., at 217 North Tenth Street. The structure will be two stories high, or about forty feet in the clear, and front to be of red sandstone and red brick, with dark mortar. Handsome stained and plate windows will ornament the entire front. The interior to be fitted with steam power; also three electric dynamos of considerable power, best of sanitary work, speaking tubes and general office accommodations of the most approved patterns. C. C. Gallagher is the contractor. The architect will supervise the construction, and the building will be completed by July 1, 1893, for occupation.

J. Franklin Stuckert, architect, 49 North Thirtieth Street, has prepared plans for a fine market house, to be erected at the northeast corner of Broad and Olive Streets. The drawings contemplate a two-story structure, of red Roman and stretcher brick, stone front, red Portage and quite ornamental in design. Considerable cement paving will be done. Interior to have steam heat for the second floor, which will be fitted up as a public hall; best of sanitary plumbing, etc. Estimates are being made for the work. Also plans by the same architect for the large "Hotel Breakwater," which will be erected at Lewes, Del. This structure will be of frame, three stories high, and fitted on interior with all the latest improvements for the purposes. Estimates are being made on construction.

Thos. P. Lonsdale, architect, Manhattan Life Building, Fourth and Walnut Streets, has made plans for alteration and addition to the house, 1521 North Sixteenth Street, for E. C. Markley, Esq. These will be a new stone front of St. Lawrence marble and sides of brick, interior to have electric work, best sanitary plumbing and all modern conveniences. Estimates are being made and contract will be awarded at once. Estimates are being made on the new building to be erected in rear of 230-232 North Twelfth

Street, for which plans were prepared some time ago by the same architect. This will be a brick structure, six stories high, with basement, which will be utilized for office purposes. Also plans for a country residence near Cynwyd, Pa., for William Heywood, to be of local stone, three stories high, slate roof, electric bells and hard wood work. A handsome, large tower will rise in the centre of the building, extending above the roof some feet. All modern conveniences will be introduced.

Horace W. Castor, architect, 4627 Penn Street, Frankford, has made plans for a pair of twin houses for M. S. Frick, to be erected on Harrison Street, and cost about \$10,000. Also plans for seven two-story houses, 17 feet 10 inches x 53 feet, brick, mantels, electric work, tile, gas fixtures, papering, cement work, iron fencing, for A. T. France, on Willow Street, Frankford, Pa. Also for three two-story houses, same as above, for Wm. France, to be built by the Northwood Land Co., Frankford, Pa. Also for a residence for Wm. Abbott, furniture manufacturer, three stories high, plate glass, hot water heating, terra cotta work, cement walks, stained glass, etc., fourteen rooms, tile roof, gothic style of architecture, Penn Street, Frankford, Pa. Also drawings for a residence for John V. Allen, M. D., 40 feet x 80 feet, general and private offices, parlor, dining-room, kitchen and butler's pantry on first floor, with large hallways and stairs, antique oak wood work, laundry and kitchen in basement, eight chambers, library and bath on the second floor, billiard room, servants' quarters and servants' bath on the third floor, steam heat, electric work, stained glass, fountain in front yard, towers, bays, etc.; also stable for six horses and two box stalls for same house. Also stable on Paul Street and house on Frankford Avenue, next to "Oxford Hall," now under way by same architect, containing stores, offices, lodge-rooms, etc.; cost \$18,000. Also working on plans for mill for Richard Thorpe & Son, 60 feet x 200 feet, 1 story weave-room, saw-toothed skylight, boiler house and engine house, stable and office, to be located in Frankford, Pa. Also plans for mill for Clarke & O'Neill, Frankford, Pa., consisting of dye house, 1 story, 35 feet x 182 feet; office, 2 stories, 24 feet x 31 feet; store-room, 2 stories, 71 feet x 31 feet; finishing-room, 1 story, 35 feet x 110 feet; boiler-room, 1 story, 30 feet x 52 feet; engine-room, 1 story, 25 feet x 52 feet; weave-room, 1 story, 80 feet x 250 feet; stable, 2 stories, 30 feet x 47 feet; to be built on Cedar Street, running back to Willow, between Foulkrod and Margaret Street, brick and stone construction. Also four three-story houses for Mr. James S. Swope, to be Col-

onial style, hard wood, twelve rooms, on Franklin Street, Frankford, Pa. Also plans for a hotel and dwelling for Mr. James McFarland, located at Church, Taekawanna and Wain Streets, Frankford, Pa.; brick, red stone trimmings, electric work, and will have a fine tower at one corner.

Building and Real Estate Notes.

At Chestnut Hill, Joseph Hottenstein will erect a dwelling on a lot recently bought from C. S. Rorer, of Norristown, Pa.

Owen McArdle, builder, 2544 East Lohigh Avenue, is about to start the erection of nineteen two-story dwellings on Tulip Street, east side, north of Somerset. All to be of press brick and best interior accommodations, etc.

The G. F. Rothacker Brewing Co. have purchased a plot 100 x 200 feet, at the southwest corner of Thirty-first and Master Streets, for \$200,000, from G. F. Rothacker, the senior partner. Extensive additions and improvements in their plant are contemplated.

Plans have been prepared by Architect P. P. Elkinton for forty-nine houses to be erected by Wm. Arthur, builder, at Forty-ninth Street and Chester Avenue. These are to be of red press brick, stone trimmings, porches in front and best of interior accommodations.

Samuel Hart & Sons, contractors, will erect the Traction power house, on south side of Market, west of Thirty-third Street, before noted in this journal. The structure will be fitted for electric power, 150 x 142 feet in area and one story high. Construction of brick and stone.

The Chestnut Hill Electric Laundry, a company just chartered, has purchased the old mill and seven acres of land on the Yeakel farm, on the Bethlehem pike, near the Wheel Pump Hotel. The mill will be refitted and remodeled for the laundry business, which will be started about May 1st.

John Stafford, builder, 1606 Susquehanna Avenue, will at once begin the erection of one hundred and seventy-four two and three-story houses at Thirtieth and York Streets. These are to be of the best materials, red press brick, stone trimmings and steps. Interiors to be in hard woods and best of modern conveniences.

The store No. 1020 Market Street, occupied by Shannon & Sons, was damaged to a great extent by fire on the evening of the Twenty-first inst., and will, we understand, be repaired at once. The work will require an entire renovation of the interior, including all that would be contained in a mercantile house of their proportions.

PHILADELPHIA, WED'Y, APRIL 26, 1893.

THE coming public sale of the Mifflin land, at Wayne, on May 16th, is another instance of the disintegration of landed estates by the claims of sub-division in inheritance. It seldom happens that the heirs of valuable properties of this class reap to the full the benefit of retail development of the land. It seems to be imperative that, after being enhanced in value by surrounding improvements, they give way to modern business energy, tact and money. Some of the residents of Wayne are anxious as to the future of this commanding tract of land, as it lies practically within the limits of the town, and overlooks it in all directions. There is some talk of a local company forming to purchase it so as to dictate its line of development, and thus control the surroundings. Were it not for the claims of an undivided estate, properties of this kind would seldom, if ever, be offered at public sale.

E. T. BURROWES & Co., manufacturers of wire window screens and screen doors, Portland, Maine, have issued an artistically colored lithograph of their works, which shows in a marked degree the perfection that has been attained in the art of lithography during the past few years. The picture in question is about 25 x 36 inches, and gives a fine view of the company's three immense five-story brick buildings; and when, as in the present instance, the whole is beautifully framed, it certainly reflects great credit on the push and good taste of the firm. The Philadelphia agent is A. E. Snowman, with office at 401 Builders' Exchange.

THE new Supervising Architect of the Treasury Department, Jeremiah O'Rourke, of Newark, N. J., qualified last week and entered upon the duties of his new office.

WE are in receipt from David T. Day, Chief of the Division of Mining Statistics and Technology, of a copy of the "Mineral Resources of the United States." The work is published by the United States Geological Survey, J. W. Powell, Director, Department of the Interior, and contains information and statistics of inestimable value. Among the subjects represented are iron ores, gold, silver, copper, lead, zinc, granite, marble, clay materials, precious stones, fertilizers, graphite, mineral waters, etc., etc. In fact, the work is so exhaustive and complete that a detailed account is out of the question in the limited space at our disposal.

Building and Real Estate Notes.

At a meeting on the 20th inst. of the Park Commissioners' Committee on Superintendence and Police, P. A. Dempsey, lessee of the Schuylkill river steamboats, was granted permission to construct a wharf on the east side of the river, near the tunnel at Girard Avenue. This will take the place of the Rockland wharf, recently torn away, and will furnish an easy means of reaching the Dairy and other favorite resorts in the Park.

James Johnston, contractor, 1713 Sansom Street, will, in a few days, begin work upon Temple College, on Broad below Berks Street, he having received the contract for the construction of the building. The plans for this structure were prepared by Thomas P. Lonsdale, architect, Manhattan Life Building, Fourth and Walnut Streets, and have been fully noted in this journal previously. Mr. Lonsdale will supervise the work until completed.

The School Committee of City Councils have framed an ordinance asking the condemnation of the lot of ground, at Broad and Green Streets, for a site for the new Boys' High School. The estimated cost for the entire square is about \$250,000 to \$300,000. In the meantime Architect Austin is busy on the preliminary plans for the consideration of the Board of Education. Upon these estimates and measurements must be made. The boundary of the lot is Broad, Brandywine, Fifteenth and Green Streets.

Improvements of the most important character are promised the Twenty-second Ward. With the two great railroad terminals and a network of trolley lines no section of the city will be better provided with transportation facilities. The tract of the Reading Terminal Land Association at Logan Station will soon be divided among the shareholders, many of whom will build at once. Anthony J. Drexel and John Lowber Welsh have secured 110 acres of land along the line of the Pennsylvania Railroad, between Upsal and Carpenter Streets, from the estate of George W. Carpenter. This tract will be improved. William G. Warden has had the plans prepared for a number of handsome and costly cottages, to be built on his land.

Fred B. Franks, builder, 2215 Emerald Street, will at once break ground for fifty-seven two-story houses on Sterner, Silver, Mutter, Emerald and Sixth Streets, north of Somerset. All to be of press brick, stone trimmings and best modern conveniences, etc.

The plans for Odd Fellows' Temple, to be erected at Broad and Cherry Streets, have been passed upon by the Board of Building Inspectors, and the work upon the superstructure will now proceed, the contractors being J. E. and A. L. Pennock and the architects Hazelhurst & Huckel. These drawings have been fully described in previous numbers of this journal.

Hugh McNelle, owner, 1926 Passyunk Avenue, will at once begin the erection on Broad Street, east side, south of Mifflin, of 12 three-story brick and stone dwellings, 17½ x 28 feet, with back buildings, 14½ x 34 feet; Stewart Street, west side, south of Wolf, nine two-story brick dwellings, 14 x 30 feet; Broad Street, east side, south of Mifflin, four three-story brick and stone dwellings, 18 x 28 feet, with back buildings, 15 x 34 feet; Broad Street, east side, south of Mifflin, three-story brick and stone dwelling, 20 x 7½ feet; Broad and Mifflin Streets, southeast corner, three-story brick and stone dwelling, 18 x 62 feet; Stewart Street and Moyamensing Avenue, northwest corner, two-story brick store and dwelling, near 29 x 42 feet.

Dr. William H. Ford, Dr. Joseph R. Clausen, Dr. E. O. Shakespeare, Dr. William M. Welch and John T. Windrim were appointed a commission by Mayor Stuart on the 19th inst. for the purpose of selecting a site or sites for a new contagious disease hospital, which was recommended by Health Officer Veale in a report to the Board of Health last Winter. The proposed hospital is to consist of at least four pavilion hospital buildings, an administration building, a disinfecting chamber, crematory, reception wards, stables, etc. The commission met on the same day at the mayor's office and organized by the election of Dr. E. O. Shakespeare as chairman and John T. Windrim as secretary. When action is taken we shall note the report and location selected.

The Bank of North America will vacate its old quarters, No. 309 Chestnut Street, during the first week of May and take possession of the former quarters of the Investment Company, on the first floor of No. 310 Chestnut Street. Immediately after removal the work of tearing down the present structure will proceed and the site be prepared for the handsome improvement. As yet no choice has been made of a design for the new structure. The plans of the building are in the hands of a Committee, and the Committee, it is announced, has not definitely fixed upon the style and other details of the architecture. But the building when it is ultimately decided on and placed under contract will be a very handsome ornament to the banking district of the city.

The old McManus mansion, on Frankford Avenue, above Lehigh, has fallen into the hands of the building operators, and is being torn down to make way for the erection of modern stores and dwellings. What remained of the estate was purchased by D. J. Fow & Brother, for about \$50,000. It has a frontage of 266 feet on Frankford Avenue, extending back 425 feet, and will be cut up into 110 building lots, averaging 14 x 51 feet each. Slemmer, Silver and Emerald Streets will be opened through the property, with improved pavements and drainage. Twenty-one three-story stores and dwellings, with brown stone trimmings, will be erected on the Frankford Avenue front and eighty-nine two-story dwellings on the balance of the estate. The whole operation will cost about \$125,000.

William Blair, builder, has bought of W. T. B. Roberts 78 x 500 feet of ground on the west side of Twentieth Street, north of Dauphin, on which he will erect 30 fine dwellings of the usual kind built in that vicinity. Among the other operators who will build dwelling houses at once in this ward are: William R. Coffee, 31 on the east side of Twenty-first, north of Dauphin; Weeks & Michaelson, 98 at Thirty-first and York; Charles Auchter, 1 at Nineteenth Street and Susquehanna Avenue; George A. Bilyeu, 19 on the east side of Sixteenth, north of Clearfield; J. H. Poit, 8 on the east side of Twenty-seventh, north of Cumberland; Charles H. Wagner, 1 at the northeast corner of Thirty-first and Herman; William G. Serrill, 50 at Sixteenth and Huntingdon; Frank H. Rhodes, 123 at Nineteenth and York; Robert Buchanan, 31 at Albion and Dauphin; Adam Miller, 6 at Mather and Venango; Henry G. Schultz, 7 at Twenty-second and Westmoreland, and William J. Rheiner, 4 on the south side of Westmoreland, east of Twenty-first.

Through Pennsylvania.

When any of the following are not post office towns they will be so designated.

—At Mauch Chunk, Carbon Co., the new Court House will cost \$30,000.

—At Youngstown, Westmoreland Co., a better water supply is being discussed.

—At Pottstown, Montgomery Co., extensive repairs will be made to the bridge.

—At Huntingdon, Huntingdon Co., \$50,000 will be borrowed for street improvements.

—At Allegheny, Allegheny Co., Gen. Fitzhugh will erect a handsome residence on Ridge Avenue.

—At Harrisburg the Harrisburg Real Estate and Improvement Co. will erect a number of dwellings.

—At Hummelstown, Dauphin Co., J. P. Nissley will erect a handsome dwelling on West Main Street.

—At Darby, Delaware Co., it is said that the School Board is looking for a site for a new school building.

—At Kecksburg, Westmoreland Co. A. E. Fritz is negotiating for the purchase of a site for a large iron plant.

—At Swissvale, Allegheny Co., the congregation of the Methodist society will erect a church to cost about \$8000.

—At New Wilmington (not a P. O. town), Lawrence Co., at a meeting of inhabitants, it was decided to erect an addition to Westminster College, to be used as a scientific department. The cost will be \$20,000.

—At Tunkhannock, Wyoming Co. Dell Seutti has purchased the old Stork property on East Tioga Street, and will erect a dwelling.

—At Oxford, Chester Co., Theodore C. Smith, of Lower Oxford, will erect a large barn to replace the one recently destroyed by fire.

—At Upland, Delaware Co., the Methodist Episcopal church will be recarpeted, new curtains will be bought and other improvement made.

—At Bristol, Bucks Co., work will soon be commenced on the erection of a new ferry house on the site of the old mill between Market and Mill Streets.

—At Souderton, Montgomery Co., J. M. Landis & Co. are contemplating the erection of a large business block to be about 125 x 100 feet, three stories high.

—At Columbia, Lancaster Co., Dr. C. F. Markel will erect two dwellings; Frederick Friend, one; Backman & Torry, two. The silk mill will be enlarged.

—At Wilkesbarre, Luzerne Co., the postoffice will be enlarged. Mr. Ladmesser, postmaster. The silk factory will be enlarged. Marcus Smith can give information.

—At Morrisville, Bucks Co., the school directors are looking for a site for a new school building. Jesse Morris will remodel the property lately purchased from A. W. Smith.

—At Eddystone, Delaware Co., the congregation of the Methodist Church will erect a parsonage the coming summer. Plans have been prepared and work will begin in a short time.

—At Allentown, Lehigh Co., a site has been purchased for the proposed building of the Y. M. C. A. The price was \$25,000. The building to be erected will be a handsome structure, the estimated cost of which is \$50,000.

—At New Castle, Lawrence Co., the Shenango Valley Hospital at New Castle, was destroyed by fire last week. It cost about \$25,000 and was insured for \$12,500. The foundation was not seriously damaged. The structure will be rebuilt as soon as possible.

—Mr. Henry Berkenline, of Wayne, Delaware Co., will begin work soon toward the erection of a system of water works, beginning at Perkiomen Lake, crossing the Schuylkill River, and furnishing water to the towns eastward from Devon, Chester Co., to the Philadelphia city line.

—At a meeting of the Montgomery County Commissioners, held a short time since, it was decided to erect four bridges, two in Moreland Township, over Huntingdon and Poquessing Creeks, one over the east branch of Perkiomen Creek and the fourth over the west branch of Neshaminy Creek at Hatfield. The Commissioners will advertise for bids in a short time.

—At Lansdowne, Delaware Co., work has begun on the erection of a dwelling for Mrs. McEwen at the corner of Stewart and Lansdowne Avenues.—The Runnymede Club has been presented with a handsome mantel and tiling by George Thorp, of Lansdowne, who is with Matthew Hall at Nineteenth and Market Streets, Philadelphia.

—At Chester, Delaware Co., George Crothers & Bro., of Upland, Delaware Co., have been given the contract to erect the new Second Ward Episcopal Sunday School building at Fifteenth Street and Providence Avenue. Work will begin at once.—J. Harry Slawter will erect a large number of dwellings and stores on Third Street and its vicinity, to cost in all about \$100,000.

—At Easton, Northampton Co., a new school-house will be erected. Messrs. Folskenson and Green can give information.

—At Bethlehem, Northampton Co., a system of water works will be put in. The charter has been granted. Capital, \$10,000.

—At Malvern, Chester Co., a Presbyterian congregation has been organized, and a fund will be raised with which to erect a church.

—At Pittsburgh, a property on Collins Avenue has been purchased by E. D. Wilt, who, it is said, will erect a building to be used as a theatre and casino.—D. E. Sheridan & Co., Penn Avenue, East End, have prepared plans for a dwelling for James Fitzsimmons, Esq., at Sewickley, Pa. Also plans for remodeling the Kuhn Building and an office building for the Squires Hardware Company. Also plans for a stone residence for J. McF. Carpenter, to be erected on Negley Avenue.—Dr. Wm. Snively will erect a stone dwelling on Penn Avenue.—B. J. Stenger will erect a four-story granite and brick building at South Sixteenth and Carson Streets.—Bids will be received at once for the Carnegie Library which will cost about \$1,000,000, exclusive of the foundations. The building will be of sand stone, or red, gray or blue granite, as the Building Commission may decide.—Contracts will be let within a few weeks for the Carnegie Building at Fifth Avenue and Cherry Street, which will cost about \$750,000. Longfellow, Alden & Harlow, Vandegrift Building, Fourth Avenue, are the architects of this building, as well as the Carnegie Library. The foundations of both buildings are about done. The bids for the library will be considered by a committee of which J. B. Scott is the chairman. For the interior much marble and mosaic work will be used. A large hall, with a seating capacity of 2000, will be a feature. The boilers, steam pipes, electric light machinery, etc., will be in the basement. The art gallery will be lighted by an immense skylight.—Bishop Phelan has started a movement looking toward the erection of a home for Catholic boys. A site has been offered adjoining St. Paul's Orphan Asylum, on Vine Street, and will doubtless be accepted. Accommodations will be provided for two hundred boys. Rev. Regis Canevin, St. Paul's Cathedral, can give information.

Through New Jersey.

At Seabright a story will be added to Walsh's Hotel. Thomas Walsh, proprietor.

At Florence, Burlington Co., about \$400 will be spent in repairing the school house.

At Brigantine, Atlantic Co., the Brigantine Land Co. will erect a hotel to contain about sixty rooms.

An electric railway will be constructed to run from North Long Branch to Red Bank, both in Monmouth Co.

At Newark, President Hendry, of the Board of Public Works, can furnish particulars as to important sewer main extensions to be made.

At Collingswood, Camden Co., Mr. H. R. Tatem will build six three-story brick houses on Washington Avenue; fronts to be of buff bricks.

At Paterson, Passaic Co., Commissioner Johnson can give particulars as to numerous sewer mains to be laid.—It is reported that the Edison Illuminating Co. will erect a new generating plant, to cost \$350,000.

At Oakland, Camden Co., Otto C. Domann will erect a dwelling.

John F. Betz, of Philadelphia, has bought the Jonas Bowman property, at South Atlantic City, and will erect an immense Casino and about one hundred cottages.

At Gloucester, Camden Co., Edward Waugh will erect a dwelling on Cumberland Street.—The Argo Mills, formerly known as the Washington Mills, will be shut down and new machinery put in.—Waugh Bros. will build a dwelling on King Street.—Work will be begun in a short time on the new parochial school building for St. Mary's Roman Catholic Church. William R. Dougherty, of Philadelphia, will do the work.

Work will soon begin on the new town of Blasius, east of Woodbury, Gloucester Co. The ground is being laid out into lots 50 x 150 feet, with wide avenues. Plans have been prepared for about one hundred dwellings to be erected by the firm of Blasius & Co., Philadelphia, and a hotel containing two hundred rooms will also be erected, which will contain all modern conveniences, including electric lights, steam heat, sun parlors, etc. An electric road will also be constructed.

At Haddonfield, Camden Co., the Haddonfield National Bank will commence the erection of their new building at once from plans prepared by Architect Remington. It will be one of the handsomest banks in the State. The face bricks are to be furnished by the Eastern Hydraulic Press Brick Co., of Philadelphia.—The West Haddonfield Land Co. will erect twelve fine cottages this Spring. The Camden and Atlantic R. R. Co. has promised a new station on the tract. Mr. G. Franklin Davis, of Collingswood, N. J., is president of the company.—The Camden and Atlantic Railroad Co. has bought the property of the Willits Lumber and Coal Co., and will use the site upon which to erect a large freight station.

At Camden, at the annual meeting of the Commission of Public Instruction, the subject of a normal and manual training school was introduced by the retiring president, who recommended that steps be taken for the erection of a suitable building for such purposes. The subject also came up of a system of heating and ventilation. Samuel Iszard was elected President of the Commission.—After considerable search a site has been secured for the new building to be erected by the Y. M. C. A. The site selected is at the northeast corner of Fourth and Arch Streets. The price is about \$35,000. An effort will be made at once to raise \$10,000 for the proposed building, of which about \$22,000 have been pledged, exclusive of \$10,000 which has been promised by the Women's Auxiliary for furnishing.—President Rose, of the Board of Trade, will appoint a committee to confer with Board of Public Works on the water supply question. Mayor Westcott is interested.

Washington, D. C.

Plans have been prepared by T. F. Schneider for four buildings to be erected on G Street, with stone fronts, tile roofs, steam heat, two bath rooms each. The same architect has prepared plans for six handsome dwellings to be erected for J. E. Manning, at Eighteenth and Riggs Street, of press brick and Vermont marble, copper cornices, tile roofs, hard wood interior finish. The estimated cost is \$79,000. Also, plans for a hotel to be erected at White Sulphur

Springs for Orlan C. Cullen.—Mrs. Elizabeth Wagner will erect a dwelling to cost about \$15,000 from plans prepared by A. P. Clark, Jr., 605 F Street, N.W. The material will be press brick and Indiana lime stone, copper cornice, hard wood interior finish.—Hanback Bros. will erect seven dwellings at Cooke Park (Georgetown), from plans prepared by E. Woltz, 505 Seventh Street, N.W. They will be of press brick, with stone trimmings, natural wood interior finish, plate and stained glass windows, modern conveniences.—J. H. Lane will erect three handsome dwellings at Thirteenth and O Streets and Vermont Avenue to cost about \$30,000. They will be of brick and lumestown brown stone, interior finish of cherry and other woods, electric lights, steam heat, etc.

Through Maryland.

At Baltimore, the most important permits issued to date are as follows: To F. Herbert, to erect twenty-two two-story brick dwellings; to Stanley Carey, to erect a three-story brick dwelling; to J. W. Hook, to erect a two-story brick stable and carriage house; to George Gebelrin, to erect a two-story brick dwelling and a two-story brick stable; to Elsdor & Hammen, to erect two two-story brick dwellings and two three-story brick dwellings.

Real Estate at Auction.

[When no sales are reported, it is because the auction firm omitted has had none.]

JUDGMENTS.

PHILADELPHIA.

ABBREVIATIONS.

Where there are no figures to indicate the amount of the judgment, the damages have not been assessed.

The name first mentioned in each line is that of the judgment debtor.

The figures 1, 2, 3 and 4 immediately after the name of the plaintiff indicate the number of the Court. The term of the Court is indicated as follows: D, for December Term; M, for March Term; J, for June Term, and S for September Term.

A star (*) denotes judgment confessed or bond and warrant conditioned.

A Few Quiet Words with House Builders and Owners.

If the kitchen of your house is small, you need to economize room. You can do this by using a range with elevated boiler, such as the

"FIDELITY."

It will reduce the cost of plumbing also. We make them with seven inch or eight inch boiler holes, ovens on right or left of fire, with or without hot closets, and also to heat an upper room. Splendid bakers. Hot water in abundance. The latest and best of their class.

FIDELITY HOT AIR RANGE WITH HORIZONTAL BOILER.

Excelsior Double Oven Range.

If the kitchen is roomy and large, cooking capacity is sought. You will want a brick-set range with a vertical circulating boiler, set in the usual way. The

"EXCELSIOR RANGES"

are acknowledged all over Philadelphia, in which city and vicinity some 75,000 have been sold as the standard brick-set range. They are furnished with ventilated ovens, oven-door pedals, rocking grates, and all modern improvements. Made in seven and eight inch sizes; single, double and hot-air ranges. Send for descriptive pamphlet, entitled "PERFECT COOKING."

MANUFACTURED BY

ISAAC A. SHEPPARD & CO.,

N. E. COR. FOURTH STREET AND MONTGOMERY AVENUE, PHILADELPHIA, PA.

And for Sale by all Responsible Dealers.

Whether large or small, your house will require a heating apparatus of some kind. It will pay you to put in a *really good* hot air furnace. The

"PARAGON"

has no superior. Perfectly self-cleaning, with fewest joints, free from dust and gas, largest radiating surface, heavy steel plate, drum casings, easy on fuel, and of superior durability, it will always give satisfaction. A descriptive circular will be mailed upon application.

PARAGON FURNACE WITH EQUALIZED DRAFT.

**Any
Time**

is the right time
for everybody to
drink

**Hires' Root
Beer**

A temperance drink.
A home-made drink.
A health-giving drink.
A thirst-quenching drink.
A drink that is popular everywhere.
Delicious, Sparkling, Effervescent.

A 25 cent package makes 5 gallons of this
delicious beverage. Don't be deceived if a dealer,
for the sake of larger profit, tells you some other
kind is "just as good" - it's false. No imitation
is as good as the genuine HIRSES'.
